MEMO TO THE FILES

December 6, 1976

THROUGH: David Spiegel  
FROM: Judy Browning

MUR 286(76) deals with the question of the relationship between the Committee for the Survival of a Free Congress and any committees with which Joseph Coors is associated. The matter was initiated by Bill Oldaker on October 19 , 1976. It is closely related to MUR297(76) which alleges affiliation among the Committee for the Survival of a Free Congress, National Conservative Political Action Committee, and the Committee for Responsible Youth Politics.

Aside from the information found through working on MUR 297, there was no additional information found relating to MUR 286. Therefore, I suggest the file be closed pending establishment of guidelines for the multi-candidate project.
