FEC/Commission Secretary and Office of General Counsel

To Whom It May Concern:

This is our comment concerning campaign money that is being purposed to be used for a legal defense battle of Representative Peter Visclosky. When citizens give money to a candidate for a specific purpose (Peter's election to Congress), this money should ONLY be used for that reason. Therefore, Peter Visclosky needs to use his own money to defend the charges against him and NOT his campaign money.

Sincerely,

Daniel and Susan Martin
