The following table summarizes campaign finance activity of PACs based on PAC type in 2013 and 2014. *Nonconnected committees include Independent Expenditure-Only Political Committees, Committees with Non-Contribution Accounts and Leadership PACs. Independent Expenditure-Only Political Committees are committees that may receive unlimited contributions from individuals, corporations, and labor organizations for the purpose of financing independent expenditures and other independent political activity. Committees with Non-Contribution Accounts solicit and accept unlimited contributions from individuals, corporations, labor organizations, and other political committees to a segregated bank account for the same purposes as Independent Expenditure-Only Political Committees, while maintaining a separate bank account -- subject to all of the statutory amount limitations and source prohibitions -- that is permitted to make contributions to federal candidates. The data above includes receipts and disbursements from both bank accounts of Committees with Non-Contribution Accounts. Leadership PACs are political committees that are directly or indirectly established, financed, maintained or controlled by a candidate or an individual holding federal office, but are neither authorized committees of the candidate or officeholder nor affiliated with an authorized committee of a candidate or officeholder. Like other multicandidate PACs, a leadership PAC may contribute up to \$5,000 per election to a federal candidate committee.

**The totals in this line may not equal the sum of the numbers in the corresponding columns as these numbers have been rounded. Instead, the bottom-line totals correspond to [PAC Table 1](#).

Contributions by PACs to congressional candidates seeking office in the 2013-2014 election cycle totaled \$396.8 million as of September 30, 2014. PAC contributions to Senate and House candidates totaled \$84.6 million and \$312.3 million, respectively. Independent Expenditure-Only Political Committees are prohibited from making contributions to candidates.

Data summary tables for reports submitted to the Commission through September 30, 2014 by PACs can be found [here](#).

IV. Independent Expenditures

All independent expenditures reported to the Commission in 2013 and 2014 in connection with congressional elections in the 2013-2014 election cycle totaled \$366.8 million.* Independent Expenditure-Only Political Committees accounted for \$170 million of all independent expenditures disclosed to the Commission, Committees with Non-Contribution Accounts reported \$2 million, and other PACs reported \$27.9 million. Independent expenditures made by persons other than political committees totaled \$75.7 million, and party committees reported independent expenditures totaling \$91.2 million.

Data summary tables for independent expenditure filings submitted to the Commission through September 30, 2014 can be found [here](#).

* A political committee must itemize its payments for independent expenditures once the calendar-year total paid to a vendor or other person exceeds \$200 with respect to a particular election. Any other person (individual, partnership or group of individuals) must file a report with the FEC at the end of the first reporting period in which independent expenditures with respect to a given election aggregate more than \$250 in a calendar year and in any succeeding period during the same year in which additional independent expenditures of any amount are made.

V. Electioneering Communications

Electioneering communication filings totaling \$4.6 million were reported to the Commission in connection with activity in the 2013-2014 election cycle. An electioneering communication is a broadcast, cable or satellite communication that refers to a clearly identified federal candidate and is distributed 30 days prior to a primary election or 60 days prior to a general election. These communications do not expressly advocate the election or defeat of a federal candidate.

The data summary table for electioneering communication filings submitted to the Commission through September 30, 2014 can be found [here](#).
