## KENTUCKY CAMPAIGN FAILS TO FILE PRE-PRIMARY REPORT

WASHINGTON — Kentucky will hold primary elections Tuesday, May 24, 1988, to select candidates for the U.S. House.

Provisions of the Federal Election Campaign Act require that committees supporting candidates in those races must file reports of their financial activity 12 days before the primary.

As of 5 p.m. May 19, a report from the following committee had not been filed:

KY/06...A WHOLE LOT OF PEOPLE WED WANT TO RE-ELECT LARRY HOPKINS...LARRY JONES HOPKINS...REP

The report was to include financial activity occurring from April 1 through May 4. If sent certified or registered mail, the report should have been postmarked May 9. Otherwise, the due date was close-of-business May 12.

Some individuals and their committees have no obligation to file reports under federal election law, even though their names may appear on state ballots. If any individual and his or her campaign committee raise or spend less than \$5,000, the individual is not considered a "candidate" and neither the individual nor the committee has to register.

The Commission notified the committees of candidates participating in the primary election of their potential filing requirements on April 18, 1988. Those committees which did not file on the due date were notified on May 13 that their reports had not been received and that their names would be published for failure to file if they did not respond within 4 business days.

The Commission publishes only the names of those committees which have been designated by candidates as their principal campaign committees. Under Amendments to the Federal Election Campaign Act, effective January 8, 1980, candidates no longer are required to file personal reports of receipts and expenditures. All such information is reported by authorized committees of the candidates.

Other political committees supporting Senate and House candidates in elections (those which are not authorized units of a candidate's campaign) also are required to file pre-primary reports unless they report monthly. Those committee names are not published by the FEC.

Further Commission action against non-filers and late filers will be decided on a case-by-case basis. The Federal Election Campaign Act gives the Commission broad authority to initiate enforcement actions, including civil court enforcement and the imposition of civil penalties (\$5,000 for "any violation" and \$10,000 for any "knowing and willful" violation) for infractions of the law, including failure to file required disclosure reports.

The next report due for candidates from Kentucky is the July Quarterly report, due July 15, covering activity from May 5 through June 30.
