## DESCRIPTION OF REPORT

### **PURPOSE:**

This study is designed to provide information on the financial transactions of Democratic, Republican, and non-party political committees, with emphasis on those transactions which support candidates for Federal office, for the period which began on January 1, 1983. Political committees, which are entities registered with the Federal Election Commission, report their financial activity to the Commission on a periodic basis. Information on receipts, disbursements, and debts from these reports has been entered into the Commission's computer system; programs have been used to produce all TABLES included in this study. The TABLES are organized into four VOLUMES. VOLUME I, SUMMARY TABLES, provides data for the Democratic and Republican national political committees and Presidential convention committees, for all state and local major party committees by state totals and overall total, and for all non-party committees by six group totals; it also includes tables providing information on contributions made to candidates. VOLUME II, STATE AND LOCAL PARTY DETAILED TABLES, presents financial information for each registered state and local major party committee, while VOLUME III (Corporate and Labor) and VOLUME IV (No Connected Organization, Trade/Membership/Health, Cooperative, Corporation With out Stock) do the same for each non-party political committee.

### **WHAT IS NOT INCLUDED:**

This study only provides information for the Democratic and Republican parties rather than for all party committees, both major and minor, which are registered with the Federal Election Commission. The study does not contain all of the information reported by the committees; for this reason it is not possible to add up a committee's specific receipts or disbursements and expect them to equal its total receipts or total disbursements.\*

### **LIMITATIONS:**

This report is a final report designed to give a complete picture of the financial activity which occurred during the 1983-1984 election cycle.

---

\*For those familiar with the reporting of receipts and disbursements, it can be noted that the following information is not included: unitemized receipts and disbursements, along with other income, contributions from candidates, loans/loan repayments/refunds/rebates/returns received operating expenditures, contributions/loans/loan repayments/contributions refunds made to unregistered committees, and in-kind contributions made to registered committees.

## **DESCRIPTION OF REPORT**

Available at the Commission for inspection are microfilmed copies of the original reports which show information as reported by the filers. The microfilmed public record is the official record of the Federal Election Commission. This final study is one of several tools which have been developed to summarize the vast quantity of data available on the microfilmed public record.

### **PERIOD COVERED:**

The beginning point for information in this study is committee reports on financial activity which occurred after December 31, 1982. As subsequent reports pertaining to 1983-84 activity were received during 1983, 1984, and 1985, the dollar figures contained on them were entered into the computer system and added to earlier information. The computer programs which produced this Report's TABLES were run on October 5, 1985, and used certain 1983-1984 data which had been entered up to and including that date.

### SUMMARY OF TABLES

#### NATIONAL, PRESIDENTIAL CONVENTION, STATE AND LOCAL POLITICAL COMMITTEES

The TABLES are designed to show selected information for the Democratic and Republican national political committees, for Presidential convention committees, and for all state and local major party committees by totals. (Party political committees are those committees that are part of the official party structure at the national, State, or local level, which have registered as political committees under the Federal Election Campaign Act, as amended.) Also provided, at the end of the listings of state and local committees, is information for major party committees formed by Americans in foreign countries. The EXPLANATIONS OF COLUMNS for national and for state and local committees provide detailed definitions of columns and explanations of organization; they should be used in conjunction with the TABLES.

**TABLE A, "SELECTED FINANCIAL ACTIVITY OF DEMOCRATIC AND REPUBLICAN NATIONAL POLITICAL COMMITTEES AND THEIR ASSISTANCE TO CANDIDATES BY OFFICE AND PARTY,"** displays receipts, disbursements, and debt information. Total receipts and total disbursements, which are shown first in their respective places, are not necessarily accurate reflections of the "real" money that is available for political campaign financing. These figures are sometimes inflated, due in large part to the fact that these sums include receipts from committees within the same category (e.g., Congressional) which have historically transferred monies between

themselves, as allowed by the Federal Election Campaign Act, as amended. These receipts should be treated as though they were internal transfers within a category of committees so that the same dollar is not counted twice as a receipt. Therefore, all such transfers are then subtracted from total receipts (or total disbursements) in order to produce an adjusted figure in the second column (either "NET RECEIPTS OR NET DISBURSEMENTS"). It is these two columns which most accurately depict receipts and disbursements. For additional information on categories of committees, see page xxi, NATIONAL-DEMOCRATIC, and NATIONAL-REPUBLICAN.

The remaining information in this TABLE on specific types of receipts and disbursements provides a partial picture of a political committee's exact income and spending. As was noted in the DESCRIPTION OF REPORT where the omitted information was enumerated, the selected receipts and disbursements do not add up to the total receipts and disbursements. A suggestion is offered for arriving at a more exact picture of the cash disbursements which a committee has made: since a committee receiving an in-kind contribution of services, goods, or property reports it both as a receipt and as if it has been paid for, the amount given in the "IN- KIND CONTRIB REG COM" receipts column may be subtracted from the "TOTAL DISBURSEMENTS" figure to arrive at a more precise sense of the cash actually dispensed.

## SUMMARY OF TABLES

## NATIONAL, PRESIDENTIAL CONVENTION, STATE AND LOCAL POLITICAL COMMITTEES

TABLE A next provides a committee's "cash on hand" and debts figures. Amounts of its assistance to candidates\* by Federal office and party, which are shown after "cash on hand" and debts, indicate its candidate activity.

**TABLE B, "SELECTED FINANCIAL ACTIVITY OF DEMOCRATIC AND REPUBLICAN PRESIDENTIAL CONVENTION POLITICAL COMMITTEES AND THEIR ASSISTANCE TO CANDIDATES BY OFFICE AND PARTY,"** presents for publicly and privately financed Presidential convention committee identical information to that given for national committees in TABLE A.

---

\*Note that some of this assistance may have been to individuals who are not statutory "candidates" under the 1979 Amendments to the Federal Election Campaign Act, e.g., an individual seeking nomination to Federal office who has not received contributions in excess of \$5,000. It may also include contributions to debt retirement or Congressional elections after 1984.

**TABLE C, "STATE" TOTALS OF SELECTED FINANCIAL ACTIVITY OF DEMOCRATIC AND REPUBLICAN STATE AND LOCAL POLITICAL COMMITTEES AND THEIR ASSISTANCE TO CANDIDATES BY OFFICE AND PARTY,"** is identical in design to TABLE A except in two respects. Unlike TABLE A where each of the national committees is listed, TABLE C shows all the state and local party committees in a state grouped together. And the method used to convey an accurate picture of the "real" money available for campaign financing is modified here to adjust for transfers between committees within the same state. The results of the adjustment are labeled "NET RECEIPTS" and "NET DISBURSEMENTS." (Note that the 1979 Amendments to the Federal Election Campaign Act relax the registration and reporting requirements for local party organizations by modifying the definition of which activities cause such an organization to become a political committee.)

## NATIONAL, PRESIDENTIAL CONVENTION, STATE AND LOCAL POLITICAL COMMITTEES

TABLE D, "SUMMARY INFORMATION ON THE FINANCIAL ACTIVITY AND ASSISTANCE TO CANDIDATES OF DEMOCRATIC AND REPUBLICAN NATIONAL, PRESIDENTIAL CONVENTION, AND STATE/LOCAL POLITICAL COMMITTEES," summarizes in one place information which is contained on various pages of TABLE A, B, and C. It displays data on net receipts and disbursements, latest "cash on hand," debts, and assistance to candidates.\* Also given is the number of committees in each of the groups.

TABLE E, "CONTRIBUTIONS TO CANDIDATES FROM DEMOCRATIC AND REPUBLICAN NATIONAL, AND STATE/LOCAL POLITICAL COMMITTEES BY OFFICE AND INCUMBENT/CHALLENGER-OTHER/OPEN-SEAT CANDIDATE STATUS," shows contributions to incumbent versus other candidates\* for various Federal offices from different kinds of party committees, e.g., do state/local committees contribute to incumbent House members while national committees support open-seat Senate candidates.

TABLE F, "CONTRIBUTIONS TO CANDIDATES FROM DEMOCRATIC AND REPUBLICAN NATIONAL, AND STATE/LOCAL POLITICAL COMMITTEES BY CONTRIBUTION AMOUNT," continues the presentation of information on contributions to candidates.\* The TABLE displays relationships between types of committees and the size of contribution which they made to candidates, e.g., do national committees make larger contributions than state and local groups. In addition, the percentage of committees in a group which have participated in this campaign financing activity is given.

TABLE G, "TOTAL RECEIPTS OF DEMOCRATIC AND REPUBLICAN POLITICAL COMMITTEES (NATIONAL AND PRESIDENTIAL CONVENTION/STATE/LOCAL TOTALS) BY RECEIPT AMOUNT," serves two purposes. It displays the distribution of national and Presidential convention/state/local committees into different total receipts classes, and it provides the basis for TABLE H. It summarizes information from TABLES A, B, and C and shows whether national or Presidential convention/state/local groups tend to have committees which receive larger inflows of funds.

## SUMMARY OF TABLES

### NON-PARTY POLITICAL COMMITTEES

The TABLES are designed to show selected information for the non-party political committees by totals for six types of committees. (A non-party political committee means any committee that has not been authorized by any candidate and which is not part of the official party structure at the national, State, or local level, which has registered as a political committee under the Federal Election Campaign Act, as amended.) The EXPLANATION OF COLUMNS for non-party committees provides detailed definitions of columns and explanations of organization; it should be used in conjunction with the TABLES.

**TABLE A, "SELECTED FINANCIAL ACTIVITY OF NON-PARTY POLITICAL COMMITTEES AND THEIR ASSISTANCE TO CANDIDATES BY OFFICE AND PARTY,"** displays receipt, disbursement, and debt information. Total receipts and total disbursements, which are shown first in their respective places, are not necessarily accurate reflections of the "real" money that is available for political campaign financing. These figures are sometimes inflated, due in large part to the fact that these sums include receipts from affiliated committees. Since affiliated committees are subject to one contribution limit (2 U.S.C. Section 441a), these receipts should be treated as though they were internal transfers so that the same dollar

is not counted twice as a receipt. Therefore, all such transfers are subtracted from total receipts (or total disbursements) in order to produce an adjusted figure in the second column (either "NET RECEIPTS" or "NET DISBURSEMENTS"). It is these two columns which most accurately depict receipts and disbursements.

The remaining information in this TABLE on specific types of receipts and disbursements provides a partial picture of a political committee's exact income and spending. As was noted in the DESCRIPTION OF REPORT where the omitted information was enumerated, the selected receipts and disbursements do not add up to the total receipts and disbursements. A suggestion is offered for arriving at a more exact picture of the cash disbursements which a committee has made: since a committee receiving an in-kind contribution of services, goods, or property reports it both as a receipt and as if it has been paid for, the amount given in the "IN- KIND CONTRIB REG COM" receipts column may be subtracted from the "TOTAL DISBURSEMENTS" figure to arrive at a more precise sense of the cash actually dispensed.

TABLE F, "TOTAL RECEIPTS OF NON-PARTY POLITICAL COMMITTEES BY RECEIPT AMOUNT," serves two purposes. It displays the distribution of corporation-connected, labor-connected, etc. committees into different total receipts classes, and it provides the basis for TABLE G. It summarizes information from TABLE A and shows whether one group or another tends to have committees which receive larger inflows of funds.

#### EXPLANATION OF COLUMNS

#### NATIONAL PARTY POLITICAL COMMITTEES

This section explains the special terms that appear as labels of the different columns, how the amount is derived for each column and, where appropriate, the significance of the column. Words included in this section are listed in the order in which they appear in each table. For example, the column in TABLE A, labeled CONTRIBUTION FROM PARTY appears under TABLE A, as the third entry. Readers are encouraged to consult this section regularly as they use the report.

Readers should be aware that the terms as used in this report may be defined differently than they are in the Federal Election Campaign Act of 1971, as amended.

The line number and (where appropriate) the schedule letter of the March 1980 FEC Form 3X on which the information was reported are indicated.

(Party political committees are those committees that are part of the official party structure at the national, State, or local level, which have registered as political committees under the Federal Election Campaign Act, as amended.)

#### TABLE A - SELECTED FINANCIAL ACTIVITY OF DEMOCRATIC AND REPUBLICAN NATIONAL POLITICAL COMMITTEES AND THEIR ASSISTANCE TO CANDIDATES BY OFFICE AND PARTY

##### TOTAL RECEIPTS:

This column includes all incoming funds reported on Line 18.

##### NET RECEIPTS (Total Receipts Minus Transfers In from Party Political Committees Which Are in the Same Category):

This column represents the difference between the total receipts of a national party political committee and the total transfers it has received from committees, in the same category. Figures in this column more accurately depict the receipts situation, since total receipts are frequently inflated due to transfers between committees, in the same group.

## EXPLANATION OF COLUMNS

### **CONTRIB FROM PARTY** (Contributions from Other Party Political Committees):

This column represents transfers to a national party political committee from other party political committees which are not in the same category as the reporting committee. The figures are taken from Line 12 of Schedule A.

### **CONTRIB FROM NON-PARTY:**

Contributions to National Party Committees from non-party political committees registered with the Commission are included here. The source of the information is Line 11c of Schedule A.

### **TOTAL INDIV CONTRIB:**

The sum of contributions from individuals (both itemized and unitemized) is reported here. Values are taken from Line 11a Column A of each report filed by the party committee.

### **TOTAL DISBURSEMENTS:**

This column includes all outgoing funds reported by a political committee on Line 28 - Total Disbursements.

### **NET DISBURSE** (Total Disbursements Minus Transfers Out to Party Political Committees Which Are in the Same Category):

This column represents the difference between the total disbursements of a national party political committee and the total transfers it has made to committees, in the same category. Figures in this column more accurately depict the disbursements situation, since total disbursements are frequently inflated due to transfers between committees, in the same group.

### **CONTRIB TO PARTY** (Contributions to Other Party Political Committees):

This column represents contributions to other party political committees not in the same category as the reporting committee, e.g. contributions by National Party political committees' to registered state or local party political committees. Note that these represent funds from Federal accounts and do not necessarily include all moneys' transferred among national and state party organizations. The figures are taken from Line 20 of Schedule B.

## EXPLANATION OF COLUMNS

### **LATEST CASH-ON-HAND:**

These amounts are a political committee's most recently reported 1984 "cash on hand." These balances are taken from Line 10 (Line 8).

Each time a SUBTOTAL appears, it signifies that the preceding committees have historically transferred monies between themselves, as allowed by the Federal Election Campaign Act, as amended.

The identification number which the Federal Election Commission has assigned to a committee (C.....) is listed next to the committee's name. Also given is the ending coverage date of the most recent report containing 1983-84 financial activity information which a committee has filed. If no ending coverage date is printed, it means that for a variety of reasons, the committee has not filed a report containing financial activity information.
