## CALIFORNIA CAMPAIGN FAILS TO FILE PRE-PRIMARY REPORT

WASHINGTON — California will hold primary elections Tuesday, June 3, 1986, to select candidates for U.S. House and Senate seats.

Provisions of the Federal Election Campaign Act require that committees supporting candidates in those races must file reports of their financial activity 12 days before the primaries.

As of 5 p.m. May 30, a report from the following committee had not been filed:

CA...Montgomery for Senate...George C. Montgomery...Rep.

The reports were to include financial activity occurring from April 1 through May 14. If sent certified or registered mail, the reports should have been postmarked May 19. Otherwise, the due date was close-of-business May 22.

Some individuals and their committees have no obligation to file reports under federal election law, even though their names may appear on state primary ballots. If any individual and his or her campaign committee raise or spend less than \$5,000, the individual is not considered a "candidate" and neither the individual nor the committee has to register.

The Commission notified the committees of all candidates participating in the primary elections of their potential filing requirements on April 21. Those committees which did not file on the due date were notified that their reports had not been received and that their names would be published for failure to file if they did not respond within 4 business days.

The Commission publishes only the names of those committees which have been designated by candidates as their principal campaign committees. Under Amendments to the Federal Election Campaign Act, effective January 8, 1980, candidates no longer are required to file personal reports of receipts and expenditures. All such information is reported by authorized committees of the candidates.

Other political committees supporting Senate and House candidates in elections (those which are not authorized units of a candidate's campaign) also are required to file pre-primary and pre-runoff reports unless they report monthly. Those committee names are not published by the FEC.

Further Commission action against non-filers and late filers will be decided on a case-by-case basis. The Federal Election Campaign Act gives the Commission broad authority to initiate enforcement actions, including civil court enforcement and the imposition of civil penalties (\$5,000 for "any violation" and \$10,000 for any "knowing and willful" violation) for infractions of the law, including failure to file required disclosure reports.

The next report due for candidates from California will be the July quarterly report, due July 15, covering activity from May 15 through June 30.
