Dear Sir or Madam:

As per my conversation with Ms. Stevenson I am writing to address the matter numbered MUR 5431. FTC Management did not in any way violate the Federal Election Campaign Act of 1971. The \$2500.00 check made payable to Citizens for Tracy L. Boyland was for the cost of purchasing a table for the event on October 9th 2004 at the Marriot Hotel in Brooklyn, New York. This money covered the attendance of my staff, and other business associates in enjoying a night of eating, drinking and dancing. The sum of \$2500.00 was the amount given by Ms. Boyland as the price for purchasing a table at this event. If Ms. Boyland, or her associates in any way violated contribution laws it was with the express knowledge or consent of FTC Management.

Thank you,
