Election and requested that the Committee take corrective action concerning these contributions.

On January 22, 2024, the Committee filed an [FEC Form 99](#) which stated, in part:

“While we are striving for complete accuracy in our reports, there were extenuating circumstances in the weeks leading up to the August 2022 Primary election that contributed to the issues you raised. Immediately following the July 2022 quarterly filing, with less than a month to election day, the campaign separated from its original treasurer and asked me to step in. At that time, we made a concerted effort to ensure our records were accurate and correct the errors that caused the campaign to let go of the former treasurer. We believed we had corrected all of the errors. However, your review revealed additional items that needed to be addressed and we now have taken the following additional actions in response to your letter. ...After having reviewed this data, we sent cashier check refunds on 1/17/2024 the majority of these expenditures that were allocated to the general election. These refunds will be reflected in our first FEC report for 2024.”

On August 19, 2024, the Committee filed an [FEC Form 99](#) which stated, in part:
