Hi Kevin,

I am attaching our comments here. On the outstanding question, the number of recipients of a text can differ widely depending on the specific text and by committee – it may be as low as about a thousand or could be over a hundred thousand. It is hard to give a typical or average number.

Hope that helps and look forward to the meeting.

Best,

Jackie

Hi Rachel and Jackie,

I wanted to follow up to see whether you were able to obtain the requested information from your clients. Please let us know.

When you do, you can send that information in a new email (or as a reply to my original email) so our chain will not be added to the AO request record, if you'd like.

Many thanks,

Kevin

Hi Kevin,

We are in touch with our clients about the question you posted on October 29, 2021 and will get back to you as soon as we can on that front.

On the question about the November 10 open meeting, we would ask that you all push this advisory opinion request to an open meeting after November 12, 2021. Jackie Lopez, my colleague, is out of the office and unavailable on November 10, and she will be the primary point of contact when this advisory opinion request is discussed at an open meeting.

Thank you Rachel Jacobs

Good afternoon,

Further to the below, could you please also let us know the names and contact information for all counsel that intend to appear at the open meeting for which this matter on the agenda? I note that no draft advisory opinions have yet been made public; we would just like to be prepared in the event this matter is placed on the upcoming Nov. 10 meeting agenda. Thank you.

Kevin

Ms. Lopez and Ms. Jacobs,

Can you please provide the Commission with additional information regarding the scope of the DSCC's and DCCC's Texting Programs? Specifically, to how many recipients are any given text message sent, on average, by each committee?

This information will be used to supplement the advisory opinion request. I am happy to discuss if you have any questions.

Thank you.

Kevin
