Dear Ms. Dixon,

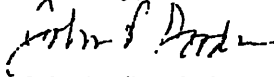

I am responding to your letter, dated January 24, which requested I have my statement notarized concerning the American Animal Husbandry Coalition- PAC.

I assume you still have the papers I sent you, which showed that AAHC-PAC was still soliciting funds over the internet, and calling themselves a PAC, even though they had filed a termination report with the FEC.

Perhaps I am mistaken, but I take a termination report to mean that the PAC is going out of business. I fail to see how this PAC, which was formed to defend the cruel practice of cockfighting, could continue to raise funds as a PAC after notifying the FEC of their termination.

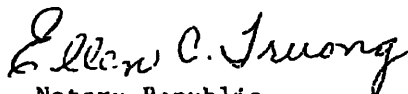

I urge the FEC to investigate the matter. I will be interested to learn of your findings.

Sincerely,

John P. Goodwin
