I, as a citizen of this United States, am sick & tired of the oversized influence that wealthy contributors and large organizations have on our political process, especially since Citizens v. United, and am urging you to take strong action to retain whatever electoral integrity is still redeemable by maintaining full disclosure rules of all who would attempt such influence. I am unable to hire a team of lobbyists, but under We The People, it is one vote for each individual, correct? Why do these groups have more sway than an ordinary citizen?
