Subject: Pre-AOR 463 (Nabilah for GA) - Confirmation of Extension

Neil,

Thank you for forwarding the additional information we requested. Could you please confirm by reply to this email that the requestor will grant an extension of the advisory opinion request for a period of 30 days from the date on which the Commission holds its first open meeting with a quorum of at least four Commissioners?

We wanted to have this in writing in a clean email to circulate to Commissioners and add to the AO record that we publish on the Commission's website.

Thanks again,
Kevin
