Subject RE: FEC Petition

I want to register my official opposition regarding a petition that has been submitted. An excerpt of the petition follows:

On August 26, 2004 the Federal Election Commission (FEC) published a Notice of Availability regarding a rulemaking petition in the Federal Register. On July 20, 2004 the Commission received a Petition for Rulemaking asking the FEC to revise its regulations by exempting the promotion of political documentary films that may otherwise meet the requirements of an electioneering communication from restrictions on funding and disclosure requirements for certain broadcast ads in proximity of elections.

I strongly oppose this petition and urge the commission to refuse to become involved in such partisan politics.
