Finding and Recommendation

Net Outstanding Convention Expenses – Unspent Funds
The DNCC received $16,820,760 to finance the Democratic National Convention. The Statement of Net Outstanding Convention Expenses (NOCE), as calculated by the Audit staff at the time of the Preliminary Audit Report, showed an amount of unspent funds. The Audit staff recommended that the DNCC provide documentation demonstrating that either no repayment or that a lesser repayment is due. On July 23, 2009, the DNCC made an interim repayment of $297.

In response, the DNCC demonstrated that adjustments to the actual and estimated winding down costs were required. These adjustments have been incorporated into the revised statement that reflects an amount of unspent funds of $2,677.

The Audit staff recommends that the Commission make a determination that the remaining portion of unspent funds, $2,380 ($2,677 - $297), is repayable to the United States Treasury. (For more details see page 4.)

Legal Standard
A. Entitlement to Payments From the Fund. The national committee of a major party shall be entitled to payments with respect to any presidential nominating convention, in amounts that, in the aggregate shall not exceed $4,000,000, as adjusted by the Consumer Price Index. The major party entitlement for the 2008 nominating convention was $16,820,760. 26 U.S.C. §9008(b)(1) and (5).

B. Repayments. Any portion of the entitlement that remains unspent after all convention expenses have been paid, shall be returned to the Secretary of the Treasury. The national committee or convention committee shall make an interim repayment of unspent funds based on the financial position of the committee as of the end of the ninth month following the last day of the convention, allowing for a reasonable amount as determined by the Commission to be withheld for unanticipated contingencies. The interim repayment shall be made no later than 30 calendar days after the end of the ninth month following the last day of the convention. 11 CFR §9008.12(b)(5).

C. Repayment Determination Procedures. The Commission will follow the same repayment determination procedures, and the committee has the same rights and obligations as are provided for repayment determinations involving publicly funded candidates under 11 CFR 9007.2(c) through (h). 11 CFR §9008.12(c).

D. Net Outstanding Campaign Expenses (NOCE). A convention committee shall file, no later than sixty days after the last day of the convention, a statement of that committee’s “net outstanding convention expenses.” This statement must contain, among other things:
• The total of all committee assets including cash on hand, amounts owed to the committee and capital assets listed at their fair market value;
• The total of all outstanding obligations for qualified campaign expenses; and
• An estimate of necessary winding-down costs. 11 CFR §9008.10(g).

At the exit conference, DNCC representatives were provided a copy of the NOCE as calculated by the Audit staff. That NOCE statement included a larger unspent amount. On July 23, 2009, the DNCC made an interim repayment of $297,² less than anticipated based on the information available at the time of the exit conference. A revised NOCE statement was received on September 16, 2009, that detailed additional winding down expenses, resulting in an amount of unspent funds of $440.

**Preliminary Audit Report Recommendation And Committee Response**

The Audit staff recommended that the DNCC provide documentation demonstrating that either: (a) no repayment of unspent funds is due, or (b) a lesser amount is due.

In response, the DNCC demonstrated that adjustments to winding down costs were required. Documentation for the changes was reviewed and accepted. As a result, a net decrease in winding down was demonstrated which increased the amount of unspent funds to $2,677. The Audit staff and the DNCC are in agreement on the amount of unspent funds.

**Recommendation**

The Audit staff recommends that the Commission make a determination that the remaining portion of unspent funds, $2,380 ($2,677-$297), is repayable to the United States Treasury.
