**Re: Complaint against Spencer for Congress**

Dear Mr. Norton:

We respectfully file this complaint against Spencer for Congress, the principal campaign committee for Selden Spencer, a candidate for the U.S. House of Representatives in Iowa's 4th Congressional District, for improper use of a federal campaign disclaimer.

Specifically in question is the existence of lawn signs and campaign literature for the use of federal elections all with improper disclaimers for the use of federal elections

We respectfully request that the Commission investigate the issue and take appropriate action.

Respectfully,

*Cull*  
Cullen Sheehan  
Executive Director  
Republican Party of Iowa

State of Iowa  
County of Polk  
Signed and sworn to (or affirmed) before me on July 25, 2006

**Democratic Candidate  
For Iowa's  
Fourth Congressional District**  
*Bringing the Iowa values of hard work,  
competence and integrity to Washington*

Selden Spencer will

- ☆ **Fight for affordable and accessible healthcare,**
- ☆ **Work to restore fiscal accountability,**
- ☆ **Strive to move our country to renewable energy sources and conservation.**

Dr Selden E Spencer has been a neurologist at the McFarland Clinic in Ames since 1990 and has practiced medicine throughout the fourth congressional district He and his wife, Jean, also a physician, made the decision to move back to Jean's home state of Iowa to raise their family They have three children and live in Huxley

An active member of the community, Dr Spencer has served on the board of Story County Habitat for Humanity, participated as a youth leader and deacon at Collegiate Presbyterian Church in Ames, volunteered with the local Boy Scouts and been involved with the Iowa Heritage Foundation

As a young man he helped construct a refugee shelter in Ethiopia, worked as a boycott organizer with Cesar Chavez, volunteered with Native American youth in Arizona, and taught science in inner city areas with the Job Corps

Dr Spencer will take to Washington, D C the same passion and dedication for our state that he has demonstrated in his medical practice and his personal life

*The Spencer's:  
Matthew and Selden,  
Annie, Jean, Sarah,  
and Holmes (the beagle)*

Dear friends,

I'm sure you feel like I do about the federal government: that it is time for accountability .. that it is time for fiscal responsibility. that it is time to restore our sense of community and national purpose. It is time, my friends, time to bring Iowa values to Washington and get our country back on the right track.

I have always been concerned about the well-being of Iowans, and America in general. Until recently I have been content to watch from the sidelines: voting, supporting like-minded candidates, contributing as I could. However, I've come to believe that our state, and our nation, have reached a critical juncture.

Like many Americans, I believe the current leadership has abandoned our ideals by wasting resources, squandering our good name, selling what we hold dear to the highest bidder. I am concerned that the legacy we are leaving for our children is one of debt, corruption and low-paying jobs.

My background is in medicine, so that is an area where I certainly have concerns, and the expertise to address those concerns. All Americans must have access to affordable, efficient health care, and I will make this one of my Congressional priorities.

Everyone understands that we can not continue to prosper with an economy based on foreign oil. Iowa should lead the way to energy independence, and I will work with the rest of the Iowa delegation to promote this common sense approach to national security and state prosperity.

When the rest of the world looks at Iowa and America, I want them to see a beacon of liberty and opportunity once again.. It will take a major shift in Washington to get America back on track. I ask for your support in the months ahead.

**Together we can make a difference.**

Sincerely,
