RE: MUR 2179

Dear Ms. Seawell:

The Federal Election Commission reviewed the allegations of your complaint filed on May 23, 1986, and determined, on September 9, 1986, on the basis of the information provided in the complaint and information provided by the respondents, that there is reason to believe the Considine for Senate Committee and Marjory Saunders, as treasurer, violated 2 U.S.C. § 441a(f) by knowingly making expenditures on behalf of Terence Considine in the primary election which exceeded the limitations imposed on contributions under 2 U.S.C. 441a(a). The Commission also determined on September 9, 1986, that there was no reason to believe Terence Considine violated any provision of the Federal Election Campaign Act of 1971, as amended ("the Act").

After considering the circumstances of the matter, the Commission subsequently determined on December 16, 1986, to take no further action against the Considine for Senate Committee and Marjory Saunders, as treasurer. Accordingly, on December 16, 1986, the Commission closed its file in this matter. The Act allows a complainant to seek judicial review of the Commission's dismissal of this action. See 2 U.S.C. § 437g(a)(8).

8704062652

Should additional information come to your attention which you believe establishes a violation of the Act, you may file a complaint pursuant to the requirements set forth in 2 U.S.C. § 437g(a)(1) and 11 C.F.R. § 111.

RE: MUR 2179
Considine for Senate Committee; Marjory Saunders, as treasurer

Dear Mr. Baran:

On September 9, 1986, the Commission found reason to believe that your clients, the Considine for Senate Committee and Marjory Saunders, as treasurer, violated 2 U.S.C. § 441a(f). On October 20, 1986, you submitted your clients' response to the Commission's finding and answers to questions propounded by the Commission.

After considering the circumstances of the matter, the Commission determined on December 16, 1986, to take no further action against your clients and closed the file in this matter. The file in this matter will be made part of the public record within 30 days. Should you wish to submit any materials to appear on the public record, please do so within 10 days.

The Commission reminds your clients that it is nevertheless a violation of 2 U.S.C. § 441a(f) for a political committee to make expenditures knowingly in the primary election which exceed the limitations imposed on contributions under 2 U.S.C. § 441a(a).

GENERAL COUNSEL'S REPORT

I. BACKGROUND

On September 9, 1986, the Commission determined that there is reason to believe the Considine for Senate Committee ("Committee") and Marjory Saunders, as treasurer, violated 2 U.S.C. § 441a(f) by knowingly making expenditures on behalf of Terence Considine in the primary election which exceeded the limitations imposed on contributions under 2 U.S.C. § 441a(a). The Commission's finding concerned the use of contributions designated for the 1986 general election in the 1986 primary election.

On September 12, 1986, the Committee and Marjory Saunders, as treasurer, were notified of the Commission's finding and requested to answer certain questions issued by the Commission. On September 23, 1986, counsel for the respondents submitted a request for an extension of time to respond. By letter dated September 30, 1986, counsel was notified that the requested extension had been granted. On October 20, 1986, the respondents submitted their response to the Commission's finding and questions (Attachment 1), and supplemented such response on November 25, 1986 (Attachment 2).

8704052259

II. FACTUAL AND LEGAL ANALYSIS

The Committee's response repeated its earlier explanation in response to the complaint that the general election contributions received prior to the primary election were deposited into the Committee's checking account and then transferred into a separate general election savings account.1/ The Committee also reemphasized that no expenditures were ever made from the general election account for any reason and that after Terence Considine's withdrawal as a candidate the $43,989 in general election contributions were refunded to the contributors. This office notes that at the time of the reason to believe finding the above information was known to the Commission. The reason to believe finding reflected the fact that the Committee failed to address whether the general election contributions were used to benefit the primary election while they were on deposit in the primary election checking account. The questions issued by the Commission pertained to use of the general election contributions during the time they were deposited in the primary election checking account.

In response to the questions issued in this matter, the Committee provided the date of deposit of the general election contributions into the Committee's checking account and the subsequent date of deposit into the Committee's general election savings account. This office's review of this information

1/Contributions to the general election totalled $43,989 from 51 contributors who had contributed the maximum for the primary election.

8704052660

revealed that the general election contributions remained in the primary election checking account for an average of 20 days. Eight of the 51 general election contributions were deposited in the primary election checking account for only one day, whereas 15 of the remaining 43 general election contributions were deposited in the primary election checking account for more than 20 days.2/

The Committee responded to the question whether any general election contributions were used to pay expenses for the primary election while such contributions were on deposit in the primary election checking account by asserting that "[a]t no time did the Committee pay expenses in connection with the primary election which exceeded contributions on hand for the primary campaign." The Committee did admit, however, in response to another interrogatory, that "there were two dates on which the balance in the Committee's checking account was reported by the bank to be smaller than the amount of general election funds held therein." The Committee explained that "[t]hese dates were April 9th, for one day only, and on April 14, for one day only."

According to the response, on April 9, 1986, the total of the general election funds on deposit in the primary election checking account was $3,039 and the balance of the checking account was $601.71, or a $2,437.29 difference. On April 14, 1986, the total of the general election funds on deposit in the primary election checking account was $3,539 and the balance of

2/The longest period of time any particular general election contribution was deposited in the primary election checking account was 85 days.

8704062661

the checking account was $1,108.45, or a difference of $2,430.55. The affidavit of the Committee's Chairman attests that the low checking account balance on the above two dates was the result of inadvertent miscalculation and "[a]t no time did the Committee intend to draw upon general election contributions for use in the primary campaign." The miscalculation occurred, according to the affidavit, when a check written on March 31, 1986, in the amount of $50,000 was mistakenly entered into the checking account ledger as a $5,000 check thereby wrongly leading the Committee to believe, in early April when it drew on the account, that the Committee had $45,000 more in its checking account than was actually the case.

The affidavit asserts that the error was discovered on April 14, 1986, when the checking account was reconciled and additional primary election contributions were immediately placed into the account. The Committee's response emphasizes that "despite the above accounting error the Committee still had sufficient undeposited funds on hand at all times to pay primary campaign expenses." The response maintains that on both April 9 and 14, 1986, the Committee had on hand and prepared for deposit primary election contributions in excess of the difference between the general election contributions in the primary election checking account and the account balance.3/

3/The response and affidavit state that on April 9, 1986, and April 14, 1986, the Committee had $2,779 and $4,202, respectively, in undeposited primary election contributions in its possession.

8704052266 2

The response concludes with the assertion that at all times the amount of primary election funds on hand exceeded the amount of general election contributions in the checking account.

From the information presented by the Committee it appears that general election contributions were utilized for the primary election during a two day period. Such use, however, appears to have been due to a miscalculation of the amount of funds on hand in the Committee's checking account. Although the Committee possessed enough undeposited primary election contributions to cover the amount of general election contributions used, this circumstance does not alter the fact that general election contributions were utilized in the primary election in violation of 2 U.S.C. § 441a(f).

Several factors in this matter, however, form the basis for this office's recommendation that the Commission take no further action against the Committee and Marjory Saunders, as treasurer. First, a finding of reason to believe has been made against the respondents thereby putting them on notice as to the seriousness of the violation. Second, the use of the general election contributions resulted from a bookkeeping error rather than an effort to circumvent the Act. Third, such use of the funds occurred on two days only. Fourth, relatively small amounts of general election funds were involved (approximately $2400 per occurrence). Fifth, the Committee possessed enough undeposited primary election contributions to cover the amount of the general election contributions used, and finally, the Committee attempted to correct the error as soon as it was discovered. It is,

8704022663

therefore, for the foregoing reasons that this office recommends the closing of the file in this matter.

III. RECOMMENDATIONS

1. Take no further action against the Considine for Senate Committee and Marjory Saunders, as treasurer, and close the file in this matter.

2. Approve the attached letters.

Re: MUR 2179

Dear Mr. Steele:

This letter and the accompanying Affidavit and Exhibits respond to the Commission's determination of September 9, 1986 that there is reason to believe that the Considine for Senate Committee, Inc. ("Committee"), and Marjory Saunders, as treasurer, may have used contributions designated for the 1986 general election for the 1986 primary election campaign.

The Commission, in its letter of September 12, 1986, propounded a series of questions, and, in a letter dated September 30, 1986, granted a request for an extension of time in this matter until October 20, 1986. Accordingly, this letter, including the Committee's response to the

Attachment 1(1)

8704052265

Commission's questions, sworn to under oath by the Chairman of the Committee, is submitted for the Commission's consideration.

I. The Facts

As explained in our initial response to the complaint in MUR 2179, filed with the Commission on July 8, 1986, the Considine for Senate Committee received a number of contributions for the general election campaign during the months prior to the primary election. Such contributions were deposited into the Committee's checking account upon receipt, and were then transferred to a separate account specifically designated to hold general election funds. No expenditures were ever made from that general election account, for any purpose. It was closed and the money returned to contributors following Terence Considine's withdrawal as a candidate for the Republican nomination for the United States Senate. At that point, $43,989.00 was refunded to contributors. This sum represented a full and complete refund of all general election contributions.

8704052266

II. The Commission's Questions

The Commission, upon receipt of this information, has asked three questions of Respondents. All of these questions concern the Committee's accounting for general election contributions following the time they were deposited in the Committee's checking account and prior to the time they were placed in the separate general election account. The questions, and Respondent's answers to them, sworn to under oath on the accompanying document, are set out below:

Question One

For each contribution accepted by the Committee and designated for the 1986 general election state the date of the deposit of the contribution into the Committee's checking account and the date of deposit of the contribution into the Committee's general election account.

Answer One

See Exhibit 1.

Question Two

For each contribution listed in question 1 state whether, while on deposit in the Committee's checking account, such contribution was at any time used to pay expenses in connection with the 1986 primary election. If the answer is yes, state the total amount of general election contributions used for the primary election, and the dates of the use of those contributions.

Answer Two

The Considine for Senate Committee maintained a record of all contributions received, and accounted separately for funds contributed to the primary and general

8704522667

election campaigns. At no time did the Committee pay expenses in connection with the primary election which exceeded contributions on hand for the primary campaign.

However, as the answer to question three, below, indicates, there were two dates on which the balance in the Committee's checking account was reported by the bank to be smaller than the amount of general election funds held therein. These dates were April 9th, for one day only, and on April 14, for one day only. The checking account balance on those dates, however, did not reflect the total of all funds on hand for use in the primary campaign. As explained below, in the answer to question three, the Committee had other contributions in its possession but not yet deposited in the checking account which more than covered the difference between the balance of the checking account and the sum of the general election funds on deposit in the checking account.

R 7040522668

8704052266 9

Question Three

During the period that general election contributions were deposited in the Committee's checking account, state whether at any time the balance in the checking account dropped below the total amount of the general election contributions on deposit as of that date. If the answer is yes, state the date of the balance in the checking account, the amount of general election funds on deposit as of that date, and the amount of the balance in the checking account.

Answer Three

There were two calendar days between the dates of December 3, 1985 (when the first deposit of general election funds was made into the Committee's checking account) and April 21, 1986 (when the last general election contribution was transferred out of the checking account) that the checking account balance was lower at the end of the banking day than the amount of general election funds on deposit in the account on that date. As the attached schedule (see Exhibit 2) indicates, these days were April 9, 1986 and April 14, 1986.

On April 9 the total of the general elections funds on deposit in the checking account was $3,039 and the balance of the checking account was $601.71, or a $2,437.29 difference. On April 14, the total of the general elections funds on deposit in the checking account was $3,539 and the

balance of the checking account was $1,108.45, or a difference of $2,430.55.

As the accompanying Affidavit by the Committee's Chairman, Paul W. Ogle, states (see Exhibit 3), the low checking account balance on these two days was the result of inadvertent miscalculation, and was absolutely not an attempt to convert general election funds to primary campaign use. Further, the Committee in fact had on hand on both April 9 and April 14 undeposited funds in excess of the difference between the general election contributions on deposit in the checking account and the bank's calculation of the balance of that account, and therefore did not convert general election funds to primary campaign use.

As Mr. Ogle's Affidavit states, there would have been no question but for the fact that a Committee check, written on March 31, 1986 in the amount of $50,000, was mistakenly entered into the checking account ledger as a $5,000 check on that date. Thus, at the time that the Committee was drawing upon the checking account in early April it wrongly believed that the account balance was near $50,000 (when in fact it was under $10,000). This error was

8704062267O

discovered when the account was reconciled on April 14, 1986, and additional primary contributions were immediately placed in the account.

While this error was indeed unfortunate, the fact that the Committee's ledger indicated there were some $45,000 more in primary funds in the checking account throughout this period than were actually present does explain how the account's balance was inadvertently drawn below the amount of general election contributions deposited therein. This occurrence, on the dates of April 9 and 14, was completely unintentional, as Mr. Ogle's Affidavit demonstrates. There was never any intent to utilize general election contributions in the primary campaign.

Fortunately, despite the above accounting error the Committee still had sufficient undeposited funds on hand at all times to pay primary campaign expenses. As Mr. Ogle's Affidavit states, it was the Committee's practice to receive contributions, enter them into its ledgers, make two photocopies and then deposit them in the bank when several such contributions had accumulated. As Exhibits 4 and 5 show, the Committee had on hand and prepared for deposit in the checking account, on both April 9 and April 14, primary

8704522671

campaign funds in excess of the difference between the general contributions in the checking account and the account balance. The sums were as follows:

Date	Total Gen. Funds in Checking Acct	Balance of Checking Account	Amount on Hand, but not yet Deposited	Total Primary Funds on Hand
April 8	$3,039.00	$ 8,518.38	$2,779.00	$ 11,297.38
April 9	$3,039.00	$ 601.71	$2,779.00	$ 3,380.71
April 10	$3,039.00	$ 9,332.27	$ .00	$ 9,332.27
April 13	$3,539.00	$ 5,189.51	$4,202.00	$ 9,391.51
April 14	$3,539.00	$ 1,108.45	$4,202.00	$ 5,310.45
April 15	$3,539.00	$191,222.25	$4,202.00	$195,404.25

These figures demonstrate that the Committee at all times had on hand funds in excess of the general election contributions on deposit in the checking account.

Sincerely,

Jan W. Baran

Affidavit of Paul W. Ogle

Paul W. Ogle, being duly sworn, deposes and says:

1. I am Paul W. Ogle, Chairman of the Considine for Senate Committee (the "Committee"), and campaign director of the Considine campaign for the Republican nomination for the United States Senate in Colorado in 1986 (the "Campaign").

2. I am familiar with the practices of the Committee in receiving, accounting for, and depositing contributions for both the primary and general election campaigns.

3. It was the practice of the Committee upon receipt of contributions to enter the amounts received in the Committees records, make two copies of each check, and deposit the checks into the Committee's bank accounts. On occasion, checks would be allowed to accumulate for short periods of time, and deposit tickets for several days worth of contributions written, before the deposits were actually taken to the bank.

4. A check was written on the Committee's checking account in the amount of $50,000 on March 31, 1986.

5. I was informed on April 14, 1986 that, upon reconciling the checking account bank statements that day, it had been discovered that the check had been mistakenly entered into the Committee's books on March 31, 1986 in the amount of $5,000 rather than $50,000.

6. A number of checks were written after March 31, 1986 and before April 14, 1986 on the Committee's checking account. During this period I mistakenly believed that the Committee had $45,000 more in its checking account than was actually the case.

7. During the time period March 31, 1986 to April 16, 1986, the Committee received a number of contributions to the primary campaign which were not immediately deposited in the checking account. As a result, on April 9th the Committee had in its possession, but not yet deposited,

8704052678

contributions to the primary campaign totalling $2,779. On April 14th the Committee similarly had in its possession, but not yet deposited, contributions to the primary campaign totalling $4,202.

8. At no time did the Committee intend to draw upon general election contributions for use in the primary campaign. It was the Committee's normal practice to maintain a balance in the checking account of many thousands of dollars above the amount of the general election contributions therein. The accounting error which occurred was inadvertant and rectified as soon as it was discovered. At all times, however, the amount of primary election funds on hand exceeded the amount of general election contributions in the Committee's checking account.

RE: MUR 2179
Considine for Senate Committee; Marjory Saunders, as treasurer

Dear Mr. Baran:

On September 9, 1986, the Commission found reason to believe that your clients, the Considine for Senate Committee and Marjory Saunders, as treasurer, violated 2 U.S.C. § 441a(f). On October 20, 1986, you submitted your clients' response to the Commission's findings and answers to questions propounded by the Commission.

After considering the circumstances of the matter the Commission determined on , 1986, to take no further action against your clients and close the file in this matter. The file in this matter will be made part of the public record within 30 days. Should you wish to submit any materials to appear on the public record, please do so within 10 days.

The Commission reminds your clients that it is nevertheless a violation of 2 U.S.C. § 441a(f) for a political committee to make expenditures knowingly in the primary election which exceed the limitations imposed on contributions under 2 U.S.C. § 441a(a).

RE: MUR 2179

Dear Ms. Seawell:

The Federal Election Commission reviewed the allegations of your complaint filed on May 23, 1986, and determined, on September 9, 1986, on the basis of the information provided in the complaint and information provided by the respondents, that there is reason to believe the Considine for Senate Committee and Marjory Saunders, as treasurer, violated 2 U.S.C. § 441a(f) by knowingly making expenditures on behalf of Terence Considine in the primary election which exceeded the limitations imposed on contributions under 2 U.S.C. 441a(a). The Commission also determined on September 9, 1986, that there was no reason to believe Terence Considine violated any provision of the Federal Election Campaign Act of 1971, as amended ("the Act").

After considering the circumstances of the matter, the Commission subsequently determined on , 1986, to take no further action against the Considine for Senate Committee and Marjory Saunders, as treasurer. Accordingly, on , 1986, the Commission closed its file in this matter. The Act allows a complainant to seek judicial review of the Commission's dismissal of this action. See 2 U.S.C. § 437g(a)(8).

Re: MUR 2179

Dear Mr. Steele:

This letter and the accompanying Affidavit and Exhibits respond to the Commission's determination of September 9, 1986 that there is reason to believe that the Considine for Senate Committee, Inc. ("Committee"), and Marjory Saunders, as treasurer, may have used contributions designated for the 1986 general election for the 1986 primary election campaign.

The Commission, in its letter of September 12, 1986, propounded a series of questions, and, in a letter dated September 30, 1986, granted a request for an extension of time in this matter until October 20, 1986. Accordingly, this letter, including the Committee's response to the

87040622692

Commission's questions, sworn to under oath by the Chairman of the Committee, is submitted for the Commission's consideration.

I. The Facts

As explained in our initial response to the complaint in MUR 2179, filed with the Commission on July 8, 1986, the Considine for Senate Committee received a number of contributions for the general election campaign during the months prior to the primary election. Such contributions were deposited into the Committee's checking account upon receipt, and were then transferred to a separate account specifically designated to hold general election funds. No expenditures were ever made from that general election account, for any purpose. It was closed and the money returned to contributors following Terence Considine's withdrawal as a candidate for the Republican nomination for the United States Senate. At that point, $43,989.00 was refunded to contributors. This sum represented a full and complete refund of all general election contributions.

8704062269 3

87040522694

II. The Commission's Questions

The Commission, upon receipt of this information, has asked three questions of Respondents. All of these questions concern the Committee's accounting for general election contributions following the time they were deposited in the Committee's checking account and prior to the time they were placed in the separate general election account. The questions, and Respondent's answers to them, sworn to under oath on the accompanying document, are set out below:

Question One

For each contribution accepted by the Committee and designated for the 1986 general election state the date of the deposit of the contribution into the Committee's checking account and the date of deposit of the contribution into the Committee's general election account.

Answer One

See Exhibit 1.

Question Two

For each contribution listed in question 1 state whether, while on deposit in the Committee's checking account, such contribution was at any time used to pay expenses in connection with the 1986 primary election. If the answer is yes, state the total amount of general election contributions used for the primary election, and the dates of the use of those contributions.

Answer Two

The Considine for Senate Committee maintained a record of all contributions received, and accounted separately for funds contributed to the primary and general

election campaigns. At no time did the Committee pay expenses in connection with the primary election which exceeded contributions on hand for the primary campaign.

However, as the answer to question three, below, indicates, there were two dates on which the balance in the Committee's checking account was reported by the bank to be smaller than the amount of general election funds held therein. These dates were April 9th, for one day only, and on April 14, for one day only. The checking account balance on those dates, however, did not reflect the total of all funds on hand for use in the primary campaign. As explained below, in the answer to question three, the Committee had other contributions in its possession but not yet deposited in the checking account which more than covered the difference between the balance of the checking account and the sum of the general election funds on deposit in the checking account.

R 7040522695

8704052269 96

Question Three

During the period that general election contributions were deposited in the Committee's checking account, state whether at any time the balance in the checking account dropped below the total amount of the general election contributions on deposit as of that date. If the answer is yes, state the date of the balance in the checking account, the amount of general election funds on deposit as of that date, and the amount of the balance in the checking account.

Answer Three

There were two calendar days between the dates of December 3, 1985 (when the first deposit of general election funds was made into the Committee's checking account) and April 21, 1986 (when the last general election contribution was transferred out of the checking account) that the checking account balance was lower at the end of the banking day than the amount of general election funds on deposit in the account on that date. As the attached schedule (see Exhibit 2) indicates, these days were April 9, 1986 and April 14, 1986.

On April 9 the total of the general elections funds on deposit in the checking account was $3,039 and the balance of the checking account was $601.71, or a $2,437.29 difference. On April 14, the total of the general elections funds on deposit in the checking account was $3,539 and the

balance of the checking account was $1,108.45, or a difference of $2,430.55.

As the accompanying Affidavit by the Committee's Chairman, Paul W. Ogle, states (see Exhibit 3), the low checking account balance on these two days was the result of inadvertent miscalculation, and was absolutely not an attempt to convert general election funds to primary campaign use. Further, the Committee in fact had on hand on both April 9 and April 14 undeposited funds in excess of the difference between the general election contributions on deposit in the checking account and the bank's calculation of the balance of that account, and therefore did not convert general election funds to primary campaign use.

As Mr. Ogle's Affidavit states, there would have been no question but for the fact that a Committee check, written on March 31, 1986 in the amount of $50,000, was mistakenly entered into the checking account ledger as a $5,000 check on that date. Thus, at the time that the Committee was drawing upon the checking account in early April it wrongly believed that the account balance was near $50,000 (when in fact it was under $10,000). This error was

8704052697

discovered when the account was reconciled on April 14, 1986, and additional primary contributions were immediately placed in the account.

While this error was indeed unfortunate, the fact that the Committee's ledger indicated there were some $45,000 more in primary funds in the checking account throughout this period than were actually present does explain how the account's balance was inadvertently drawn below the amount of general election contributions deposited therein. This occurrence, on the dates of April 9 and 14, was completely unintentional, as Mr. Ogle's Affidavit demonstrates. There was never any intent to utilize general election contributions in the primary campaign.

Fortunately, despite the above accounting error the Committee still had sufficient undeposited funds on hand at all times to pay primary campaign expenses. As Mr. Ogle's Affidavit states, it was the Committee's practice to receive contributions, enter them into its ledgers, make two photocopies and then deposit them in the bank when several such contributions had accumulated. As Exhibits 4 and 5 show, the Committee had on hand and prepared for deposit in the checking account, on both April 9 and April 14, primary

8704052698

campaign funds in excess of the difference between the general contributions in the checking account and the account balance. The sums were as follows:

Date	Total Gen. Funds in Checking Acct	Balance of Checking Account	Amount on Hand, but not yet Deposited	Total Primary Funds on Hand
April 8	$3,039.00	$ 8,518.38	$2,779.00	$ 11,297.38
April 9	$3,039.00	$ 601.71	$2,779.00	$ 3,380.71
April 10	$3,039.00	$ 9,332.27	$ .00	$ 9,332.27
April 13	$3,539.00	$ 5,189.51	$4,202.00	$ 9,391.51
April 14	$3,539.00	$ 1,108.45	$4,202.00	$ 5,310.45
April 15	$3,539.00	$191,222.25	$4,202.00	$195,404.25

These figures demonstrate that the Committee at all times had on hand funds in excess of the general election contributions on deposit in the checking account.

Sincerely,

Jan W. Baran

Affidavit of Paul W. Ogle

Paul W. Ogle, being duly sworn, deposes and says:

1. I am Paul W. Ogle, Chairman of the Considine for Senate Committee (the "Committee"), and campaign director of the Considine campaign for the Republican nomination for the United States Senate in Colorado in 1986 (the "Campaign").

2. I am familiar with the practices of the Committee in receiving, accounting for, and depositing contributions for both the primary and general election campaigns.

3. It was the practice of the Committee upon receipt of contributions to enter the amounts received in the Committees records, make two copies of each check, and deposit the checks into the Committee's bank accounts. On occasion, checks would be allowed to accumulate for short periods of time, and deposit tickets for several days worth of contributions written, before the deposits were actually taken to the bank.

4. A check was written on the Committee's checking account in the amount of $50,000 on March 31, 1986.

5. I was informed on April 14, 1986 that, upon reconciling the checking account bank statements that day, it had been discovered that the check had been mistakenly entered into the Committee's books on March 31, 1986 in the amount of $5,000 rather than $50,000.

6. A number of checks were written after March 31, 1986 and before April 14, 1986 on the Committee's checking account. During this period I mistakenly believed that the Committee had $45,000 more in its checking account than was actually the case.

7. During the time period March 31, 1986 to April 16, 1986, the Committee received a number of contributions to the primary campaign which were not immediately deposited in the checking account. As a result, on April 9th the Committee had in its possession, but not yet deposited,

8704062706

contributions to the primary campaign totalling $2,779. On April 14th the Committee similarly had in its possession, but not yet deposited, contributions to the primary campaign totalling $4,202.

8. At no time did the Committee intend to draw upon general election contributions for use in the primary campaign. It was the Committee's normal practice to maintain a balance in the checking account of many thousands of dollars above the amount of the general election contributions therein. The accounting error which occurred was inadvertent and rectified as soon as it was discovered. At all times, however, the amount of primary election funds on hand exceeded the amount of general election contributions in the Committee's checking account.

Attn: Maura White Calloway

Dear Mr. Steele:

Pursuant to your letter of September 12, 1986, I respectfully request a 20 day extension of time, until Monday, October 20, 1986, in which to file a response to the Commission's questions on behalf of my client. The Considine for Senate campaign ended several months ago. Personnel have left the State and files have been placed in storage. As a result, my client has informed me that additional time will be necessary to assemble the detailed financial information needed to respond fully to the Commission's questions.

Re: MUR 2179
Considine for Senate Committee Inc.; Marjory Saunders, as treasurer; Terence Considine

Dear Mr. Baran:

The Federal Election Commission notified your clients, Considine for Senate Committee Inc. ("Committee"), Marjory Saunders, as treasurer, and Terence Considine, on June 2, 1986, of a complaint alleging violations of certain sections of the Federal Election Campaign Act of 1971, as amended ("the Act"). A copy of the complaint was forwarded to your clients at that time.

Upon further review of the allegations contained in the complaint, and information supplied on behalf of your clients, the Commission determined on September 9, 1986, that there is reason to believe the Committee and Marjory Saunders, as treasurer, violated 2 U.S.C. § 441a(f), a provision of the Act. Specifically, it appears that contributions designated for the 1986 general election may have been used for the 1986 primary election while such contributions were deposited in the Committee's checking account. By so doing, the Committee made expenditures in excess of the limitations imposed on contributions under 2 U.S.C. § 441a. All of the general election contributions involved ($43,989) were from individuals who had previously contributed the maximum amount ($1,000) for the primary election.

In addition, the Commission determined on September 9, 1986, that there is no reason to believe Terence Considine violated any provision of the Act.

8704022714

Your clients' response to the Commission's initial notification of this complaint did not provide complete information regarding the matter. Consequently, the Commission has issued the attached questions. The answers to the questions should be submitted under oath within fifteen days of your receipt of this letter. At that time you may also submit any factual or legal materials that you believe are relevant to the Commission's analysis of this matter.

If you are interested in pursuing pre-probable cause conciliation, you should so request in writing. See 11 C.F.R. § 111.18(d). Upon receipt of the request, the Office of General Counsel will make recommendations to the Commission either proposing an agreement in settlement of the matter or recommending declining that pre-probable cause conciliation be pursued. The Office of General Counsel may recommend that pre-probable cause conciliation not be entered into at this time so that it may complete its investigation of the matter. Further, requests for pre-probable cause conciliation will not be entertained after briefs on probable cause have been mailed to the respondent.

Requests for extensions of time will not be routinely granted. Requests must be made in writing at least five days prior to the due date of the response and specific good cause must be demonstrated. In addition, the Office of General Counsel is not authorized to give extensions beyond 20 days.

This matter will remain confidential in accordance with 2 U.S.C. §§ 437g(a)(4)(B) and 437g(a)(12)(A) unless you notify the Commission in writing that you wish the matter to be made public.

If you have any questions, please contact Maura White Callaway, the staff member assigned to this matter, at 376-5690.

GENERAL COUNSEL'S REPORT

I. BACKGROUND

On May 23, 1986, Buie Seawell, chairman of the Colorado State Democratic Party, filed a complaint against Terence Considine, the Considine for Senate Committee Inc. ("Committee"), and Marjory Saunders, as treasurer. Notification of the complaint was mailed to the respondents on June 2, 1986.

By letter dated June 23, 1986, counsel for the respondents requested an extension of 20 days in which to respond to the complaint's allegations. On June 27, 1986, counsel was notified that the requested extension had been granted. On July 2, 1986, a First General Counsel's Report was circulated to the Commission noting that subsequent to the respondents' reply to the complaint this Office would prepare a report containing specific recommendations. On July 8, 1986, the respondents submitted their response to the complaint's allegations (Attachment 1).

II. FACTUAL AND LEGAL ANALYSIS

The complaint alleges that the respondents used contributions donated for the 1986 general election campaign of Terence Considine for the United States Senate to influence the

8704043227220

1986 primary election.1/ To document its claim, the complainant provided a copy of the Committee's 1985 Year-End and 1986 April Quarterly Reports. According to the complainant, these reports show that during the period of July 1, 1985, through March 31, 1986, the respondents received a total of $35,539 in contributions designated for the 1986 general election, and that as of March 31, 1986, the Committee had a cash-on-hand balance of $2,844.21. The complainant identified 37 individuals who contributed the above $35,539 in general election contributions, and noted further that such individuals had "contributed up to their limit for the primary election."2/

The complainant argues that the respondents' reports demonstrate that general election contributions were used to influence the 1986 primary election campaign. The complainant notes that all operating expenditures disclosed on

8704052272 1

1/ The primary election in Colorado was held on August 12, 1986. However, on June 7, 1986, subsequent to the republican precinct caucuses, Terence Considine withdrew from the senatorial race.

This office notes that in Advisory Opinion 1978-25 the Commission determined that the party conventions in Colorado do not have authority to nominate Senate candidates and would not be separate elections under the contribution limitations. Although Colorado has made revisions to its election law and renumbered its sections since 1978, it has not substantively changed the provisions on which the Commission based its ruling in Advisory Opinion 1978-25.

2/Based upon a review of the reports appended to the complaint, this office has identified 38 individuals who contributed to the general election campaign, with such contributions totalling $35,539. In addition, the Committee's 1986 July Quarterly Report disclosed the receipt of $8,450 in general election contributions from 13 individuals. All of the 13 individuals had previously contributed the maximum amount ($1000) to the primary election.

the reports "are identified as having been disbursed for the primary election," and that "[n]one of the debts reported in either of the reports are identified as general election debts." The complainant further notes that the "loans and loan repayments disclosed on both reports are all identified as having been made in connection with the primary election."

The complainant recognizes that it is permissible to receive contributions for the general election prior to the primary election, but argues that the regulations "require that such general election funds be kept, by a reasonable accounting method, separate from all other funds, 11 C.F.R. 102.9(e), and those funds may not be spent to influence any other election." The complainant cites to Advisory Opinion 1980-122 wherein the "FEC refused to allow the campaign of an unsuccessful primary candidate to use funds collected for the general election to retire primary debts." Based upon the foregoing, the complainant asserts that because "Respondent Considine has spent contributions made for the general election in connection with his primary election . . . . he has thereby accepted, and the contributors have made, contributions in excess of the lawful contribution limits in 2 U.S.C. § 441a."

In conclusion, the complaint argues that the amount at issue is significant in that it constitutes approximately 25 percent of the Committee's total receipts since January 1, 1986. The complaint further notes that the "[r]espondents cannot argue that some of their expenditures were for general election purposes (e.g., to buy media time in advance) since there is no indication

8704522722

on the face of the reports that any of the disbursements made or debts incurred to date have been for the general election," and that "because the debts were incurred before the day of the primary, the presumption must be that they are, in fact, for the primary election."

The response submitted by the respondents contends that the allegation in the complaint is "demonstrably untrue" and without foundation. The response explains that "[a]ll contributions designated for the 1986 general election were deposited into the campaign's checking account, processed by the campaign treasurer and transferred into a separate bank account which contained only 1986 general election funds." According to the response, no withdrawals were ever made from the general election account until the account was closed on July 1, 1986, at which time the funds in the general election account were transferred to the checking account, and the contributions designated for the general election were refunded.

Included with the response was the affidavit of the Committee's Assistant Treasurer which attests to the above facts, and further notes that "[o]n July 2, 1986, checks dated June 27, 1986, were mailed to each contributor who designated a contribution for the general election."[3/] According to the

8704522723

3/ The Committee's 1986 July Quarterly Report disclosed refunds to 51 contributors to the general election, totalling $43,989. Forty-nine of the refunds were reported as made on June 26, 1986, and the date of the remaining two refunds was June 30, 1986. This Office notes that the Committee appears to have mistakenly refunded to Ralph Callaway the refund due Edward Callaway, and vice versa.

affidavit, "[t]hese refunds, totalling $43,989.00, represent the full and complete refund of contributions designated by contributors for the general election."[4/]

The response further states that the 1986 April Quarterly Report "contained all information required by law, listing all contributions required by law, listing all contributions received and all expenditures made as of that date." The response notes that the "Report did not, of course, list as contributions checks not yet received, even though Respondent's Treasurer received them before the filing date of April 15 (but in the next reporting period)." According to the response, "[a]s a result of this necessary adherence to FEC reporting principles by Respondent's treasurer, the FEC first quarterly report (which records net figures, and does not reflect the existence of a separate general election bank account) shows Respondent's cash on hand as $2,844.21." The respondents contend that if the quarterly report was "done on an accrual basis rather than the FEC's required cash basis [it] would have differently reflected Respondent's cash on hand by showing a credit. . . in the general election account, a debit of . . . in the checking account used

8704022724

4/ Paragraph 5 of the affidavit states that on July 1, 1986, the general election account had a balance of $44,933.49 (contributions plus interest), all of which was transferred to the Committee's checking account. Based upon this Office's review of the bank records provided, however, it appears that paragraph 5 of the affidavit misstates the balances in the general election account on other dates.

to fund the primary election campaign, and accrued receipts."[5/] The respondents then argue that the debit in the "primary account records is an accounting deficit only, as it reports as payments the checks written immediately prior to the end of the reporting period (March 31, 1986), and thus not yet actually cashed but not showing the large deposit made into the account ($84,459.00 on April 1, 1986) after the reporting period but before the disbursement checks were cashed."[6/] It is the position of the respondents that "the account at all times had sufficient funds to cover all checks presented for payment."

In conclusion, the response argues that the complainant's impression that general election monies were used in the primary election arose because the respondents' reports "do not identify (nor are they expected to) the existence of the separate general election bank account." The respondents emphasize that because for accounting purposes the balance of the general election account is added into the net balance on the 1986 April Quarterly Report, "that report shows a figure of $2,844.21 cash on hand,

8704022725

5/ The responses refers to an approximate $20,000 credit and $18,000 deficit. In the view of this Office such figures have been understated because the bank statement for the general election account was misread. Although the response refers to the balance in the account on March 31, 1986, as $20,807.80, the balance listed on the statement is $31,807.80 See also footnote 4.

6/ This Office notes that on April 1, 1986, the candidate made an $81,000 contribution to the Committee which was deposited in the checking account on such date. In addition, the Committee's checking account was debted for $81,000 on April 1, 1986, which constituted a loan repayment to the candidate. The loan repayment was reported as made on March 28, 1986.

rather than the negative figure in the primary account, and the . . . balance in the entirely separate general election account."

Appended to the response were copies of the Committee's bank statements for the general election account. The statements cover the period of October 17, 1985, the date the account was opened, through June 13, 1986. This Office's review of these statements has revealed that no withdrawals were made from the account, as claimed by the respondents, and that the deposits to the account totalled $43,989[7/] plus $837.80 in interest for an aggregate balance on June 13, 1986, of $44,826.80. Based upon a comparison of the receipt date reported by the Committee for the contributions at issue and the dates and amounts of the deposits into the Committee's general election account it appears that the general election contributions remained in the checking account for an overall average of between three and four weeks prior to transfer to the general election account. Sixteen contributions totalling $14,039 remained in the checking account for one month or more prior to transfer. Also appended to the response was the first page of the bank statement for the Committee's checking account. The statement verifies the respondents' assertion that

---

7/ Twelve deposits totalling $43,989 were made during the period of October 17, 1985, through June 13, 1986.

8704062726

a deposit of $84,459 was made into the account on April 1, 1986.8/

(B) The applicable law

Pursuant to 2 U.S.C. § 441a(a)(1)(A), no person may make contributions to any candidate and his authorized political committees with respect to any election for federal office which, in the aggregate, exceed $1,000 per election. As set forth at 2 U.S.C. § 441a(f) no candidate or political committee shall knowingly accept any contribution or make any expenditure in violation of 2 U.S.C. § 441a. Moreover, no officer or employee of a political committee shall knowingly accept a contribution made for the benefit or use of a candidate, or knowingly make any expenditure on behalf of a candidate, in violation of any limitation imposed on contributions and expenditures under 2 U.S.C. § 441a(f).

Section 102.9(e) of Title 11, Code of Federal Regulations, states that if a candidate or his or her authorized committee(s) receives contributions prior to the date of the primary election, which contributions are designated by the candidate or his or her authorized committee(s) for use in connection with the general election, such candidate or such committees shall use an

8704052727

8/ The $84,459 deposited into the Committee's checking account on April 1, 1986, the first day of the second quarterly report period, appears to constitute the candidate's $81,000 contribution plus $3,459 in unitemized receipts. Insofar as the respondents assert that the 1986 April Quarterly listed all contributions received during the reporting period it appears that the $3,459 in unitemized contributions and the candidate's contribution were received and deposited on April 1, 1986.

acceptable accounting method to distinguish between contributions received for the primary election and contributions received for the general election. Acceptable methods include, but are not limited to: (1) the designation of separate accounts for each election, caucus, or convention and (2) the establishment of separate books and records for each election.

(C) Application of the law to the facts

It is permissible for a person to contribute to a principal campaign committee for the general election prior to the primary election so long as the contribution is designated for the general election and the committee employs an acceptable accounting method to distinguish between primary and general election contributions. See 11 C.F.R. § 102.9(e). From the information in hand it appears that prior to the primary election the Committee received contributions totalling $43,989 for the general election.[9/] Such contributions were deposited into the Committee's checking account and after "processing" were transferred into the Committee's general election account. Thus, at this juncture, there is no indication that the Committee failed to account for these contributions as required by 11 C.F.R. § 102.9(e).

8704052728

9/ It seems that such contributions had been designated by the contributors because the affidavit of the Committee's Assistant Treasurer states that refunds totalling $43,989 "were mailed to each contributor who designated a contribution for the general election."

Despite their extensive response to the complaint the respondents have only partially addressed the allegation that the Committee expended general election funds for the primary election. Based upon the response submitted it appears that the Committee's reported cash on hand on March 31, 1986, was substantially less than the amount contained in the general election bank account because the sum of the checks written by the Committee immediately prior to the end of the first reporting period exceeded the amount in the Committee's checking account. Although respondents support their claim that general election contributions were not used in the primary by arguing that the funds were placed in a separate bank account from which no withdrawals were made, the respondents do not address whether the general election funds were used for the primary election while they were deposited in the Committee's checking account (prior to transfer to the general election account). Significantly, such funds were contained in the checking account for an average of three to four weeks during processing. Thus, because the respondents have only partially addressed this issue the crux of the allegation remains unresolved.

The use of contributions accepted prior to the primary for future elections has been discussed in several Advisory Opinions. In Advisory Opinion 1980-122 the Commission concluded that a candidate who, prior to the primary election, received contributions earmarked for the general election from individuals who had already contributed the maximum amount for the general

8704052729

election, could not use the general election contributions to pay the Committee's debts and obligations from the primary election. The Commission stated that by so doing a violation of the Act's contribution limitations would result. In addition, the Commission stated that because the candidate did not participate in the general election, the general election contributions must be returned to the contributors. See also AO 1986-12, 1983-39, 1982-49. Recently, in Advisory Opinion 1986-17 the Commission concluded that a candidate's committee may use contributions designated for the general election to make expenditures prior to the primary election, provided that such expenditures are exclusively for the purpose of influencing the prospective general election and only in those limited circumstances where it is necessary to make advance payments or deposits to vendors for services that will be rendered, or goods that will be provided, to the committee after the candidate established candidacy with respect to the general election. The Commission further determined that if the candidate did not establish candidacy for the general election, the general election contributions must be refunded within a reasonable time, whether or not the committee had made any expenditures from these contributions "since a

8704522730

separate contribution limitation will not be available to these contributors with respect to the general election."10/

In the instant matter, the Committee accepted the maximum amount ($1,000) in primary election contributions from each of the 51 contributors to the general election. Applying the Commission's determinations in the foregoing Advisory Opinions to this matter, as well as the clear intent behind the contribution limitations, it is this Office's view that a candidate's committee may not use contributions designated for the general election to influence, or defray expenses from, the primary election, where the contributors had already exhausted their contribution limitations with respect to the primary election. In consideration of the foregoing, and the fact that certain of the general election contributions remained in the primary election checking account for several weeks prior to transfer to the general election account, it is the recommendation of this Office that the Commission find reason to believe the Committee and Marjory Saunders, as treasurer, violated 2 U.S.C. § 441a(f)

8704522731

10/ Advisory Opinion 1982-49 was superseded by Advisory Opinion 1986-17 but only to the extent that the opinion may be interpreted so as to preclude expenditures of general election contributions in the limited circumstances presented in the opinion. Advisory Opinion 1982-49 was not superseded with respect to its conclusion that contributions designated for a particular election must be refunded to the contributors if the recipient candidate does not participate as a candidate with respect to that election. The Commission stated that where a candidate does not participate in a future election for which funds were raised "there can be no separate contribution limit with respect to that election."

by knowingly making expenditures on behalf of Terence Considine in the primary election which exceeded the limitations imposed on contributions under 2 U.S.C. § 441a(a).

In order to definitely ascertain whether the general election contributions were used on a temporary basis for the primary election it appears, after consultation with the Audit Division, that it would be necessary to audit the Committee's records. In the alternative, questions could be sent seeking information concerning any use of general election contributions while in the checking account. The inherent problem, however, in sending questions is that the answers would be conclusory rather than precise based upon a cash analysis, and without verification. Additional considerations are the fact that as of June 30, 1986, the Committee had receipts and disbursements of $1,483,595 and $1,524,515, respectively, and that Terence Considine withdrew as a candidate prior to the primary election.[11/] In view of these circumstances in their totality, it is the recommendation of this Office that at this time the Commission defer the decision of whether to conduct an audit of the Committee and approve the attached questions.

Insofar as there is no evidence of any wrongdoing by the candidate personally, it is the recommendation of this Office

---

11/ As of June 30, 1986, the candidate made contributions to the Committee totalling $876,000 plus loans totalling $345,000.

8704062732

that the Commission find no reason to believe Terence Considine violated the Federal Election Campaign Act of 1971, as amended.

III. RECOMMENDATIONS

1. Find reason to believe the Considine for Senate Committee, Inc. and Marjory Saunders, as treasurer, violated 2 U.S.C. § 441a(f).

2. Find no reason to believe Terence Considine violated the Federal Election Campaign Act of 1971, as amended.

Re: MUR 2179

Dear Mr. Steele:

This letter and the attached Affidavit of Debra A. Buettner and bank statements attached thereto (hereafter "Buettner Aff.") are in response to the complaint filed against our clients, the Considine for Senate Committee, Inc. and Terence Considine, then a candidate for the Republican nomination for the United States Senate from Colorado, by the Colorado State Democratic Party. For the reasons stated herein, the Federal Election Commission ("FEC") should find no reason to believe that Respondents violate the Federal Election Campaign Act, as amended ("Act").

I. The Complaint

The complaint alleges a prima facie violation of the election laws. Complainant notes that Respondent's Year-End

Attachment 1(1)

8704062734

1985 report to the FEC and first-quarterly report listed contributions totalling $35,539.00 received by Respondents but designated for the 1986 general election, while Respondent's first quarterly report for the period through March 31, 1986 (prior to the primary) showed a cash-on-hand balance of $2,844.21. Complainants deduce from these FEC reports that Respondent illegally spent over $30,000 of contributions designated for the 1986 general election during the 1986 Republican primary campaign.

II. The Facts

All contributions designated for the 1986 general election were deposited into the campaign's checking account, processed by the campaign treasurer and transferred into a separate bank account which contained only 1986 general election funds. Buettner Aff. ¶¶ 2&3. As of the date the FEC First Quarterly report was filed (April 15, 1986), its balance was $33,134.66 ($32,961 in existing funds, as noted in the Buettner Affidavit at ¶ 5, plus interest earned thereon) and as of the date the complaint was filed the general election bank account's balance was $44,423.66 (as additional deposits, reflecting contributions made both before and after the March 31, 1986 FEC reporting date, were processed and transferred to this separate general election account). Id. ¶ 5.

8704062735

No withdrawals were ever made from that account, for any purpose whatsoever, until the account was closed on July 1, 1986, id., and all contributions designated for the general election were refunded. Id. ¶ 7. The bank statements documenting these deposits and balances, and the absolute absence of any withdrawals until the account was closed, are attached to Ms. Buettner's Affidavit.

The 1986 first quarterly report filed with the FEC by Respondents contained all information required by law, listing all contributions received and all expenditures made as of that date (including a number of checks written the day or two preceding the reporting date). The Report did not, of course, list as contributions checks not yet received, even though Respondent's Treasurer received them before the filing date of April 15 (but in the next reporting period). See id. ¶ 6. As a result of this necessary adherence to FEC reporting principles by Respondent's treasurer, the FEC first quarterly report (which records net figures, and does not reflect the existence of a separate general election bank account) shows Respondent's cash on hand as $2,844.21. In fact, the Report if done on an accrual basis rather than the FEC's required cash basis would have differently reflected Respondent's cash on hand by showing a credit of approximately $20,000 in the general election bank account, a debit of approximately

8704062736

$18,000 in the checking account used to fund the primary election campaign, and accrued receipts.

The debit in the primary account records is an accounting deficit only, as it reports as payments the checks written immediately prior to the end of the reporting period (March 31, 1986), and thus not yet actually cashed but not showing the large deposit made into the account ($84,459.00 on April 1, 1986) after the reporting period but before the disbursement checks were cashed. Id. and bank statement attached thereto. Thus, the account at all times had sufficient funds to cover all checks presented for payment.

III. Argument and Summary

The Complaint alleges that funds held by Respondents and designated for the 1986 general election were expended during the primary election campaign. This is demonstrably untrue. All such funds were placed in a separate bank account. No withdrawals were made on any occasion for any reason and the full sum remained, untouched, in the separate account until the account was closed and the contributions refunded. Thus, the Complaint is without foundation in alleging an illegal use in the primary of contributions designated for the general election.

8704052737

The reason that this fact is not readily apparent from Respondent's FEC 1985 Year-End and 1986 first quarterly reports is simply that the reports do not identify (nor are they expected to) the existence of the separate general election bank account. Thus, they appear to have suggested to Complainant the expenditure of general election funds in the primary, when in actuality a number of checks were written on the primary election account late in March, 1986, just before the reporting period ended, and a large deposit was made to the primary account on April 1, just after the reporting period had ended, thereby resulting in a negative balance in that account for FEC reporting purposes on March 31, 1986 (the final day of the first quarterly reporting period). Because, for FEC accounting purposes, the approximate $20,000 plus balance of the general election bank account is added into the net balance reported on the 1986 first quarterly report, that report shows a figure of $2,844.21 cash on hand, rather than a negative figure in the primary account, and the approximately $20,000 balance in the entirely separate general election account. This falsely suggested to the Complainant that the general election funds had been spent when they were in fact sitting undisturbed and earning interest in their own separate bank account, or were being processed by the campaign treasurer and were deposited in the separate general election

8704062738

savings account on April 1, 1986, the day after the close of the first quarter reporting period.

IV. Conclusion

For the above reasons, Respondents respectfully request that the Commission find no reason to believe that there has been a violation of the Act.

Sincerely,

Jan W. Baran

AFFIDAVIT OF DEBRA A. BUETTNER

Debra A. Buettner, being duly sworn, deposes and says:

1. I am Debra A. Buettner, finance director and assistant treasurer of the Considine for Senate Committee (the "Committee").

2. The Committee maintained two separate bank accounts. One, a checking account, account number 1-02891, was our central depository. The second, a savings or N.O.W. account, account number 55-00688, was our general election segregated account.

3. It was the practice of the Committee to deposit all contributions into the checking account as they were received by the campaign. The Committee's accountants and I then processed and sorted the contributions, transferring all contributions designated for use in the general election into the separate savings bank account designated for the receipt and accumulation of such contributions.

4. Attached is a true and correct copy of the statements of the Committee's savings account, number 55-00688, from its opening on October 17 through June 13, 1986. Terence Considine announced his withdrawal as a candidate for the Republican nomination for the U.S. Senate on June 7, 1986. Also attached is a true and correct copy of the statement of the Committee's checking account, number 1-02891, for the month of March 31, 1986 to April 30, 1986.

8704052740

5. These savings account statements record the transfer of funds into that account. These statements show that the account had a balance of $20,807.80 on March 31, 1986 (the last day of the FEC's first quarter report), of $32,961.80 on April 15, 1986 (the date the FEC report was filed) and of $44,423.66 on April 22, 1986 (the date of the Complaint). At no time until the closing of the account on July 1, 1986 was there a single withdrawal from the general election bank savings account.

6. The checking account statement records the deposit into that account of $84,459.00 on April 1, 1986.

7. On July 1, 1986 the entire contents of the savings account (a sum of $44,933.49, representing contributions and interest earned on the deposited sums) was transferred to the checking account, and the savings account was closed. On July 2, 1986 checks dated June 27, 1986 were mailed to each contributor who designated a contribution for the general election. These refunds, totalling $43,989.00, represent the full and complete refund of contributions designated by contributors for the general election.

FEDERAL ELECTION COMMISSION
WASHINGTON, D.C. 20463

Jan Baran, Esquire
Wiley and Rein
1776 K Street, N.W.
Washington, D.C. 20006

Re: MUR 2179
Considine for Senate Committee Inc.; Marjory Saunders, as treasurer; Terence Considine

Dear Mr. Baran:

The Federal Election Commission notified your clients, Considine for Senate Committee Inc. ("Committee"), Marjory Saunders, as treasurer, and Terence Considine, on June 2, 1986, of a complaint alleging violations of certain sections of the Federal Election Campaign Act of 1971, as amended ("the Act"). A copy of the complaint was forwarded to your clients at that time.

Upon further review of the allegations contained in the complaint, and information supplied on behalf of your clients, the Commission determined on , 1986, that there is reason to believe the Committee and Marjory Saunders, as treasurer, violated 2 U.S.C. § 441a(f), a provision of the Act. Specifically, it appears that contributions designated for the 1986 general election may have been used for the 1986 primary election while such contributions were deposited in the Committee's checking account. By so doing, the Committee made expenditures in excess of the limitations imposed on contributions under 2 U.S.C. § 441a. All of the general election contributions involved ($43,989) were from individuals who had previously contributed the maximum amount ($1,000) for the primary election.

In addition, the Commission determined on , 1986, that there is no reason to believe Terence Considine violated any provision of the Act.

Attachment 2(1)

Your clients' response to the Commission's initial notification of this complaint did not provide complete information regarding the matter. Consequently, the Commission has issued the attached questions. The answers to the questions should be submitted under oath within fifteen days of your receipt of this letter. At that time you may also submit any factual or legal materials that you believe are relevant to the Commission's analysis of this matter.

If you are interested in pursuing pre-probable cause conciliation, you should so request in writing. See 11 C.F.R. § 111.18(d). Upon receipt of the request, the Office of General Counsel will make recommendations to the Commission either proposing an agreement in settlement of the matter or recommending declining that pre-probable cause conciliation be pursued. The Office of General Counsel may recommend that pre-probable cause conciliation not be entered into at this time so that it may complete its investigation of the matter. Further, requests for pre-probable cause conciliation will not be entered after briefs on probable cause have been mailed to the respondent.

Requests for extensions of time will not be routinely granted. Requests must be made in writing at least five days prior to the due date of the response and specific good cause must be demonstrated. In addition, the Office of General Counsel is not authorized to give extensions beyond 20 days.

This matter will remain confidential in accordance with 2 U.S.C. §§ 437g(a)(4)(B) and 437g(a)(12)(A) unless you notify the Commission in writing that you wish the matter to be made public.

If you have any questions, please contact Maura White Callaway, the staff member assigned to this matter, at 376-5690.

Sincerely,

Joan D. Aikens
Chairman

1. For each contribution accepted by the Committee and designated for the 1986 general election state the date of the deposit of the contribution into the Committee's checking account and the date of deposit of the contribution into the Committee's general election account.

2. For each contribution listed in question 1 state whether, while on deposit in the Committee's checking account, such contribution was at any time used to pay expenses in connection with the 1986 primary election. If the answer is yes, state the dates that the contribution was used and the amount of the contribution used.

3. During the period that general election contributions were deposited in the Committee's checking account, state whether at any time the balance in the checking account dropped below the total amount of the general election contributions on deposit as of that date. If the answer is yes, state the date of the balance in the checking account, the amount of general election funds on deposit as of that date, and the amount of the balance in the checking account.

Attn: Ms. Maura Callaway

Re: MUR 2179

Dear Mr. Steele:

This letter and the attached Affidavit of Debra A. Buettner and bank statements attached thereto (hereafter "Buettner Aff.") are in response to the complaint filed against our clients, the Considine for Senate Committee, Inc. and Terence Considine, then a candidate for the Republican nomination for the United States Senate from Colorado, by the Colorado State Democratic Party. For the reasons stated herein, the Federal Election Commission ("FEC") should find no reason to believe that Respondents violate the Federal Election Campaign Act, as amended ("Act").

I. The Complaint

The complaint alleges a prima facie violation of the election laws. Complainant notes that Respondent's Year-End

8704062756

1985 report to the FEC and first-quarterly report listed contributions totalling $35,539.00 received by Respondents but designated for the 1986 general election, while Respondent's first quarterly report for the period through March 31, 1986 (prior to the primary) showed a cash-on-hand balance of $2,844.21. Complainants deduce from these FEC reports that Respondent illegally spent over $30,000 of contributions designated for the 1986 general election during the 1986 Republican primary campaign.

II. The Facts

All contributions designated for the 1986 general election were deposited into the campaign's checking account, processed by the campaign treasurer and transferred into a separate bank account which contained only 1986 general election funds. Buettner Aff. ¶¶ 2&3. As of the date the FEC First Quarterly report was filed (April 15, 1986), its balance was $33,134.66 ($32,961 in existing funds, as noted in the Buettner Affidavit at ¶ 5, plus interest earned thereon) and as of the date the complaint was filed the general election bank account's balance was $44,423.66 (as additional deposits, reflecting contributions made both before and after the March 31, 1986 FEC reporting date, were processed and transferred to this separate general election account). Id. ¶ 5.

R704522757

No withdrawals were ever made from that account, for any purpose whatsoever, until the account was closed on July 1, 1986, id., and all contributions designated for the general election were refunded. Id. ¶ 7. The bank statements documenting these deposits and balances, and the absolute absence of any withdrawals until the account was closed, are attached to Ms. Buettner's Affidavit.

The 1986 first quarterly report filed with the FEC by Respondents contained all information required by law, listing all contributions received and all expenditures made as of that date (including a number of checks written the day or two preceding the reporting date). The Report did not, of course, list as contributions checks not yet received, even though Respondent's Treasurer received them before the filing date of April 15 (but in the next reporting period). See id. ¶ 6. As a result of this necessary adherence to FEC reporting principles by Respondent's treasurer, the FEC first quarterly report (which records net figures, and does not reflect the existence of a separate general election bank account) shows Respondent's cash on hand as $2,844.21. In fact, the Report if done on an accrual basis rather than the FEC's required cash basis would have differently reflected Respondent's cash on hand by showing a credit of approximately $20,000 in the general election bank account, a debit of approximately

8704022758

$18,000 in the checking account used to fund the primary election campaign, and accrued receipts.

The debit in the primary account records is an accounting deficit only, as it reports as payments the checks written immediately prior to the end of the reporting period (March 31, 1986), and thus not yet actually cashed but not showing the large deposit made into the account ($84,459.00 on April 1, 1986) after the reporting period but before the disbursement checks were cashed. Id. and bank statement attached thereto. Thus, the account at all times had sufficient funds to cover all checks presented for payment.

III. Argument and Summary

The Complaint alleges that funds held by Respondents and designated for the 1986 general election were expended during the primary election campaign. This is demonstrably untrue. All such funds were placed in a separate bank account. No withdrawals were made on any occasion for any reason and the full sum remained, untouched, in the separate account until the account was closed and the contributions refunded. Thus, the Complaint is without foundation in alleging an illegal use in the primary of contributions designated for the general election.

8704062759

The reason that this fact is not readily apparent from Respondent's FEC 1985 Year-End and 1986 first quarterly reports is simply that the reports do not identify (nor are they expected to) the existence of the separate general election bank account. Thus, they appear to have suggested to Complainant the expenditure of general election funds in the primary, when in actuality a number of checks were written on the primary election account late in March, 1986, just before the reporting period ended, and a large deposit was made to the primary account on April 1, just after the reporting period had ended, thereby resulting in a negative balance in that account for FEC reporting purposes on March 31, 1986 (the final day of the first quarterly reporting period). Because, for FEC accounting purposes, the approximate $20,000 plus balance of the general election bank account is added into the net balance reported on the 1986 first quarterly report, that report shows a figure of $2,844.21 cash on hand, rather than a negative figure in the primary account, and the approximately $20,000 balance in the entirely separate general election account. This falsely suggested to the Complainant that the general election funds had been spent when they were in fact sitting undisturbed and earning interest in their own separate bank account, or were being processed by the campaign treasurer and were deposited in the separate general election

8704062760

savings account on April 1, 1986, the day after the close of the first quarter reporting period.

IV. Conclusion

For the above reasons, Respondents respectfully request that the Commission find no reason to believe that there has been a violation of the Act.

Sincerely,

Jan W. Baran

Trevor Potter

AFFIDAVIT OF DEBRA A. BUETTNER

Debra A. Buettner, being duly sworn, deposes and says:

1. I am Debra A. Buettner, finance director and assistant treasurer of the Considine for Senate Committee (the "Committee").

2. The Committee maintained two separate bank accounts. One, a checking account, account number 1-02891, was our central depository. The second, a savings or N.O.W. account, account number 55-00688, was our general election segregated account.

3. It was the practice of the Committee to deposit all contributions into the checking account as they were received by the campaign. The Committee's accountants and I then processed and sorted the contributions, transferring all contributions designated for use in the general election into the separate savings bank account designated for the receipt and accumulation of such contributions.

4. Attached is a true and correct copy of the statements of the Committee's savings account, number 55-00688, from its opening on October 17 through June 13, 1986. Terence Considine announced his withdrawal as a candidate for the Republican nomination for the U.S. Senate on June 7, 1986. Also attached is a true and correct copy of the statement of the Committee's checking account, number 1-02891, for the month of March 31, 1986 to April 30, 1986.

a7040527562

5. These savings account statements record the transfer of funds into that account. These statements show that the account had a balance of $20,807.80 on March 31, 1986 (the last day of the FEC's first quarter report), of $32,961.80 on April 15, 1986 (the date the FEC report was filed) and of $44,423.66 on April 22, 1986 (the date of the Complaint). At no time until the closing of the account on July 1, 1986 was there a single withdrawal from the general election bank savings account.

6. The checking account statement records the deposit into that account of $84,459.00 on April 1, 1986.

7. On July 1, 1986 the entire contents of the savings account (a sum of $44,933.49, representing contributions and interest earned on the deposited sums) was transferred to the checking account, and the savings account was closed. On July 2, 1986 checks dated June 27, 1986 were mailed to each contributor who designated a contribution for the general election. These refunds, totalling $43,989.00, represent the full and complete refund of contributions designated by contributors for the general election.

SUMMARY OF ALLEGATIONS

On May 23, 1986, Buie Seawell, chairman of the Colorado State Democratic Party, filed a complaint against Terence Considine, the Considine for Senate Committee ("Committee"), and Marjorie Saunders, as treasurer. Notification of the complaint was mailed to the respondents on June 2, 1986.

The complaint alleges that the respondents used contributions donated for the 1986 general election campaign of Terence Considine for the United States Senate to influence the

8704022776

1986 primary election.1/ To document its claim, the complainant provided a copy of the Committee's 1985 Year-End and 1986 April Quarterly Reports. According to the complainant, these reports show that during the period of July 1, 1985, through March 31, 1986, the respondents received a total of $35,539 in contributions designated for the 1986 general election, and that as of March 31, 1986, the Committee had a cash-on-hand balance of $2,844.21. The complainant identified 37 individuals who contributed the above $35,539 in general election contributions, and noted further that such individuals had "contributed up to their limit for the primary election."2/

The complainant argues that the respondents' reports demonstrate that general election contributions were used to influence the 1986 primary election campaign. The complainant notes that all operating expenditures disclosed on

1/ The primary election in Colorado is scheduled to be held on August 12, 1986. However, precinct caucuses were recently held in Colorado and Terence Considine failed to receive enough votes to have his name placed on the republican ballot in the August primary election.

This office notes that in Advisory Opinion 1978-25 the Commission determined that the party conventions in Colorado do not have authority to nominate Senate candidates and would not be separate elections under the contribution limitations. Although Colorado has made revisions to its election law and renumbered its sections since 1978, it has not substantively changed the provisions on which the Commission based its ruling in Advisory Opinion 1978-25.

2/Based upon a review of the reports appended to the complaint, this office has identified 38 individuals who contributed to the general election campaign, with such contributions totalling $35,539.

8704062277

the reports "are identified as having been disbursed for the primary election," and that "[n]one of the debts reported in either of the reports are identified as general election debts." The complainant further notes that the "loans and loan repayments disclosed on both reports are all identified as having been made in connection with the primary election."

The complainant recognizes that it is permissible to receive contributions for the general election prior to the primary election, but argues that the regulations "require that such general election funds be kept, by a reasonable accounting method, separate from all other funds, 11 C.F.R. 102.9(e), and those funds may not be spent to influence any other election." The complainant cites to Advisory Opinion 1980-122 wherein the "FEC refused to allow the campaign of an unsuccessful primary candidate to use funds collected for the general election to retire primary debts." Based upon the foregoing, the complainant asserts that because "Respondent Considine has spent contributions made for the general election in connection with his primary election . . . . he has thereby accepted, and the contributors have made, contributions in excess of the lawful contribution limits in 2 U.S.C. § 44la."

In conclusion, the complaint argues that the amount at issue is significant in that it constitutes approximately 25 percent of the Committee's total receipts. The complaint further notes that the "[r]espondents cannot argue that some of their expenditures were for general election purposes (e.g, to buy media time in

8704052278

advance) since there is no indication on the face of the reports that any of the disbursements made or debts incurred to date have been for the general election," and that "because the debts were incurred before the day of the primary, the presumption must be that they are, in fact, for the primary election."

By letter dated June 23, 1986, counsel for the respondents requested an extension of 20 days in which to respond to the complaint's allegations. On June 27, 1986, counsel was notified that the requested extension had been granted. Subsequent to receipt of the respondents' reply to the complaint, this office will prepare a report to the Commission containing specific recommendations.

COMPLAINT

BEFORE THE

FEDERAL ELECTION COMMISSION

I. INTRODUCTION

The Colorado State Democratic Party ("the State Party") files this complaint challenging numerous and significant violations of the Federal Election Campaign Act of 1971, as amended ("FECA"), 2 U.S.C. S 431 et seq., and related regulations of the Federal Election Commission, by the Considine for Senate Committee, Inc. (FEC I.D. #C00198705) ("the Committee"), and Terence Considine, a candidate for nomination for election to the United States Senate for Colorado ("Respondents").

II. FACTS

The State Party attaches for the review of the General Counsel the Year-End 1985 report (Attachment A) and First Quarterly report (Attachment B) for Respondents. These reports show that during the period covered by the reports (July 1, 1985 through March 31, 1986) Respondents received a total $35,539.00 in contributions designated for the 1986 general

8704052790

election. See Attachment C. On the first quarterly report filed covering the period through March 31, 1986, Respondents show a cash-on-hand balance of $2,844.21.

Therefore, as demonstrated by Respondent's own report, they have received and expended well in excess of $30,000 general election contributions to influence the current primary election campaign. There appears no doubt on the face of the reports that the general election contributions have been spent, and have been spent to influence the primary: all operating expenditures disclosed on Line 17 of the reports are identified as having been disbursed for the primary election. None of the debts reported in either of the reports are identified as general election debts. The loans and loan repayments disclosed on both reports are all identified as having been made in connection with the primary election.

The Republican primary in Colorado is a hotly contested election between several candidates, including Respondent Considine. As shown in Attachment D, Respondent Considine has been spending large amounts of money in connection with this highly contested primary on media advertising to increase his name recognition among Republican voters.

III. LAW

The regulations of the Federal Election Commission ("FEC")

8704052291

allow for the receipt of general election contributions before the date of the primary under certain conditions. 11 CFR S 102.9(e) provides that:

> If the candidate, or his or her authorized committee(s), receives contributions prior to the date of the primary election, which contributions are designated by the candidate or his or her authorized committee(s) for use in connection with the general election, such candidate or such committee(s) shall use an acceptable accounting method to distinguish between contributions received for the primary election and contributions received for the general election. Acceptable methods include, but are not limited to: (1) the designation of separate accounts for each election, caucus, or convention and (2) the establishment of separate books and records for each election.

The receipt of such general election contributions are subject to the per election contribution limitations set out in the FECA, 2 U.S.C. S 441a, and the FEC Regulations.

11 CFR S 110.9(a) provides that:

> No candidate or political committee shall accept any contribution or make any expenditure in violation of the provisions of Part 110. No officer or employee of a political committee shall accept a contribution made for the benefit or use of a candidate, or make any expenditure on behalf of a candidate, in violation of any limitation imposed on contributions and expenditures under this Part 110.

The limitations applicable to individual contributions are set out in the FECA at 2 U.S.C. S 441a(a)(1) and the FEC regulations.

11 CFR S 110.1(a) provides that:

> (1) No person . . . shall make contributions to any candidate, his or her authorized political committees or agents with respect to any election to federal office which in the aggregate exceed $1,000.00. (2) "With respect to any election" means -- (i) in the case of a contribution designated in writing for a particular

8704062792

election the election so designated . . . .

An election is defined to include both a primary and a general election. 2 U.S.C. S 431(1)(A); 11 CFR S 100.2

IV. DISCUSSION

The FEC clearly allows campaigns to receive contributions for an election prior to the date on which it is determined that the candidate will in fact be participating in that election, such as receiving contributions for the general election before the primary has been held. See, e.g., Advisory Opinions 1985-41, 1983-39, 1982-49, 1980-134, 1980-122 and 1980-68, 1 Fed. Elec. Camp. Fin. Guide (CCH) PP 5840, 5740, 5693, 5579, 5576 and 5516, respectively.

These regulations, however, require that such general election funds be kept, by a reasonable accounting method, separate from all other funds, 11 C.F.R. 102.9(e), and those funds may not be spent to influence any other election. In Advisory Opinion 1980-122, supra, the FEC refused to allow the campaign of an unsuccessful primary candidate to use funds collected for the general election to retire primary debts. As the Commission pointed out:

> the contributions earmarked for the general election were donated by individuals who had exhausted their contribution limits with respect to the primary election. Under these circumstances the Commission concludes that

8704522793

the use of those earmarked contributions by the Committee to pay debts and obligations which remain from the primary election is prohibited under the Act since such use would result in those individuals making contributions with respect to the primary election in excess of the $1,000 limit prescribed by 2 U.S.C. S 441a(a)(1)(A).

A.O. 1980-122, 1 Fed. Elec. Fin. Guide (CCH) P 5576.

The situation is the same here. Respondents have received contributions earmarked for the general election from individuals who have contributed up to their limit for the primary election. As one, but not the only example, the General Counsel should refer to the contribution from Mr. Allan Callaway, reported on page 7 of Schedule A, Line 11(a) of the First Quarterly report. Mr. Callaway has contributed an aggregate year-to-date total of $2,000, and thus, has contributed the maximum amount both for the primary and for the general election.

The primary in Colorado will be held on August 12. Thus, Respondent Considine is not yet the nominee of the Republican Party, and is not yet entitled to use contributions for the general election.

The only conclusion that can be drawn from these facts is that Respondent Considine has spent contributions made for

8704062794

the general election in connection with his primary election. He has thereby accepted, and the contributors have made, contributions in excess of the lawful contribution limits in 2 U.S.C. S 441a. He has, in effect, received $2,000 from certain individuals to benefit his primary campaign where other candidates for the same seat have received only the benefit of contributions subject to the lawful $1,000 limitation.

The amount in question is not insignificant -- with a cash-on-hand total of only $2,844.21, close to $32,700.00 in contributions earmarked for the general election have been spent to benefit Respondent Considine's primary. With individual contributions since January 1, 1986 totalling only $132,123.59, this $32,000-plus constitutes approximately 25 percent of the total receipts of the committee.

Respondents cannot argue that some of their expenditures were for general election purposes (e.g., to buy media time in advance) since there is no indication on the face of the reports that any of the disbursements made or debts incurred to date have been for the general election. As noted above, all disbursements disclosed on Line 17 of the reports as operating expenditures have been identified as for the primary election. None of the debts reported by the Committee have been identified as having been incurred for the general election. Thus, because the debts were incurred before the

8704522795

day of the primary, the presumption must be that they are, in fact, for the primary election. See, e.g., Advisory Opinions 1978-99 and 1981-22, 1 Fed. Elec. Camp. Guide (CCH) PP 5387 and 5068, respectively.

IV. CONCLUSION

On the basis of the foregoing, the State Party requests that the FEC:

1. Conduct a prompt and immediate investigation of the facts and legal conclusions stated in this Complaint;
2. Enter into a prompt conciliation with Respondents to remedy the violations alleged in this Complaint, and most importantly, to ensure that no further violations occur; and
3. Impose any and all penalties grounded in violations alleged in this Complaint.

Respectfully submitted,

Buie Seawell, Chairman

Spots will focus on familiar themes

Considine to kick off TV campaign

3/7/86

By PETER BLAKE
Rocky Mountain News Capitol Bureau

Businessman Terry Considine, the least known of the three Republican candidates for Gary Hart's Senate seat, today launches a 3-week, $50,000-plus television advertising campaign to increase his name recognition among voters.

The similar 60- and 30-second spots, prepared by Roger Ailes of New York City, feature themes Considine uses in his public appearances: Growing up on a ranch with 10 brothers and sisters, working his way through college (it doesn't mention the college was Harvard), founding his own company at age 23 and having experience in "creating jobs, balancing budgets and meeting payrolls."

The spots don't mention Considine is a Republican, but they do say he managed incumbent GOP Sen. William Armstrong's 1978 reelection campaign.

Paul Ogle, Considine's campaign manager, said he didn't know exactly how much had been budgeted for the spots, which will run on all networks in all major markets, but the cost will be between $50,000 and $100,000.

He said he's likely to run more 60-second than 30-second spots, even though he might get more name-identification impact from the latter. That's because "we need to show people all the things Tery's done and who he is," Ogle said.

Colorado's precinct caucuses will be held April 7, but the spots aren't aimed necessarily at Republican regulars. Many of them know him from his appearances at Lincoln Day dinners across the state, Ogle said. Instead, the spots are to familiarize him with people who'll vote in the primary and — if he wins that — the general election.

His competition will not be joining him on the airwaves anytime soon. "Our TV won't hit until late spring," party "summer," said Bridget Bailey, campaign manager for Rep. Ken Kramer. "Party, ballot, hearts" and [illegible] some [illegible] Sen. Martha Ezzard, R-Cherry Hills Village, [illegible] election TV advertising campaign when she announced her campaign in mid-October.

There's a "50% chance" the lone Democratic candidate, Rep. Tim Wirth, will start his television in June, spokesman Jay Martin said.

Considine ads to lead blitz on TV

By Mark Obmascik
Denver Post Staff Writer

This year's blitzkrieg of television political ads is to start today when Republican U.S. Senate candidate Terry Considine airs commercials urging voters to elect "Courage, Common Sense, Considine."

The biographical ads, to be shown during the next two weeks on Denver, Colorado Springs and Grand Junction stations, cost between $50,000 and $100,000 to air, campaign workers said.

Campaign [illegible] hope the 30- and 60-second ads will make the Cherry Hills Village businessman better known to voters. A recent Denver Post/NewsCenter 4 poll showed nearly nine of 10 Colorado voters had never heard of Considine, who moved to the state four years ago.

"We're not targeting these ads toward any specific group of voters," said campaign manager Paul Ogle. "You'll see the ads in the daytime, nighttime, weekends — you'll see them all the time in the next two weeks."

It's unusual for candidates to run expensive TV ads before the party convention in June, when delegates select which politicians will compete in the August statewide primary elections. Ogle said he decided to air the ads now because Considine's opponents are more widely known.

Considine faces U.S. Rep. Ken Kramer and state Sen. Martha Ezzard for the GOP nomination. The winner is expected to face Democratic U.S. Rep. Tim Wirth.

The 60-second ad begins as Considine, with button-down shirt collars undone, describes his San Diego County childhood: "I grew up on a cattle ranch with 10 brothers and sisters, and if you grow up with that many kids, you learn real fast about family and hard work."

The commercials were put together by high-priced New York City political consultant Roger Ailes, a former producer of The Mike Douglas Show.

COMPLAINT

BEFORE THE

FEDERAL ELECTION COMMISSION

I. INTRODUCTION

The Colorado State Democratic Party ("the State Party") files this complaint challenging numerous and significant violations of the Federal Election Campaign Act of 1971, as amended ("FECA"), 2 U.S.C. S 431 et seq., and related regulations of the Federal Election Commission, by the Considine for Senate Committee, Inc. (FEC I.D. #C00198705) ("the Committee"), and Terence Considine, a candidate for nomination for election to the United States Senate for Colorado ("Respondents").

II. FACTS

The State Party attaches for the review of the General Counsel the Year-End 1985 report (Attachment A) and First Quarterly report (Attachment B) for Respondents. These reports show that during the period covered by the reports (July 1, 1985 through March 31, 1986) Respondents received a total $35,539.00 in contributions designated for the 1986 general

election. See Attachment C. On the first quarterly report filed covering the period through March 31, 1986, Respondents show a cash-on-hand balance of $2,844.21.

Therefore, as demonstrated by Respondent's own report, they have received and expended well in excess of $30,000 general election contributions to influence the current primary election campaign. There appears no doubt on the face of the reports that the general election contributions have been spent, and have been spent to influence the primary: all operating expenditures disclosed on Line 17 of the reports are identified as having been disbursed for the primary election. None of the debts reported in either of the reports are identified as general election debts. The loans and loan repayments disclosed on both reports are all identified as having been made in connection with the primary election.

The Republican primary in Colorado is a hotly contested election between several candidates, including Respondent Considine. As shown in Attachment D, Respondent Considine has been spending large amounts of money in connection with this highly contested primary on media advertising to increase his name recognition among Republican voters.

III. LAW

The regulations of the Federal Election Commission ("FEC")

8704522914

allow for the receipt of general election contributions before the date of the primary under certain conditions. 11 CFR S 102.9(e) provides that:

> If the candidate, or his or her authorized committee(s), receives contributions prior to the date of the primary election, which contributions are designated by the candidate or his or her authorized committee(s) for use in connection with the general election, such candidate or such committee(s) shall use an acceptable accounting method to distinguish between contributions received for the primary election and contributions received for the general election. Acceptable methods include, but are not limited to: (1) the designation of separate accounts for each election, caucus, or convention and (2) the establishment of separate books and records for each election.

The receipt of such general election contributions are subject to the per election contribution limitations set out in the FECA, 2 U.S.C. S 441a, and the FEC Regulations.

11 CFR S 110.9(a) provides that:

> No candidate or political committee shall accept any contribution or make any expenditure in violation of the provisions of Part 110. No officer or employee of a political committee shall accept a contribution made for the benefit or use of a candidate, or make any expenditure on behalf of a candidate, in violation of any limitation imposed on contributions and expenditures under this Part 110.

The limitations applicable to individual contributions are set out in the FECA at 2 U.S.C. S 441a(a)(1) and the FEC regulations.

11 CFR S 110.1(a) provides that:

> (1) No person . . . shall make contributions to any candidate, his or her authorized political committees or agents with respect to any election to federal office which in the aggregate exceed $1,000.00. (2) "With respect to any election" means -- (i) in the case of a contribution designated in writing for a particular

8704522915

election the election so designated . . . .

An election is defined to include both a primary and a general election. 2 U.S.C. S 431(1)(A); 11 CFR S 100.2

IV. DISCUSSION

The FEC clearly allows campaigns to receive contributions for an election prior to the date on which it is determined that the candidate will in fact be participating in that election, such as receiving contributions for the general election before the primary has been held. See, e.g., Advisory Opinions 1985-41, 1983-39, 1982-49, 1980-134, 1980-122 and 1980-68, 1 Fed. Elec. Camp. Fin. Guide (CCH) PP 5840, 5740, 5693, 5579, 5576 and 5516, respectively.

These regulations, however, require that such general election funds be kept, by a reasonable accounting method, separate from all other funds, 11 C.F.R. 102.9(e), and those funds may not be spent to influence any other election. In Advisory Opinion 1980-122, supra, the FEC refused to allow the campaign of an unsuccessful primary candidate to use funds collected for the general election to retire primary debts. As the Commission pointed out:

> the contributions earmarked for the general election were donated by individuals who had exhausted their contribution limits with respect to the primary election. Under these circumstances the Commission concludes that

8704052916

the use of those earmarked contributions by the Committee to pay debts and obligations which remain from the primary election is prohibited under the Act since such use would result in those individuals making contributions with respect to the primary election in excess of the $1,000 limit prescribed by 2 U.S.C. S 441a(a)(1)(A).

A.O. 1980-122, 1 Fed. Elec. Fin. Guide (CCH) P 5576.

The situation is the same here. Respondents have received contributions earmarked for the general election from individuals who have contributed up to their limit for the primary election. As one, but not the only example, the General Counsel should refer to the contribution from Mr. Allan Callaway, reported on page 7 of Schedule A, Line 11(a) of the First Quarterly report. Mr. Callaway has contributed an aggregate year-to-date total of $2,000, and thus, has contributed the maximum amount both for the primary and for the general election.

The primary in Colorado will be held on August 12. Thus, Respondent Considine is not yet the nominee of the Republican Party, and is not yet entitled to use contributions for the general election.

The only conclusion that can be drawn from these facts is that Respondent Considine has spent contributions made for

8704062917

the general election in connection with his primary election. He has thereby accepted, and the contributors have made, contributions in excess of the lawful contribution limits in 2 U.S.C. S 441a. He has, in effect, received $2,000 from certain individuals to benefit his primary campaign where other candidates for the same seat have received only the benefit of contributions subject to the lawful $1,000 limitation.

The amount in question is not insignificant -- with a cash-on-hand total of only $2,844.21, close to $32,700.00 in contributions earmarked for the general election have been spent to benefit Respondent Considine's primary. With individual contributions since January 1, 1986 totalling only $132,123.59, this $32,000-plus constitutes approximately 25 percent of the total receipts of the committee.

Respondents cannot argue that some of their expenditures were for general election purposes (e.g., to buy media time in advance) since there is no indication on the face of the reports that any of the disbursements made or debts incurred to date have been for the general election. As noted above, all disbursements disclosed on Line 17 of the reports as operating expenditures have been identified as for the primary election. None of the debts reported by the Committee have been identified as having been incurred for the general election. Thus, because the debts were incurred before the

8704522918

day of the primary, the presumption must be that they are, in fact, for the primary election. See, e.g., Advisory Opinions 1978-99 and 1981-22, 1 Fed. Elec. Camp. Guide (CCH) PP 5387 and 5068, respectively.

IV. CONCLUSION

On the basis of the foregoing, the State Party requests that the FEC:

1. Conduct a prompt and immediate investigation of the facts and legal conclusions stated in this Complaint;
2. Enter into a prompt conciliation with Respondents to remedy the violations alleged in this Complaint, and most importantly, to ensure that no further violations occur; and
3. Impose any and all penalties grounded in violations alleged in this Complaint.

Spots will focus on familiar themes

Considine to kick off TV campaign

3/7/86

By PETER BLAKE
Rocky Mountain News Capitol Bureau

Businessman Terry Considine, the least known of the three Republican candidates for Gary Hart's Senate seat, today launches a 2-week, $50,000-plus television advertising campaign to increase his name recognition among voters.

The similar 60- and 30-second spots, prepared by Roger Ailes of New York City, feature themes Considine uses in his public appearances: Growing up on a ranch with 10 brothers and sisters, working his way through college (it doesn't mention the college was Harvard), founding his own company at age 23 and having experience in "creating jobs, balancing budgets and meeting payrolls."

The spots don't mention Considine is a Republican, but they do say he managed incumbent GOP Sen. William Armstrong's 1984 re-election campaign.

Paul Ogle, Considine's campaign manager, said he didn't know exactly how much had been budgeted for the spots, which will run on all networks in all major markets, but the cost will be between $50,000 and $100,000.

He said he's likely to run more 60-second than 30-second spots, even though he might get more name-identification impact from the latter. That's because "we need to show people all the things Tery's done and who he is," Ogle said.

Colorado's precinct caucuses will be held April 7, but the spots aren't aimed necessarily at Republican regulars. Many of them know him from his appearances at Lincoln Day dinners across the state, Ogle said. Instead, the spots are to familiarize him with people who'll vote in the primary and — if he wins that — the general election.

His competition will not be joining him on the airwaves anytime soon. "Our TV won't hit until late spring, early summer," said Eldgyr Bailey, campaign manager for Rep. Ken Kramer. "We've got to hurry and make up some ground quick. [illegible] State Sen. Martha Ezzard, R-Cherry Hills Village, said yesterday her TV advertising campaign when she announced her candidacy in mid-October.

There's a "50% chance" the lone Democratic candidate, Rep. Tim Wirth, will start his television in June, spokesman Jay Marlin said.

Considine ads to lead blitz on TV

By Mark Ciavaglia
Denver Post Staff Writer

This year's blitzkrieg of televised political ads is to start today when Republican U.S. Senate candidate Terry Considine airs commercials urging voters to elect "Courage, Common Sense, Considine."

The biographical ads, to be shown during the next two weeks on Denver, Colorado Springs and Grand Junction stations, cost between $50,000 and $100,000 to air, campaign workers said.

Campaign staffers hope the 30- and 60-second ads will make the Cherry Hills Village businessman better known to voters. A recent Denver Post/NewsCenter 4 poll showed nearly nine of 10 Colorado voters had never heard of Considine, who moved to the state four years ago.

"We're not targeting these ads toward any specific group of voters," said campaign manager Paul Ogle. "You'll see the ads in the daytime, nighttime, weekends — you'll see them all the time in the next two weeks."

It's unusual for candidates to run expensive TV ads before the party convention in June, when delegates select which politicians will compete in the August statewide primary elections. Ogle said he decided to air the ads now because Considine's opponents are more widely known.

Considine faces U.S. Rep. Ken Kramer and state Sen. Martha Ezzard for the GOP nomination. The winner is expected to face Democratic U.S. Rep. Tim Wirth.

The 60-second ad begins as Considine, with button-down shirt collars undone, describes his San Diego County childhood: "I grew up on a cattle ranch with 10 brothers and sisters, and if you grow up with that many kids, you learn real fast about family and hard work."

The commercials were put together by high-priced New York City political consultant Roger Aisles, a former producer of The Mike Douglas Show.
