Subject Contribution to Bob Kerrey for US Senate Committee is violation of FEC laws case ~~ADR112~~ ADR008

Sir

I have researched our information and cannot locate any information on this contribution. Could you please tell me what the timeframe is for this contribution?

Also could you tell me why the contribution is in violation of FEC laws? Obviously we do not mean to be in violation and would like to avoid a similar situation in the future.

Assuming that you are correct and we are in violation of FEC laws, what do we do to correct/rectify this situation? What are the implications to OSB?
