Subject: Statement re Payroll deduction

National Milk Producers Federation, and NMPF PAC, support the petition submitted by America's Community Bankers and its SSF, COMPAC regarding making authorized payroll deductions by trade association member organizations for the SSF of the trade association.

(1) FEC regulations regarding trade association appear to be more restrictive than for almost any other business entity form. Trade associations are restricted from numerous opportunities to solicit for the SSF, to facilitate ease in making a SSF contribution, and in promoting the SSF to its members.

(2) Trade association members should have the same opportunities to make payroll deductions for the trade association SSF that the other types of business organizations have available.

(3) Electronic data payrolls are now widespread in use.

Please feel free to contact me if you have any questions.
