DESCRIPTION OF REPORT

PURPOSE:

This study is designed to provide information on the financial transactions of Democratic, Republican, and non-party political committees, with emphasis on those transactions which support candidates for Federal office, for the period which began on January 1, 1981. Political committees, which are entities registered with the Federal Election Commission, report their financial activity to the Commission on a periodic basis. Information on receipts, disbursements, and debts from these reports has been entered into the Commission's computer system; programs have been used to produce all TABLES included in this study. The TABLES are organized into four VOLUMES. VOLUME I, SUMMARY TABLES, provides data for the Democratic and Republican national political committees and Presidential convention committees, for all state and local major party committees by state totals and overall total, and for all non-party committees by six group totals; it also includes tables providing information on contributions made to candidates. VOLUME II, STATE AND LOCAL PARTY DETAILED TABLES, presents financial information for each registered state and local major party committee, while VOLUME III (Corporate and Labor) and VOLUME IV (No Connected Organization, Trade/Membership/Health, Cooperative, Corporation Without Stock) do the same for each non-party political committee.

WHAT IS NOT INCLUDED:

This study only provides information for the Democratic and Republican parties rather than for all party committees, both major and minor, which are registered with the Federal Election Commission. The study does not contain all of the information reported by the committees; for this reason it is not possible to add up a committee's specific receipts or disbursements and expect them to equal its total receipts or total disbursements.*

*For those familiar with the reporting of receipts and disbursements, it can be noted that the following information is not included: individual contributions of less than \$500, loan and loan repayments received, offsets to operating expenditures, operating expenditures, loans and loan repayments made, contribution refunds made to registered committees.

LIMITATIONS:

This study is a final report designed to give a complete picture of the financial activity which occurred during the 1981-82 election cycle. The information contained in it may, however, be subsequently amended by the reporting committees.

Available at the Commission for inspection are microfilmed copies of the original reports which show information as reported by the filers. The microfilmed public record is the official record of the Federal Election Commission. This study is one of several tools which have been developed to summarize the vast quantity of data available on the microfilmed public record.

PERIOD COVERED:

The beginning point for information in this study is committee reports on financial activity which occurred after December 31, 1980. As subsequent reports were received during 1981, 1982 and 1983, the dollar figures contained on them were entered into the computer system and added to earlier information. The computer programs which produced this REPORT'S TABLES were run on September 24, 1983 and used certain 1981-1982 data which had been entered up to and including that date.

II

SUMMARY OF TABLES

The TABLES in this VOLUME are designed to show selected information for all registered non-party no connected organization, trade/membership/health, cooperative, and corporation without stock political committees. (A non-party political committee means any committee that has not been authorized by any candidate and which is not a part of the official party structure at the national, State, or local level, which has registered as a political committee under the Federal Election Campaign Act, as amended.) The EXPLANATION OF COLUMNS for non-party political committees provides detailed definitions for each column and explanations of organization; it should be used in conjunction with the TABLES.

TABLE C, "SELECTED FINANCIAL ACTIVITY OF NO CONNECTED ORGANIZATION POLITICAL COMMITTEES AND THEIR ASSISTANCE TO CANDIDATES BY OFFICE AND PARTY," displays receipt, disbursement and debt information. Total receipts and total disbursements, which are shown first in their respective places, are not necessarily accurate reflections of the "real" money that is available for political campaign financing. These figures are frequently inflated, due in large part to the fact that these sums include receipts from affiliated committees. Since affiliated committees are subject to one contribution limit (2 U.S.C.

Section 441a), these receipts should be treated as though they were internal transfers so that the same dollar is not counted twice as a receipt. Therefore, all such transfers are given in the next column of the TABLE. These transfers are then subtracted from total receipts (or total disbursements) in order to produce an adjusted figure in the third column (either "TOTAL MINUS TI AFF" or "TOTAL MINUS TO AFF"). It is these two columns which most accurately depict receipts and disbursements.

The remaining information in this TABLE on specific types of receipts and disbursements provides a partial picture of a political committee's exact income and spending. As was noted in the DESCRIPTION OF REPORT where the omitted information was enumerated, the selected receipts and disbursements do not add up to the total receipts and disbursements. A suggestion is offered for arriving at a more exact picture of the cash disbursements which a committee has made: since a committee receiving a free in-kind contribution of services, goods, or property reports it both as a receipt and as if it had been paid for, the amount given in the "IN-KIND CONTRIB REG COM" receipts column may be subtracted from the "TOTAL DISBURSEMENTS" figure to arrive at a more precise sense of the cash actually dispensed.

TABLE C next provides a committee's "cash on hand" and debts figures. Amounts of its assistance to candidates* by Federal office and party, which are shown after "cash on hand" and debts, indicate its candidate activity during the 1981-82 election cycle.

TABLE D through TABLE F are identical in construction to TABLE C.

*Note that some of this assistance may have been to individuals who may not be statutory "candidates" under the 1979 Amendments to the Federal Election Campaign Act (e.g., an individual seeking nomination to Federal office who has not received contributions or made expenditures aggregating in excess of \$5,000).

III

EXPLANATION OF COLUMNS

NON-PARTY POLITICAL COMMITTEES

This section explains the special terms that appear as labels of the different columns, how the amount is derived for each column and, where appropriate, the significance of the column. Words included in this section are listed in the order in which they appear in each table. For example, the column in TABLE A, labeled NON-PARTY NON-AFFIL CONTRIB, appears under TABLE A, as the fourth entry. Readers are encouraged to consult this section regularly as they use the report.

Readers should be aware that the terms as used in this report may be defined differently than they are in the Federal Election Campaign Act of 1971, as amended.

The line number and (where appropriate) the schedule letter of the March 1980 FEC Form 3X on which the receipts and disbursements information was reported are indicated.

(A non-party political committee means any committee that has not been authorized by any candidate and which is not part of the official party structure at the national, State, or local level, which has registered as a political committee under the Federal Election Campaign Act, as amended.)

TOTAL RECEIPTS:

This column includes all incoming funds reported on Line 18.

TRANS IN NON-PARTY AFFIL (Transfers In from Non-Party Political Committees Which Are Affiliated):

"Transfers" are exchanges of funds between affiliated political committees. A political committee which receives funds from an affiliated political committee receives a "transfer in."

"Affiliated" committees are those committees which are established, financed, maintained, or controlled by the same corporation, labor organization, person, or group. The figures in this column are taken from Line 12 of Schedule A.

TOTAL MINUS TI AFF (Total Receipts Minus Transfers In from Affiliated Political Committees):

This column represents the difference between the total receipts of a non-party political committee and the total transfers it has received from affiliated committees. Figures in this column more accurately depict the receipts situation, since total receipts are frequently inflated due to transfers between affiliated committees.

NON-PARTY NON-AFFIL CONTRIB (Contributions from Non-Affiliated Non-Party Political Committees):

This column represents contributions to a non-party political committee from other non-party political committees which are not affiliated with the reporting committee. The source is Line 11c of Schedule A.

TOTAL PARTY CONTRIB (Total Contributions from Party Political Committees):

Figures in this column indicate the amount of contributions from party political committees. The

EXPLANATION OF COLUMNS

amounts are from Line 11b of Schedule A.

IN-KIND CONTRIB REG COM (In-Kind Contributions from Registered Political Committees):

"In-kind contributions" are donations of services, goods, or property, e.g., the use of office space or equipment. They are valued at the ordinary market price and are reported on Line 11b or 11c or Line 12 of Schedule A. They are made by other political committees registered under the Federal Election Campaign Act.

\$500 AND UP CONTRIB:

The sum of the itemized contributions of \$500 and over from individuals is given in this column.

The contributions may be either monies given directly to the committee or earmarked through another political committee or they may be in-kind contributions of services, goods, or property. The source is Line 11a of Schedule A.

TOTAL DISBURSEMENTS:

This column includes all outgoing funds reported by a political committee on Line 28 - Total Disbursements.

TRANS OUT NON-PARTY AFFIL (Transfers Out to Non-Party Political Committees Which are Affiliated):

"Transfers" are exchanges of funds between affiliated political committees. A political committee which disburses funds to an affiliated political committee makes a "transfer out."

NON-PARTY POLITICAL COMMITTEES

"Affiliated" committees are those committees which are established, financed, maintained, or controlled by the same corporation, labor organization, person, or group. The figures in this column are taken from Line 20 of Schedule B.

TOTAL MINUS TO AFF (Total Disbursements Minus Transfers Out to Affiliated Political Committees):

This column represents the difference between the total disbursements of a non-party political committee and the total transfers it has made to affiliated committees. Figures in this column more accurately depict the disbursements situation, since total disbursements are frequently inflated due to transfers between affiliated committees.

NON-PARTY NON-AFFIL CONTRIB (Contributions to Non-Affiliated Non-Party Political Committees):

This column represents contributions to other non-party political committees which are not affiliated with the reporting committee. The source is Line 21 of Schedule B.

TOTAL PARTY CONTRIB (Total Contributions to Party Political Committees):

Figures here are contributions to party political committees. They are taken from Line 21 of Schedule B.

CONTRIB REFUNDS:

Itemized contribution refunds made to individuals, as reported by the political committee

EXPLANATION OF COLUMNS

on Line 26a of Schedule B, are displayed in this column.

LATEST CASH-ON-HAND:

These amounts are a political committee's most recently reported 1982 "cash on hand." These balances are taken from Line 8.

1/1/81 CASH-ON-HAND:

A political committee's "cash on hand" on January 1, 1981 (or its initial 1981 "cash on hand" if it registered subsequent to 1/1/81) is given in this column. This beginning cash balance is reported on Line 6.

DEBTS OWED TO:

This column represents the outstanding debts and obligations owed TO the listed political committee. The amounts are taken from Line 9 of the committee's latest report.

DEBTS OWED BY:

The outstanding debts and obligations owed BY the listed political committee are given in this column. The figures are from Line 10 of the committee's latest report.

TOTAL CONTRIBUTIONS TO CANDIDATES:

These ten columns represent contributions (donation of money or in-kind contributions of services, goods, or property) to candidates from the listed political committee. The first three columns show combined contributions to Senate and House

NON-PARTY POLITICAL COMMITTEES

contestants broken down by incumbent, challenger-other, and open-seat candidate status. (Incumbents are those who have held a Congressional office at any time during the 97th Congress. All candidates who are not incumbent or open-seat candidates are categorized as "challengers-others." Open-seat candidates are those seeking election during 1981 or 1982 to a seat where an incumbent is not seeking re-election.) The next three columns show contributions to Senate candidates broken down by party (Democratic, Republican, and all other minor party and independent contenders). The next three columns give the same breakdown for contributions to House candidates. The tenth column gives the combined sum of all contributions to Presidential, Senatorial, and Congressional candidates preceded by the number of candidates to whom the committee made contributions during the 1981-82 election cycle. The amounts are as reported on Line 21 of Schedule B. (Note that some of these contributions may have been made to individuals who may not be statutory "candidates" under the 1979 Amendments to the Federal Election Campaign Act, e.g., an individual seeking nomination to Federal office who has not received contributions or made expenditures aggregating in excess of \$5,000.)

TOTAL EXPENDITURES ON BEHALF OF CANDIDATES:

Figures here represent expenditures on behalf of candidates made by a non-party political committee. The disbursements may be for honoraria

EXPLANATION OF COLUMNS

or election recounts, or for independent expenditures (those made without consultation with the candidates) advocating the election of Federal candidates. Line 21 or 27 of Schedule B or Line 22 of Schedule E are the sources for the amounts. (Note that some of these expenditures may have been made on behalf of individuals who may not be statutory "candidates" under the 1979 Amendments to the Federal Election Campaign Act, e.g., an individual seeking nomination to Federal office who has not received contributions or made expenditures aggregating in excess of \$5,000.)

CORPORATION:

All non-party political committees which have identified themselves as being connected with a corporate entity are included in this group.

LABOR ORGANIZATION:

This category is composed of all non-party political committees which have indicated a connection with a labor organization.

NO CONNECTED ORGANIZATION (NON-41b):

With the exception of those in the health-related field which are included in the next category, all non-party political committees which have not reported a connected organization are placed in this class.

TRADE/MEMBERSHIP/HEALTH:

This grouping includes non-party political committees which have stated a connection with a

NON-PARTY POLITICAL COMMITTEES

trade association or membership organization and political committees in the health-related field.

COOPERATIVE:

Included here are non-party political committees which report that they are connected with a cooperative.

CORPORATION WITHOUT STOCK:

The reporting of a connection with a corporation without capital stock qualifies a non-party political committee for inclusion in this category.

* * * * *

The identification number which the Federal Election Commission has assigned to a committee (C.....) is listed next to the committee's name. Also given is the ending coverage dates of the most recent report containing 1981-82 financial activity information which a committee has filed. If no ending coverage date is printed, it means that for a variety of reasons the committee has not filed a report containing financial activity information.
