FEC ISSUES COMPILATION OF OFFICIAL 1992 RETURNS IN FEDERAL ELECTIONS

WASHINGTON -- Publication of the official 1992 election results for President, Senate and House of Representatives has been announced by the Federal Election Commission. It is the sixth in a series designed by the FEC to provide an accurate, historical record of Federal election results.

Included for the first time are official Presidential primary election results held in 39 states, the District of Columbia and Puerto Rico in 1992. Also included in the vote totals are results for the November 3, 1992, California Senate, New York Eighth District and North Carolina First District special elections.

Data is based on official figures provided by State election officials, including updates through June 24, 1993. Any modification of results will be published in errata supplements.

For each state, terms used are the ones that appear on it's tally of official results. Write-in votes are as disclosed by each state under it's procedures.

A limited number of copies of the publication are available from the Federal Election Commission's Public Records Office.
