Mr. Ahmed,

Good morning, thank you for getting back to me. The first thing I can do is grant you an extension so you tell me how many additional days you leave and I will update the file accordingly.

As far as the complaint goes if you have filed the reports and made any corrections to the any of the allegations between November 2016 and now you can submit the factual proof and reason why reports and your statement of organization was not submitted. The information you provide will help the Commission determine if you did or did not violate the Act.

Please let me know if you have any other questions or concerns and also how many days extension you need to submit your response.

Respectfully,

Christal

Ms. Dennis,

Sorry I took so much time to respond. I was out of the country for 4 weeks.

Just last night I went through my pile of mail and found the complaint. Please allow me to study the complaint for a few days. Then I can get back to you in

11-10-2017 08:24:10

the middle of next week.

Please advise me as to what to do because I didn't know that I was not following the different filing deadlines.

Thank you for your understanding.

Mr. Ahmed,

I work for the Federal Election Commission. On December 7, 2016, you were notified of a complaint we received that Kaisar Ahmed for US Congress 2016 may have violated the federal Election Campaign Act. You were given 15 days to respond to this notification and we have not received a response or anything from the post office saying the letter was undeliverable.

Can you please respond to my email and let me know if you intend to respond or not before your case is moved forward for processing. If you intend on responding I need to know when because we never received a request for extension and if you do not plan on responding I need to know that as well and I can annotate your file before it moves forward.

If you have any questions or concerns please let me know. Thank you for your time and assistance.
