Esther,

Thank you for taking the time to speak with us this morning to clarify certain information in your advisory opinion request. In that request, you have asked "whether asking candidates to sign a contract with voters and then ceasing all communication with candidates, their campaigns and campaign volunteers regardless of their answers amounts to 'coordination' by [CAP] or not." In our telephone call this morning, you clarified that other than such communications about CAP's contract, CAP currently does not have any plans to communicate with any candidate at any time about any advertisements that CAP may run or other public communications that CAP may make.

This is correct.

Regards,

Victor Tiffany
