Subject: Utah Bankers Association Advisory Opinion Request

Dear Mr. Sanderson:

In our telephone conversation earlier today, you provided us with additional information regarding the Utah Bankers Association's request for an advisory opinion. We have set out below our understanding of the points that you made during the conversation. Please review the statements below and either confirm their accuracy or correct any misperceptions.

1. Personnel of State bankers associations affiliated with the American Bankers Association who serve on the Traditional Banking Council and the Advisory Council (collectively, the "Councils") of Friends of Traditional Banking (the "Project") will do so as part of their regular employment responsibilities with the State banking associations and will be compensated accordingly by their employers.
2. For purposes of this advisory opinion request, the Commission should assume that all of the State bankers associations affiliated with the Utah Bankers Association are incorporated entities.
3. Members of the Councils are expected to forward at least some of the Project's email solicitations using their corporate employers' computers.
4. For purposes of the disclaimer question, the Project plans to send electronic mail of more than 500 substantially similar communications.
5. The Utah Bankers Association Action PAC is a party to this request, along with the Utah Bankers Association.

Please respond via e-mail. Your response may be treated as a supplement to Utah Bankers Association's advisory opinion request and, as such, may be posted on the Commission's website.

Thank you very much for your cooperation.

Sincerely,

RECEIVED  
FEDERAL ELECTION  
COMMISSION
