Case Name: National Italian American PAC**

Dear Ms. Fraser:

I am enclosing two executed originals of the Negotiated Settlement by and between the Federal Election Commission (the "Commission") and our client, the National Italian American Political Action Committee ("NIAPAC"). The two originals have been signed by Anthony Mallace, the treasurer of NIAPAC. Please let me know when the Commission executes this Settlement so I will know when the time periods commence under the Settlement. Please also send to me a fully executed original for our file.

With respect to follow up relating to our client's obligations under the Negotiated Settlement, to whom do we report?

Thank you very much for your cooperation and patience in achieving this Settlement.

Very truly yours,

LAWRENCE J. TABAS
