DESCRIPTION OF INDEX

SCOPE:

The 1981-82 FEC Index of Communication Costs is a report on the monies spent for these activities during the period which began on January 1, 1981 and ended on December 31, 1982. Communication costs are treasury funds spent by corporations, labor unions and other membership organizations to make internal communications which advocate the election or the defeat of a clearly identified Federal candidate. These communications may be made only to certain categories of individuals (i.e., by a corporation, to its stockholders or executive and administrative personnel, or by a membership organization (including a union) to its members). The corporation or membership organization is not required to report these costs to the Federal Election Commission until they exceed \$2,000 per election for all candidates (not including communications primarily devoted to subjects other than the election or defeat of a clearly identified candidate). Thereafter, each additional communication cost must also be reported.

SOURCE:

The information in this index was taken from the reports filed, on FEC Form 7, by corporations labor unions and other membership organizations. The information was entered into the Commission's

computer system; programs were used to produce the TABLES included in this index.

PERIOD COVERED:

The beginning point for information in this index is reports on communication costs which occurred after December 31, 1980. As subsequent reports pertaining to 1981-82 activity were received during 1981, 1982 and 1983, the dollar figures contained in them were entered into the computer system and added to earlier information. The computer programs which produced this index's TABLES were run on August 4, 1983 and used all 1981-82 data which had been entered up to and including that date.

LIMITATIONS:

This index is a final report, designed to give a complete picture of the communication costs which occurred during the 1981-82 election cycle. It is possible, however, that the information contained in this report may be subsequently amended by the reporting corporations, labor unions, and membership organizations.

Available at the Commission for inspection are microfilmed copies of the original reports which show information as reported by the filers. The microfilmed public record is the official record of

the Federal Election Commission. This index is one of several tools which have been developed to summarize the vast quantity of data available on the microfilmed public record.

II

SUMMARY OF TABLES

The TABLES are designed to provide information on the treasury funds spend by corporations, labor unions and other membership organizations during 1981-82 for internal communications which advocated the election or the defeat of a clearly identified Federal candidate. The EXPLANATION OF INFORMATION provides detailed definitions of columns and explanations of organization; it should be used in conjunction with the TABLES.

TABLE A, "SUMMARY LISTING OF COMMUNICATION COSTS, ARRANGED ALPHABETICALLY BY FILER NAME," displays the total amount of a filer's communication costs advocating the election of particular candidates followed by the total amount advocating the defeat of particular candidates. A grand total of costs supporting all candidates is given at the end of the TABLE, as is a grand total of opposition monies. Any reader interested in the details underlying a filer's total communication costs concerning a particular candidate (e.g., the dates on which the communications were made) should consult the candidate's section in TABLE B.

TABLE B, "DETAILED LISTING OF COMMUNICATION COSTS, ARRANGED ALPHABETICALLY BY CANDIDATE NAME WITHIN OFFICE," displays for each candidate the specific details of communication costs advocating his election or defeat made by corporations, labor unions and other membership organizations. Subtotals of communication costs supporting all Congressional, all Presidential, and all Senatorial candidates are given at the end of the TABLE, as are analogous subtotals of costs advocating defeat.

III

EXPLANATION OF INFORMATION

This section explains the information that appears in the TABLES and, where appropriate, the significance of the information. Categories defined in this section are listed in the order in which they appear in each TABLE. Readers are encouraged to consult this section regularly as they use the index.

TABLE A - SUMMARY LISTING OF COMMUNICATION COSTS, ARRANGED ALPHABETICALLY BY FILER NAME

This TABLE presents summary information on the communication costs of corporations, labor unions and other membership organizations. The information is arranged in alphabetical order by the name of the filer.

FILER INFORMATION:

The name of the corporation, labor union or other membership organization is given. Also given is the identification number which the Federal Election Commission has assigned to the filer (C.....).

INFORMATION CONCERNING CANDIDATES SUPPORTED BY A FILER:

The Federal candidates whose election the filer has advocated are shown first.

Candidates for the U.S. House of Representatives are shown first and are arranged in alphabetical order by name. Presidential candidates are listed next, followed by Senate contestants.

A two-letter abbreviation of the name of the state in which a House or Senate candidate ran is given.

A three-letter abbreviation of the name of a candidate's party is shown. The abbreviations have the following meanings:

DEM or DFL = Democratic

Democratic candidates are 1) incumbent Federal office holders who are identified as Democrats (in the case of members of Congress by membership in the Democratic caucus) or 2) candidates whose most recent participation in a state's election procedures has been within the candidate selection process of the Democratic or 3) candidates who have declared that they are Democrats on their Statement of Candidacy.

REP = Republican

Republican candidates are categorized in the same fashion.

Other than DEM/DFL or REP = Other party

Other party candidates are those who have participated or declared as other than major party standardbearers or those whose party affiliation cannot be determined.

Given next is the total amount which the filer spent on internal communications advocating the election of a candidate.

The nine-digit identification number which the Federal Election Commission has assigned to a candidate completes the information given for a candidate.

The information on candidates supported by the filer is summarized by the presentation of a total figure, the total amount of all communications costs for all the candidates previously listed.

INFORMATION CONCERNING CANDIDATES OPPOSED BY A FILER:

The Federal candidates whose defeat the filer has advocated are shown next.

The information is presented in the same fashion as the just-described data on candidates supported by the filer.

The information on candidates opposed by the filer is summarized by the presentation of a total figure, the total amount of all communication costs against all the candidates listed in this subsection.

TABLE B - DETAILED LISTING OF COMMUNICATION COSTS, ARRANGED ALPHABETICALLY BY CANDIDATE NAME WITHIN OFFICE

This TABLE presents detailed information on the specific amounts of communication costs which advocated the election or the defeat of a particular Federal candidate.

Candidates for the U.S. House of Representatives are shown first and are arranged in alphabetical order by name. Presidential candidates are listed next, followed by Senate candidates.

CANDIDATE:

The name of the candidate is given first.

For a House candidate the Congressional district in which he ran is shown.

The candidate's party is given next. The following rules have been used:

Democratic or Democratic-Farmer-Labor --
Democratic candidates are 1) incumbent Federal office holders who are identified as Democrats (in the case of members of Congress by membership in the Democratic caucus) or 2) candidates whose most recent participation in a state's election procedures has been within the candidate selection process of the Democratic party or 3) candidates who have declared that they are Democrats or their Statement of Candidacy.

Republican --

Republican candidates are categorized in the same fashion

Other than Democratic (Democratic-Farmer-Labor) or Republican --

Other party candidates are those who have participated or declared as other than major party standardbearers or those whose party affiliation cannot be determined.

Shown next, for House and Senate candidates, is the state in which the candidate ran.

The fact that an individual was a candidate for a 1981 or 1982 Federal election is given. (In a few instances individuals who were 1981-82 candidates have already indicated an intention to be candidates in subsequent elections. Also some communications made in relation to 1980 elections were reported in 1981 or 1982 and as such appear in this index.)

The nine digit identification number which the Federal Election Commission has assigned to the candidate completes the identifying information given for him.

FILERS:

The corporations, labor unions and other membership organizations which made internal communications concerning a candidate are presented in alphabetical order by name.

Following the name of a filer is the identification number which the Federal Election Commission has assigned to it (C.....).

Given next is the name of the report in which a filer disclosed a communication cost. The amount of that cost is shown, together with an indication of whether the communication advocated the election or the defeat of the candidate. The date on which the communication occurred is given, as is the microfilm location where the original report may be found.

SUBTOTALS AND TOTAL FOR A CANDIDATE:

The subtotal of all communication costs which advocated the defeat of the candidate is given. Also shown is the subtotal of all supporting communication costs. Finally, the total amount of the costs of all communications concerning the candidate is displayed.
