Re: Federal Election Law Violation in the State of Indiana

Dear Commission,

Please accept this as a formal complaint regarding what I believe to be a violation of the federal election law. I have observed a huge sign hanging from a building in downtown Indianapolis that clearly meets the definition of "electioneering communication."

The depiction on the two billboards is a clearly defined candidate, George W. Bush. The billboard is being publicly distributed, as it is clearly visible from one of the busiest interstates running through Indianapolis, and we are within the prescribed sixty (60) day period before an election.

I am requesting the Commission make an **expedited** investigation into the situation as time is of the essence. I am asking the Commission to:

1. Require the signs be taken down until they are in compliance with the required disclaimer language
2. A fine be assessed against the organization responsible for the billboard
3. An investigation into the not-for-profit status of the organization and whether they are actually a PAC or a Section 527 organization circumventing the campaign finance laws by masquerading as an "art" group.

I have provided color copies of the billboards for your review. The owner of record of the building is Mr. Tom Battista who resides at 5430 N. New Jersey Street, Indianapolis, IN 46220. His phone number is listed as 317-253-2133. The website of the organization is www.yourarthere.org. There is a gentleman who is associated with Indiana University in some capacity named Mr. Owen Mundy who is a Co-founder of the group and his email is listed as omundy@indiana.edu.

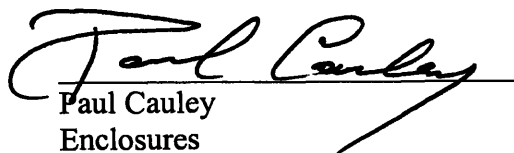

Please keep me apprised of the progress of the investigation and the resolution of this complaint. My contact information is as follows:
