CONGRESSIONAL SPENDING FOR '96 ELECTIONS REACHES $469 MILLION

WASHINGTON -- U.S. Senate and House candidates involved in next Tuesday's general election have raised $562 million and spent $469 million from January 1, 1995, through October 16, 1996. This represents a modest increase over 1994 totals. Congressional campaign fundraising increased by 8%, while spending is up by 4%. Senate and House candidates reported $145.1 million cash balances as they entered the last three weeks of the campaign.

Through September 30, all Congressional candidates, including primary losers, reported raising over $617 million and spending $489 million. This is an increase of 12% in fundraising over '94 and only 10% in spending over both '92 and '94 totals of $445 million.

Senate races for '96 include that group of small population states where campaign finance activity has traditionally been less than for corresponding states. This remains true for 1995-96. Senate candidates have raised $187.8 million and spent $168.3 million. They reported $28.8 million in cash reserves for the last weeks of campaigning.

In contrast, House races have increased 27% in fundraising and 23% in spending. Candidates have raised $374.1 million and spent $300.7 million, with $116.3 million left for the final weeks.

Funds from candidates themselves, either in the form of loans or direct contributions, are down by more than $22 million, mostly due to a decrease in the amounts Senatorial candidates have used of their own funds - $19.4 million compared to $42.2 million in '94. (This is predominantly due to the last California Senate race.) House candidates have reported tapping slightly more of their own funds than in '94, investing $23 million.

Financing for Senate races came in the form of $124.1 million from individuals and $34.1 million from PACs. House candidates received $211.1 million from individuals and $126.3 million from PACs.

Information attached to this report offers overall summary data by political party as well as by candidate status (incumbent, challenger, open-seat), comparable pre-general election summary figures for the past five election cycles, a six-year overview of each Senate campaign, listings of each House race, and candidate rankings. A special table is included with median disbursement figures for various categories of House candidates, and because of increased interest in the amounts of personal funds, a top 50 listing is provided for monies loaned/contributed to Senate and House campaigns.

The data contained in this release are also available on the Internet. The FEC address is http://www.fec.gov. Look under Financial Information for Candidates, Parties, and PACs. This release is also available, in part, under News Releases and Media Advisories.

FOOTNOTES

1. Figures in the first two Tables and the detailed listing of candidates cover from January 1, 1995, or whenever the campaign registered during the election cycle, through October 16, 1996, or the last report filed by the campaign.

2. Net receipt and net disbursement figures are total receipts and total disbursements, as reported by the campaigns, minus any money transferred between committees of the same campaign.

3. Columns entitles "Other Committees" (also "Other Cmte's") are monies received, as reported by the campaigns, that are comprised mostly of PAC funds, but also include contributions by other candidates' committees and some unregistered entities. On the Senate listings, the column "Non Party Contributions" contains PAC contributions for 1992 and 1994, as reported by the PACs, and "Other Committee" data for 1996.

4. Open seat races are those in which the incumbent did not seek reelection. As a result, both general election candidates in the 2 districts where the incumbent was defeated in the primary are classified as challengers. Districts where special elections have been held at times separate from the regular election calendar have been divided into two races. **None of the activity related to those special elections is included in these tables.** Winners of the specials appear here as incumbents, and their activity begins with the first report following the Post Special filing. The race in which a special election is being held in conjunction with the general election (Kansas Senate) is classified as open seat.

5. Percentage figures in Tables covering several election cycles represent the percentage of net receipts from each source and will not sum to 100 since not all sources of receipts are listed.

6. On the Senate listings, the column titles "Candidate Support" includes contributions by the candidate, as well as loans made or guaranteed by the candidate. The column titles "Trans from other auth" includes monies transferred from House committees of candidates for the Senate, as well as proceeds from joint fundraisong activities among several candidates or committees. Contributions from individuals and PACs made through these joint fundraising efforts are NOT included in the "Individual Contributions" or "Non Party Contributions" columns.

7. Detailed listings of candidates include all those participating in the November 5th general election who reported any campaign receipts, along with those candidates in Louisiana who received at least 50% of the vote in the primary and were therefore declared the winner of the seat. All candidates in Texas districts which are holding new primaries on November 5 are included in the listings.

8. Some House members who are or were running for the Senate in '96 changed their former House campaign committees into their Senate campaign committees. Financial activity related solely to their Senate campaigns cannot be isolated. (See Craig (ID), Roberts (KS), Durbin (IL), Johnson (SD), Allard (CO), Reed (RI).)

9. The detailed listing for House candidates includes a column labeled "Candidate Support". This includes contributions from the candidate plus any loans made by or guaranteed by the candidate, minus any loan repayments to the candidate during this two year period. This amount will appear as negative, therefore, in cases where loan repayments were made during 1995 or 1996 for loans taken out in an earlier election cycle, if no new loans were made.

10. Activity of House Other Party candidates primarily reflect the campaign of Bernard Sanders in Vermont.

11. Party abbreviations in the listing of House Campaigns are:

DEM - Democrat
DFL - Democrat/Farmer/Labor (Minnesota)
REP - Republican
RTL - Right to Life
REF - Reform
GRE - Green
LIB - Libertarian
PAF - Peace and Freedom
IND - Independent
LBL - Liberal
NLP - Natural Law Party

12. Many candidates continue to reports debts carried over from past elections, e.g. Norm Sisisky (VA), Eugene Fontenot (TX), Richard Chrysler (MI), Terry Everett (AL), Richard Sybert (CA).

13. Third Party Incumbents in the House include Bernie Sanders in Vermont, Victor Frazer in Virgin Islands, and Carlos Romero-Barcelo in Puerto Rico.

14. Several candidates have reported significant candidate loan repayments. The original loans appear in total receipts and repayments are part of total disbursments.
