\$55 MILLION JUMP IN RECEIPTS REPORTED BY CONGRESSIONAL CAMPAIGNS

WASHINGTON -- Congressional campaign receipts increased \$55 million during the first 15 months of this cycle compared to the same period in 1990, according to the Federal Election Commission.

The FEC found that from January 1, 1991 through March 31, 1992, Senate candidates raised \$116.6 million and spent \$74.8 million, while House candidates raised \$130.8 million and spent \$95.3 million.

The following table details a 15-month comparison of campaign activity for all Senate and House candidates in the last three cycles:

<u>Cycle</u>	<u>Receipts</u>	<u>Disbursements</u>	<u>Cash on Hand</u>
91-92	\$247.5	\$170.1	\$160.4
89-90	\$192.5	\$126.6	\$138.5
87-88	\$179.9	\$112.7	\$123.9

(figures in millions)

In the House, receipts increased for all types of candidates. Challengers, numbering 354, raised \$16 million, or about 85 percent more than 224 challengers did in 1990 races. House incumbents, however, during the same period raised \$92 million, or 7.5 percent more than in the previous cycle. Median receipts of challengers were fairly level while the median for incumbents increased significantly. Also the number of House challengers whose receipts have exceeded \$50,000 increased in 1992 to 91 from 62 in 1990 and 65 in 1988. (See tables page 6).

Cycle-to-cycle comparisons of Senate activity are difficult because, unlike House races, different seats in different states are up for election each cycle. During the first 15 months of this cycle the substantial increase in overall financial activity for Senate challengers and open seat candidates is due, in large part, to New York and California Senate races.

PAC's contributed \$22.9 million to Senate candidates (79 percent to incumbents; 13 percent to challengers; 8 percent to open seat candidates;) and \$47.7 million to House candidates (91 percent to incumbents; 3 percent to challengers; 6 percent to open seat candidates).

FOOTNOTES

1. Figures in the first two Tables and the detailed listing of candidates cover from January 1, 1991, or whenever the campaign registered during the election cycle, through March 31, 1992, or the last report filed by the campaign, as indicated.
2. Net receipt and net disbursement figures are total receipts and total disbursements, as reported by the campaigns, minus any money transferred between committees of the same campaign.
3. Columns entitled "Other Committees" (also "Other Cmte's") are monies received, as reported by the campaigns, that are comprised mostly of PAC funds, but also include contributions by other candidates' committees and some unregistered entities. On the Senate listings, the column "Non Party Contributions" contains PAC contributions for 1988 and 1990, as reported by the PAC's, and "Other Committee" data for 1992.
4. Open seat races are those in which the incumbent did not seek reelection. Some states have not yet completed the redistricting process, and as a result the type of race is not yet determined in some cases. In addition, some candidates registered with the Commission before district lines were complete and did not know which district they would be competing in. Further, additional retirements have been announced in the House since March 31, so the categorization of candidates as challengers or open seats will change as the cycle progresses.
5. On the Senate listings, the column titled "Candidate Support" includes contributions by the candidate, as well as loans made or guaranteed by the candidate. The column titled "Trans from other auth" includes monies transferred from House committees of candidates for the Senate, as well as proceeds from joint fundraising activity among several candidates or committees. Contributions from individuals and PAC's made through these joint fundraising efforts are NOT included in the "Individual Contributions" or "Non Party Contributions" columns.
6. Detailed listings of candidates include all those House candidates who reported receipts before March 31, 1992.
7. Some House members who are or were running for the Senate in '92 changed their former House campaign committees into their Senate campaign committees. Financial activity related solely to their Senate campaigns cannot be isolated. (See Aucoin [OR], Levine [CA]).
8. Several Senate candidates have reported significant roll over of debt, borrowing money to repay earlier loans. See the Senate Six Year listing for Dannemeyer [CA], Cannon [UT], and Moody [WI].
9. Activity of House Other Party candidates primarily reflects the campaign of Bernard Sanders in Vermont.
10. Party abbreviations in the listing of House campaigns are:

DEM - Democrat	LIB - Libertarian
DFL - Democrat/Farmer/Labor (Minnesota)	PAF - Peace and Freedom
REP - Republican	IND - Independent
RTL - Right to Life	LBL - Liberal
