Subject: PLEASE ENFORCE THE LAWS AS THEY ARE WRITTEN

To Whom It May Concern:

I am outraged that the FEC is even considering allowing the DNC an extended period to transfer their "soft money" funds. I don't understand all the ins and outs of how this works, but I do know that the DNC is trying to find yet another reason to subvert the law. I do know that they were already behind the RNC financially, that September 11 had nothing to do with it, and that they are trying to exploit the national tragedy, hoping to "catch up." I am tired of living in a land with "flexible" laws, laws that can be changed at will when it stands in the way of the democrats' agenda.

I urge you, I demand that you enforce the laws as they stand.
