RE: Violation of Federal Election Campaign Laws
By Representative Joe Schwarz—7th District Michigan

Dear General Manager:

As counsel for the Walberg for Congress campaign, please consider this notification that our campaign is considering filing a federal election campaign violation for television ads being run by Joe Schwarz in the 7th district of Michigan. The ads are in violation of federal election requirements for political advertising and your television station is respectfully requested to immediately cease electronic distribution of the ad until all federal election campaign requirements have been met.

The law requires that Candidate authorized radio and television ads must include: *an audio statement by the candidate approving the ad and, in addition for television communication, a view or image of the candidate* must appear at the time the disclaimer statement is made. ((11 CFR 110.11(c)(3)(ii)(A), 11 CFR 110.11(c)(3)(ii)(B)) No such image of Mr. Schwarz appears at the time the audio statement is made.

Please confirm your prompt compliance with this request to prevent further necessary action regarding this matter.

Sincerely,

La Rae G. Munk, Esq.
