Informational Memo on Assignment

The Reports Analysis Division referred RAD 08L-25 and the ADR Office assigned the referral ADR 461. We have included a summary and discussion of the referral for your information. We anticipate initiating ADR 461 on June 23, 2008. Please contact Lynn Fraser if you have any questions or concerns before then. A copy of the referral is in the voting ballots folder.

**Summary of Case:** The Reports Analysis Division (RAD) referred Schock for Congress and Rachel Honegger, Treasurer (Respondents or the Committee) for failing to disclose all financial activity on its 2008 12 Day Pre-Primary Report. Respondents filed their original 2008 12 Day Pre-Primary Report on January 24, 2008. Respondents filed an amended 2008 12 Day Pre-Primary Report on March 24, 2008 that disclosed additional disbursements in the amount of \$57,567.69.

In response to RAD's Request for Additional Information, the Committee stated that the discrepancy occurred due to the error of the Committee's prior Treasurer, who has since been replaced.
