It is illogical that you are considering allowing a person who can never be sworn in as the President of the United States to declare as a candidate for President or Vice President, conduct a campaign and be on the ballot. And then possibly even give them federal matching funds to run such a campaign.

Seriously, what are you thinking? Check the Constitution. Only natural born citizens can hold the office of President of the United States. Therefore, logically, only natural born citizens can be a candidate for President.

Respectfully,
