RE: MUR 1201

Dear Mr. Harrison:

On March 2, 1982, the Commission accepted the conciliation agreement signed by you and a civil penalty in settlement of a violation of 2 U.S.C. § 441b, a provision of the Federal Election Campaign Act of 1971, as amended. Accordingly, the file has been closed in this matter, and it will become a part of the public record within thirty days. However, 2 U.S.C. § 437g(a)(4)(B) prohibits any information derived in connection with any conciliation attempt from becoming public without the written consent of the respondent and the Commission. Should you wish any such information to become part of the public record, please advise us in writing.

Enclosed you will find a fully executed copy of the final conciliation agreement for your files.

THE FEDERAL ELECTION COMMISSION

In the Matter of	]	
	]	MUR 1201
COMMITTEE FOR	]	
SURVIVAL OF A FREE CONGRESS	]	

CONCILIATION AGREEMENT

This matter was initiated on the basis of information ascertained by the Federal Election Commission ("FEC") in the normal course of carrying out its supervisory responsibilities. An investigation has been conducted and FEC has found reason to believe that Committee for Survival of a Free Congress ("Respondent") violated §316 of the Federal Election Campaign Act of 1971, as amended, 2 USCA §441b.

NOW, THEREFORE, Respondent and FEC, having duly participated in methods of conciliation, agree to the following.

1. FEC has jurisdiction over Respondent and over the subject matter of this proceeding.

2. This Agreement has the effect of a conciliation agreement reached pursuant to 2 USCA §437g(a)(4)(A)(i).

3. Respondent has had a reasonable opportunity to demonstrate that no action should be taken in this matter.

4. Respondent waives the procedures available to Respondent pursuant to 2 USCA §437g(a)(3).

5. The pertinent facts of the matter are as follows:

a. From 1976 through 1978 Respondent accepted 772 contributions, totalling $14,763.00, for which Respondent's records show addresses which indicate that the donor may have been corporate.

b. A review of 284 pages of Respondent's report filed for the years 1976, 1977 and 1978 shows that Respondent accepted 3,257 contributions, totalling $43,118.98, from business entities some or all of which may be corporations.

c. In addition to the foregoing, FEC has estimated, by the use of a statistical sample of the remaining 6,717 pages of Respondent's reports, that there may be approximately 1,460 contributions, totalling approximately $21,000.00, from business entities some or all of which may be corporations.

d. Respondent received the sum of $5,095.97 from corporations, a portion of which sum represents passthrough payments for travel performed by the Executive Director of Respondent in his individual capacity, a portion of which represents deposit of funds in error and a portion of which represents refunded corporate contributions.

6. Pursuant to 2 USCA §441b Respondent as a political committee is prohibited from accepting contributions from corporations.

WHEREFORE, Respondent agrees that:

7. Respondent's acceptance of the aforesaid contributions from corporations is in violation of 2 USC §441b.

8. Respondent will pay a civil penalty to the Treasurer of the United States in the amount of Nine Thousand Five Hundred Dollars ($9,500.00) pursuant to 2 USCA §437g(a)(5)(A).

9. Respondent will not undertake any activity which is in violation of the Federal Election Campaign Act of 1971, as amended, 2 USCA §§431 et seq.

General Conditions

10. FEC, upon request of anyone filing a complaint under 2 USCA §437g(a)(A)(1) concerning the matters at issue herein, or upon its own motion, may review compliance with this Conciliation Agreement. If FEC believes that this agreement or any requirement thereof has been violated, FEC may institute a civil

action for relief in the United States District Court for the District of Columbia.

11. It is mutually agreed that this Conciliation Agreement shall become effective as of the date all parties hereto have executed the same and FEC has approved the same.

MEMORANDUM

TO: CHARLES N. STEELE
GENERAL COUNSEL

THROUGH: B. ALLEN CLUTTER
STAFF DIRECTOR

FROM: BOB COSTA

SUBJECT: MUR 1201-COMMITTEE FOR SURVIVAL OF A FREE CONGRESS: LIST OF CORPORATE CONTRIBUTIONS

The Audit Division has received the Office of General Counsel's memorandum of November 25, 1981, which requests that a list be provided of each corporate contribution received by the Committee for the Survival of a Free Congress ("the Committee"). The memorandum notes that the auditors used a sampling approach to identify some of the corporate contributions received by the Committee and ultimately arrived at a projection of contributions from business entities and apparent corporate entities. A list of (apparent) corporate contributions is needed, the memorandum suggests, because of the difficulty in relying on a statistical sample in the probable cause brief. Accordingly, we have compiled the attached list of all previously identified Committee contributions from apparent corporate business and have included copies of Committee records which provide a mailing address for these entities.

Prior to compiling the attached list, members of the Audit staff met with Bill Taylor, the attorney assigned to the MUR, to decide the most practical method to prepare a list of corporate contributions and to decide how comprehensive it should be. Regarding the latter decision, two options were considered during the meeting. One involved the scheduling of apparent corporate contributions previously identified and summarized during the 100% review of Committee receipts. The other option would require the Audit staff to re-examine more than 6,700 of the 7,000 pages of records maintained on microfiche in order to identify the additional apparent corporate contributions which were estimated in the statistical sample.

2010133417

In weighing the two options, the value of the information readily available was considered, as was the cost and the additional value of obtaining a precise figure for the sampled portion of the receipts. The amount of apparent corporate Committee receipts identified, summarized and copied for the audit workpapers was 776 receipts totaling $15,003.* (Three sources are 751 receipts totaling $11,418 from the 100% review, 19 receipts totaling $250 from the sample review and 6 receipts totaling $3,335 from other Committee receipt records). This information could be compiled in the shortest amount of time and at the least cost to the Commission. On the other-hand, the amount of apparent corporate funds on the sampled portion of the records (6,717 microfiche pages) has not been previously estimated; however, the dollar amount of contributions from business and apparent corporate entities was estimated to be $20,955.49. Although the sample was not designed to facilitate a breakdown into business and apparent corporate receipts and the results may lack the precision necessary to make satisfactory estimate, our best estimate of the apparent corporate portion is approximately 351 receipts totaling $4,613.00.

Having developed this estimate, it was determined that the nominal value of the additional apparent corporate contributions did not appear to justify the rather substantial costs necessary to perform an additional review of the records, particularly since $15,003.00 of apparent corporate contributions have already been identified. A further review of the 6,717 pages of records would require the Audit staff to expend many manhours to make copies of pages containing corporate contributions, manually prepare a list (certain pecularities would preclude typing directly from the microfiche copies), and possibly type and proof the list.

Accordingly, the Audit Division has prepared and attached a list of all apparent corporate receipts specifically identified during the audit. In order to conserve the limited secretarial resources available to the Audit Division, we arranged with Bill Taylor to have the attached list manually prepared rather than typewritten, as is the normal procedure.

If you believe the further review of the 6,717 microfiche pages is essential to the resolution of the MUR or if you have any other questions concerning this matter, please contact Bruce Shelton at 3-4155.

* This figure has been increased slightly since the original referral (formerly 772 receipts totaling $14,823) and it excludes the 42 apparent corporate receipts totaling $10,176.59 received by the Committee and itemized as reimbursements for rent, office supplies, "xeroxing", travel, deposit of funds in error, campaign workshop-payments and returned corporate contributions.

Re: MUR 1201

Dear Mr. Harrison:

The Federal Election Commission notified you during the audit conducted in January, 1980 that the Committee for the Survival of a Free Congress may have violated certain sections of the Federal Election Campaign Act of 1971, as amended ("the Act") or Chapters 95 and 96 of Title 26, U.S. Code.

Upon further review of the information available to the Commission and information supplied by you, the Commission determined, on July 11, 1980, that there is reason to believe that the Committee may have violated 2 U.S.C. §441b and 2 U.S.C. §441a(a)(2)(A). A report on the Commission's finding is attached for your information. You may submit any factual or legal materials which you believe are relevant to the Commission's analysis of this matter.

In the absence of any additional information which demonstrates that no further action should be taken against your client, the Commission may find probable cause to believe that a violation has occurred, and proceed with formal conciliation. Of course, this does not preclude the settlement of this matter through informal conciliation prior to a finding of probable cause to believe if you so desire.

8201213561

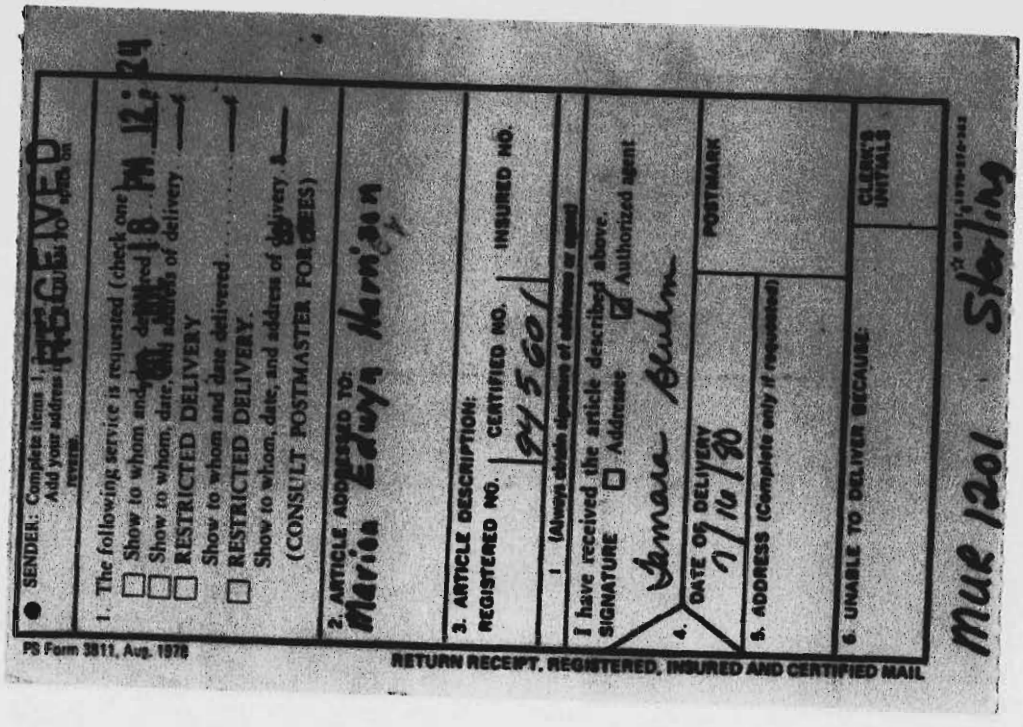

This matter will remain confidential in accordance with 2 U.S.C. §437g(a)(4)(B) and 437g(a)(12)(A) unless you notify the Commission in writing that you wish the matter to be made public.

If you have any questions, please contact Victor Sterling, the attorney assigned to this matter at 202-523-4175.

RESPONDENT Committee for the Survival of a Free Congress

Victor Sterling
202-523-4175

BACKGROUND

During the period from 1976 through 1978, the Committee for the Survival of a Free Congress accepted 3,944 apparent corporate contributions totalling $53,411.98 in violation of 2 U.S.C. §441b.

The Committee deposited rent payments totalling $5,079.62 from the Free Congress Research and Education Foundation, Inc., a corporation, into its campaign depository in violation of 2 U.S.C. §441b. In addition, receipts totalling $5,096.97 were received from corporations as reimbursements for office supplies, photocopying travel, deposit of funds in error, campaign workshop payments, and refunded corporate contributions for a total of $10,176.59.

The Committee is a multicandidate committee which supports conservative members and candidates for the House of Representatives and Senate.

It made eight contributions to the Hales for Congress Committee during the period from September 15, 1977 through March 28, 1978, relative to the March, 1978 primary election. During the period from March 8, 1978 through March 17, 1978, the aggregate contributions totalled $6,928.03, which is in excess of the $5,000 limitation of 2 U.S.C. §441a(a)(2)(A).

FACTUAL AND LEGAL ANALYSIS

The Commission's audit staff conducted a random sampling of the Committee's reports of receipts covering 1976 through 1978. The staff conducted a random sampling because the reports numbered 7000 pages. Accordingly a 100 percent review was conducted of each page containing five or more contributions from businesses. The resulting review of 284 pages revealed 3,944 apparent corporate contributions totalling $53,411.98 received by the committee. In a letter dated January 25, 1980 in response to inquiries about these contributions at the exit conference, the treasurer of the committee researched sixteen of the apparent corporate contributions and concluded that three were definitely personal contributions, seven "appeared" to be personal contributions, and six "may or may not be" corporate contributions. Counsel for the committee further indicated that the burden of determining whether the contributions were from corporations should not be on the committee.

8201013663

The review of the committee's reports also revealed the 42 receipts described below from incorporated organizations totalling $10,176.59.

		Total Receipts	Number of Receipts
I.	Reimbursements from the Free Congress Research and Education Foundation, Inc. for rent, office supplies, equipment usage, etc. The organization shares facilities and occupies the second floor of the building leased by the Committee.	$5,079.62	28
II.	Reimbursements from other incorporated organizations for travel expenses and photo-copies.	918.47	5
III.	Receipt of funds deposited in error from CSFC, Inc., a non-designated Committee depository used to accept receipts and make expenditures for campaign work-shops. This account received a number of corporate workshop fees.	1,678.50	1
IV.	Receipts for campaign workshops conducted by the Committee. Beginning in early 1978, the Committee discontinued depositing campaign workshop receipts into the CSFC, Inc. account (See III) and subsequently deposited receipts into the campaign depository.	1,700.00	4
V.	Corporate contributions deposited and subsequently returned to the contributing corporation. These receipts were not itemized in the reports but the reimbursement expenditures were disclosed.	800.00	4
	TOTALS	$ 10,176.59	42

8204031364

The audit staff's review of the Committee's reports also revealed that it made the following contributions to the Hales for Congress Committee, principal campaign committee for Dan Hales a candidate for representative who ran only in the March 1978 Illinois primary election.

Type of Contribution	Date	Amount	YTD Total
In-Kind	9/15/77	$ 143.61	$ 143.61
Transfer	10/12/77	215.00	358.61
In-Kind	12/09/77	101.00	459.61
In-Kind	1/11/78	298.42	758.03
Loan	1/25/78	4,000.00	4,758.03
In-Kind	2/1/78	170.00	4,928.03
Loan Repayment	3/08/78	(500.00)	4,428.03
Transfer	3/08/78	2,500.00	6,928.03
Loan Repayment	3/17/78	(3,500.00)	3,428.03
In-Kind	3/22/78	137.80	3,565.83

The aggregate amount of the contributions exceeded the $5,000 limitation during the period from March 8, 1978 through March 17, 1978, when it totalled $6,928.03.

The 3,944 apparent corporate contributions revealed in the random sampling indicate violations of 2 U.S.C. §441b. The 42 receipts from incorporated organizations for rent and expenses relative to an education seminar conducted by the committee are also corporate contributions. Such payments, even as repayments for goods and services rendered, are considered contributions (See AO 75-14 and 75-22). Since the Committee is a political committee functioning in connection with federal elections, the prohibitions of 2 U.S.C. §441b apply and bar the committee from receiving corporate contributions into its campaign depository.

The committee violated 2 U.S.C. §441a(a)(2)(A) in making contributions aggregating $6,928.03 to the Hales for Congress Committee relative to the March 1978 Illinois primary. However, the violation is mitigated by the fact that the contributions aggregated this amount only during the period from March 8, 1978 through March 17, 1978, when the Committee made a loan repayment in the amount of $3,500.

Based on the foregoing analysis, the Federal Election Commission has found reason to believe that the Committee for the Survival of a Free Congress violated 2 U.S.C. § 441b and 2 U.S.C. §441a(a)(2) (A).

SUMMARY OF ALLEGATIONS

During the period from 1976 through 1978, the Committee for the Survival of a Free Congress accepted 3,944 apparent corporate contributions totalling $53,411.98 in violation of 2 U.S.C. §441b.

The Committee deposited rent payments totalling $5,079.62 from the Free Congress Research and Education Foundation, Inc., a corporation, into its campaign depository in violation of 2 U.S.C. §441b. In addition, receipts totalling $5,096.97 were received from corporations as reimbursements for office supplies, photocopying travel, deposit of funds in error, campaign workshop payments, and refunded corporate contributions for a total of $10,176.59.

The Committee is a multicandidate committee which supports conservative members and candidates for the House of Representatives and Senate.

It made eight contributions to the Hales for Congress Committee during the period from September 15, 1977 through March 28, 1978, relative to the March, 1978 primary election. During the period from March 8, 1978 through March 17, 1978, the aggregate contributions totalled $6,928.03, which is in excess of the $5,000 limitation of 2 U.S.C. §441a(a)(2)(A).

FACTUAL AND LEGAL ANALYSIS

The Commission's audit staff conducted a random sampling of the Committee's reports of receipts covering 1976 through 1978. The staff conducted a sampling because the reports numbered 7000 pages.

Accordingly a 100 percent review was conducted of each page containing five or more contributions from businesses. The resulting review of 284 pages revealed 3,944 apparent corporate contributions totalling $53,411.98 received by the committee. Counsel for the committee further indicated that the burden of determining whether the contributions were from corporations should not be on the committee.

The review of the committee's reports also revealed the 42 receipts described below from incorporated organizations totalling $10,176.59.

		Total Receipts	Number of Receipts
I.	Reimbursements from the Free Congress Research and Education Foundation, Inc. for rent, office supplies, equipment usage, etc. The organization shares facilities and occupies the second floor of the building leased by the Committee.	$5,079.62	28

The audit staff's review of the Committee's reports also revealed that it made the following contributions to the Hales for Congress Committee, principal campaign committee for Dan Hales a candidate for representative who ran only in the March 1978 Illinois primary election.

Type of Contribution	Date	Amount	YTD Total

The aggregate amount of the contributions exceeded the $5,000 limitation during the period from March 8, 1978 through March 17, 1978, when it totalled $6,928.03.

The 3,944 apparent corporate contributions revealed in the random sampling indicate violations of 2 U.S.C. §441b. The 42 receipts from incorporated organizations for rent and expenses relative to an education seminar conducted by the committee are also corporate contributions. Such payments, even as repayments for goods and services rendered, are considered contributions (See AO 75-14 and 75-22). Since the Committee is a political committee functioning in connection with federal elections, the prohibitions of 2 U.S.C. §441b apply and bar the committee from receiving corporate contributions into its campaign depository.

The committee violated 2 U.S.C. §441a(a)(2)(A) in making contributions aggregating $6,928.03 to the Hales for Congress Committee relative to the March 1978 Illinois primary. However, the violation is mitigated by the fact that the contributions aggregated this amount only during the period from March 8, 1978 through March 17, 1978, when the Committee made a loan repayment in the amount of $3,500.

Re: MUR 1201

Dear Mr. Harrison:

The Federal Election Commission notified you during the audit conducted in January, 1980 that the Committee for the Survival of a Free Congress may have violated certain sections of the Federal Election Campaign Act of 1971, as amended ("the Act") or Chapters 95 and 96 of Title 26, U.S. Code.

Upon further review of the information available to the Commission and information supplied by you, the Commission determined, on , 1980, that there is reason to believe that the Committee may have violated 2 U.S.C. §441b and 2 U.S.C. §441a(a)(2)(A). A report on the Commission's finding is attached for your information. You may submit any factual or legal materials which you believe are relevant to the Commission's analysis of this matter.

In the absence of any additional information which demonstrates that no further action should be taken against your client, the Commission may find probable cause to believe that a violation has occurred, and proceed with formal conciliation. Of course, this does not preclude the settlement of this matter through informal conciliation prior to a finding of probable cause to believe if you so desire.

Audit

Dear Mr. Shelton:

Dr. Charles A. Moser, Treasurer, Committee for the Survival of a Free Congress ("CSFC"), with considerable expenditure of effort, has researched 16 instances in which your auditors tentatively conclude that CSFC accepted corporate contributions.

The following list shows those as to which a source document proves the check did not emanate from a corporation.

L. A. Dippel Sporting Goods
Box 93
Old Glory, Texas 79540
12/6/77 $5.00
[Personal check from L. A. Dippel]

Haggard & Provenza Inc.

[Personal check from Mr. Joe Provenza]

Allen-Talley Oil Company
Box 8090
Long View, Texas 75601
3/3/77 $5.00
[Check marked "Self-employed"]

The following list shows donors as to which the bank is unable to locate a check to accompany the source document but it appears the check in each instance was personal. In addition, all except the first and fifth contain no triggering word.

John B. Rossi Co.
3470 Three Mile Road

From the foregoing 16 which Dr. Moser researched, we thus find that three (Dippel, Haggard & Provenza, Allen-Talley) are not corporate contributions; eight (Hanover, Lanes, Rayne, Knights, Arney's, Elle's, Western and Henley) offer no clue that they might be corporations; and the remaining five (GFE, Marshall, Nice-Ice, Rossi and Keeling) may or may not be incorporated, there being no clear evidence either way.

8201136777

Thus, the sampling indicates that some figure between zero and five out of 16 is the maximum number of contributions within the sampling that might have come from a corporation.

Assuming arguendo that all five are corporate, because the amounts are de minimis and the identification unclear, there is at most a technical offense. Whether there is any offense at all depends upon who has the burden of proof in finding out whether the five that might be incorporated, in fact, are incorporated. We do not think as a matter of law CSFC has that burden of proof. As a matter of justice, because the matter is de minimis, we do not think either side should be burdened with it.

As you know, we are speaking to 1977. CSFC cannot correct the past. The possibility of the problem no longer exists.

If the auditors have any doubt as to this aspect of the audit, we should have another meeting before the matter is presented to the full Federal Election Commission.

Sincerely,

MARION EDWYN HARRISON

MEMORANDUM

TO: CHARLIE STEELE
ACTING GENERAL COUNSEL

THROUGH: ORLANDO B. POTTER
STAFF DIRECTOR

FROM: BOB COSTA/CRAIG RUSSELL

SUBJECT: SUPPLEMENT TO REFERRAL OF MATTER NOTED DURING THE AUDIT OF THE COMMITTEE FOR THE SURVIVAL OF A FREE CONGRESS

During the audit of the Committee for the Survival of a Free Congress ("the Committee"), a matter concerning an excessive contribution to a Federal candidate, a violation of 2 U.S.C. 441a(a)(2)(A), was noted and is being referred to your office for consideration and review. On October 5, 1979 a separate matter involving receipt of corporate contributions by the Committee was referred to your office. Some additional information regarding these receipts is also presented in this memorandum. You may wish to consider these referrals in the same context.

Our review of the Committee's disclosure reports and records revealed that the Committee exceeded the limitation on contributions by contributing $6,928.03 to a Federal candidate who participated in only one (1) election (the primary). The contributions were made to Hales for Congress Committee (IL) and included transfers, in-kind contributions and a loan for $4,000. The loan of funds, in addition to other contributions, resulted in the aggregate contribution being in excess of the limitations for 10 days. A partial loan repayment subsequently reduced the aggregate contribution below $5,000.00, as indicated by the following:

8201013672

CONTRIBUTIONS TO DAN HALES (IL)

Type of Contribution	Election 1/	Date	Amount	YTD Total

Loan	Primary	1/25/78	4,000.00	4,758.03
In-Kind	-	2/01/78	170.00	4,928.03
Loan Repayment	Primary	3/08/78	(500.00)	4,428.03
Transfer	Primary	3/08/78	2,500.00	6,928.03
Loan Repayment	Primary	3/17/78	(3,500.00)	3,428.03
In-Kind	-	3/22/78	137.80	3,565.83

This matter was brought to the attention of Committee officials during the exit conference. They indicated that, under the advice of legal counsel, loans were not considered contributions if repaid before the election. In consonance with that opinion, the loan repayments were made prior to the Illinois primary on March 31, 1978.

Regarding the receipt of corporate funds noted in the October 5, 1979 referral, the additional information provided below will serve to supplement and clarify the issue of reimbursement receipts mentioned briefly in page 3 of the referral.

Our review of the Committee's disclosure reports and receipt records indicated the Committee received 42 receipts from incorporated organizations totaling $10,176.59. These receipts were reported as reimbursements for rent, office supplies, "xeroxing" and travel; deposit of funds in error; campaign workshop payments; and contributions which were subsequently returned to the corporate contributor. These receipts have been broken down into the following categories to assist the review process:

1/ The Schedule B's used by the Committee did not provide for the allocation of expenditures by election.

		Total Receipts	Number of Receipts
I.	Reimbursements from the Free Congress Research and Education Foundation, Inc. for rent, office supplies, equipment usage, etc. The organization shares facilities and occupies the second floor of the building leased by the Committee.	$5,079.62	28
II.	Reimbursements from other unincorporated organizations for travel expenses and "xerox" copies.	918.47	5
III.	Receipt of funds deposited in error from CSFC, Inc., a non-designated Committee depository used to accept receipts and make expenditures for campaign workshops. This account received a number of corporate workshop fees.	1,678.50	1
IV.	Receipts for campaign workshops conducted by the Committee. Beginning in early 1978, the Committee discontinued depositing campaign workshop receipts into the CSFC, Inc. account (See III) and subsequently deposited receipts into the campaign depository.	1,700.00	4
V.	Corporate contributions deposited and subsequently returned to the contributing corporation. These receipts were not itemized in the reports but the reimbursement expenditures were disclosed.	800.00	4
	TOTALS	$10,176.59	42

8204211631

Copies of receipt and expenditure schedules have been included (see attached) to provide further details on these transactions. The schedules have been highlighted and identified by the catagories noted above (I through V). Finally, the corporate status of each entity has been confirmed with the appropriate secretary of state.

In your response to this referral, we feel the following questions should be addressed regarding the above miscellaneous corporate receipts:

1) May these receipts, in each case, be deposited into the campaign depository or must they be separated and not commingled with voluntary contributions?

2) Are campaign workshops conducted by the Committee considered Federal activity which would require disclosure on the Committee's reports?

If you have any questions regarding this matter, please contact Bruce Shelton or Craig Russell at extension 3-4155.

MEMORANDUM

TO: Robert Costa/Craig Russell

THROUGH: Orlando B. Potter
Staff Director

FROM: Charles N. Steele
Acting General Counsel

SUBJECT: Referral of Matter Noted During the Audit of the Committee for the Survival of a Free Congress

Pursuant to discussions between Beverly Brown and Bruce Shelton with regard to the above-named matter, the Office of General Counsel suggests the Audit Division supplement its referral to include the issues raised as to the application of disclosure requirements as they pertain to vendor receipts and expenditures. We would like to include all aspects of the matter in an analysis or matter under review.

Re: Committee for Survival of a Free Congress
Your reference: 2SV1/78-69

Dear Mr. Potter:

Our client the Committee for Survival of a Free Congress ("CSFC"), 6 Library Court, S.E., Washington, D. C. 20003, has referred to us your letter of September 6, 1978, reference as above.

Your letter attaches an excerpt from a CSFC report which shows CSFC receipt from several corporations of payment for employee attendance at a workshop conducted by CSFC and denominated on the report the "March workshop". Your letter states that "Corporate *contributions* are prohibited . . . unless . . . made by a separate segregated fund established by the corporation . . ." and recommends that if CSFC has accepted prohibited contributions that it return them. [Italics supplied.]

On infrequent occasion CSFC does receive corporate contributions and returns them without negotiating the check. On an even more infrequent occasion CSFC, in spite of the exercise of due diligence, inadvertently has negotiated a corporate check. On each such occasion CSFC, upon imminent discovery of the error, has refunded the full amount of the corporate contribution. As CSFC's reports to the Federal Election Commission indicate, there has been no problem in this regard.

However, the monies at issue herein are payments in the nature of fees, uniformly charged corporate and non-corporate students, and are not contributions.

The "March workshop" is one of a series of seminars consisting of courses of instruction in the mechanics of election - for example, how one identifies unregistered voters, how one registers unregistered voters, how one organizes a precinct or other voting unit, how one communicates, how one raises funds. The utility of such instruction is applicable equally to a federal, state or local election. The basic principles and modes of operation essentially are the same, subject, of course, to variations for the type of office, type of constituency, local political climate, local demography and the like. The workshop is one of generalized instruction, unrelated to a particular election. A collegiate political science instructor, teaching (as some occasionally do) a practicum rather than theory, would teach the same subjects and/or kinds of subjects.

"It is unlawful for . . . any corporation . . . to make a contribution or expenditure *in connection with* any [federal] election . . ." 2 USC §441(b). [Italics supplied.]

For the reasons previously discussed, the subject corporate expenditures are not "contributions". See also 2 USC §431(e); 11 CFR §301(e).

In addition to not constituting generally a contribution, these payments also fail to constitute a contribution for the same reason they fail to constitute an "expenditure".

A "'contribution' . . . means a . . . deposit of money or anything of value made for the purpose of . . . influencing [a federal] election . . ." 2 USC §431(e)(1)(A); 11 CFR §301(e)(1)(A). Similarly, an "'expenditure' . . . means a . . . payment . . . made for the purpose of . . . influencing [a federal] election . . ." 2 USC §431(f)(1)(A); 11 CFR §301(f)(1)(A). Because the March workshop is unconnected with any federal - or other - election, a payment by a corporate employer for the tuition of a corporate employee constitutes neither a contribution nor an expenditure but a payment for a prescribed fee - a direct quid pro quo.

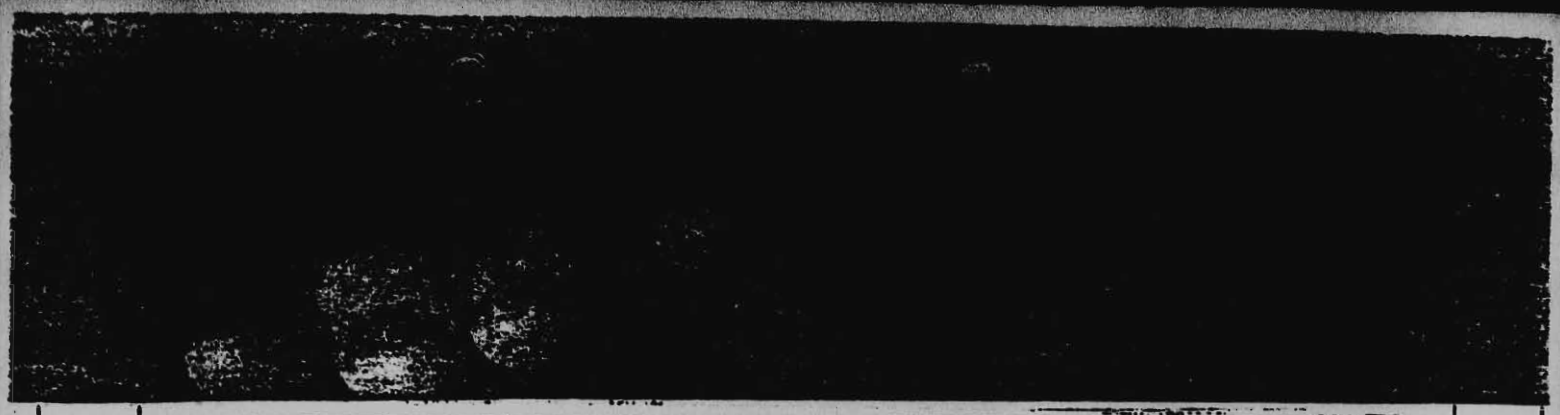

CSFC would be glad to furnish additional information should you seek it.

Sincerely,

MARION EDWYN HARRISON

MEMORANDUM

TO: BILL OLDAKER

THROUGH: ORLANDO B. POTTER
STAFF DIRECTOR

FROM: BOB COSTA/JOANN McSORLEY

SUBJECT: REFERRAL OF MATTER NOTED DURING THE AUDIT OF THE COMMITTEE FOR THE SURVIVAL OF A FREE CONGRESS

8201371715

During the audit of The Committee for the Survival of A Free Congress ("the Committee"), a matter concerning possible corporate contributions, an apparent violation of 2 U.S.C. 441b, was noted, and is being referred to your office for consideration and review.

The scope of the audit covered the period January 1, 1977 through June 30, 1979, the most recent report filed by the Committee at the time of the audit. During our review of the 1977-1979 records for apparent/possible corporate contributions, we noted a substantial number of these contributions occurring in 1976 and because of their magnitude, they have been included in this referral.

An analysis of these contributions requires that they be separated into two (2) categories: 1) apparent corporate contributions with Inc. or Incorporated listed in the business name contained in the records and 2) possible corporate contributions without Inc. or Incorporated listed in the business name contained in the records. The number of these apparent/possible corporate contributions is so large that an effort to determine the corporate status of each, prior to referral, is not practicable.

The Committee's receipt records for 1976-1978 numbered 7001 pages and were stored on microfiche. (Receipt records for 1979 were reviewed separately. Changes in the receipt processing system for 1979 minimized any problems with apparent/possible corporate receipts for that year.) The volume of the records required a sampling approach be utilized and as a result, the review was performed in two phases. A 100% review was performed of each page containing five (5) or more contributions from a business. The remaining pages, those with four (4) or less business contributions, were reviewed on a random sample basis.

The first group of contributor records, reviewed on a 100% basis, indicated that 3,944 possible corporate contributions, totaling $53,411.98, were received by the Committee. (Of these totals, 2,461 possible corporate contributions totaling $32,842.95, were received by the Committee in 1976.) A total of 751 contributions (19.04% of the items), amounting to $11,288.00 (21.02% of the dollar total), contained variations of the word "incorporated" in the name/title of the contributor. The remaining 3,193 contributions (80.96% of the items), amounting to $42,183.98 (78.98% of the dollar total), were from business entities variously identified on the contributor records as company, associates, etc.

The second group of contributor records, reviewed on a random sample basis, indicated that 79 possible corporate contributions, totaling $1,135.00, were received by the Committee. Of these, 15 contributions (18.99% of the items), amounting to $200.00 (17.62% of the dollar total), contained variations of the word "incorporated" in the name/title of the contributor. The remaining 64 contributions (81.01% of the items), amounting to $935.00 (82.38% of the dollar total) were from business entities variously identified on the contributor records as company, associates, etc.

Projection of the aforementioned figures for the random sample by group (79 items, totaling $1,135.00) would indicate that we could expect to find approximately 1,457 items, totaling approximately $20,955.49, if a 100% review of this group of records were undertaken.

As noted above, the corporate status of the business entities has not been confirmed with the Secretaries of State. This matter is being forwarded to your office for disposition prior to the Audit staff making a recommendation to the Committee to provide for a refund or evidence of non-corporate status.

In addition to the above issue, we also noted 44 receipts from incorporated organizations, totaling $13,786.04, which were reported as payments for campaign workshops conducted by the Committee, reimbursements for office supplies, "xeroxing," travel expenses of Committee staff and office space shared with an incorporated organization. It would appear that these receipts would not fall into the category of "corporate contributions" but rather, reimbursements or payments for services rendered.

If you have any questions regarding this matter, please contact Bruce Shelton or Joann McSorley at extension 3-4155.

Re: Committee for the Survival of a Free Congress
FEC #C00019976
Audit

Dear Mr. Shelton:

Dr. Charles A. Moser, Treasurer, Committee for the Survival of a Free Congress ("CSFC"), with considerable expenditure of effort, has researched 16 instances in which your auditors tentatively conclude that CSFC accepted corporate contributions.

The following list shows those as to which a source document proves the check did not emanate from a corporation.

L. A. Dippel Sporting Goods
Box 93
Old Glory, Texas 79540
12/6/77 $5.00
[Personal check from L. A. Dippel]

Haggard & Provenza Inc.
3550 Hulen
Fort Worth, Texas 76107
8/22/77 $10.00
[Personal check from Mr. Joe Provenza]

Allen-Talley Oil Company
Box 8090
Long View, Texas 75601
3/3/77 $5.00
[Check marked "Self-employed"]

The following list shows donors as to which the bank is unable to locate a check to accompany the source document but it appears the check in each instance was personal. In addition, all except the first and fifth contain no triggering word.

John B. Rossi Co.
3470 Three Mile Road
Grand Rapids, Michigan
3/1/77 $10.00

Knights Major Appliance Service
842 Pemberton Drive
Wilmington, North Carolina 28401
3/1/77 $5.00

Arney's Nutritional Products
1004 S. Seminole Drive
Chattanooga, Tennessee 37412
3/1/77

Elle's Interior Design
7505 Ridgewood Drive
Gladstone, Oregon 97027
5/31/77

Keeling Company
616 S. Shatto Place
Los Angeles, California 90005
8/4/77 $5.00

Western Maintenance
1169 First Street
Clovis, California 93612
9/26/77 $5.00

Henley Brothers
Pond Creek, Oklahoma 73766
12/5/77

8204031719

The following list shows donations which may or may not be from corporate sources, source document evidence being lacking, but as to three of the six there is no clue because no triggering word.

GFE Translation Co.
6807 Winter Lane
Annandale, Virginia 22003
9/6/77 $5.00

Marshall Oil Co.
Box 930
Keyser, West Virginia 26726
8/15/77 $25.00

Hanover Ace Hardware 230
6644 Barrington Road
Hanover Park, Illinois 60103
7/5/77 $50.00

Nice-Ice Mfg. Co.
1012 East 15th Street
Cheyenne, Wyoming 82001
8/18/77 $10.00

Lanes Feed & Sport Supply
RR 2, Box 410
Prairie du Chien, Wisconsin 53821
8/12/77 $20.00

Rayne Water Conditioning
6267 Riverdale Street
San Diego, California 92120
3/3/77 $10.00

From the foregoing 16 which Dr. Moser researched, we thus find that three (Dippel, Haggard & Provenza, Allen-Talley) are not corporate contributions; eight (Hanover, Lanes, Rayne, Knights, Arney's, Elle's, Western and Henley) offer no clue that they might be corporations; and the remaining five (GFE, Marshall, Nice-Ice, Rossi and Keeling) may or may not be incorporated, there being no clear evidence either way.

8204031720

Thus, the sampling indicates that some figure between zero and five out of 16 is the maximum number of contributions within the sampling that might have come from a corporation.

Assuming arguendo that all five are corporate, because the amounts are de minimis and the identification unclear, there is at most a technical offense. Whether there is any offense at all depends upon who has the burden of proof in finding out whether the five that might be incorporated, in fact, are incorporated. We do not think as a matter of law CSFC has that burden of proof. As a matter of justice, because the matter is de minimis, we do not think either side should be burdened with it.

As you know, we are speaking to 1977. CSFC cannot correct the past. The possibility of the problem no longer exists.

If the auditors have any doubt as to this aspect of the audit, we should have another meeting before the matter is presented to the full Federal Election Commission.

Sincerely,

MARION EDWYN HARRISON

MEMORANDUM

TO: CHARLIE STEELE
[redacted] GENERAL COUNSEL

THROUGH: ORLANDO B. POTTER
STAFF DIRECTOR

FROM: BOB COSTA/CRAIG RUSSELL

SUBJECT: SUPPLEMENT TO REFERRAL OF MATTER NOTED DURING THE AUDIT OF THE COMMITTEE FOR THE SURVIVAL OF A FREE CONGRESS

During the audit of the Committee for the Survival of a Free Congress ("the Committee"), a matter concerning an excessive contribution to a Federal candidate, a violation of 2 U.S.C. 441a(a)(2)(A), was noted and is being referred to your office for consideration and review. On October 5, 1979 a separate matter involving receipt of corporate contributions by the Committee was referred to your office. Some additional information regarding these receipts is also presented in this memorandum. You may wish to consider these referrals in the same context.

Our review of the Committee's disclosure reports and records revealed that the Committee exceeded the limitation on contributions by contributing $6,928.03 to a Federal candidate who participated in only one (1) election (the primary). The contributions were made to Hales for Congress Committee (IL) and included transfers, in-kind contributions and a loan for $4,000. The loan of funds, in addition to other contributions, resulted in the aggregate contribution being in excess of the limitations for 10 days. A partial loan repayment subsequently reduced the aggregate contribution below $5,000.00, as indicated by the following:

CONTRIBUTIONS TO DAN HALES (IL)

Type of Contribution	Election 1/	Date	Amount	YTD Total
In-Kind	-	9/15/77	$ 143.61	$ 143.61
Transfer	-	10/12/77	215.00	358.61
In-Kind	-	12/09/77	101.00	459.61
In-Kind	-	1/11/78	298.42	758.03
Loan	Primary	1/25/78	4,000.00	4,758.03
In-Kind	-	2/01/78	170.00	4,928.03
Loan Repayment	Primary	3/08/78	(500.00)	4,428.03
Transfer	Primary	3/08/78	2,500.00	6,928.03
Loan Repayment	Primary	3/17/78	(3,500.00)	3,428.03
In-Kind	-	3/22/78	137.80	3,565.83

This matter was brought to the attention of Committee officials during the exit conference. They indicated that, under the advice of legal counsel, loans were not considered contributions if repaid before the election. In consonance with that opinion, the loan repayments were made prior to the Illinois primary on March 31, 1978.

Regarding the receipt of corporate funds noted in the October 5, 1979 referral, the additional information provided below will serve to supplement and clarify the issue of reimbursement receipts mentioned briefly in page 3 of the referral.

Our review of the Committee's disclosure reports and receipt records indicated the Committee received 42 receipts from incorporated organizations totaling $10,176.59. These receipts were reported as reimbursements for rent, office supplies, "xeroxing" and travel; deposit of funds in error; campaign workshop payments; and contributions which were subsequently returned to the corporate contributor. These receipts have been broken down into the following categories to assist the review process:

1/ The Schedule B's used by the Committee did not provide for the allocation of expenditures by election.

		Total Receipts	Number of Receipts
I.	Reimbursements from the Free Congress Research and Education Foundation, Inc. for rent, office supplies, equipment usage, etc. The organization shares facilities and occupies the second floor of the building leased by the Committee.	$5,079.62	28
II.	Reimbursements from other unincorporated organizations for travel expenses and "xerox" copies.	918.47	5
III.	Receipt of funds deposited in error from CSFC, Inc., a non-designated Committee depository used to accept receipts and make expenditures for campaign workshops. This account received a number of corporate workshop fees.	1,678.50	1
IV.	Receipts for campaign workshops conducted by the Committee. Beginning in early 1978, the Committee discontinued depositing campaign workshop receipts into the CSFC, Inc. account (See III) and subsequently deposited receipts into the campaign depository.	1,700.00	4
V.	Corporate contributions deposited and subsequently returned to the contributing corporation. These receipts were not itemized in the reports but the reimbursement expenditures were disclosed.	800.00	4
	TOTALS	$10,176.59	42

8204137 24

Copies of receipt and expenditure schedules have been included (see attached) to provide further details on these transactions. The schedules have been highlighted and identified by the catagories noted above (I through V). Finally, the corporate status of each entity has been confirmed with the appropriate secretary of state.

In your response to this referral, we feel the following questions should be addressed regarding the above miscellaneous corporate receipts:

1) May these receipts, in each case, be deposited into the campaign depository or must they be separated and not commingled with voluntary contributions?

2) Are campaign workshops conducted by the Committee considered Federal activity which would require disclosure on the Committee's reports?

If you have any questions regarding this matter, please contact Bruce Shelton or Craig Russell at extension 3-4155.

MEMORANDUM

TO: Robert Costa/Craig Russell

THROUGH: Orlando B. Potter
Staff Director

FROM: Charles N. Steele
Acting General Counsel

SUBJECT: Referral of Matter Noted During the Audit of the Committee for the Survival of a Free Congress

Pursuant to discussions between Beverly Brown and Bruce Shelton with regard to the above-named matter, the Office of General Counsel suggests the Audit Division supplement its referral to include the issues raised as to the application of disclosure requirements as they pertain to vendor receipts and expenditures. We would like to include all aspects of the matter in an analysis or matter under review.

MEMORANDUM

TO: BILL OLDAKER

THROUGH: ORLANDO B. POTTER
STAFF DIRECTOR

FROM: BOB COSTA/JOANN McSORLEY

SUBJECT: REFERRAL OF MATTER NOTED DURING THE AUDIT OF THE COMMITTEE FOR THE SURVIVAL OF A FREE CONGRESS

During the audit of The Committee for the Survival of A Free Congress ("the Committee"), a matter concerning possible corporate contributions, an apparent violation of 2 U.S.C. 441b, was noted, and is being referred to your office for consideration and review.

The scope of the audit covered the period January 1, 1977 through June 30, 1979, the most recent report filed by the Committee at the time of the audit. During our review of the 1977-1979 records for apparent/possible corporate contributions, we noted a substantial number of these contributions occurring in 1976 and because of their magnitude, they have been included in this referral.

An analysis of these contributions requires that they be separated into two (2) categories: 1) apparent corporate contributions with Inc. or Incorporated listed in the business name contained in the records and 2) possible corporate contributions without Inc. or Incorporated listed in the business name contained in the records. The number of these apparent/possible corporate contributions is so large that an effort to determine the corporate status of each, prior to referral, is not practicable.

The Committee's receipt records for 1976-1978 numbered 7001 pages and were stored on microfiche. (Receipt records for 1979 were reviewed separately. Changes in the receipt processing system for 1979 minimized any problems with apparent/possible corporate receipts for that year.) The volume of the records required a sampling approach be utilized and as a result, the review was performed in two phases. A 100% review was performed of each page containing five (5) or more contributions from a business. The remaining pages, those with four (4) or less business contributions, were reviewed on a random sample basis.

The first group of contributor records, reviewed on a 100% basis, indicated that 3,944 possible corporate contributions, totaling $53,411.98, were received by the Committee. (Of these totals, 2,461 possible corporate contributions totaling $32,842.95, were received by the Committee in 1976.) A total of 751 contributions (19.04% of the items), amounting to $11,288.00 (21.02% of the dollar total), contained variations of the word "incorporated" in the name/title of the contributor. The remaining 3,193 contributions (80.96% of the items), amounting to $42,183.98 (78.98% of the dollar total), were from business entities variously identified on the contributor records as company, associates, etc.

The second group of contributor records, reviewed on a random sample basis, indicated that 79 possible corporate contributions, totaling $1,135.00, were received by the Committee. Of these, 15 contributions (18.99% of the items), amounting to $200.00 (17.62% of the dollar total), contained variations of the word "incorporated" in the name/title of the contributor. The remaining 64 contributions (81.01% of the items), amounting to $935.00 (82.38% of the dollar total) were from business entities variously identified on the contributor records as company, associates, etc.

Projection of the aforementioned figures for the random sample by group (79 items, totaling $1,135.00) would indicate that we could expect to find approximately 1,457 items, totaling approximately $20,955.49, if a 100% review of this group of records were undertaken.

As noted above, the corporate status of the business entities has not been confirmed with the Secretaries of State. This matter is being forwarded to your office for disposition prior to the Audit staff making a recommendation to the Committee to provide for a refund or evidence of non-corporate status.

In addition to the above issue, we also noted 44 receipts from incorporated organizations, totaling $13,786.04, which were reported as payments for campaign workshops conducted by the Committee, reimbursements for office supplies, "xeroxing," travel expenses of Committee staff and office space shared with an incorporated organization. It would appear that these receipts would not fall into the category of "corporate contributions" but rather, reimbursements or payments for services rendered.

If you have any questions regarding this matter, please contact Bruce Shelton or Joann McSorley at extension 3-4155.
