**Subject:** FEC SEEKS COMMENT ON PROPOSED RULES REGARDING POLITICAL COMMITTEE STATUS

Please let us not sabotage democracy. If corporations have the right to "free speech" through advocacy ads, so does the ordinary citizen. Any kind of non-profit –conservative, progressive, labor, religious, secular, social service, charitable, educational, civic participation, issue-oriented, large, and small – could be affected by these rules. Please, we must preserve democracy, we must preserve America's rights.
