Bill / Steve -

The original plan called for phoning 233,000 HH. It was determined, after phoning began, that we needed to raise the to 340,000 HH because w/ the complete rate we were getting, we wouldn't have a sufficient # for 60K. This obviously raised the amt. of output and data work.

The initial test calls are also not included in this plan.

I would recommend that we pay this except for the late charges. Nielsen will be getting plenty of our business this fall.

If you have any questions give me a call.

PLEASE RETURN WITH YOUR PAYMENT
THANK YOU!

IN CASE OF ERROR ON YOUR BILL

The Federal Truth in Lending Act requires prompt correction of billing mistakes.

1. If you think your bill is wrong or if you need more information about an item on your bill:
   a) Do not write on the bill. On a separate sheet of paper write the following (you may telephone your inquiry, but DOING SO WILL NOT PRESERVE YOUR RIGHTS UNDER THIS LAW);
      i) Your name and account number.
      ii) A description of the error and why (to the extent you can) you believe it is an error. If you only need more information, explain the item you are not sure about, and if you wish, ask for evidence of the charge such as a copy of the charge voucher. Do not send in your copy of a charge voucher or other document unless you have a duplicate copy for your records.
      iii) The dollar amount of the suspected error.
      iv) Any other information (such as your address) which you think will help the company to identify you or the reason for your complaint or inquiry.
   b) Send your billing error notice to the address shown on your billing statement. Mail it as soon as you can, but in any case, early enough to reach the Hotel within 60 days after the bill was mailed to you.

2. The Hotel must acknowledge all letters pointing out possible error within 30 days, unless the necessary correction can be made during that 30 days. Within 90 days after receiving your letter, the company must either correct the error or show why the bill was correct. Once the bill has been explained, the company has no further obligation except as provided in paragraph 5 below.

3. After notification, neither the Hotel nor its attorney nor a collection agency may send you letters or take other collection action concerning the disputed amount; but the disputed amount can be applied against your credit limit. You cannot be threatened with damage to your credit rating or sued for the amount in question, nor can the disputed amount be reported to a credit bureau or the other creditors as delinquent, until the inquiry has been answered. HOWEVER, YOU REMAIN OBLIGATED TO PAY THE PARTS OF YOUR BILL NOT IN DISPUTE.

4. If it is determined that the Hotel has made a mistake on your bill, you will not have to pay any finance charges on any disputed amount. If it turns out that the Hotel has not made an error, you may have to pay finance charges on the amount in dispute, and you will have to make up any missed minimum or required payments on the disputed amount. The Hotel must send you a statement of what you owe, and you must be given the time to pay which you normally are given to pay undisputed amounts before any more finance charges or late payment charges can be charged to you.

5. If the Hotel's explanation does not satisfy you and you notify the Hotel IN WRITING that you still refuse to pay the disputed amount, the Hotel may report you to credit bureaus and other creditors and may pursue normal collection procedures. But any such report must indicate that the amount is disputed, and you must be advised as to who has received such reports. Once the matter has been settled between you and the Hotel, follow-up notices must be sent to those to whom you have been reported as delinquent.

6. Companies that do not follow these rules are not allowed to collect the first $50 of a disputed amount, even if the bill turns out to be correct.

7. You may have the right to withhold payment of an amount you still owe for merchandise or services if you first try in good faith to return them or give the merchant a chance to correct the problem. There are two limitations on this right:
   a) You must have made the purchase in your home state or within 100 miles of your home (whichever is farther), and
   b) The purchase price must have been more than $50.

   However, these limitations do not apply if the merchant is owned or operated by the Hotel or if the Hotel mailed the advertisement for goods or services to you.

Recovery cannot exceed actual documented loss. The maximum Declared Value to FedEx Letter and FedEx Pak packages is $100.00.

Use of this airbill constitutes your agreement to the service conditions in our current Service Guide, available upon request. See back of sender's copy of this airbill for information. Service conditions may vary for Government Overnight Service. See U.S. Government Service Guide for details.

We will not be responsible for any claim in excess of $100 per package whether the result of loss, damage, delay, non-delivery, misdelivery, or misinformation, unless you declare a higher value, pay an additional charge, and document your actual loss at the time of shipment. Maximum liability for each package is $500, except for cash, negotiable instruments, and other items listed in our Service Guide. Written claims must be filed within strict time limits, see current Service Guide. The following additional limitations are applicable to U.S. domestic shipments: Unless you declare a higher value, in the event of loss, damage or delay, our liability for each package shall not exceed $100 or the declared value, whichever is less. Neither FedEx nor any carrier shall be liable for consequential damages, including but not limited to, loss of profit, loss of business opportunity, loss of or damage to property other than the package, or for any delay, loss or damage caused by an act of God, perils of the air, weather conditions, acts or omissions of third parties, or any other cause beyond our reasonable control. Recovery cannot exceed actual documented loss. Maximum declared value for FedEx Letter and FedEx Pak packages is $100.00.

In the event of unmerchantable delivery, Federal Express will at your request and with some limitations, refund all transportation charges paid. See Service Guide for further information.

SERVICE CONDITIONS, DECLARED VALUE AND LIMIT OF LIABILITY

Use of this airbill constitutes your agreement to the service conditions in our current Service Guide, available upon request. See back of sender's copy of this airbill for information.

We will not be responsible for any claim in excess of $100 per package, whether the result of loss, damage, delay, non-delivery, misdelivery, or misinformation, unless you declare a higher value, pay an additional charge, and document your actual loss. Maximum for items of extraordinary value is $500, e.g. jewelry, precious metals, negotiable instruments and other items listed in our Service Guide. Written claims must be filed within strict time limits, see current Service Guide. Recovery cannot exceed actual documented loss. Value may be subject to an additional charge.

In the event of loss, damage, delay, non-delivery, misdelivery, or misinformation, FedEx's liability, if any, is limited to the greater of $100 or the amount you paid for the service, up to $500, unless you declare a higher value and pay an additional charge. FedEx will not be liable for special, consequential, or indirect damages. Recovery cannot exceed actual documented loss. Declared value must be reasonable.

In the event of an unintentional delivery or misdelivery, you may be required to sign a statement to that effect before you can obtain records relating to that delivery. Consult the Service Guide for details.

Sender authorizes FedEx to deliver this shipment without obtaining a signature and agrees to indemnify and hold FedEx harmless from any resulting claims.

Dear Rebecca:

On March 13, 1992, Congressman Upton traveled on Air Force I from Andrews Air Force Base to Battle Creek, Michigan. In a letter to Bobby Burchfield, General Counsel for the Campaign, Congressman Upton indicated that the costs associated with his travel would be paid for by the Upton for All of Us Committee.

For your convenience, I have enclosed a copy of the letter from your office as well as a bill from the Treasurer of the United States. Your portion of the costs is $422.00 which is based on the actual costs of first class airfare on a commercial airline.

To expedite the processing of this payment, please have the Upton for All of Us Committee issue a check directly to the Treasurer of the United States. Then, the check should be sent to my attention so I can deduct it from the total bill.

Your cooperation in this matter is greatly appreciated. If you have any questions please call me at (202) 336-7321.

Sincerely,

John Allen

RE: Catholics/Evangelical Videos

Dear Bob:

I've attached invoices submitted in connection with the Catholic Video and the Evangelical Video.

The enclosed documentation shows that there was a substantial amount of work done on the Catholic video at the request of the campaign, after the cancellation of the other video project as billed on October 1st.

We understand that submitting the invoices for payment at the conclusion of the campaign creates a problem for the campaign, and we are willing to settle for ~~$1,735.86~~, which is 50% of the invoiced amount.

Thank you for your attention to this matter.

Sincerely,

Thomas N. Edmonds

InterOffice Memo

To: The File

From: Kelly McDonald

Date: October 30, 1992

Subject: Spalding--Check #513173

Invoice number 3440 for $241.00 was mistakenly paid for on the General Committee account with check number 513173 dated 10/26/92. This transaction will credit the General account $241.00. The Primary account was previously debited for this invoice.

Invoice number 3481 for $400.00 was mistakenly paid for on the General Committee account with check number 513173 dated 10/26/92. This transaction will credit the General account $400.00 and debit the Primary Committee account $400.00, correcting this problem.

Subject: Campaign Expenditures

Dear Mr. Allen:

In conversation with our Mrs. Carol Christobek, it was stated that the Bush/Quayle Campaign Committee had indicated that they would be responsible for certain expenses, among which were the America 2000 banner and the luncheon for the staff.

Enclosed are invoices for the banner at $525.76 and the food at $81.25. Your assistance in helping us recover these funds would be greatly appreciated.

Should you have any further questions or would like to address any correspondence to Uniform Tubes, please send them to my attention.

Sincerely.

GENERAL COUNSEL'S REPORT

I. BACKGROUND

On January 25, 1994, the Commission found reason to believe that the Bush-Quayle '92 General Committee, Inc. (the "GEC") and J. Stanley Huckaby, as treasurer, violated 2 U.S.C. § 434(b)(8) and 11 C.F.R. §§ 104.11(b) and 9004.7 by failing to report estimated debts and obligations incurred for campaign-related travel (MUR 3664).[1] On September 10, 1996, the Commission found reason to believe that the Bush-Quayle Primary Committee, Inc. (the "Primary Committee") and J. Stanley Huckaby, as treasurer, violated 2 U.S.C. § 441a(f) by accepting excessive contributions in the form of staff advances from an individual, and 2 U.S.C. § 434(b)(8) and 11 C.F.R. § 104.11(b) by failing to report debts and obligations (MUR 4171). On the same date, in MUR 4289, the Commission found reason to believe that the GEC violated 2 U.S.C. § 434(b)(8) and 11 C.F.R. § 104.11(b), and that the Bush-Quayle '92 Compliance Committee, Inc. (the "Compliance Committee") and J. Stanley Huckaby, as treasurer, violated

---

[1] The Commission originally made the reason to believe findings in MUR 3664 on July 20, 1993. The subsequent findings were made following *FEC v. NRA Political Victory Fund*, 6 F.3d 821 (D.C. Cir. 1993), *petition for cert. dismissed for lack of jurisdiction*, 115 S.Ct. 537 (1994).

2 U.S.C. § 434(b)(8) and 11 C.F.R. § 104.11(b) by failing to report non-travel related debts and obligations. The GEC responded to the reason to believe findings in MUR 3664 on October 23, 1993, and February 23, 1994, and the Committees responded to the reason to believe findings in MURs 4171 and 4289 on November 4, 1996.[2]

The Commission decided to enter into pre-probable cause to believe conciliation negotiations with the Committees on September 10, 1996. The Committees made a counteroffer on November 4, 1996 and negotiations ensued. However, negotiations were unsuccessful and on March 11, 1997, the Commission rejected the Committees' counteroffer and negotiations were terminated. On March 13, 1997, this Office sent the Committees a letter and brief notifying them that this Office was prepared to recommend that the Commission find probable cause to believe that the violations occurred. On April 22, 1997, the Committees filed their responsive brief. Attachment 1.

After reviewing the Committees' brief, this Office recommends that the Commission find probable cause to believe that: the Primary Committee violated 2 U.S.C. §§ 441a(f) and 434(b)(8) and 11 C.F.R. § 104.11(b); the GEC violated 2 U.S.C. § 434(b)(8) and 11 C.F.R. §§ 104.11(b) and 9004.7; and the Compliance Committee violated 2 U.S.C. § 434(b)(8) and 11 C.F.R. § 104.11(b). Moreover, this Office recommends that the Commission approve the attached conciliation agreement.

---

[2] Throughout this Report, "Committees" refers to the GEC, the Primary Committee and the Compliance Committee. The "Act" and the "FECA" refer to the Federal Election Campaign Act of 1971, as amended, 2 U.S.C. §§ 431-55.

II. SUMMARY OF COMMITTEES' RESPONSE

The Committees' brief generally reiterates the same substantive arguments that the Committees have been making throughout the audit and enforcement processes.[3] First, the Primary Committee argues that the staff advances by Mr. Holt should be treated as extensions of credit by a commercial vendor under 11 C.F.R. § 116.3, despite the fact that he volunteered his fundraising services. Attachment 1 at 5-11. The Primary Committee contends that Mr. Holt was a commercial vendor who provided volunteer fundraising services but sought payment for associated travel and telephone expenses, based on his "standard business practice." *Id.* Moreover, the Primary Committee asserts that Mr. Holt had provided similar fundraising services to other political campaigns, charitable organizations and other entities, and did not treat the Primary Committee more favorably than these other organizations.[4] *Id.* The Primary Committee argues that Mr. Holt was in both the oil business and the fundraising business, and that he did not have to be exclusively a fundraiser to be a commercial vendor. *Id.* In addition, the Primary Committee states that it is irrelevant whether Mr. Holt earned money through his fundraising activities, because section 116.3 includes vendors who "provide" services. *Id.* Further, the Primary Committee contends that it received no significant financial benefit from Mr. Holt's advances.

---

[3] The Committees submitted an affidavit from Keith Davis, Assistant Treasurer to the Committees. They also submitted a copy of the affidavit from Robert Holt which they had previously submitted, copies of conciliation agreements from other enforcement matters, and copies of invoices which had been previously reviewed by the Audit staff.

[4] Keith Davis states in his affidavit that Mr. Holt spent more than half of his time doing fundraising for the Primary Committee and provided fundraising services that were typical of those that commercial vendors provide to campaigns. Attachment 1 at 42. Mr. Davis further states that Mr. Holt provided his services in a similar manner to other organizations, such as the 1988 Bush primary campaign. *Id.*

The Committees also make a number of arguments concerning the reporting of debts and obligations. *Id.* at 11-37. The Committees contend that they used best efforts to report expenditures, debts and obligations systematically. *Id.* at 14-19. The Committees and Mr. Davis describe their internal procedures and assert that these procedures were intended to ensure prompt payment and reporting of expenditures and to prevent payment of invalid or fraudulent invoices. *Id.* at 14-19, 42-53. The Committees argue that reporting invalid invoices as debts would undermine the goal of accurate disclosure. Moreover, they contend that although they did not estimate the debts, they satisfied best efforts because of their extensive efforts to process invoices so that they could be reported as expenditures.

The Committees contend that the requirement to report the exact amount or an estimate of debts and obligations as of the date of incurrence is arbitrary and capricious. *Id.* at 19-25. The Committees argue that no campaign could meet this standard because reporting debts as of the date of incurrence is pragmatically impossible. *Id.* The Committees further assert that this Office's analysis deviates from the Commission's prior practice.[5] *Id.* They contend that the Commission has never strictly applied this standard but has "accepted reasonable efforts to report debts and obligations as soon as the accounting department in the campaign became aware of them." *Id.* at 21. For example, the Committees assert that the Commission did not object to the 1988 Bush presidential campaign's use of the same reporting procedures and that the Commission did not require that campaign or other previous presidential campaigns to report estimates of unbilled costs for travel on government aircraft. *Id.* at 19-26. In addition, the

[5] The Committees contend that enforcement matters cited in the General Counsel's Brief do not support this Office's position because the Commission took no further action in MURs 2706 and 3494, and the conciliation agreement for MUR 2304 had a civil penalty of only $1,500. Attachment 1 at 21-22, 37.

Committees contend that this Office has simultaneously applied two different standards in calculating the amounts in violation because the amounts included in the matters generated by audit referrals, MURs 4171 and 4289, were calculated based on the dates the Committees received the invoices, but in MUR 3664 all the travel-related debts are included regardless of when the Committees received the invoices. *Id.* at 23-24. The Committees argue that this is arbitrary enforcement and make an analogy to cases applying the vagueness doctrine to criminal statutes. *Id.* at 24, *citing Kolender v. Lawson*, 461 U.S. 352, 358 (1983) (Criminal loitering legislation void for vagueness because it failed to establish minimal guidelines to govern law enforcement and gave police virtually complete discretion); *Papachristou v. City of Jacksonville*, 405 U.S. 156, 162 (1972) (Vagrancy law void for vagueness because it failed to give fair notice that conduct is forbidden and encouraged arbitrary and erratic arrests, placing unfettered discretion in the hands of the police).

Moreover, the Committees contend that the invoices did not become reportable debts and obligations under 11 C.F.R. § 104.11(b) until the invoices were received, reviewed and payment had been approved by the Committees. *Id.* at 25-28. The Committees assert that the scope of 11 C.F.R. § 104.11(b) is limited to debts and obligations related to written agreements, based on the language of the regulation: "including a loan, written contract, written promise, or written agreement to make an expenditure."[6] *Id.* They argue that there was no written agreement for the debts at issue until the Committees received and approved the invoice for payment; thus, the expenditures did not become reportable debts and obligations until the invoices were received

---

[6] As in their previous responses, the Committees cite *Hawkeye Chemical Co. v. St. Paul Fire and Marine Ins. Co.*, 510 F.2d 322, 327 (7th Cir. 1975) to support their interpretation of the regulation. Moreover, they argue that *FEC v. Massachusetts Citizens for Life*, 769 F.2d 13, 17 (1st Cir. 1985) *aff'd*, 479 U.S. 238 (1986), cited by this Office, does not apply because the context of the word "includes" in the regulation indicates that the Commission intended to limit debts and obligations only to written debts and obligations.

and approved by the Committees' Accounting Departments. *Id.* at 26. In addition, the Committees contend that the 1990 revision of the regulations that led to the current language in 11 C.F.R. § 104.11(b) was not intended to create a new burdensome reporting requirement for committees. *Id.*

Further, the Committees claim that the Commission has not properly calculated the amount of the debts and obligations.[7] *Id.* at 28-32. They argue that the Audit staff did not properly determine the date that the Committees received the invoices and that the date on the invoice is not a reliable indication of when it was received. *Id.* They also assert that the Audit staff incorrectly included debts of less than $500 that were paid and reported in a timely manner.[8] *Id.* Moreover, the Committees contend that invoices paid during the same reporting period in which the Committees received the invoices should not be included. *Id.*

Finally, the Committees contend that no civil penalty is warranted. *Id.* at 33-37. They argue that they acted in good faith, made efforts to collect and report the information, followed practices reviewed and approved by the auditors in prior cycles, received no financial benefit and filed amended reports. *Id.* In addition, they contend that the issue involves only the timing of disclosure, not failure to disclose. *Id.*

---

[7] The Committees request detailed schedules explaining the staff advances by Mr. Holt and the debts and obligations that were not properly reported. This information was provided to the Committees during the audit process and is detailed in schedules attached to the audit reports.

[8] The Committees provided copies of these invoices as attachments to the response. These invoices had previously been available for the Audit staff to review. However, the Committees did not provide any spreadsheets or other documentation explaining how they made their calculations.

III. ANALYSIS

The Commission has previously considered and rejected the bulk of the Committees' substantive arguments, and the Committees have not offered any new compelling arguments or information to support their contentions. Contrary to the Committees' arguments, the evidence supports a finding of probable cause to believe that the Primary Committee violated 2 U.S.C. § 441a(f) by knowingly accepting excessive in-kind contributions in the form of staff advances from Robert Holt. Moreover, there is probable cause to believe that the Primary Committee, GEC and Compliance Committee violated 2 U.S.C. § 434(b)(8) by failing to properly report their debts and obligations.[9]

A. STAFF ADVANCES

Robert Holt provided fundraising services to the Primary Committee on a volunteer basis and made advances of at least $11,598 in excess of the $1,000 individual contribution limitation in payments for travel, subsistence and campaign-related goods and services.[10] 2 U.S.C. § 441a(a)(1)(A); 11 C.F.R. § 116.5. The Primary Committee has not provided sufficient evidence to demonstrate that Mr. Holt was a commercial vendor whose usual and normal business was to provide fundraising services. See 11 C.F.R. §§ 116.1(c), 116.3; 116.5(b). Even if Mr. Holt was a commercial vendor of fundraising services, the value of his services would have been an in-kind contribution to the Primary Committee because the Primary Committee has not provided evidence that the services he provided without charge to the Primary Committee were provided in the ordinary course of his business.

---

[9] We incorporate by reference the General Counsel's Brief dated March 13, 1997.

[10] This amount has been adjusted from the previous figure of $12,598 in consultation with the Audit staff in order to allow for a $1,000 volunteer travel exemption consistent with other audits. See 11 C.F.R. § 100.7(b)(8).

Based on the limited available evidence, it appears that Mr. Holt was in the oil business. While a commercial vendor may be involved in more than one type of business, there is insufficient evidence that Mr. Holt was also a commercial vendor of fundraising services. The Primary Committee's contentions that Mr. Holt provided services similar to those provided by commercial vendors and that he provided the same services to other campaigns and entities do not prove that he provided his services as a commercial vendor rather than as an individual volunteer in his personal capacity.

Moreover, the affidavits of Mr. Holt and Mr. Davis are insufficient to demonstrate that Mr. Holt was a commercial vendor of fundraising services. The Primary Committee has failed to provide other documentation sufficient to support its arguments. For example, the Primary Committee has provided no documentation of Mr. Holt's fundraising work for other campaigns and organizations, such as contemporaneous written memoranda, agreements for services, or other evidence to demonstrate that he was a commercial vendor and that his services for the Primary Committee were in the ordinary course of his business.

Contrary to the Primary Committee's contention, it is relevant whether Mr. Holt ever earned money through his fundraising activities. It is difficult to see how Mr. Holt could provide all of his services without any charge in the ordinary course of his business.[11] If, as the Primary Committee contends, Mr. Holt treated all other campaigns and organizations on equally favorable terms, and provided fundraising services to all of them without charge, he would never

---

[11] The Primary Committee also contends that it violates their First Amendment rights for the Commission to treat individual commercial vendors differently from individuals who are volunteers. This argument is flawed. Nothing in the regulations prevents individuals who are commercial vendors from volunteering for campaigns in their personal capacity. However, like other campaign staff and volunteers, advances by these individuals would come under 11 C.F.R. § 116.5, not § 116.3.

realize any income or profit, and his fundraising services would not appear to be commercial in nature.[12]

While any individual can volunteer his or her services to a campaign in his or her personal capacity, 2 U.S.C. § 431(8)(B)(i), 26 U.S.C. § 9032(4)(E)(i), a commercial business cannot generally provide free goods or services to a campaign without making an in-kind contribution. *See* Advisory Opinion 1996-4 (Commission held that providing free on-line accounts to candidates would be a prohibited in-kind contribution, and stated that while vendors may provide discounts in the ordinary course of business, "valuable goods and services" may not be provided "without any charge to, or payment by, a Federal candidate or political committee," quoting Advisory Opinion 1988-25.) It appears that Mr. Holt was a volunteer who made staff advances in his personal capacity, not as a commercial vendor; thus, 11 C.F.R. § 116.5 applies.[13]

Since Mr. Holt's advances do not meet the regulatory exemptions to 11 C.F.R. § 116.5 because the expenses were not solely for his travel and subsistence expenses and reimbursed in a timely manner, the advances were in-kind contributions from Mr. Holt to the Primary Committee which exceeded the individual contribution limitation by $11,598. 2 U.S.C. § 441a(a)(1)(A).

---

[12] Indeed, the plain meanings of the terms "commercial" and "vendor" imply commerce and the sale of goods and services. "Commercial" is defined as related to business or commerce, and "vendor" is a merchant or seller of goods and services. BLACK'S LAW DICTIONARY, 270, 1555 (6th ed. 1990). Conversely, a volunteer provides his services without remuneration. *Id.* at 1576. Volunteering one's services without charge is antithetical to the notion of commercial activity. In the analogous context of taxation law, a *bona fide* volunteer has been defined as one who receives no compensation, 26 U.S.C. § 457(e)(11)(B)(ii), or "does not have a profit motive," 26 C.F.R. § 1.132-5(r)(3).

[13] The advisory opinions cited by the Primary Committee are not persuasive. Advisory Opinions 1980-42 and 1982-4 were written prior to the revision of the debt settlement regulations in 1990. Moreover, these opinions reiterate the general rule that individuals may volunteer their services to a committee without making a contribution, but that related expenses must be paid by the committee. In Advisory Opinion 1991-37 the Commission permitted a political action committee to purchase accounting services from an accounting firm and provide the services to political committees as in-kind contributions. The Commission also stated that the accounting firm or the PAC could charge the political committees for associated expenses such as travel. This opinion does not support the Primary Committee's arguments because it involves in-kind contributions rather than individual volunteer activity.

It is irrelevant whether the Primary Committee had available funds or received a significant financial benefit from these contributions. The Primary Committee received the excessive in-kind contributions when Mr. Holt made the advances. Therefore, the Office of General Counsel recommends that the Commission find there is probable cause to believe that the Primary Committee violated 2 U.S.C. § 441a(f) by knowingly accepting excessive in-kind contributions from Robert Holt.

B. REPORTING OF DEBTS AND OBLIGATIONS

The Committees failed to report properly: Primary Committee debts totaling $1,767,548; GEC travel-related debts totaling $1,048,190 and other GEC debts and obligations totaling $737,908; and Compliance Committee debts in the amount of $235,587. The Committees failed to report the debts and obligations as of the date they were incurred. 11 C.F.R. § 104.11(b). Under the Committees' procedures for processing debts and obligations, a debt was not reported until the invoice had been received and payment of the invoice was approved. Thus, the Committees' procedures created a significant delay between the date that a debt was incurred and the public disclosure of that debt. Each of the Committees filed amended reports that materially disclosed their actual debts and obligations in September 1994.

The Committees misinterpret the reporting requirements of 11 C.F.R. § 104.11(b). That section explicitly requires committees to report debts as of the time of incurrence, not the date of the invoice or check authorization form, and to estimate the amount of the debt or obligation if they are unable to verify the correct amount. 11 C.F.R. § 104.11(b). Since the Committees did not report the correct amount or an estimate of debts when they were incurred, their disclosure reports did not accurately reflect the Committees' actual debts, and the goal of immediate and complete disclosure was undermined. *Id.*

Contrary to their contentions, the Committees did not make best efforts to report their debts and obligations. The Committees' procedures do not comport with the regulations and do not release them from the reporting requirements of 11 C.F.R. § 104.11(b) or satisfy best efforts. *See* 2 U.S.C. § 432(i); 11 C.F.R. § 104.7. Far from making best efforts to report their debts and obligations, the Committees did not attempt to estimate any of their debts and obligations on their disclosure reports or to report any debts where the amount incurred was known before the invoice was received. 11 C.F.R. § 104.11(b). The Committees' contention that reporting invalid debts would lead to inaccurate disclosure ignores the fact that failing to report numerous valid debts to avoid reporting a few possibly invalid ones is far less accurate and distorts the public record. Whether the Committees' procedures helped them to report expenditures and avoid payment of invalid invoices is irrelevant to the question of whether they made best efforts to report their debts properly. The regulations require reporting, not immediate payment, of debts and obligations. 11 C.F.R. § 104.11. If a committee properly reports the exact amount or a reasonable estimate of a debt when it is incurred, the committee may revise the report later if any portion of the debt proves to be incorrect. 11 C.F.R. § 104.11(b).

This Office has not applied arbitrary or capricious standards in calculating the amount of debts that were not properly reported. The Audit staff referred violations involving debts totaling $1,052,098 for the GEC, $1,767,548 for the Primary Committee and $235,587 for the Compliance Committee. MUR 3664 involves an additional $734,000 in travel-related debts that were not included in the audit referrals. While the debts and obligations at issue in MURs 4171 and 4289 arose from the audit referrals and were subject to internal audit thresholds and calculation policies, the audit thresholds did not apply to the calculation of the travel-related debts at issue in MUR 3664 because it was a complaint-generated matter. Rather, the calculation

in MUR 3664 was based on the date of travel, which constitutes the date the debt was incurred under the regulations.

The Committees confuse the legal reporting requirements that are clearly delineated in the regulation with the Commission's application of internal thresholds and considerations of prosecutorial discretion to previous enforcement matters and audits. These precedents do not undermine the plain meaning of the regulation.[15] The Commission has broad prosecutorial discretion to decide whether or not to pursue an enforcement matter. *See Heckler v. Chaney*, 470 U.S. 821, 831 (1985) ("An agency decision not to enforce often involves a complicated balancing of a number of factors" and "an agency's decision not to prosecute or enforce, whether through civil or criminal process, is a decision generally committed to an agency's absolute discretion."). The Commission's decision to apply an internal threshold, take no further action or accept a lower civil penalty in an enforcement matter because of lack of resources, administrative convenience, or other factors of prosecutorial discretion does not mean that no violation occurred.[16] Nor does it impair the Commission's ability to pursue the Committees' violations, nor imply tacit approval of the Committees' incorrect reporting procedures.

---

[14]

[15] The Committees contend that the enforcement matters cited in the General Counsel's Brief, MURs 2304, 2706 and 3494, do not support this Office's analysis because of the disposition of these cases. Again, considerations of prosecutorial discretion, not the absence of violations, led the Commission to take these actions. Further, the Committees' argument that the Commission did not pursue previous presidential campaigns, particularly the 1988 Bush campaign, for failing to properly estimate unbilled travel on government aircraft does not take into account the fact that the regulations prior to 1990 did not explicitly require estimation of debts, although this was Commission policy. *See* Advisory Opinion 1980-38.

[16] Indeed, if there is evidence that no violation occurred, the Commission could find no probable cause to believe a violation occurred. 11 C.F.R. §§ 111.16, 111.17.

Moreover, the Commission has pursued other committees for failing to estimate or report the exact amount of debts and obligations as of the time they were incurred. *Cf. FEC v. AFSCME-PQ*, No. 88-3208 (D.C. Cir. July 10, 1990)(Court granted FEC motion for summary judgment against a political action committee for failing to disclose in-kind contributions at the time they were made and services were provided to the candidate rather than when it later paid the bills for the services). In addition to the matters cited in the General Counsel's Brief, MURS 2304, 2706 and 3494, the Commission found reason to believe that the Friends of John Glenn and Lyn Glenn as treasurer, formerly the John Glenn Presidential Committee, violated 2 U.S.C. § 434(b)(8) by failing to report over $700,000 in interest on loans as an outstanding debt as of the date of incurrence. MUR 3418. The respondent committee in MUR 3418 paid a civil penalty of $65,000.

Further, the Committees' analogy to cases applying the void for vagueness doctrine is not apt. The void for vagueness doctrine requires that a penal statute define an offense so that "ordinary people can understand what conduct is prohibited and in a manner that does not encourage arbitrary and discriminatory enforcement." *Kolender v. Lawson*, 461 U.S. 352, 357 (1983); *Papachristou v. City of Jacksonville*, 405 U.S. 156 (1972). An important aspect of the doctrine is the establishment of "minimal guidelines to govern law enforcement." 461 U.S. at 357-358. Statutes affecting First Amendment free speech rights and statutes prescribing criminal penalties "have consistently faced a considerably higher level of scrutiny" on a void for vagueness challenge than "ordinary civil law." *Exxon Corp. v. Georgia Ass'n of Petroleum Retailers*, 484 F. Supp. 1008, 1013-1014 (N.D. Ga., 1979), *aff'd* 644 F.2d 1030 (5th Cir. 1981), *cert. denied* 454 U.S. 932, (Oct 13, 1981). An "ordinary civil statute is void for vagueness only where it exacts obedience to a rule that is so vague and indefinite as really to be no rule or

standard at all" not where it can "reasonably be interpreted and limited by judicial construction." *Id.* at 1014-1016 (citations omitted).

Even if the strict scrutiny applicable to criminal statutes were applied to 11 C.F.R. § 104.11(b), there is no basis for the Committee's argument because the reporting requirements are clearly delineated and specific. The regulation clearly describes the specific requirements that a reporting committee must affirmatively meet: debts and obligations "shall be reported as of the date on which the debt or obligation is incurred," and where the exact amount of a debt is not known, "the report shall state that the amount reported is an estimate." 11 C.F.R. § 104.11(b). The regulation explicitly requires a committee to report either the exact amount of each debt or an estimate to avoid violating the law. By creating internal procedures and thresholds, the Commission has created guidelines for enforcement that are consistently applied to committees. For example, the Audit staff applied consistent procedures and thresholds to each 1992 presidential election campaign.

The Committees' arguments that it is pragmatically impossible for any campaign to report debts as of the date of incurrence and that the regulation creates a new and burdensome reporting requirement are also unconvincing.[7] Publicly-financed campaigns must adhere to an expenditure limit, 2 U.S.C. § 441a(b), and should be aware of the amount of their debts and

---

[7] The requirement to report as of the date that a debt is incurred is not a new requirement. Prior to 1990, 11 C.F.R. § 104.11(b) required committees to report debts "as of the time of the transaction." 11 C.F.R. § 104.11(b) (1989). Since 1990, the regulation has stated that committees must report debts "as of the date on which the obligation was incurred." 11 C.F.R. § 104.11(b) (1995). However, new language explicitly requiring estimation of debts was added in 1990. The Explanation and Justification for 11 C.F.R. § 104.11(b) (1990) discusses situations where reporting and estimation for debts not yet billed is required and states that "new language is also included which follows the current policy that if the exact amount is not known, the committee should report an estimated amount." Explanation and Justification of Regulations for 11 C.F.R. § 104.11(b), 55 *Fed. Reg.* 26,378, 26,385 (June 27, 1990) (affirming Commission policy set forth in Advisory Opinion 1980-38). In addition, the Commission has previously rejected arguments that debts over $500 must be reported from a date other than "the date on which the debt was incurred." See MURs 2304, 2706, 3418, 3494.

obligations when they are incurred. Campaign officials must keep track of obligations simply to know how much money is available for future expenditures. If it is impossible to ascertain the exact amount of a debt, the regulation permits a committee to report a reasonable estimate of the debt until the correct amount can be verified. 11 C.F.R. § 104.11(b). At the very least, campaign officials have enough available information to make a reasonable estimate of their debts. The estimation requirement makes the regulation less burdensome, not more so, because it allows Committees to make an estimate of debts rather than requiring them to report an exact amount.[18]

Further, the Committees' argument that the invoices did not become reportable debts until they were reviewed and approved for payment has no basis in logic or the language of the regulation. A debt exists independent of the invoice that is evidence of it. *See* 11 C.F.R. § 104.11. The Committees seek to create the legal fiction that a debt does not exist until they recognize it and authorize payment. This is contrary to the explicit language of the regulation. Moreover, this interpretation would permit campaigns to ignore large debts indefinitely, without requiring disclosure and would allow individuals and entities to loan large sums to campaigns with impunity.

The Committees' contention that 11 C.F.R. § 104.11(b) only applies to debts and obligations related to written agreements is incorrect.[19] The Committees' argument is not supported by the language of the regulation, which states: "[a] debt or obligation, *including* a

---

[18] The Committees also claim that their First Amendment rights were violated, but their brief and conclusory statement does not explain that claim.

[19] The Committees assert that this interpretation is supported by settled rules of statutory construction, citing *Hawkeye Chemical Co. v. St. Paul Fire and Marine Ins. Co.*, 510 F.2d 322, 327 (7th Cir. 1975). In *Hawkeye*, the Seventh Circuit applied the maxim "*expressio unius est exclusio alterius*," or, the expression of one excludes the other. "*Expressio unius*" does not apply in this situation because it would contradict the express language and clear purpose of the regulation.

loan . . . ." 11 C.F.R. § 104.11(b) (emphasis added). Reading this language in context reveals that the terms "debts" and "obligations" include but are not limited to the specifically enumerated sources.[20] Contrary to the Committee's contention, there is no evidence, in the context of the regulation or elsewhere, that the Commission intended to limit the scope of this provision to written debts and obligations.[21] As a matter of policy, restricting the scope of the regulation to written agreements would allow campaigns to avoid reporting large debts and obligations that were based on oral agreements. This would undermine a primary objective of federal campaign finance law: complete, accurate and timely disclosure.

Finally, the Committees' argument that the Audit staff has not properly calculated the amount of the debts and obligations is not correct. While the Committees provided copies of their invoices, they did not provide a spreadsheet or other document detailing how they made their calculations. It appears that the Committees' calculations are based on the Committees' flawed interpretation of the regulations, and they erroneously rely upon the dates that they received the invoices, and the dates that they authorized payment of the expenditures.

---

[20] This conclusion is consistent with previous interpretations of the word "includes" in the FECA. *See, e.g., FEC v. Massachusetts Citizens for Life*, 769 F.2d 13, 17 (1st Cir. 1985). In *Massachusetts Citizens for Life*, the court stated, "It has been said 'the word "includes" is usually a term of enlargement, and not of limitation . . . . It, therefore, conveys the conclusion that there are other items includable, though not specifically enumerated . . . .'" *Id.* (quoting 2A N. Singer, *Sutherland Statutes and Statutory Construction* 133 (4th ed. 1984)).

[21] Moreover, the interpretation of a statute by the agency charged with administering it is entitled to deference, and the Commission is "precisely the type of agency" to which such deference should be given. *FEC v. Democratic Senatorial Campaign Comm.*, 454 U.S. 27, 31-32, 37 (1981). It is not necessary for the agency's interpretation to be the only reasonable one. *Id.* at 39. Thus the Commission's construction of a statute, if reasonable, must ordinarily be honored. *Chevron, U.S.A. v. Natural Resources Defense Council*, 467 U.S. 837, 843 (1984); *Common Cause v. FEC*, 842 F.2d 436, 439-40 (D.C. Cir. 1988). The Commission is entitled to even more deference in its interpretation of its own regulations. *See Udall v. Tallman*, 380 U.S. 1, 16 (1965); *K N Energy, Inc. v. FERC*, 968 F.2d 1295, 1300 (D.C. Cir. 1992).

Nevertheless, the date of incurrence, not the date that the Committees received the invoice or issued a check authorization form, is the controlling date for reporting of the debt. 11 C.F.R. §104.11(b). Nor have the Committees demonstrated how the Audit staff's calculations are inaccurate. The auditors properly applied the applicable regulations to the debts, based on consistently applied audit procedures, to determine whether they were reported in a timely manner.

Therefore, the Office of General Counsel recommends that the Commission find probable cause to believe that the Primary Committee violated 2 U.S.C. § 434(b)(8) and 11 C.F.R. § 104.11(b) by failing to disclose properly its debts and obligations totaling $1,767,548. Moreover, this Office recommends that the Commission find probable cause to believe that the GEC violated 2 U.S.C. § 434(b)(8) and 11 C.F.R. §§ 104.11(b) and 9004.7 by failing to report properly $1,048,190 in travel-related debts and obligations. This Office further recommends that the Commission find probable cause to believe that the GEC violated 2 U.S.C. § 434(b)(8) and 11 C.F.R. § 104.11(b) by failing to report properly non-travel related debts and obligations totaling $737,908. Finally, this Office recommends that the Commission find probable cause to believe that the Compliance Committee violated 2 U.S.C. § 434(b)(8) and 11 C.F.R. § 104.11(b) by failing to disclose properly $235,587 in debts and obligations.

RE: MURs 3664, 4171, 4289
Bush-Quayle '92 Committees

Dear Mr. Burchfield:

On June 19, 1997, the Federal Election Commission found that there is probable cause to believe that your clients, the Bush-Quayle '92 Primary Committee, Inc., and J. Stanley Huckaby, as treasurer, violated 2 U.S.C. § 441a(f) by accepting excessive contributions from Robert B. Holt and 2 U.S.C. § 434(b)(8) and 11 C.F.R. § 104.11(b) by failing to report properly debts and obligations (MUR 4171). Moreover the Commission found probable cause to believe that your clients, the Bush-Quayle '92 General Committee, Inc., and J. Stanley Huckaby, as treasurer, violated 2 U.S.C. § 434(b)(8) and 11 C.F.R. § 104.11(b) by failing to report properly non-travel related debts and obligations (MUR 4289); and violated 2 U.S.C. § 434(b)(8), 11 C.F.R. §§ 104.11(b) and 9004.7 by failing to report properly travel-related debts and obligations (MUR 3664). Further, the Commission found probable cause to believe that your clients, the Bush-Quayle '92 Compliance Committee, Inc., and J. Stanley Huckaby, as treasurer, violated 2 U.S.C. § 434(b)(8) and 11 C.F.R. § 104.11(b) by failing to report properly debts and obligations (MUR 4289).

The Commission has a duty to attempt to correct such violations for a period of 30 to 90 days by informal methods of conference, conciliation, and persuasion, and by entering into a conciliation agreement with respondents. If we are unable to reach an agreement during that period, the Commission may institute a civil suit in United States District Court and seek payment of a civil penalty.

Enclosed is a global conciliation agreement that the Commission has approved in settlement of these matters with a civil penalty. If you agree with the provisions of the enclosed agreement, please sign and return it, along with the civil penalty, to the Commission within ten days. I will then recommend that the Commission accept the

agreement. Please make your check for the civil penalty payable to the Federal Election Commission.

If you have any questions or suggestions for changes in the enclosed conciliation agreement, or if you wish to arrange a meeting in connection with a mutually satisfactory conciliation agreement, please contact Delanie DeWitt Painter, the attorney assigned to this matter, at (202) 219-3690.

Sincerely,

EXECUTIVE SESSION

GENERAL COUNSEL'S REPORT

I. BACKGROUND

On June 19, 1997, the Commission found probable cause to believe that the Bush-Quayle '92 Primary Committee, Inc. (the "Primary Committee"), and J. Stanley Huckaby, as treasurer, violated 2 U.S.C. § 441a(f) by accepting excessive contributions from Robert B. Holt and 2 U.S.C. § 434(b)(8) and 11 C.F.R. § 104.11(b) by failing to report properly debts and obligations (MUR 4171). The Commission also found probable cause to believe that the Bush-Quayle '92 General Committee, Inc. (the "GEC"), and J. Stanley Huckaby, as treasurer, violated 2 U.S.C. § 434(b)(8) and 11 C.F.R. § 104.11(b) by failing to report properly non-travel related debts and obligations (MUR 4289); and violated 2 U.S.C. § 434(b)(8), 11 C.F.R. §§ 104.11(b) and 9004.7 by failing to report properly travel-related debts and obligations (MUR 3664). Further, the Commission found probable cause to believe that the Bush-Quayle '92 Compliance Committee, Inc. (the "Compliance Committee"), and J. Stanley Huckaby, as treasurer, violated 2 U.S.C. § 434(b)(8) and 11 C.F.R. § 104.11(b) by failing to report properly debts and obligations (MUR 4289). On the same date, the Commission approved a global conciliation

agreement in settlement of these matters with a civil penalty The ninety-day maximum negotiation period expired on September 25, 1997 without resolution. *See* 2 U.S.C. § 437g(a)(4)(A)(i).

II. ANALYSIS

This Office recommends that the Commission authorize this Office to file a civil suit for relief in MUR 3664 and MUR 4289.

Although the five-year statute of limitations has run on some of the amounts in violation, sufficient amounts remain to make the Commission's pursuit of these matters through litigation viable. *See* 28 U.S.C. § 2462; *FEC v. Williams*, No. 95-55320 (9th Cir. filed Dec. 26, 1996); *FEC v. National Republican Senatorial Committee*, 877 F. Supp. 15 (D.D.C. 1995). According to this Office's calculations, through December 2, 1997, $950,043 of the amount in violation in these matters is not yet barred by the statute of limitations. Therefore, this Office recommends that the Commission authorize the filing of a civil suit for relief against the Committees to resolve these matters.

Conversely, all of the violations in MUR 4171, involving the Primary Committee, occurred more than five years ago and are barred by the statute of limitations. Thus, pursuing this matter through litigation is not feasible. Therefore, this Office recommends that the Commission take no further action in MUR 4171.

III. RECOMMENDATIONS

1. Authorize the Office of the General Counsel to file a civil suit for relief in United States District Court against the Bush-Quayle '92 General Committee, Inc., and the Bush-Quayle '92 Compliance Committee, Inc., and J. Stanley Huckaby, as treasurer of each;

2. Take no further action against the Bush-Quayle '92 Primary Committee, Inc., and J. Stanley Huckaby, as treasurer, and close MUR 4171; and

3. Approve the appropriate letter.

CERTIFICATION

I, Marjorie W. Emmons, recording secretary for the Federal Election Commission executive session on December 2, 1997, do hereby certify that the Commission **failed** in a vote of 3-2 to pass a motion to take the following actions with respect to MURs 3664, 4171, and 4289:

GENERAL COUNSEL'S REPORT

On December 9, 1997, the Commission voted to accept a conciliation agreement signed by the Bush-Quayle '92 Primary Committee, Inc., the Bush-Quayle '92 General Committee, Inc. and the Bush-Quayle '92 Compliance Committee, Inc. (collectively, the "Committees") and J. Stanley Huckaby, as treasurer of each, in settlement of MURs 3664, 4171, and 4289. However, the Commission did not vote to approve the appropriate letters or to close the files in these matters. The Commission's acceptance of the Committees' agreement resolves all of the outstanding respondents and violations in these matters. Therefore, the Office of General Counsel recommends that the Commission close the files in MURs 3664, 4171, and 4289 and approve the appropriate letters.

RECOMMENDATIONS

1. Close the files in MURs 3664, 4171, and 4289; and

2. Approve the appropriate letters.

BEFORE THE FEDERAL ELECTION COMMISSION

In the Matter of	
Bush-Quayle '92 Primary Committee, Inc. and J. Stanley Huckaby, as treasurer	
Bush-Quayle '92 General Committee, Inc. and J. Stanley Huckaby, as treasurer	MURs 3664, 4171, and 4289
Bush-Quayle '92 Compliance Committee, Inc. and J. Stanley Huckaby, as treasurer	

CONCILIATION AGREEMENT

MUR 3664 was initiated by the Federal Election Commission (the "Commission") pursuant to a signed, sworn, and notarized complaint filed by the Democratic National Committee. MURs 4171 and 4289 were initiated by the Commission pursuant to information ascertained in the normal course of carrying out its supervisory responsibilities under the Federal Election Campaign Act of 1971, as amended (the "Act").

In MUR 3664, the Commission found probable cause to believe that the Bush-Quayle '92 General Committee (the "GEC") and J. Stanley Huckaby, as treasurer, violated 2 U.S.C. § 434(b)(8) and 11 C.F.R. §§ 104.11(b) and 9004.7. In MUR 4171, the Commission found probable cause to believe that the Bush-Quayle '92 Primary Committee Inc., (the "Primary Committee") and J. Stanley Huckaby, as treasurer, violated 2 U.S.C. §§ 441a(f) and 434(b)(8) and 11 C.F.R. § 104.11(b). In MUR 4289, the Commission found probable cause to believe that the GEC violated 2 U.S.C. § 434(b)(8) and 11 C.F.R. § 104.11(b) and that the Bush-Quayle '92 Compliance Committee,

Inc. (the "Compliance Committee") and J. Stanley Huckaby, as treasurer, violated 2 U.S.C. § 434(b)(8) and 11 C.F.R. § 104.11(b). (Collectively, the Primary Committee, GEC and Compliance Committee are "Respondents").

NOW, THEREFORE, the Commission and the Respondents, having duly entered into conciliation pursuant to 2 U.S.C. § 437g(a)(4)(A)(i), do hereby agree as follows:

I. The Commission has jurisdiction over the Respondents and the subject matter of this proceeding.

II. Respondents had a reasonable opportunity to demonstrate that no action should be taken in this matter.

III. Respondents enter voluntarily into this agreement with the Commission.

IV. The pertinent facts in these matters are as follows:

1. President George Bush was the nominee of the Republican Party for the Office of President of the United States for the election held November 1992. The Primary Committee was his authorized committee and, as such, was authorized to receive contributions on behalf of President Bush. The GEC was the general election committee of President Bush and Vice President Dan Quayle. The Compliance Committee was the authorized legal and accounting compliance fund and, as such, was authorized to receive contributions on behalf of President Bush and Vice President Quayle.

2. J. Stanley Huckaby was the treasurer of the Primary Committee, the GEC, and the Compliance Committee.

Staff Advance

3. Pursuant to 2 U.S.C. § 441a(a)(1)(A), individuals are prohibited from making contributions to any candidate in excess of $1,000 with respect to any election. Pursuant to 2 U.S.C. § 441a(f), no candidate or political committee, or officer or employee of a political committee shall knowingly accept any contribution which exceeds the contribution limitations.

4. Pursuant to 11 C.F.R. § 116.5(b), expenditures made on behalf of a political committee by an individual from his or her personal funds, or advances, are contributions.

5. Pursuant to 11 C.F.R. § 116.5(b), advances will not be considered contributions if they are for an individual's personal transportation or for usual and normal subsistence expenses related to travel on behalf of the campaign by an individual who is not a volunteer. This exemption applies only where the individual is reimbursed within 30 days if a credit card was not used, or within 60 days following the closing date of the billing statement on which the charges first appeared for amounts paid by credit card. 11 C.F.R. § 116.5(b)(2).

6. The Commission found probable cause to believe the Primary Committee accepted $11,598 in in-kind contributions in the form of staff advances from an individual named Robert B. Holt, and that the staff advances do not meet the regulatory exemptions to 11 C.F.R. § 116.5 because they

were not solely for Mr. Holt's own travel and subsistence expenses. The staff advances were outstanding for approximately 33 days.

7. The Primary Committee treated Mr. Holt as a commercial vendor and reimbursed his expenses in accordance with 11 C.F.R. § 116.3(a).

Debts and Obligations

8. Pursuant to 2 U.S.C. § 434(b)(8), political committees are required to disclose on periodic reports to the Commission all outstanding debts and obligations owed by or to the Committees.

9. Pursuant to 11 C.F.R. § 104.11(b), a political committee owing a debt or obligation, including a loan, written contract, written promise, or written agreement to make an expenditure over $500 must report that debt or obligation as of the date on which it is incurred, except that any obligation incurred for rent, salary or other regularly recurring administrative expenses shall not be reported as a debt before the payment due date.

10. Pursuant to 11 C.F.R. § 9004.7, all campaign-related travel by publicly-funded candidates is a qualified campaign expense that must be reported as expenditures.

MUR 4171

11. The Commission found probable cause to believe that the Primary Committee did not report $1,767,548 in debts and obligations in accordance with the Act and the

Commission's regulations. The Primary Committee believes that it made a good faith effort to comply with (and did comply with) Commission regulations by establishing a procedure for promptly collecting, reviewing, paying, and reporting invoices that was consistent with the accounting practices of prior and subsequent campaign committees. In contrast, the Commission found in its probable cause determination that the Primary Committee did not report the debts as of the date those debts were incurred.

MUR 3664

12. The Commission found probable cause to believe that the GEC did not report $1,048,190 in travel-related debts and obligations in accordance with the Act and the Commission's regulations. The GEC believes that it made a good faith effort to comply with (and did comply with) Commission regulations by establishing a procedure for promptly collecting, reviewing, paying, and reporting invoices that was consistent with the accounting practices of prior and subsequent campaign committees. In contrast, the Commission found in its probable cause determination that the GEC did not report the debts as of the date those debts were incurred.

MUR 4288

13. The Commission found probable cause to believe that the GEC did not report $737,908 in non-travel related debts and obligations in accordance with the Act and the Commission's regulations. The GEC believes that it made a

good faith effort to comply with (and did comply with) Commission regulations by establishing a procedure for promptly collecting, reviewing, paying, and reporting invoices that was consistent with the accounting practices of prior and subsequent campaign committees. In contrast, the Commission found in its probable cause determination that the GEC did not report the debts as of the date those debts were incurred.

14. The Commission found probable cause to believe that the Compliance Committee did not report $235,587 in debts and obligations in accordance with the Act and the Commission's regulations. The Compliance Committee believes that it made a good faith effort to comply with Commission regulations by establishing a procedure for promptly collecting, reviewing, paying, and reporting invoices that was consistent with the accounting practices of prior and subsequent campaign committees. In contrast, the Commission found in its probable cause determination that the Compliance Committee did not report the debts or estimates of the debts as of the date those debts were incurred, but rather after an invoice was received and approved for payment.

15. Respondents and the Commission have agreed to conciliate the matter pursuant to 2 U.S.C. § 437g(a)(5)(A).

V. 1. The Primary Committee will not contest that it violated 2 U.S.C. § 441a(f) by accepting excessive in-kind contributions, but does not concede that such a violation was proved by the record in this matter.

2. The Primary Committee will not contest that it violated 2 U.S.C. § 434(b)(8) and 11 C.F.R. § 104.11(b) by failing to properly report $1,767,548 in debts and obligations, but does not concede that such a violation was proved by the record in this matter.

3. The GEC will not contest that it violated 2 U.S.C. § 434(b)(8) and 11 C.F.R. §§ 104.11(b) and 9004.7 by failing to properly report $1,048,190 in travel-related debts, but does not concede that such a violation was proved by the record in this matter.

4. The GEC will not contest that it violated 2 U.S.C. § 434(b)(8) and 11 C.F.R. § 104.11(b) by failing to properly report $737,908 in non-travel related debts and obligations, but does not concede that such a violation was proved by the record in this matter.

5. The Compliance Committee will not contest that it violated 2 U.S.C. § 434(b)(8) and 11 C.F.R. § 104.11(b) by failing to properly report $236,587 in debts and obligations, but does not concede that such a violation was proved by the record in this matter.

VI. Pursuant to 2 U.S.C. § 437g(a)(5)(A), Respondents will pay a civil penalty to the Federal Election Commission in the amount of twenty-five thousand dollars ($25,000), as follows:

1. The first installment of $5,000 will be paid within thirty (30) days of the Committees' receipt a copy of this agreement executed by the Commission;

2. The second installment of $10,000 will be paid within thirty (30) days after the first installment;

3. The third installment of $10,000 will be paid within thirty (30) days after the second installment.

VII. The Commission, on request of anyone filing a complaint under 2 U.S.C. § 437g(a)(1) concerning the matters at issue herein or on its own motion, may review compliance with this agreement. If the Commission believes that this agreement or any requirement thereof has been violated, it may institute a civil action for relief in the United States District Court for the District of Columbia.

VIII. This agreement shall become effective as of the date that all parties hereto have executed same and the Commission has approved the entire agreement.

IX. Respondents shall have the time set forth in Section VI to comply with and implement the requirements contained in this agreement and to so notify the Commission.

X. This Conciliation Agreement constitutes the entire agreement between the parties on the matters raised herein, and no other statement, promise, or agreement, either written or oral, made by either party or by agents of either party, that is not contained in this written agreement shall be enforceable.

RE: MUR 3664

Dear Mr. Sandler:

This is in reference to the complaint filed by the Democratic National Committee with the Federal Election Commission on October 20, 1992, and a supplement to the complaint filed on November 2, 1992, concerning the reporting of travel debts and obligations by the Bush-Quayle '92 General Committee, Inc. and J. Stanley Huckaby, as treasurer.

After conducting an investigation in this matter, the Commission found that there was probable cause to believe that the Bush-Quayle '92 General Committee, Inc. and J. Stanley Huckaby, as treasurer, violated 2 U.S.C. § 434(b), a provision of the Federal Election Campaign Act of 1971, as amended, and 11 C.F.R. §§ 104.11(b) and 9004.7 by failing to properly report debts and obligations incurred for campaign-related travel. On December 9, 1997, a conciliation agreement signed by the respondents was accepted by the Commission, thereby concluding the matter. Accordingly, the Commission closed the file in this matter on December 16, 1997. A copy of this agreement is enclosed for your information.
