Re: The National Committee of U.S. Taxpayers Party Advisory  
Opinion Request

Dear Mr. Marinelli:

In response to our conversation of June 5th, I provide you the following information regarding the three issues you raised upon your review of the National Committee of the U.S. Taxpayers Party ("USTP") Advisory Opinion request.

Joe Slovenic, a candidate for the United Senate in Ohio, qualified for the ballot as an independent candidate. However, Mr. Slovenic was, and continues to be, affiliated with the USTP. Mr. Slovenic's qualification for the ballot as an independent candidate, as opposed to a party affiliated candidate, was as a result of the more difficult qualification standards for parties in Ohio. Specifically, as an independent on the ballot, Mr. Slovenic only had to obtain 5,000 signatures in the state. However, in order to obtain party qualification on the ballot, 40,000 signatures were required. Unfortunately, USTP fell short in its attempts to obtain the requisite number. Enclosed you will find campaign literature on Mr. Slovenic from the 1994 campaign recognizing him as affiliated with USTP.

With regard to your question concerning Delaware, in 1994, Alan Jester ran for the State Senate in Delaware. Mr. Jester was a USTP candidate and he received 10% of the vote. With regard to ballot qualification in that state, the party has recently exceeded the threshold for qualification. However, as a result of Delaware's law providing that party qualification only be recognized on a date certain, the organization must wait for its official recognition.

Finally, with regard to your question about Gary McLeod, as a result of a miscommunication about his status, our Advisory Opinion request incorrectly identified him as a USTP affiliated candidate. Indeed, as you pointed out, Mr. McLeod did run on the republican ticket.

I hope that these answers are sufficiently responsive to your questions and that the Commission may address the organizations' request at the end of June as we discussed. Nevertheless, in the meantime, if you have any additional questions, or are in need of additional documentation, please feel free to contact me.

Sincerely,

## Joe Slovenec will Fight:

- **To Abolish Income Taxes**  
by moving the power to tax back to the states, and away from the Federal government, in accordance with the Tenth Amendment.
- **To Stop Nationalized Education**  
ending all Federal interference in education. Control to parents in local schools. Competition with public schools by educational entrepreneurs.
- **For Real Answers to the Crime Problem**  
and swift, punishment for habitual and violent offenders; execution of convicted murderers. Privatize the federal penal system.
- **For a Strong National Defense**  
keeping our military strong, protecting U.S. interests, and not pursuing some global vision.
- **To Keep Health Care Private**  
by deregulation of the insurance industry, and using market forces to bring down health care costs. No socialized medicine.
- **For Real Solutions to Welfare**  
and returning the U.S. welfare monstrosity to a pre-FDR "community chest" model.
- **For Election Reform**  
restoring the electoral process to the state and local levels; and term limitations for Senate and Congress.
- **For the Constitution and Bill of Rights**  
restoring legal protections to the states and the people, such as the right to keep and bear arms, the right of free speech and religious expression.
- **To End Legalized Abortion**  
and fight against the appointment of high-level, pro-abortion Federal officials.

*"While the people are virtuous they

American voters have been offered  
two alternatives: people of  
principle (but too cowardly  
to fight) and people of bravery  
(with bad agendas). We need men  
of virtue and courage  
in our Government.

**Elect a Man with  
Common Sense and  
Uncommon Courage:**

**JOE SLOVENEK**

# Who will Lead?

This year, American voters will decide who will lead this nation into the year 2000. Who will we send to Washington: more enemies of the American family and party-liners who won't fight for the issues and principles that got them elected? Power brokers who will take us closer to a "New World Order" — and more dependency on Big Government?

We can send a man who will fight to return the Federal government to its Constitutional limits. We can send a man of virtue we can trust to protect our paychecks, and to work aggressively for government reform. This year we can send a man who is not afraid to fight for what is right.

**Joe Slovenec is the only candidate who will bring real reform to our government. It's time to elect a man with common sense and uncommon courage.**

## Vote for Joe

A national leader in the fight to save the pre-born, and to rescue women from the ravages of abortion, Joe Slovenec was a teacher and successful businessman before going into ministry. He and his wife, Judy, have five children. ~~See website on the U.S. Taxpayers Party platform~~, and has the courage to confront the problems caused by out-of-control government. Call the Slovenec for Senate campaign office (216/289-0820) for a copy of the platform or details on Joe's positions. We've been promised change before. What good is change if it's not for the better? We need solutions. It's time to elect a fearless fighter. It's time to send Joe Slovenec to Washington.

**"It is impossible to govern rightly without God and the Bible."**

— George Washington

## The Price of Liberty is Eternal Vigilance

"Life, liberty, and property" are the three God-given rights which the framers of our Constitution agreed must be protected by our government. Our lack of vigilance has nearly destroyed this promise.

To 30 million Americans, being born and having life has been denied them since 1973 alone. The old and infirm are the next high-risk group, while the parties in power are scheming over socialized medicine.

Decades of unconstitutional regulations and intrusions by the federal government — combined with thousands of programs that make the Fed our "nanny," have numbed us to the fact that we are losing our liberties daily.

**"Now what liberty can there be when property is taken away without consent?"**

— Samuel Adams

To our forefathers "property" meant much more than our real estate and our goods. Noah Webster defined property in his 1828 dictionary this way:

*The exclusive right of possession, enjoying and disposing of a thing, ownership... The labor of inventing, making or producing anything constitutes one of the highest and most valuable titles to property... It is one of the greatest blessings of civil society that the property of its citizens is well secure.*

The Federal government has gone mad in its appetite to tax us, and seize our money, our property, for its own arrogant, wasteful purposes.

First Amendment rights to free speech and the free exercise of religion are carving in to the politically correct. Our Second Amendment right to keep and bear arms is illegally being infringed. Fourth Amendment protections for our houses, papers and effects are giving way to a high-tech bureaucracy and bogus banking laws. The list goes on. The American public is being taught to forget our Constitution and its amendments. Joe Slovenec has not forgotten. He will fight to reclaim your liberties under the law.

**The powers not delegated to the United States by the Constitution, nor prohibited by it to the States, are reserved to the States, respectively.**

— Constitution of the United States of America

**"It is time to reject the politics of surrender on the installment plan. So-called champions of the middle class sell out the American family every time the heat gets turned on, and every time they have something to gain..."**

**"The U.S. taxpayer cannot support the spending habits of the power-addicted Federal government. Income taxes totalled \$41 Billion in 1961. Last year they were \$500 Billion! When I go to Washington I will not fight to hold the line. I will fight to turn back the spending clock, and get the government out of the pocketbooks of the American citizens..."**

**"For too long American conservatives have taken crumbs from the Republican table as if they were caviar. GOP politicians might speak the right rhetoric, they might even cast a few votes for party causes, but they shrink back in cowardice when radical liberals and anti-family appointees are brought before them for approval."**

— JOE SLOVENEK

## Act Now

Think of Joe Slovenec on the Senate Floor, challenging his colleagues, exposing their self-interests, defending what is morally right, and fighting for common-sense solutions to the problems that are choking this great nation. A vote for Joe is a vote for reclaiming the culture.

Thousands of Ohioans have already pledged their help to see Joe Slovenec get elected to the U.S. Senate. He also needs you to help send him there. This election will not be won by a few millionaires, but by interested, tax-paying, hard-working citizens who get Joe's message out, and send contributions as often as they can. ## The Choice Is Clear: Joe Slovenec.

*Positions  
and  
Voting Records*

### MIKE DEWINE

**ABORTION:** Moved from a no-compromise stand to willingness to allow abortions in cases of rape, incest, and "threat to the mother's life." (Ohio RTL Questionnaire, 1992). "Mike DeWine exhibits the hollow conviction that abortion is fine for certain babies while trying to convince us that he believes abortion is immoral for other babies." (6/6/94 press release from MARVIN's List, a PAC for pro-life Republican candidates that will not endorse DeWine). DeWine supports pro-abortion Nancy Hollister for Lt. Gov. The Voinovich-DeWine admn. "ordered the state's Medicaid program to pay for some abortions..." (Cincinnati Enquirer, 5/13/94).

**GUN CONTROL:** DeWine supports the Feinstein/Schumer assault weapons ban, "which likely will be folded into a broader anticrime package" (Cleveland Plain Dealer, May 13, 1994), and said that he would have voted FOR the Brady Bill. As a Congressman, DeWine voted AGAINST an amendment to allow the assembly of certain imported semi-automatic weapons from domestic parts in 1990 (HR 5269); he also voted FOR a failed waiting-period bill in 1990, concerning the purchase of firearms.

**EDUCATION:** The Voinovich-DeWine administration has given what appears to be a *carte blanche* to Supt. Ted Sanders and Ohio Dept. of Ed's Outcome Based Ed. (OBE) agenda. Rhetoric changed to "no-more-OBE" due to public outcry, but in 1993-94 they sent reps to a nat'l conference in CO to learn how to defeat opponents of OBE; sent reps throughout Ohio to advance OBE; refused to support removal of budget language which mandates OBE curriculum, requires licensure of teachers in OBE methods, and spends 18 million tax dollars on OBE related pilots; and continued the work of drafting goals and outcomes. (The Sun Courier, 2/17/94). No objection from "conservative, pro-family" DeWine. Troublesome student requirements still abound in the 1993-94 "Education for Results" pkg DeWine endorses.

**TAXES AND BIG GOVERNMENT:** DeWine helped George Bush break his "Read My Lips, No New Taxes" pledge, voting YES on the 1990 Omnibus Budget Reconciliation Act for FY 1991 (HR 5835). 74 Democrats voted against it. Congressman DeWine voted YES to raise the Dept. of Environmental Protection to Cabinet status (HR 3847) on 3/28/90. DeWine, YES (Reagan, No) on \$3.3 billion for FY 1989 Dept. of Energy authorization. Conservatives such as Danneheyner and Crane voted against HR 5158 for FY 1991, but DeWine voted FOR \$3.6 billion for HUD, EPA, and VA. He also voted FOR handing \$170.4 billion to the Depts. of Education, Labor, Health and Human Services (HR 5257), for FY 1991. Except for the VA, these appropriations are unconstitutional. DeWine voted FOR the controversial and costly American Disabilities Act (HR 2273, in July, 1990) which contains criminal penalties for not hiring, renting to AIDs patients, etc. The Voinovich-DeWine administration has given us the 2nd largest tax increase in Ohio's history. [FY = fiscal year.]

### JOEL HYATT

**ABORTION:** In the footsteps of his father-in-law, Howard Metzenbaum, Hyatt is "pledging to focus on abortion rights and health care reform" in the Senate campaign (AP Online, 6/3/94). Hyatt supports unrestricted abortion on demand up to the ninth month of pregnancy. On May 13, according to the AP wire, Hyatt announced that he would make his support of abortionists' right to kill innocent children a cornerstone of his campaign. The Democratic Party platform says, "Democrats stand behind the right of every woman to choose consistent with Roe v. Wade, regardless of ability to pay, and support a national law to protect that right."

**GUN CONTROL:** "The notion that we're going to make it more inconvenient for law-abiding citizens to have guns doesn't offend me..." Plain Dealer, 2/1/94; article also reported: "Hyatt also said he supports restrictions on the purchase of handguns beyond the recently approved Brady bill, which requires a five-day waiting period." In Plain Dealer, 2/6/94: "...I want to make it a lot harder for anyone to buy a gun." "...Hyatt acknowledged that he and Metzenbaum share many positions on issues, ranging from being pro-choice on abortion to believing that there is a need for more gun control legislation."

**EDUCATION:** The multi-billion dollar Department of Education and its lobbying arm, the National Education Association, are dependent upon the Democratic party's ideology and funding. Lacking a public-record statement from Hyatt on educational theory and practice, one can expect his support of the NEA, as well as the statist Goals 2000 now being pushed through Congress.

**TAXES AND BIG GOVERNMENT:** Since 1961, under a Democrat-controlled Federal legislature, 297 new federal commissions, councils, public corporations, grants and management programs have been created — in addition to all those which existed before. More than 60 new boards and commissions were empowered. Since 1988, the number of pages required in the Federal Register to list all new regulations, has zoomed from 53,376 pages to 67,716 in 1992. The number of Federal employees involved in issuing and enforcing regulations has increased from 104,360 in 1988 to an all-time high of 124,994 in 1992. The amount of taxpayer money the Federal gov't. spends each year administering its regulations increased from \$9.6 billion in 1988 to \$11.3 billion in 1992. Federal regulations are now costing the American people between \$881 billion and \$1.65 trillion a year. Hyatt is expected to continue the big-government tradition espoused by Metzenbaum.

[Positions and voting records cited here - compiled 6/15/94. Revisions forthcoming when records are made available.]

### JOE SLOVENEK

**ABORTION:** The only candidate acknowledging the humanity of pre-born children. No exceptions position: the baby should not be killed for the crimes or convenience of the parents. Medical ethics and U.S. medical technology renders "threat to the life of the mother" a moot point, Slovenec says. He will fight for pre-born Americans in the Senate, and will expose the truth about the highly profitable and totally unregulated abortion industry, including its harm and injury to millions of women. A nationally known pro-life fighter, Slovenec vigorously opposes the confirmation of any Federal appointees who promote and endorse abortion.

**GUN CONTROL:** Slovenec defends U.S. citizens' Second Amendment rights to keep and bear arms — without infringement. With an "A" rating from the Gun Owners of America and the National Rifle Association, Slovenec categorically opposes all restrictions on (non-felon) Americans in possession of any firearms. He is for a judicial system with guts to address crime control; and is against legislating "gun control." Slovenec says that any tampering with the 2nd Amendment is a dangerous step toward a police state and misses its point: to defend against criminal acts and governments gone awry.

**EDUCATION:** Vocal advocate of the U.S. Constitution, Slovenec promotes removing all Federal interference in education. He is in total support of parents to freely choose and guide the education of their children; and supports tax credits, not vouchers. (It's a matter of government control.) He promotes head-to-head competition by educational entrepreneurs with public school systems. Slovenec is against "Outcome Based Education" (OBE), and all other attempts to dumb down or "socialize" children according to government standards. He advocates the teaching of intensive phonics and other basic disciplines.

**TAXES AND BIG GOVERNMENT:** Slovenec is for limiting Federal taxing authority solely to that which is stated in the U.S. Constitution. For moving the power to tax back to the states in accordance with the 10th Amendment, and for drastically reducing Federal spending. For reinstating state rate taxes, and turning back the Federal spending clock 5 to 7 years, making the IRS unnecessary, pumping hundreds of billions of dollars into the economy — dollars (now controlled and squandered by the Federal government) that can be used to take care of local needs. Slovenec stands on the platform of the rapidly growing U.S. Taxpayers Party which outlines an action plan to reduce the reach and the grasp of the Federal Leviathan. It insists that "only those duties, functions and programs specifically assigned to the Federal government should be funded," and presents realistic solutions for taming the "tax and spend monster which is devouring the people it is supposed to be serving." For a copy of the platform, please call or write the Slovenec for Senate office. (OVER)

**MIKE DEWINE****JOEL HYATT****JOE SLOVENEK**

**HEALTH CARE / WELFARE:** An on-the-record DeWine position concerning universal health "security" is not available at this printing, but DeWine has capitulated to party leadership on all other issues. Republican leaders appear to believe that some socialized medicine is called for; that the Federal government is rightfully involved in the health care industry. Congressman DeWine voted NO on an amendment to cut spending for Health and Human Services, and Departments of Education and Labor by \$400 million (FY 1989, HR 4783).

**HEALTH CARE / WELFARE:** In the footsteps of Howard Metzenbaum, Democrat Hyatt is "pledging to focus on abortion rights and health care reform" in the Senate campaign (AP Online, 6/3/94). Re: "affordable health care," the 1992 platform of the Ohio Democratic Party says, "We view it as a basic right of every American family," and, "Ohio Democrats enthusiastically echo our national platform in declaring war on AIDS and HIV diseases. We seek full implementation of the recommendations of the National Commission on AIDS..." See Democratic national platform for welfare agenda.

**HEALTH CARE / WELFARE:** Supports getting the Federal gov't out of health and welfare business, with deregulation of insurance industry and "Great Society" subsidies phased out. He says market forces will be felt, and all will better afford health care as prices drop. NO to socialized medicine. More care for the needy as profits increase with deregulation. He promotes phasing out the welfare system, replacing with a pre-FDR "community chest" model: local assessment for services to the poor and indigent; no direct money given out; and citizens able to contribute — with a lower Federal tax burden.

**FOREIGN POLICY:** Has consistently voted YES to support internationalist organizations such as the U.N., International Monetary Fund (IMF), the World Bank. For example: \$8.4 billion increase in U.S. participation in IMF (HR 2957, 8/3/83); \$1.2 billion+ for State Dept. funding for U.N., IMF (HR 2915) for FY '84-85 (HR 2915, 11/18/83); for \$1.8 billion to international organization such as U.N. for FY 1991 (HR 5021, 1990). He voted FOR the INF treaty on 4/19/88 (HR 422); and YES for \$14.6 billion for Foreign Operations Appropriations (HR 3743, 11/20/89) and for \$14.4 billion in 5/25/88.

**FOREIGN POLICY:** Without a statement to date on Hyatt's foreign policy positions, one can assume his agreement with those of his campaign co-chairman, mentor and father-in-law, Howard Metzenbaum who said, "...I don't want anybody succeeding me in that seat who doesn't pretty well identify with just about all of my concerns..." (The Plain Dealer, June 9, 1994).

**FOREIGN POLICY:** Slovenec is for a strong national defense, protecting U.S. security interests, not pursuing some global vision. He says "No" to the New World Order and one-world government. Slovenec is opposed to the dismemberment of America's defense program. He is opposed to sending taxpayers' dollars to other governments, especially those which have been our enemies for years. He is opposed to U.S. involvement in the U.N., International Monetary Fund (IMF), the World Bank. He also supports the dismantling of the Agency for International Development.

**FAMILY:** By executive order #92-212V (8/26/92), the Voinovich-DeWine administration created the "Ohio Family and Children First" Initiative, and stated: "For purposes of [this] Initiative a family is a group of people related by blood or circumstances, who may rely upon one another for sustenance, support, security, socialization and/or stimulation." Citizens concerned about bureaucrats interpreting this as including homosexual arrangements were told by Voinovich-DeWine senior staff members that this definition is "non-negotiable."

**FAMILY:** One of the "most liberal" legislators in the history of U.S. government, Howard Metzenbaum said, "...I don't want anybody succeeding me in that seat who doesn't pretty well identify with just about all of my concerns..." (The Plain Dealer, June 9, 1994). To determine whether Joel Hyatt will be a friend to the American family, review the record of Howard Metzenbaum.

**FAMILY:** Slovenec defends conditions which preserve the traditional family and protect it from government interference. He defends the fact that many social ills can be remedied if we rescind those policies that are destructive to the nuclear family. Slovenec says that we must guard the family as the key institution of society that it is. Slovenec contends that Federal government programs have more often harmed than helped our families — and therefore have harmed our communities.

**POLITICAL CORRECTNESS:** DeWine voted FOR the 1988 and '90 "Hate Crimes Statistics" Acts (HR 3193 and HR 1048) which records real/imagined "hate crimes" against homosexuals, for example, but not against pro-life citizens. He also refused to vote Yes to expel Barney Frank from the House in 1990 after his homosexual brothel was exposed. After the Mapplethorpe and Christ-in-urine uproars, DeWine voted NO to abolish the National Endowment for the Arts (HR 4825). After obscenity restriction failed, DeWine voted FOR \$364 million for the NEA for FY 1991. Voinovich-DeWine adm. fired Ohio State Fair Director in 1992 for disallowing gay lobby booth (which had passed out flyers and condoms during Celeste's term), and reinstalled the homosexual booth in the 1992 and 1993 State Fairs.

**POLITICAL CORRECTNESS:** Generally supporting the Democratic platform and President Clinton, one can safely predict that Joel Hyatt will court the militant homosexual lobby. On June 11, 1994, Hyatt came out to publicly support the gay and lesbian community in Cleveland's "Gay Pride Day" activities. For a wider view of the Hyatt-Metzenbaum approach to codifying "political correctness," see the most recent platform of the Democratic National Committee.

**POLITICAL CORRECTNESS:** Slovenec says that the legitimate rights of individuals should be protected, but "lifestyle" choices of sodomy do not ensure special treatment. He opposes all attempts by homosexual activists to make sodomy a civil rights issue. He opposes all privileges to homosexuals which have been accorded to married couples, most especially with taxpayers' money. He opposes the blackmail tactics of the homosexual lobby on the AIDS problem, while refusing to change behaviors causing its spread.

**DEWINE:** Seen as a friend to the family, to business and taxpayers, his record tells another story. It shows that he consistently caves in to party leadership, even when others are willing to dissent. Challenged on his voting record, he excuses himself because "the others" voted that way. Millionaire lawyer DeWine initiated only ten pieces of legislation in his eight years in Congress. "Positioning himself as a centrist in the campaign, DeWine said voters were tired of ideology..." (The Cleveland Plain Dealer, 4/28/94).

**HYATT:** Joel Zylberberg changed his name to Joel Hyatt before becoming a TV commercial celebrity for Hyatt Legal Services. Millionaire lawyer Hyatt is the son-in-law of Howard Metzenbaum: "I love this seat and I make no bones about it," he said of the position he is vacating in January. "And I don't want anybody succeeding me in that seat who doesn't pretty well identify with just about all of my concerns..." Metzenbaum said (The Plain Dealer, 6/9/94). To predict Hyatt's record study the record of arch-liberal Howard Metzenbaum.

**SLOVENEK:** A recognized leader, Joe Slovenec, the father of 5, was a teacher and then a successful businessman before entering the ministry and national pro-life leadership. He is not a millionaire, nor is he a lawyer. Slovenec is a proven fighter, and has proven that he can stand alone to fight for what he believes. He believes that our government must be restored to the limits placed on it by our Constitution, and that the rights in the Bill of Rights are worth defending in the halls of Congress. He plans to take a leadership role in bringing this about.
