FEC ISSUES SECOND DETAILED
1984 PRESIDENTIAL REPORT

WASHINGTON — Information released today by the Federal Election Commission indicates that by the end of January 1984, 13 Presidential campaigns had raised \$40.4 million and spent \$36.6 million. Through the same time period in 1980, 14 Presidential campaigns received \$51.6 million and disbursed \$47.9 million.

These figures are contained in a FEC Report, FEC Reports on Financial Activity, 1983-1984, Interim Report No. 2, Presidential Pre-Nomination Campaigns, which is the second of a series presenting in detail, the financial activity of all Presidential campaigns which have exceeded \$100,000. Subsequent statistical information will be issued regularly as the campaign cycle proceeds. The final report will be issued in early 1985, including activity from the start of each campaign through December 31, 1984.

Certain information in the Report for Cranston for President Committee is incomplete for January 1984. Total receipts and Federal matching funds are complete through January, while other receipt information is complete through December 31, 1983. In addition, debts owed by the committee reflect only outstanding loans and do not include debts owed to vendors.

A summary of figures in the FEC study show that:

- * 13 candidates raised \$40.4 million;
- * Of the total raised, \$28.5 million, or 70.5% came from contributions from individuals;
- * The amount of Federal matching funds received by the candidates through January, totalled \$10.4 million or 25.7% of the total reported receipts;
- * Loans received by the candidates which were still unpaid as of the end of January, totalled \$.6 million, or 1.5% of the total raised;
- * Contributions from PACs and other committees comprised 2.2% of the total funds raised, or \$.9 million;
- * The campaigns spent \$36.6 million, of which \$33.7 million was subject to overall limits, including fundraising exemptions.

The FEC Presidential Interim Reports include financial tables and graphs describing the various sources of monies raised by the campaigns. The study delineates the distribution of individual contributions - large or small - and distinguishes between the types of PAC money given to each candidate, along with the time periods when the monies were contributed. Additional tables provide information on the spending allocated to individual states by each candidate, and the amount of large individual contributions flowing to the campaigns from each state.

Another table details independent expenditures and communications costs by individuals, PACs, corporations, unions, and delegate committees on behalf of candidates. A final series of charts show the net financial picture of individual campaigns for each reporting period throughout the campaign.

A summary of the information available follows:

Copies of the full Report are available from the FEC Office of Public Records, 1325 K Street, N.W., Washington, D.C. 20463. Purchase price is \$1. Checks should be made payable to the Federal Election Commission. Questions should be directed to the FEC Press Office, (202) 523-4065, or toll free 800-424-9530.
