HUNT...SHOOT...OWN GUNS...PROTECT YOURSELF ...NOW WE'RE DOING EVEN MORE!

For over 100 years, the National Rifle Association has been America's leading organization for the protection of your Second Amendment right to keep and bear arms.

As our nation grew, so did the NRA. And today, we're so much more than just the guardian of your firearm rights.

- We're hunters fighting to expand access to public hunting lands, promote better wildlife management policies, stop hunter harassment, and defend our right to hunt.
- We're police officers and firearms instructors. Just to give you an idea, we've trained over 950,000 people in the fundamentals of personal protection, home firearm safety, and responsible firearm ownership.
- We're NRA staff members and volunteer lawyers and lobbyists fighting to save your gun clubs and ranges.
- We're firearms collectors dedicated to the art of gunsmithing.
- We're competitive target shooters and Olympians in marksmanship development and training, including Olympic shooting competitions.

NRA INSTITUTE FOR LEGISLATIVE ACTION PROTECTING YOUR SECOND AMENDMENT FREEDOMS

Protecting your Second Amendment rights keeps your arms secure and helps the U.S. Congress stay legislative, not judicial.

That's why the NRA Board of Directors created the Institute for Legislative Action (NRA ILA). Established in 1975, NRA ILA's been on the American gun owner's strongest side, the legislative, on every legislative and political forum.

Today, NRA ILA is fighting to:

- Reform restrictive gun laws and seek the enactment of state constitutional amendments to protect the right to keep and bear arms.
- Strengthen the criminal justice system and toughen sentences for convicted violent criminals.

- Pass hunter protection laws and promote effective wildlife management and conservation policies.
- Preserve hunting lands and federal gun sources from radical anti-gun groups through the mobilization of concerned citizens on the state and local levels.

*James Jay Baker
Executive Director, NRA ILA*

To further educate Americans on their Second Amendment rights, NRA ILA also provides a wide range of information concerning responsible firearms ownership, gun control myths, state firearm laws and other issues related to firearms.

THE NEW NRA

3,000,000 Members Defending the American Hunter and America's Hunting Tradition...and Proud of it!

Today, hunters are under attack from radical anti-hunting groups like the Coalition Against Sport Hunting and People for the Ethical Treatment of Animals. These radicals have stood in front of duck blinds, littered broken glass on four-wheel drive trails and scared away game.

It's clear these anti-hunters will stop at nothing until they've CLOSED your hunting lands, BANNED your hunting and ultimately, BANNED your guns.

By joining the NRA, you'll be helping us pass laws making it illegal to harass hunters, keep hunting lands open and accessible, promote effective wildlife conservation policies and defend your right to own a firearm.

You'll also support NRA Hunter Safety Courses, and the distribution of Hunter Safety Course materials in many of the 50 states.

Plus, you'll be able to take advantage of all the great NRA hunter services and benefits...

...NRA Whittington Center Big Game Hunt Drawings...NRA SuperClinics with world-renowned hunters...NRA Sighting-In Days...Hunter Education Support Materials, and more...
