In the re: Challenging Republican Candidates are not listed on the Missouri
Republican party web site nor are the challenging Republican Candidates.

Now comes Richard Allen Kline with Complaint:

I was specifically told by Randal Hendricks that the Republican Party of Missouri would NOT list opposing republican candidates and would NOT link their web sites.

My bottom line complaint is very simple, if one candidate, incumbent or challenging candidate is listed then ALL candidates should be listed.

If you go to www.mogop.org you will see Bush, Chaney, Matt Blunt [candidate for governor] and all of the incumbents and NO Republican challenging candidates.

I believe that my \$100 filing fee entitles myself and the other candidates to be listed on the Missouri Republican Party web site.

I look forward to your favorable answer of reciprocity.
