SUBJECT: Public Comment, AOR 1996-47

Reference: FEC COMPLAINT MUR 4284

It would appear that AOR 1996-47 and Complaint MUR 4284, filed 11/22/1995 are directly related. I believe both deserve full scrutiny by the FEC.

MUR 4284 detailed Ross Perot's efforts to preempt the volunteer grassroots United We Stand America (UWSA) organization in a State-by-State take-over by a paid staff directed from his third party Dallas Reform Party headquarters.

He set up the Dallas shop in order to run himself for President; all of the charges made in the MUR complaint have proved true.

Perot's current ploy is a complete dictatorial seizure of the legitimate volunteer organization of the Reform Party for his own purposes.

I ask your consideration to recognize the National Reform Party Steering Committee (AOR 1996-47) as the true voice of the Reform Party.

Sincerely,

Tom Linder
