Utrecht & Phillips Coordination Comment 3 17 10.pdf

entity found to have engaged in permissible non-coordinated activity. The Commission should explicitly clarify this. By doing so, the Commission will lend structure and understanding to the interconnection between Parts 114 and 109, and will guide the entities who wish to engage in non-coordinated activity with a better understanding of how to comply with the rules.

We again appreciate the Commission's thoughtful consideration of this matter and for the opportunity to provide the foregoing comments.

Respectfully submitted,
