A. **Limitations Apply: REVIEW**

1. **Non-multicandidate PACs**

- a) Indexed for inflation.
- b) May give \$2,700 per election to federal candidates for 2015-2016 elections.

2. **Multicandidate PACs**

May give \$5,000 per election to federal candidates for 2015-2016 elections (limits unchanged).

3. **Both in-kind and monetary contributions count against limits.**

4. **Connected organization (e.g., corporation, union, association) may not make contributions.**

Per Election Limits

- ▣ Undesignated Contributions:
 - Count toward limit for candidate's next election (e.g., primary or general)
- ▣ Designation Required:
 - Contributing to a future election
 - Retiring debt from a past election

5. Designation of Campaign Contributions by PAC

- a) Undesignated contribution counts towards the candidate's next scheduled election.
- b) PAC must designate contribution if:
 - (1) Intends contribution to count toward a future election, beyond the upcoming election.
 - (2) Making contribution to retire candidate's debt of a past election. Note: This is permissible only if:
 - Candidate has net debt outstanding from that election; and
 - Contribution, when aggregated with previous contributions to same candidate for same election, does not exceed limit.

Example:

The National Organization of Baseball Fanatics PAC decides to contribute \$10,000 to Senator Cal Ripken, Jr., for his re-election campaign. Cal is in a tough primary in Maryland on June 14. The PAC treasurer, Lisa Smith, issues a check to the campaign for \$10,000 on June 13.

Example, continued:

Let's work through the check. The date on the check is June 13 and the contribution is from a qualified multicandidate committee (identified as such on the check).

Since the contribution was not designated, the **date made** determines which election it counts against. To determine date made, the campaign must use the date a contribution is postmarked or hand-delivered (and NOT the date on the check).

Practical Application

The diagram shows a check from the National Organization of Baseball Fanatics PAC (42 Home Run Way, Towson, MD 22314) addressed to the Committee to Elect Cal Ripken, Jr. (873 Long Drive, Aberdeen, MD 21001). A black arrow points from the sender's address to a purple circular postmark that reads "June 14 2016" next to a small American flag icon. This illustrates that the date the check is postmarked (June 14, 2016) is the "date made" for contribution purposes, rather than the date on the check itself.

Member/Labor PAC Operations, Part 2

This contribution was mailed on June 14, the primary date, and thus will count against the primary limit.

However, because it was undesignated, it is a \$10,000 contribution to the primary, and therefore excessive.

How do the campaign and PAC resolve this situation?

B. Methods for Curing Excessive Contributions

1. **Refund**
2. **Redesignate** (11 CFR 110.1(b)(5)(ii)(B)(1)-(4))

Redesignation Procedures

Campaign Requests Redesignation:

1. Campaign must offer refund option when requesting redesignation
2. Signed redesignation authorization must be received by campaign within 60 days of its receipt of the contribution
3. If redesignation process is not completed within 60 days, campaign must refund excessive portion to PAC

FECConnect LIVE
2015-16 Election Cycle

Member/Labor PAC Operations, Part 2

a) Procedures for Redesignation Request

- (1) Campaign must offer refund option when asking PAC for redesignation.
- (2) Signed redesignation authorization must be received by campaign within 60 days of their receipt of original contribution.
- (3) If redesignation process not completed within 60 day window, campaign must refund the excessive portion back to the PAC.

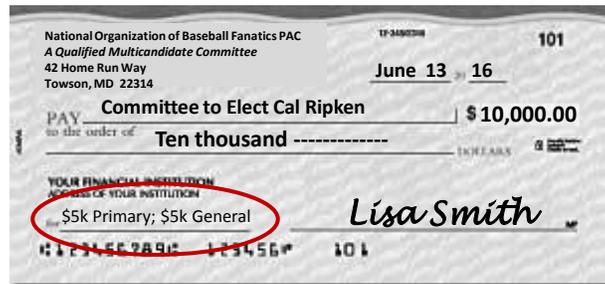

b) Electronic Contributor Redesignations

The Commission acknowledged that, in certain circumstances, an online process can provide a sufficient level of assurance as to the contributor's identity and intent such that it satisfies the written signature requirements. See Interpretive Rule Regarding Electronic Contributor Redesignations, 76 FR 16233 (March 23, 2011). Available on FEC website at: http://www.fec.gov/law/cfr/ej_compilation/2011/notice_2011-02.pdf.

FEC Recommended

Designate all contributions to candidates

 FECCONNECT LIVE
2015-16 Election Cycle

Member/Labor PAC Operations, Part 2

- C. Avoiding Excessive Contributions**
- 1. Designate election for all contributions – highly recommended.**
 - 2. Designation required if:**
 - a) PAC intends contribution to count toward a future election, beyond the upcoming election.
 - b) Making debt retirement contribution for past election.

Best Practice: Avoid Excessive Contributions – Designate All Contributions!

Reporting Example #3: Itemizing Monetary Contributions Made to Federal Candidates and Committees

Example: SSF Contributions Made

- ▣ Itemizing Monetary Contributions Made and Refunded
 - How does the SSF disclose the transaction?
 - What information do we need to disclose?

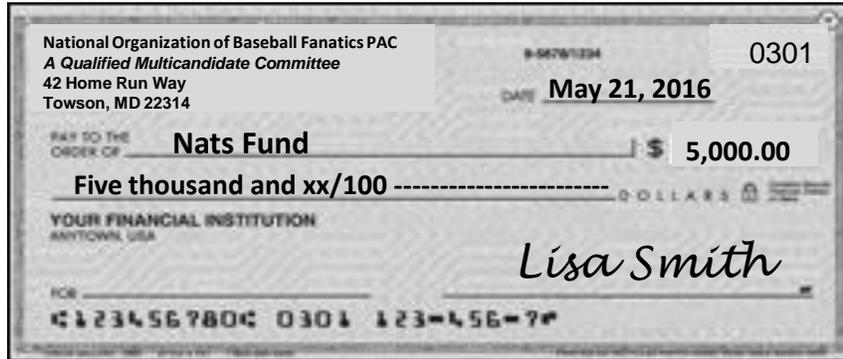

Reporting Example #3A: Itemizing Monetary Contribution to Federal PAC (Check #301)

The National Organization of Baseball Fanatics PAC, a multicandidate committee based in Maryland, really likes Senator Jayson Werth, a former professional baseball player now representing the state of Virginia. On May 21, 2016, the PAC made out two checks; one to Senator Werth's campaign committee, and one to his leadership PAC, the Nats Fund. (Note: The PAC had not previously contributed to the Senator or to the Leadership PAC.)

- 1. What types of transactions are these?**
- 2. How must the committee disclose the transaction(s)?**
- 3. What information from the scenario do we need to disclose this correctly?**

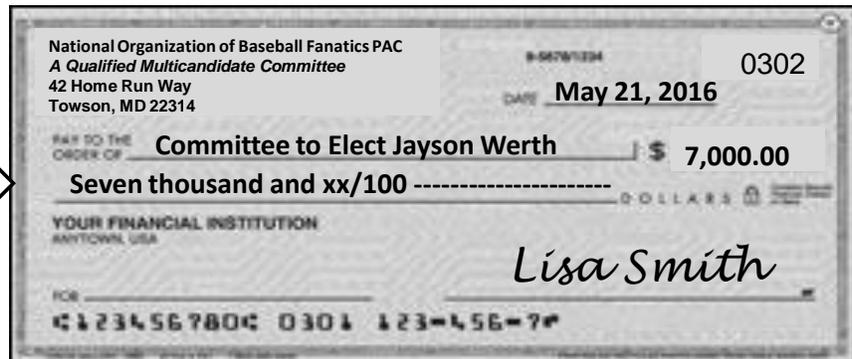

**Answers to Example #3A: Itemizing Monetary Contribution to Federal PAC

1. What type of transaction is this?

Answer: This check represents a contribution made by the National Organization of Baseball Fanatics PAC. The \$5,000 check is a contribution to a Senator's Leadership PAC. Note that the Leadership PACs and the campaign committee of the Leadership PAC sponsor are not considered affiliated.

2. How must the committee disclose the transaction(s)?

Answer: The National Organization of Baseball Fanatics PAC must itemize the contribution on its June Monthly report (covering the month of May) on a Schedule B for Line 23.

3. What information from the scenario do we need to disclose this correctly?

Answer: Disclose the Leadership PAC’s name and address, the date made and the amount. For purpose, note “contribution.” The candidate and election information is not required because the Leadership PAC is not an authorized committee that is affiliated with the campaign.

Member/Labor PAC Operations, Part 2

The Werth campaign receives the PAC check on May 24, 2016, and notes that the undesignated \$7,000 check is an excessive contribution. As such, the campaign sends the National Organization of Baseball Fanatics PAC a redesignation request. As a big supporter of the Senator, the PAC does not want a refund. On June 2, the PAC treasurer sends the campaign a redesignation letter which is received by the campaign treasurer on June 5, 2016.

1. What types of transactions are these?
2. How must the committee disclose the transaction(s)?
3. What information from the scenario do we need to disclose this correctly?

**Answers to Example #3B: Itemizing Monetary Contribution to Federal Candidate
(Check #302)**

1. What type of transaction is this?

Answer: This check represents two separate contributions made by National Organization of Baseball Fanatics PAC. The check for \$7,000 represents contributions to both the primary and the general election campaign of the Committee to Elect Jayson Werth. However, as an undesignated contribution, it's an excessive primary contribution. To remedy this, the campaign has asked the PAC to redesignate the excessive portion (\$2,000) to the general election.

2. How must the committee disclose the transaction(s)?

Answer: The PAC is required to disclose the original disbursement since the close of books for the June Monthly report (covering the month of May) falls before the redesignation letter is sent by the PAC. Then the PAC then must disclose the redesignation on the July Monthly report (covering the month of June) since the redesignation occurred during that reporting period.

3. What information from the scenario do we need to disclose this correctly?

Answer: Report original disbursement (June Monthly) - show reporting on Schedule B for Line 23. The itemization information includes candidate committee's name and address, the date made, amount, the candidate's name and office sought (including state and Congressional district), the election (including year) for which the contribution was made (check appropriate box). For purpose, note "contribution." Note that FECFile allows users to get the committee's information from a database. Include notation "Redesignation pending."

Points to Remember:

- Itemize contributions to all federal campaigns and committees on Schedule B for Line 23, regardless of amount.
- For contributions to federal campaign committees, include candidate information.
- **Memo entries** are transactions that are itemized, but the dollar total is excluded from the committee's total receipts or expenditures.
- **For example**, committees would use memo entries when itemizing a credit card bill on a Schedule B. The lump sum payment for the bill is itemized as a regular expenditure. The committee would use memo entries to list any specific charges that meet the itemization threshold. By using memo entries, the specific charges are not included in calculations for total expenditures.
- If redesignated after the close of books, show the redesignation on the next report and indicate the report on which it was previously itemized.
- Previous report should not be amended.
- Strongly recommended that PACs designate contributions to campaigns for particular elections (use year and type of election to properly designate).
- If designating for prior election, also note "debt" (e.g., "2014 General Debt").
- Contributions to a leadership PAC are not considered a contribution to a campaign.

Returned vs. Refunded

- ☐ Returned, Lost or Voided Checks
 - Negative entry on line number transaction was originally disclosed (Schedule B)
- ☐ Refunded
 - Refund check from another committee appears on Schedule A for Line 16

Reporting Example #3C: Itemizing Refunded, Lost and Returned Contributions Made to Federal Candidates and Committees

On July 10, the National Organization of Baseball Fanatics PAC treasurer realizes that the check to the Nats Fund never cleared the bank, and decides to void the check and add the money back into the PAC's checking account.

On the same day, the PAC receives a refund check from the Werth Campaign for \$2,000. Senator Werth lost in the primary and has refunded the PAC's general election contribution.

- 1. What types of transactions are these?**
- 2. How must the committee disclose the transaction(s)?**
- 3. What information from the scenario do we need to disclose this correctly?**

Answers to Example #3C: Itemizing Refunded, Lost and Returned Contributions Made to Federal Candidates and Committees

1. What types of transactions are these?

Answer: The uncashed check to the Nats Fund that was voided by the National Organization of Baseball Fanatics PAC treasurer represents a lost, voided or returned contribution (in this case lost/voided) and thus, a negative expenditure. The check containing the refund from the Committee to Elect Jayson Werth represents a refund, and thus, a receipt.

2. How must the committee disclose the transaction(s)?

Answer: Voided or returned/uncashed checks should be disclosed as negative entries on the Line number the transaction was originally disclosed (in this case, Schedule B for Line 23). On the other hand, when a refund check is actually received from another committee and deposited into the federal account, it should be disclosed on Schedule A for Line 16 as a receipt.

3. What information from the scenario do we need to disclose this correctly?

Answer: The committee will need the information that was originally disclosed on a previous report regarding the transaction and will also need to reference that report on its disclosure. The committee should also reference the original contribution date in the “purpose” section of the report.

Member/Labor PAC Operations, Part 2

2. **Coordinated Communications - Three-Part Test (11 CFR 109.21(d))**

All three parts must be satisfied to justify conclusion that payments for a coordinated communication are for the purpose of influencing a federal election (and that costs incurred are in-kind contributions).

 - a) **Source of Payment**
 - (1) To be considered coordinated, communication must be paid for by someone other than a candidate, an authorized committee or a political party committee. (If campaign paid for it themselves, coordination wouldn't be an issue.)
 - (2) Payment prong is satisfied if communication is paid for by the PAC.
 - b) **“Content Standard”(11 CFR 109.21(c)(1)-(5))**

Will satisfy prong if communication meets any one of these five standards:

 - (1) **Electioneering Communication;**

- (2) **Public Communication that Republishes, Disseminates or Distributes Campaign Materials;**
- (3) **Public Communication with Express Advocacy;**
- (4) **Communication that is “Functional Equivalent of Express Advocacy;”**

A communication is the “functional equivalent of express advocacy” if it is susceptible of no reasonable interpretation other than as an appeal to vote for or against a clearly identified Federal candidate.

- Applies without regard to the timing of the communication or the targeted audience.
- In its application of this test, Commission will follow Supreme Court’s reasoning in *FEC v. Wisconsin Right to Life*. See explanation and justification for this rule for more information at 75 FR 55947.

- (5) **Public Communication Referring to Candidate within Certain Time Frame before Election (No Express Advocacy required);**

Communication meets content standard, even without express advocacy if it:

- Refers to clearly identified candidate
- Is directed to voters in the jurisdiction of the clearly identified candidate or to voters in a jurisdiction where one or more candidates of the political party appear on the ballot; and
- Is publicly disseminated during certain time frames:
- **Senate and House candidates** = 90 days before a primary or general election.
- **Presidential candidates** = entire period from 120 days before the clearly identified candidate’s primary in that jurisdiction where disseminated up through the date of the general election.
- **Political parties** = 90 days before a primary or general election (midterm cycle).
- See Compliance Map for coordination dates <http://www.fec.gov/info/ElectionDate>.

Example: Not Meeting the Content Prong from AO 2011-14

The Project’s website and email communications to the general public soliciting contributions to certain Federal candidates did not result in a “coordinated communications” to those referenced candidates because the content prong was not satisfied. This is because the Project’s communications appeared only on the Project’s own website and by email, so the communications did not fit into the definitions of either public communications or electioneering communications.

c) **“Conduct Standard”**

Test satisfied if communication meets any one of these standards:

- (1) **Request or Suggestion (11 CFR 109.21(d)(1))**
- (2) **Material Involvement (11 CFR 109.21(d)(2))**
- (3) **Substantial Discussion (11 CFR 109.21(d)(3))**
- (4) **Employment of Common Vendor (11 CFR 109.21(d)(4))** Safe harbor of 120 days applies.
- (5) **Former Employee/Independent Contractor (11 CFR 109.21(d)(5))** Safe harbor of 120 days applies.

Coordination Equation

Source + Content + Conduct = Coordination

Coordination = Contribution

Contribution = Limits + Prohibitions

No Coordination (plus Express Advocacy) =
Independent Expenditure

3. Takeaways:

- **Source + Content + Conduct = Coordination**
 - **Coordination = In-kind Contribution**
 - **Subject to Limits and Prohibitions**
- **No Coordination (plus Express Advocacy) = Independent Expenditure**
 - **Unlimited**
 - **Disclosure Required**

Definition

- ▣ Expenditure for a communication:
 - Expressly advocating the election or defeat of a clearly identified candidate
 - Not made in cooperation, consultation, in concert with, or at the request or suggestion of a candidate or his/her agents

D. Definition: Independent Expenditure

1. General Definition

Expenditure for communication that “expressly advocates” the election or defeat of a clearly identified candidate and that is not made in cooperation with, or at the request or suggestion of, the candidate or his/her campaign or its agents, or a political party or its agents.

2. Elements of Definition

a) Clearly Identified (11 CFR 100.17)

A candidate's name, nickname, photograph or drawing appears or identity is otherwise apparent through references such as “the President,” “your Congressman,” “the incumbent.”

b) Express Advocacy (11 CFR 100.22)

Message unmistakably urges election or defeat of one or more clearly identified candidates.

Independent = Unlimited

- ▣ No limit on amount of expenditure if communication meets definition (express advocacy + not coordinated)

- ▣ Disclaimer required

Skip, the Executive Director of the Baseball Cap Makers Union (BCMU) wants to do all he can to help Senate Candidate Adam Jones get elected to Congress. He has a number of ideas to make this happen.

His first idea is to invite Senate Candidate Jones to meet the union members. Skip organizes a meet and greet luncheon at the BCMU Headquarters. As the members settle in, Skip calls Candidate Jones up to the dais to address the crowd and in his introduction, Skip tells the crowd to, “Vote for Adam!”

Restricted Class Appearance

- ❑ Candidate and organization may expressly advocate
- ❑ Candidate and organization may solicit contributions

- B. Express Advocacy Communications Before the Restricted Class**
- 1. General Guidelines for Candidate Appearance**
 - a) Candidate and organization can expressly advocate for candidate and both can solicit contributions.

II. Campaign-Related Communications Before the General Public (Coordinated)

Scenario: Candidate Fundraiser

Skip wants to contact other industry executives and invite them to a breakfast in the main reception room at the union headquarters to meet with Adam Jones.

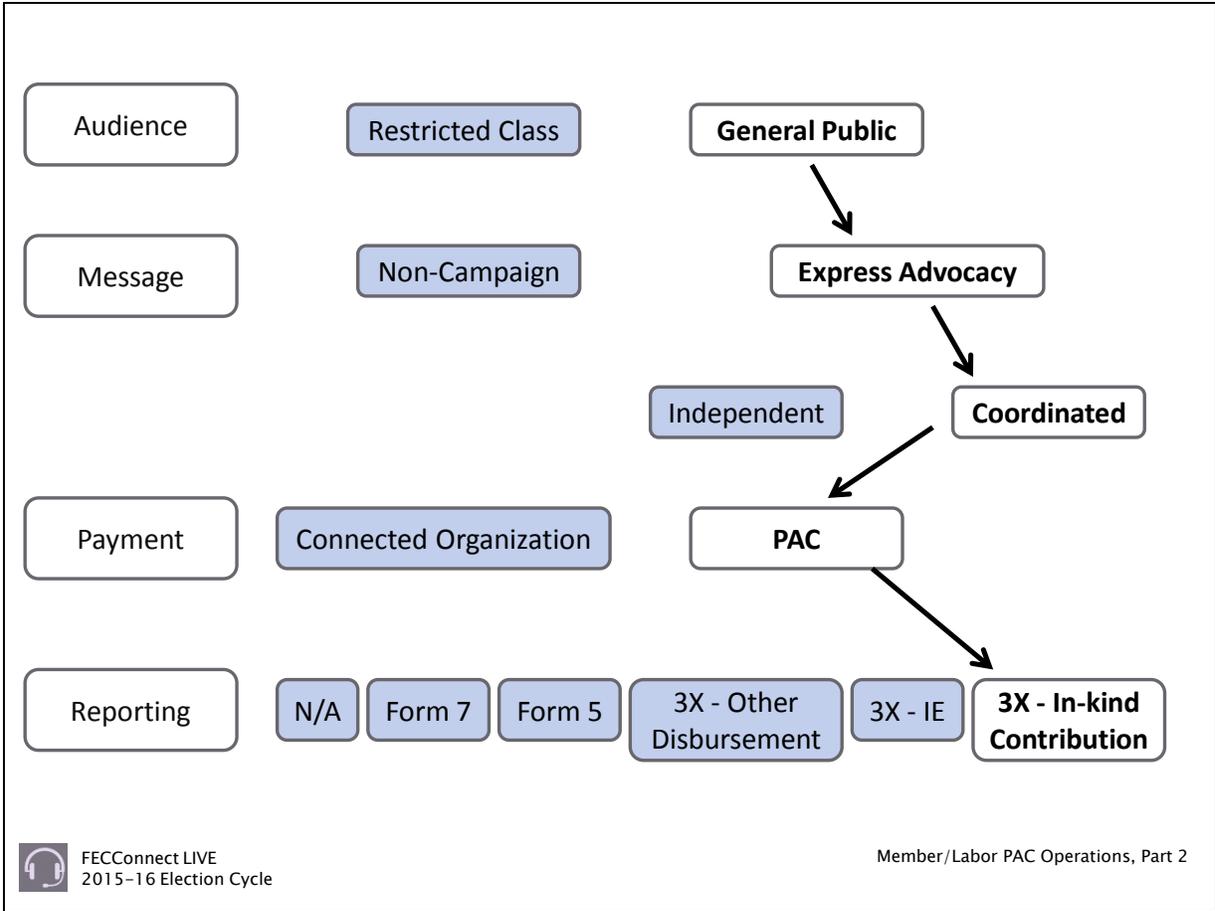

Skip directs his secretary to reserve the room and email the invitation that asks the guests to bring their checkbooks.

Skip has another idea to help broaden the support base for Candidate Jones. Skip would like to have another meet and greet event at the BCMU Headquarters but this time, he would like to invite other industry executives who are not affiliated with the BCMU. Skip discusses his idea with the Jones Campaign Manager and they agree that a mimosa breakfast held at the BCMU Headquarters on March 30, 2016, would work best for Candidate Jones.

On March 14th, a couple weeks prior to the scheduled event, Skip enlists his secretary to assist with event logistics. He directs her to reserve the largest reception room at BCMU Headquarters for March 30th and to draft the email invitation. He reviews the invitation to ensure it includes a note for the invited guests to bring their checkbooks. Skip signs off on the draft and his secretary emails the invitation out that same afternoon.

What factors do we need to consider for this event?

Use of Facilities: Campaign Event

- ☐ Organization SSF may host fundraiser/event for candidate at organization's facilities
- ☐ Costs Incurred by SSF = In-Kind Contribution
- ☐ Advance payment is required for:
 - Staff: fair market value of salary and benefits
 - Mailing list: fair market value
 - Catering or food services: fair market value
 - Meeting room/other org. facilities: fair market value

FECCONNECT LIVE
2015-16 Election Cycle

Member/Labor PAC Operations, Part 2

A. Use of Facilities/Resources in Candidate/Party Fundraising (11 CFR 114.2(f) and 114.9)

1. As part of the broad prohibition on corporate and labor contributions, corporate, labor and membership organizations are generally prohibited from providing goods or services at less than the usual or normal charge.
2. This includes permitting the SSF's use of their facilities or other resources for fundraising or other activities in connection with federal elections, without proper payment made in advance.

B. Use of Organization's Facilities

1. Candidate Fundraiser/Event Coordinated with Campaign

a) Results in In-Kind Contribution

An SSF may hold a fundraiser or other event for a campaign and invite the general public (e.g., other SSFs and PACs, individuals outside its restricted class); however, any costs incurred are in-kind contributions, including personnel, invitations, food, equipment, etc.

b) Advance Payment Required

- (1) The connected organization of the SSF must receive **advance** payment for the use of its staff, mailing list and/or food services (regardless of who is paying for them). See AOs 1984-37 and 1984-24;

- (2) **Advance** payment to connected organization also required if SSF is paying for use of other connected organization facilities (e.g., meeting rooms, phones); and
- (3) **Payment by SSF counts as an in-kind contribution (reported by campaign and SSF).**

Use of Facilities: Directed Staff

- ▣ Advance payment for value of services, including salary, benefits and overhead
- ▣ No coercion
- ▣ No collecting or forwarding of contributions by staff

2. **Use of Directed Staff for SSF Events on Behalf of Candidates**
Corporation officials or employees may direct subordinate staff to work on fundraising for candidate or party, using corporation's resources, provided that the following rules are observed:
 - a) **Advance Payment**
Corporation must receive advance payment for value of staff services, including benefits and overhead.
 - b) **No Coercion**
No threats of force, detrimental job actions or financial reprisal if employee refuses to engage in fundraising.
 - c) **Collection and Forwarding Prohibited (Except Through SSF)**
Employees may not collect or forward contributions to candidate or party. If the corporation wishes to collect and forward contributions, this must be done using the SSF.

Use of Facilities: Volunteer Activity

- ☐ Incidental Use
 - Work that doesn't prevent normal work
 - Safe Harbor: One hour/week or four hours/month
- ☐ Reimbursement
 - For increased overhead; or
 - If more than incidental use, reimburse entire cost of using facilities
- ☐ Employee "Asked" to Volunteer – Incidental Use
Exceptions do NOT apply!

FECCConnect LIVE
2015-16 Election Cycle

Member/Labor PAC Operations, Part 2

3. **Employee/Member Use of Facilities for Volunteer Activity: Incidental Use (11 CFR 114.9(a))**

OK for employees of organization (and members and officials of organization) to make "incidental use" of facilities for their own individual volunteer activity in connection with federal election.

a) **What is "Incidental Use?"**

- (1) "Incidental use" means use that does not prevent employee or organization from completing normal work that would be completed during that period.
- (2) Safe Harbor: 1 hour per week or 4 hours per month.

b) **Reimbursement**

- (1) Individual must reimburse organization for any increased overhead (e.g., no need to pay for regular local phone bill, but would have to pay for long distance calls).
- (2) If more than incidental use: Individual must reimburse organization the entire cost of using the facilities within commercially reasonable time.

c) **Employee "Asked" to "Volunteer"**

The "incidental use" allowance does not apply if the employee is asked by a superior to do the work as part of his/her regular duties.

Example: In MUR 5573, corporate executives that collected contributions intended for specific candidates claimed that they were doing so as individual volunteers. The Commission rejected this claim, as the evidence indicated that the executives “solicited, collected and bundled the contributions... using corporate resources” at the direction of the corporation, without any indication that they “devised the contribution plans on their own or that, absent their employment, they would have solicited contributions” from other corporate executives.

Use of Facilities: Lists and Food Services

Must pay corporation fair market value in advance for:

- ☐ Use of customer/client lists
- ☐ Use of food services or catering arrangements

4. Use of Customer/Client Lists

a) Corporation May Permit Use with Advance Payment

Corporation may allow use of the corporation’s lists of members, employees, vendors or others to send invitations or solicit the contributions, provided that the corporation receives advance payment for fair market value of lists.

b) Application to Email Address Lists of Corporation

- (1) Advance payment required under 114.2(f).
- (2) Counts as in-kind contribution by payee.
- (3) Not exempt from definition of contribution:
 - (a) Payment for email list made at direction of political committee; or
 - (b) Email list that is transferred to political committee. 11 CFR 100.94(e)(2) and (3) and 100.155(e)(2) and (3).

c) **Use of Catering or Food Services**

In connection with fundraising for candidate or party's federal account, the corporation may operate or arrange for catering or other food services, provided that the corporation receives advance payment for fair market value of services.

Use of Facilities: Meeting Rooms

- ▣ **General Rule:**
Reimburse at the fair market value within commercially-reasonable time
- ▣ **Exception:**
Free/discounted rate if normally offered to civic groups under same conditions and available to any other political committee upon request
- ▣ **If PAC pays:**
Must pay in advance unless civic group exemption applies

5. **Use of Meeting Rooms (11 CFR 114.9 and 114.13)**

a) **General Rule**

Campaigns and political parties may rent meeting rooms of a corporation if they reimburse the corporation at the normal rental charge, within a commercially reasonable time.

b) **Exception**

A corporation may offer meeting room to candidate or party at discount or for free if corporation customarily makes meeting room available to civic, community or other groups under the same conditions and if it makes it available to any other candidate or committee on the same terms, upon request.

c) **PAC Paying for Room**

If a PAC pays for its connected corporation's meeting room for an event as an in-kind contribution, the payment must be made in advance.

6. Other Uses (e.g., office equipment)

The corporation's office equipment and other resources may be used for an SSF event on behalf of a candidate/party, provided the corporation is reimbursed as follows:

a) If Campaign/Party Pays:

Campaign or Party must reimburse the usual and normal charge within a commercially reasonable time – generally 30 days.

b) If PAC Pays

If corporation's SSF is paying as in-kind contribution, must pay in advance.

Scenario: Candidate Fundraiser

▣ Collection of Campaign Checks at Event

- Organization may NOT collect contributions
- If PAC collects contributions, campaign and PAC will need to report earmarked contributions
- Avoid earmarking rules by having campaign representative collect contributions

FECCConnect LIVE
2015-16 Election Cycle

Member/Labor PAC Operations, Part 2

C. Campaign Event: Rules on Collecting Campaign Contributions

1. Organization

Organization personnel MAY NOT collect the checks - prohibited facilitation.

2. Organization SSF

Individual representing the PAC may collect campaign contributions at the event. In that instance, the PAC must follow the rules for reporting earmarked contributions. 114.2(f)(3).

3. Campaign

The campaign may collect checks at the event. Reported by campaign only; no reporting by organization or SSF necessary.

Scenario: Candidate Fundraiser

- ▣ Itemizing SSF Payment for Use of Organization Resources for Candidate Fundraiser

- 1. What types of transactions are these?**
- 2. How must the committee disclose the transaction(s)?**
- 3. What information from the scenario do we need to disclose this correctly?**

Answers to Example #4: Itemizing SSF Payment for Use of Organization Resources for Candidate Fundraiser

1. What types of transactions are these?

Answer: The payment for the use of the Baseball Cap Makers Union's (BCMUs) meeting room and staff time to organize the event represent in-kind contributions to the federal candidate, Adam Jones.

In order to avoid prohibited facilitation of contributions, organization officials or employees may direct subordinates to plan, organize or carry out fundraising as part of their work, using member/labor organization resources, only if the membership or labor organization receives advance payment for the fair market value of the services, including compensation, benefits and overhead. See 11 CFR 114.2(f)(2)(i)(A) and (iv). This requirement extends to the SSF. See AO 1984-24.

Also, member/labor organizations may use organization meeting rooms. Like other resources, if the SSF pays for them, it must pay in advance. See AO 1984-24.

2. How must the committee disclose the transaction(s)?

Answer: Disclosure of this activity has two parts.

Part 1: Disclosure of Advance Payment

BCMUs PAC will report the advance payment on their Schedule B for Line 21b as an "Operating Expenditure." Note that the payment was made to BCMUs on March 14, 2016, as the date the room was reserved and the staff time was spent organizing the event -- a couple weeks prior to the March 30th event. The SSF itemizes:

- \$1,000.00 advance payment on March 14, 2016, to the organization for staff time and use of the meeting room.
- -\$1,000.00 contribution shown as a negative entry. The entry will use the date the candidate receives the benefit of the resources provided, which is the date of the event - March 30, 2016. The SSF reports the entry as a negative entry to negate the in-kind contribution reported on the committee's Schedule B, Line 23 (see Part 2 below). All candidate and election information for Senate Candidate Jones is noted in the appropriate boxes.

Part 2 - Disclosure of In-Kind Contribution

For in-kind contributions, the date the contribution is “made” is the date the candidate receives the benefit of the goods or services. Here, the in-kind contribution was made on March 30, 2016, the date of the candidate fundraiser, and must be disclosed on a Schedule B for Line 23. BCMU is listed as the payee (provider of the resources), and the purpose box includes a notation that it is an in-kind contribution. - Negative entry for the amount of the good or service provided to the candidate on Schedule B, Line 21b. Electronic filers will need to contact their software providers to work through the negative entry in their software. FEC Filers contact your Analyst.
- Indicate all candidate and election information for entries on Schedule B, Line 21b and 23 in the appropriate fields.
- Remember with advance payment, there is no initial disbursement of the organization's treasury funds because that constitutes an illegal member/labor loan, advance, or anything of value to either the candidate or the SSF
- PAC must pay the fair market value of the services, which includes compensation, benefits and overhead. PAC must also pay the fair market value of meeting rooms, catering/food services or mailing/phone lists. All payments must be made in advance to avoid illegal facilitation by the connected organization.
- Must report each payment as an expenditure for the reporting period in which it is made and provide allocation of such expenditure (as a contribution in-kind) per candidate on Schedule B, Line 21b.

III. Campaign-Related Communications to the General Public (Independent)

Scenario: Independent Expenditures

Skip would like to help Derek Jeter who is running for a House seat from New York's 10th district in November 2016. The Jeter Campaign would not accept a contribution check from the BCMU PAC, nor would they speak to Skip or any other representative of BCMU or the PAC.

Nevertheless, Skip would like BCMU PAC to do something to help and decides to run a series of radio ads to support Jeter's election campaign. Just before the November 8th general election, the BCMU PAC contracts with WBAT-FM to run a \$7,500 radio ad on October 30th supporting Jeter. The bill for the ads was paid on November 26, 2016.

Reporting Example #5: Disclosing Large Last Minute Independent Expenditures

Example: Independent Expenditures

Last-Minute Reporting:

- ▣ What type of transaction is this?

ANSWER: Last-minute independent expenditure

- ▣ How must the committee disclose transaction(s)?

ANSWER: 24-hour report; again on post-general

- ▣ What information from the scenario do we need to disclose this correctly?

Member/Labor PAC Operations, Part 2

Skip would like to help Derek Jeter who is running for a House seat from New York's 10th district in November 2016. The Jeter Campaign would not accept a contribution check from the BCMU PAC, nor would they speak to Skip or any other representative of BCMU or the PAC.

Nevertheless, Skip would like BCMU PAC to do something to help and decides to run a series of radio ads to support Jeter's election campaign. Just before the November 8th general election, the BCMU PAC contracts with WBAT-FM to run a \$7,500 radio ad on October 30th supporting Jeter. The bill for the ads was paid on November 26, 2016.

1. What type of transaction is this?

2. How must the committee disclose the transaction(s)?

3. What information from the scenario do we need to disclose this correctly?

Answers to Example #5: Disclosing Large Last-Minute Independent Expenditures

1. What type of transaction is this?

Answer: The PAC is making an independent expenditure, defined as an expenditure for a communication that “expressly advocates” the election or defeat of a clearly identified candidate and that is not made in cooperation with, or at the request or suggestion of, the candidate or his/her campaign or its agents, or a political party or its agents.

2. How must the committee disclose the transaction(s)?

Answer: An independent expenditure is considered made when it is publicly distributed or otherwise publicly disseminated. If it aggregates \$1,000 or more and is made less than 20 days but more than 24 hours before the day of an election, as this expenditure did, the PAC must file a 24-Hour Report on Schedule E disclosing the independent expenditure. The PAC must disclose the independent expenditure again, on Schedule E, for the next regular FEC report (30-Day Post General Report).

3. What information from the scenario do we need to disclose this correctly?

Answer: Key facts in the scenario include the date of dissemination (10/30/16), the fact that it is an advertisement that contained express advocacy, and was not coordinated with the campaign. The PAC will also need to disclose the payee’s name and address, the candidate information, the purpose of the expenditure, the amount and the calendar year-to-date per election for the office sought.

On the next report filed (30 Day Post-General covering 10/20/16-11/28/16 and due on 12/08/16), the PAC must report the same information disclosed on the 24-Hour Report on Schedule E as a MEMO entry because the payment has not been made as of the close of books for the Post-General report. Accordingly, the PAC must report a debt on Schedule D to “WBAT-FM” until it is settled.

IV. Other Communications to the General Public (Electioneering Communications)

Scenario: Electioneering Communications

The Baseball Cap Makers Union plans to run TV ads that urge the public to contact Congressman Jeter and “Tell Him to Vote NO on the Visor Bill.”

The ads will run three weeks before the November 2018 general election and will air in Jeter’s Congressional District.

Successful in the 2016 general election, Congressman Jeter is now up for re-election in the 2018 general election. A bill before Congress of great importance to the Baseball Cap Makers Union is expected to be up for a vote in late October 2018. As such, the BCMU plans to run TV ads that urge the public to contact Congressman Jeter and tell him to, “Vote NO on the Visor Bill!” The ads will run in mid-October, three weeks before the November general election, and are targeted to air primarily in Jeter’s Congressional District.

What factors do we need to consider for this communication? . . .

Electioneering Communications

Any broadcast, cable or satellite communication that:

- ▶ Refers to clearly ID'ed candidate;
- ▶ Is publicly distributed;
- ▶ Is distributed during certain time period before election; and
- ▶ Is targeted to the relevant electorate

1. The communication refers to a clearly identified candidate.
2. The communication is publicly distributed (i.e., disseminated by a television station, radio station, cable television system or satellite system).
3. The communication is distributed during a certain time period before an election (i.e., within 60 days prior to a general election or 30 days prior to a primary election to federal office).
4. The communication is targeted to the relevant electorate; i.e., it can be received by 50,000 or more people in the district (in the case of a U.S. House candidate) or State (in the case of a Senate candidate) that the candidate seeks to represent. 11 CFR 100.29(b)(5).

B. **FCC Database for determining who can receive communication**
