Ms. Mai T. Dinh, Acting Assistant General Counsel  
Federal Elections Commission

Dear ms Dinh,

The proposal to penalize non-profit organizations that speak out against the existing governmental policies or people proposing and/or supporting certain policies is anti-democratic as dialogue is vital to a democracy.

I can remember years ago when our nation criticized other nations for not allowing political dialogue and requiring citizens to support the one political party in power. Is our nation headed for this kind of totalitarian control?

Sincerely,
