TO: The Commission

THROUGH: John C. Surina

FROM: Lawrence M. Noble *LMN/KSP*  
General Counsel

N. Bradley Litchfield *NBL/KSP*  
Associate General Counsel

SUBJECT: Advisory Opinion Request 1994-36

On March 1, 1995, the Commission received from counsel for the requester, a timely comment on the blue draft opinion prepared by the Office of the General Counsel to be discussed in the March 2, 1995, public session.

After a preliminary review, this office believes the submission may present new facts that require a re-examination of the blue draft opinion. Therefore, to allow an examination, the Office of the General Counsel is withdrawing the blue draft opinion from the March 2, 1995, agenda. Upon completion of the legal analysis, the blue draft opinion will be resubmitted with any appropriate changes.
