REPORT OF THE AUDIT DIVISION ON THE REPUBLICAN STATE COMMITTEE OF DELAWARE- 1984 VICTORY COMMITTEE

I. Background

A. Overview

This report is based on an audit of the Republican State Committee of Delaware - 1984 Victory Committee ("the Committee") undertaken by the Audit Division of the Federal Election Commission in accordance with the Commission's audit policy to determine whether there has been compliance with the provisions of the Federal Election Campaign Act of 1971, as amended ("the Act"). The audit was conducted pursuant to 2 U.S.C. § 438(b) of the United States Code which states, in part, that the Commission may conduct audits and field investigations of any political committee required to file a report under Section 434 of this title. Prior to conducting any audit under this subsection, the Commission shall perform an internal review of reports filed by selected committees to determine if the reports filed by a particular committee meet the threshold requirements for substantial compliance with the Act.

The Committee registered with the Federal Election Commission on November 17, 1983, and maintains its headquarters in Wilmington, Delaware.

The audit covered the period, from the Committee's inception October 13, 1983, through December 31, 1984. The Committee reported a beginning cash balance on October 13, 1983, of -0-; total receipts for the period of $318,936.00; total disbursements for the period of $303,920.31 and an ending cash balance on December 31, 1984, of $15,017.00. 1/

This report is based on documents and workpapers which support each of its factual statements. They form part of the record upon which the Commission based its decisions on the matters in the report and were available to the Commissioners and appropriate staff for review.

1/ The Committee rounds some of its reported totals to the nearest dollar.

0004081048 30

B. Key Personnel

The Treasurer of the Committee during the audit period was Mr. Cyric W. Cain, Jr.

C. Scope

The audit included such tests as verification of total reported receipts, disbursements and individual transactions; review of required supporting documentation; analysis of Committee debts and obligations; and such other audit procedures as deemed necessary under the circumstances. However, the receipt records made available for the Audit staff's review were not maintained in a manner which allowed complete testing for correct aggregate contribution totals, proper itemization and contribution limitations.

Introduction to Findings

During the period audited the Republican State Committee of Delaware maintained seven bank accounts. The Audit staff determined that three of the accounts, the 1984 Victory Committee, the Delaware GOTV, and the Voter Registration account 2/ (the federal account(s)) financed activity in connection with federal elections. The remaining four accounts (the non-federal account(s)) were involved in financing activity in connection with non-federal elections and payment of general operating expenses. Reports filed by the Committee contained only activity involving the federal accounts.

II. Audit Findings and Recommendations

A. Unreported Activity

Section 434(b) of Title 2 of the United States Code states, in part, that each report shall disclose the amount of cash on hand at the beginning of the reporting period and for the reporting period and calendar year, the total amount of all receipts and disbursements.

2/ The only activity relative to the Voter Registration Account included in the Committee's disclosure reports was a transfer of $16,500.00. See Finding II.A.

9004031431

During the period April 10, 1984, through January 25, 1985, the Committee maintained a "Voter Registration" checking account. A review of the account's bank statements disclosed that $60,862.36 in receipts and disbursements were processed through the account. The account was funded with transfers from the Committee's federal account, the Republican National Committee (RNC) and Reagan-Bush '84. The majority of this account's activity was not disclosed on the Committee's disclosure reports.

The Committee provided documentation which indicated that the activity involved voter identification and voter registration through phone banks and door to door canvassing. A review of the account's cancelled checks revealed expenses consistent with that type of activity.

In the interim audit report the Audit staff recommended that the Committee file amendments to its disclosure reports disclosing the receipts and disbursements noted above including itemization where necessary pursuant to 2 U.S.C. §§ 434b(3)(B)(C)(D) and (5)(A).

On July 1, 1986, the Committee filed an amended report which materially disclosed the financial activity requested above.

Recommendation

The Audit staff recommends no further action in this matter.

B. Itemization of Contributions from Individuals

Pursuant to 2 U.S.C. § 434(b)(3)(A) each report shall disclose the identification of each person who makes a contribution to the reporting committee during the reporting period, whose contribution or contributions have an aggregate amount or value in excess of $200 within the calendar year together with the date and amount of each contribution.

Section 100.12 of the Code of Federal Regulations states that "identification" means, in the case of an individual, his or her full name, including first name, middle name or initial, if available, and last name; mailing address; occupation; and the name of his or her employer; and in the case of any other person, the person's full name and address.

The Audit staff's review of available contribution records disclosed that 34 itemizable contributions totaling $6,744.00 were not itemized as required. These contributions accounted for 37.8% of the number and 11.8% of the dollar amount

9004081043 2

of contributions requiring itemization for which records were available. In addition, the Committee failed to disclose aggregate Year-to-Date totals for all itemized contributions. We concluded through our review and discussions with current and former Committee personnel that only contributions the amount of which exceeded $200.00 were itemized on disclosure reports.

In the interim audit report the Audit staff recommended that, the Committee file amendments to its 1984 reports disclosing the aforementioned contributions. The Audit staff also recommended that the amended reports include aggregate Year-to-Date totals for all itemized contributions.

In response to the interim audit report recommendation, the Committee submitted amended Schedules A disclosing the contributions as required.

Recommendation

The Audit staff recommends no further action on this matter.

C. Itemization of Contributions from Political Committees/Organizations

Sections 434(b)(3)(B) and (D) of Title 2 of the United States Code state, in part, that each report shall disclose the identification of each political committee which makes a contribution to the reporting committee during the reporting period, together with the date and amount of each contribution and the identification of each transfer of funds to the reporting committee from another political party committee together with the date and amount of each transfer.

Our review identified 13 transfers totaling $58,760.00 which were not itemized and one $16,050.00 transfer that was itemized incorrectly on the Committee's disclosure reports. Ten of the transfers were deposited into the Committee's GOTV bank account. The Committee did not include the activity from this account in its disclosure reports until an amended report for the Post General Election period (10/18 -11/26/84) was filed on February 27, 1985. This amended report did not itemize any of the 10 transfers, but did include the total amount of these transfers in the Summary Page figures. The other four (4) transfers were deposited into the 1984 Victory Committee account: one transfer of $200 was improperly itemized as a contribution from an individual, one transfer of $16,050.00 from the Republican National Committee was itemized as being from the Republican State Committee of Delaware, one transfer of $20,000 from a non-federal account was not itemized, and one transfer of $60 was not itemized for no apparent reason. Committee officials offered no explanation for these discrepancies.

In the interim audit report the Audit staff recommended that the Committee file amended reports to properly reflect the aforementioned transfers.

The Committee included in its response amended Schedules A which accurately disclose the contributions.

Recommendation

The Audit staff recommends no further action on this matter.

D. Supporting Documentation for Contributions

Section 432(c)(1) of Title 2 of the United States Code states, in relevant part, that the treasurer of a political committee shall keep an account of all contributions received by or on behalf of such political committees.

In addition, 11 C.F.R. §§ 102.9(a)(1), (2), and (3) require the treasurer of a political committee to keep an account by any reasonable accounting procedure of all contributions as follows:

(1) for contributions in excess of $50.00, such account shall include the name and address of the contributor and date and amount of the contribution;

(2) for contributions aggregating in excess of $200.00 per calendar year such account shall include the identification of the contributor and date and amount of the contribution; and

(3) for contributions from a political committee, such account shall include the identification of the political committee and the date and amount of such contribution.

The Committee did not maintain a complete centralized contribution list. Instead the Committee kept copies of contributor checks attached to the deposit ticket.

Twenty-eight deposits did not have copies of contributor checks attached, therefore the Audit staff was unable to review the source documents for receipts totaling $29,843.50 representing 9.36% of total reported receipts. 4/

4/ The Committee did maintain photocopies of contributor checks in alphabetical order for each solicitation, however, the records were not complete.

Of the deposits which did not include photocopies of contributor checks, 18 deposits totaling $17,899.50 included individual check listings by bank routing numbers only. The contributions within these deposits for the most part ranged from $25.00 to $100.00. One of the deposits totaling $5,440.00 included a single $5,000.00 item.

The remaining 10 deposits totaling $11,944.00 did not have check listings or an itemization on the deposit tickets. The amount of these deposits ranged individually between $120 and $3,583.00. Committee officials were provided with a list of the deposits during the fieldwork.

In the interim audit report the Audit staff recommended that the Committee obtain the missing documentation for these receipts, and submit it to the Audit staff for review.

In response to the interim audit report, the Committee supplied deposit slips and copies of contributor checks which materially document the contributions received. The Committee has also implemented new accounting and recordkeeping procedures which should prevent recurrence of this matter.

Recommendation

The Audit staff recommends no further action in this matter.

Expenditures Benefitting Presidential Candidate
(Voter Identification and Voter Registration)

Section 9003(b)(2) of Title 26 of the United States Code states, in part, that in order to be eligible to receive any payments under section 9006, the candidates of a major party in a presidential election shall certify to the Commission, under penalty of perjury, that no contributions to defray qualified campaign expenses have been or will be accepted by such candidates.

Section 106.1(a) of Title 11 of the Code of Federal Regulations states, in part, that expenditures made on behalf of more than one candidate shall be attributed to each candidate in proportion to, and shall be reported to reflect, the benefit reasonably expected to be derived.

The Regulations at 11 C.F.R. § 100.8(b)(18) state, in part, that the payment by a State committee of a political party of the costs of voter registration and get-out-the-vote activities conducted by such committee on behalf of the Presidential and Vice Presidential nominee(s) of that party is not an expenditure for the purpose of influencing the election of such candidate provided that certain conditions are met.

Two such conditions are 1) payment of the costs incurred in the use of phone banks in connection with voter registration and get-out-the-vote activities is not an expenditure when such phone banks are operated by volunteer workers, and 2) that funds donated by a national committee to a State party committee shall not qualify under the exemption.

As noted in Finding II.A. of the interim audit report a review of expenditures made from the voter registration account indicated that phone banks were used to contact potential voters.1/ Copies of the scripts provided to the Audit staff contain questions related to Governor du Pont and President Reagan (see Attachment 1). According to notations on the check register and check stubs, payments were made to a temporary agency and individuals for telephone work.

1/ This matter is similar to a situation involving phone bank expense allocations contained in the interim audit report on the Michigan Republican State Committee. The issue was forwarded to your office for analysis on October 28, 1986.

0 4 0 1 4 3 7

It is apparent based on the scripts used, that voter identification and registration activity on behalf of President Reagan did occur. It is also apparent that the exemption to the expenditure definition does not apply since the phone banks were not staffed by volunteers, and as noted in Finding II.A., funds received from the Republican National Committee ("RNC") were deposited into the account. The account did receive a transfer of funds from Reagan-Bush '84, but records were not available to determine whether this amount was a reimbursement of expenses incurred by the Committee on behalf of the president.

In the interim audit report the Audit staff recommended that the Committee provide evidence that the expenditures made from the voter registration account should not be considered expenditures made on behalf of the party's presidential candidate. Absent such evidence, it was recommended that the Committee obtain a refund from the presidential candidate committee of the proportionate share of the amounts expended on behalf of the candidate.

In response to the interim audit report, the Committee stated that the transfer of funds ($5,912.36) received from Reagan-Bush '84 was to reimburse the Committee for phone bank disbursements made on behalf of President Reagan. The Committee provided a list of payments to a temporary placement agency and individual phoners totaling $5,903.00 which it indicated were made specifically on behalf of the President. Not included in the total were payments to the temporary agency totaling $1,703.75 for rent covering the period June through October 1984. In addition, the Committee did not provide any information as to whether other disbursements made from the account for purposes such as computer services, postage, payroll and various office expenses are in any way allocable to federal candidates.2/ The response also did not address the fact that transfers totaling $38,450.00 were received from the RNC.

2/ A review of documents contained in workpapers of the Reagan-Bush '84 audit disclose a memorandum from the Delaware State Chairman requesting payment for expenses totaling $5,912.36 which were made on behalf of President Reagan. A comparison of the expenses included on that memorandum to the list of payments contained in the Committee response indicates that the two are separate and distinct. (See Attachments 2 and 3).

0040810438

It is the opinion of the Audit staff that the Committee has made expenditures from its voter registration account on behalf of President Reagan. These expenditures do not meet the conditions which would qualify them exempt from the definition of expenditures under 11 C.F.R. § 100.8(b)(18). What is not known is the total amount of expenditures made specifically on behalf of the President, nor the total amount of expenditures, a portion of which are allocable to the President.

Recommendation

The Audit staff recommends that this matter be referred to the Office of General Counsel.

Receipt of Funds from Committees/Accounts Containing Prohibited Funds

Section 441b of Title 2, United States Code states, in relevant part, that it is unlawful for any corporation to make a contribution in connection with any election to any political office or for any political committee to knowingly accept or receive any contribution prohibited by this section.

The Regulations provide at 11 C.F.R. § 102.5(a)(1)(i) that organizations which are political committees under the Act, including party committees, which finance political activity in connection with both federal and non-federal elections and qualify as a political committee under 11 C.F.R. Part 100.5, may establish a separate federal account in a depository in accordance with 11 C.F.R. Part 103. Such account shall be treated as a separate federal political committee which shall comply with the registration and reporting requirements of 11 C.F.R. Parts 102 and 104. Only funds subject to the prohibitions and limitations of the Act shall be deposited in such separate federal account. All disbursements, contributions, expenditures and transfers by the committee in connection with any federal election shall be made from its federal account. No transfers may be made to such federal account from any other account(s) maintained by such organization for the purpose of financing activity in connection with non-federal elections.

A review of the Committee's deposit tickets, bank statements and other supporting documentation indicated that the Committee received, and deposited into its federal account, funds from two of its non-federal bank accounts. Five (5) transfers totaling $53,000 were made between September 19, 1984 and November 23, 1984. The Committee was given a diagram of its bank accounts depicting these transfers during the exit conference.

The Audit staff reviewed the bank statements and enclosures (i.e., deposit tickets and supporting contributor records) for the two (2) non-federal accounts. This review indicated that one of the accounts (from which $33,000 was transferred to a federal account) contained at least $23,525 in contributions received from prohibited sources (16.09% of the $146,215.00 of contributor checks reviewed). A review ofthe other non-federal account bank records (i.e., bank statements, deposit tickets and contributor check photocopies for each deposit) indicated that $13,000 ($8,000 from corporate sources and a contribution in excess of the limitation by $5,000) of prohibited contributions were deposited into the account.

The Committee also received and deposited into its accounts five transfers totaling $7,136.00 from a gubernatorial candidate's committee, (Friends of Mike Castle '84) which under the laws of the state of Delaware is not prohibited from accepting funds from corporate sources. The Audit staff was unable to ascertain the composition of funds contained in this transfer since documentation was not available which would demonstrate that the funds were permissible under 11 C.F.R. § 102.5(b).

In addition, a $10,000 contribution, drawn on the Republican National State Elections Committee-Corporate Operating Account, was deposited into one of the Committee's federal accounts on August 31, 1984. On December 5, 1984, the Committee transferred $10,000 from the federal account to one of its non-federal accounts, in response to correspondence from the Commission's Reports Analysis Division dated November 30, 1984.

A schedule of these transactions appears at Attachment 1 to Exhibit B.

In the interim audit report the Audit staff recommended that, the Committee provide documentation to demonstrate that the aforementioned transfers were from permissible sources or refund the total amount of transfers received from these non-federal accounts and committees and submit copies (both front and back) of the refund checks to the Audit staff. Regarding the amounts received from the gubernatorial candidate committee, the Committee may, as an option, transfer the amount ($7,136.00) to a non-federal account. If the Committee does not have the funds available to make the transfer, the Audit staff recommended that the amount be disclosed as a debt to the non-federal account until such time as funds are available. The Audit staff further recommended that the Committee provide an explanation regarding the receipt of the $10,000 contribution which was refunded.

In response to the interim audit report, regarding the funds received from its non-federal accounts, Committee officials stated that it was their impression that it was permissible to receive funds from an account containing prohibited funds as long as the account had sufficient permissible funds to cover the amount of the transfer. The response cites 11 C.F.R. § 102.5(b)(1)(ii) which states that organizations which are not political committees under the Act, including state and local political organizations, that have made contributions and expenditures shall demonstrate through a reasonable accounting

method that whenever such organization makes a contribution or expenditure, that organization has received sufficient funds subject to the limitations and prohibitions of the Act to make such contribution or expenditure.

It is the opinion of the Audit staff that since the Committee elected to establish a separate federal account under 11 C.F.R. § 102.5(a)(1)(i) that it is governed by that section of the regulations and not 11 C.F.R. § 102.5(b)(1)(ii). Pursuant to 11 C.F.R. § 102.5(a)(1)(i) no transfers may be made to the federal account from any other accounts maintained by such organization for the purpose of financing activity in connection with non-federal elections.

Regarding the $7,136.00 received from the gubernatorial candidate's committee, the response states that the transfer represented reimbursement for expenses of the Committee or payment for goods and/or services provided to the gubernatorial candidate's committee. Also provided were affidavits from the treasurer of the gubernatorial candidate's committee and the Committee's former treasurer attesting to the fact that the transfers represented reimbursements.

With regard to the $10,000 contribution received from the Republican National State Election Committee - Corporate Operating Account, the response states that the check was inadvertently deposited into the federal account.

It is the opinion of the Audit staff that the two matters discussed above - the $7,136.00 received from the gubernatorial candidate's committee and the $10,000 contribution from the Republican National State Election Committee - Corporate Operating Account are prohibited contributions under 2 U.S.C. § 441b.

Recommendation

The Audit staff recommends that these matters be referred to the Office of General Counsel.

Excessive/Prohibited Contributions
to Federal Candidates

The Act at 2 U.S.C. §§ 441a(a)(1) and (2) provides that no person/multicandidate political committee shall make contributions which in the aggregate exceed $1,000/$5,000 respectively to any candidate and his authorized political committees with respect to any election for Federal office.

The Act at 2 U.S.C. § 441a(a)(4) defines a multicandidate political committee "as a political committee which has been registered under section 433 of this title for a period of not less than 6 months, has received contributions from more than 50 persons; and except for any State political party organization has made contributions to 5 or more candidates for federal office.

Sections 110.1(a)(2)(i) and (ii) of Title 11, Code of Federal Regulations, state, in part, that a contribution designated in writing for the primary election, caucus, or convention and made after the primary election, caucus, or convention shall be made only to the extent that the contribution does not exceed net debts outstanding from the primary election, caucus or convention. In the case of a contribution not designated in writing, it shall be considered for the primary election, caucus, or convention if made on or before the date of the election, caucus or convention and for the general election if made after the primary election.

As stated in the Background section of the interim audit report, the Committee registered with the Commission on November 17, 1983. Consequently, the Committee attained multicandidate status on May 17, 1984, given the fact that it had received contributions from more than 50 persons. Therefore, the Committee was limited to contributions not to exceed $1,000 to authorized candidate committees under 2 U.S.C. § 441a(a)(1) for the period from the Committee's inception to May 16, 1984.

1. Contributions to Federal Candidates

a) Federal Accounts

A review of disbursements from the Committee's federal accounts indicated that the Committee made contributions in excess of the limitations to two federal candidates. Specifically, three contributions totaling $6,900 were made to a

senatorial candidate (John Burris). The first contribution for $4,000 was made prior to the primary election held on September 8, 1984. The check was dated March 1, 1984, which is more than 2 months prior to the date on which the Committee attained multicandidate status (May 17, 1984). A second contribution of $1,000 was made on March 21, 1984 also prior to the primary election. Neither contribution was designated for a specific election.

The Reports Analysis Division notified the Committee via a request for additional information (RFAI) dated October 31, 1984 that the contributions were in excess of the limitation. On November 14, 1984, the Committee received a $4,000 refund from the senatorial committee. Another contribution from a federal account of $1,900 to the senatorial candidate on November 26, 1984 was designated by the Committee for the primary election.

The Committee has also made contributions from a federal account to the at-large congressional candidate (Elise du Pont) apparently in excess of the prescribed limitations. On November 2, 1984, the Committee made a contribution of $2,000 to the congressional candidate's committee. The Audit staff noted a subsequent contribution of $5,000 to the congressional candidate's committee which is dated January 5, 1985 and disclosed on the candidate's 1985 Mid Year report. The transactions noted above result in a $2,000 excessive contribution to the candidate. Committee officials stated that a $2,500 transfer received from the candidate's committee on December 27, 1984, was a refund of the contribution, however no evidence was provided to support this contention.

A review of reports filed by the candidates' committees indicates that both committees were in a debt position at a time approximate to the time of the contributions. 1/

1/ Since the dates of the contributions do not coincide exactly with the report periods of the candidate committees, the Audit staff could only review reports dated prior and subsequent to the dates of the contribution.

In addition to the direct contributions noted above, nine disbursements totalling $7,680.49 were made from the Committee's federal account which appeared to benefit President Reagan (Attachment I to Exhibit C).

The disbursements were for postage, printing, promotion, and office supplies. Documents supporting these disbursements were not sufficient to determine whether the disbursements were exempt from the definition of expenditure pursuant to 11 C.F.R. §§ 100.8(b)(16) and (18).

b) Non-Federal Accounts

On October 4, 1984, a $5,000 contribution was made from a non-federal account of the Committee to the senatorial candidate noted in 1.a.) above (John Burris). Committee officials were unable to explain the contribution other than to say that it was an oversight.

In addition, a review of the Committee's non-federal accounts indicated that six disbursements, totaling $4,322.18, were made which appeared to benefit President Reagan and three disbursements, totaling $712.00, were made which appeared to benefit John Burris.

The disbursements which appeared to benefit the President and senatorial candidate Burris occurred between May 23, 1984 and December 11, 1984, and August 29, 1984 and September 14, 1984, respectively. Documents supporting these disbursements were not sufficient to determine whether the disbursements were exempt from the definition of expenditure pursuant to 11 C.F.R. §§ 100.8(b)(16) and (18).

In the interim audit report the Audit staff recommended that, the Committee provide documentation to the Audit staff which demonstrated that the contributions noted above were not in excess of the limitations prescribed at 2 U.S.C. §§ 441a(a)(1) and (2) or obtain refunds from the candidate committees equal to the amounts of the excessive portions of the contributions. The Audit staff further recommended that the Committee provide evidence that the disbursements benefitting the presidential candidate and senatorial candidate were exempt under 11 C.F.R. §§ 100.8(b)(16) and (18). Absent such evidence, the Committee should seek a refund from the committees of the amounts expended.

2004031500

Regarding the excessive contributions to John Burris, the response states that the Committee regularly terminates its federal committee after each election cycle, however its non-federal account is a continuous entity. It was this continuing activity that led the former treasurer to believe that the Committee retained its multicandidate committee status. Further, the response argues that upon notification that the contribution was excessive a refund was requested and received from the senatorial committee.

Upon terminating its federal committee in February, 1981, the Committee's former treasurer was notified in writing by the Reports Analysis Division that upon re-registration the Committee would have to re-establish eligibility as a multi-candidate committee. 4/

With respect to the excessive contribution to the at-large congressional candidate the Committee states in the response that a verbal designation to apply the contribution to the primary election was made. Affidavits prepared by the Committee's former treasurer and the congressional committee treasurer affirming the verbal designation were provided with the response.

The response further contends that the nine disbursements made on behalf of President Reagan met the exemption definition under 11 C.F.R. § 100.8(18). The response contained an affadavit from the Committee's treasurer which states that the expenditures qualify as exempt however no further documentation to support this contention was provided with the response.

In discussing the $5,000 contribution made to John Burris from the non-federal account the former treasurer states that the transfer was inadvertently made from the non-federal

account due to miscommunication between him and the former executive director. The response contained a copy of a certified check transferring $5,000 from the federal account to the non-federal account.

With respect to the disbursements made from the non-federal account which were made on behalf of President Reagan and John Burris, the response states that these also were exempt pursuant to 11 C.F.R. §§ 100.8(b)(16) and (18). Again, the Committee did not provide any further documentation to support this contention.

Recommendation

The Audit staff recommends that these matters be referred to the Office of General Counsel.

Coordinated Expenditures

Pursuant to 2 U.S.C. § 441a(d)(3)(A)(ii) the national committee of a political party, or a state committee of a political party may not make any expenditure in connection with the general election campaign of a candidate for Federal office in a State who is affiliated with such party which exceeds $40,400 (the adjusted amount as prescribed by 2 U.S.C. § 441a(c)(1)).

During the review of disbursements from all of the Committee's accounts (federal and non-federal), the Audit staff identified 25 disbursements, totalling $21,741.36, (see Attachment I to Exhibit D) apparently made on behalf of a senatorial candidate (John Burris). An analysis of an FEC index detailing expenditures made on behalf of the senatorial candidate and the National Republican Senatorial Committee's (NRSC) reports indicated that the NRSC had made net expenditures on behalf of the candidate totaling $76,156.40.

Based on the fact that each committee has its own limitation of $40,400 as prescribed by 2 U.S.C. § 441a(d)(3) (as adjusted by 2 U.S.C. § 441(c)(1)), it is apparent that, in total, the combined limitation of $80,800 has been exceeded by $17,097.76 ($80,800 combined limitation less the combined 2 U.S.C. § 441a(d)(3) expenditures made by NRSC and the Committee of $97,897.76 ($76,156.40 plus $21,741.36)).

During the audit fieldwork, the Audit staff located a letter from a Deputy Director of the NRSC to the Committee's Executive Director which states that the Committee is not to use funds transferred from the NRSC for "contributions or expenditures in support of specific candidates for federal office" or for campaign materials used by the Committee on behalf of any candidate for federal office (Attachment 2 to Exhibit D). However, no place in the letter does the NRSC indicate that it was assuming the Committee's limitation for expenditures pursuant to 2 U.S.C. § 441a(d)(3). Should such an agreement exist (that is, one which clearly states that the NRSC was assuming the Committee's limitation) , it is the opinion of the Audit staff that the combined expenditure limitation for the NRSC and the Committee of $80,800 has been exceeded by $17,097.76 and that the Committee is responsible for such excessive expenditures. However, should no such agreement exist, the Audit staff is of the opinion that the Committee is within its limitation for incurring expenditures on behalf of the senatorial candidate.

2004031504

In the interim audit report the Audit staff recommended that the Committee obtain a copy of any and all agreements with the NRSC or documents relating to the agreement at Attachment II and submit them to the Audit staff for review. If the Committee disputed the Audit staff's determination that the expenditures presented at Attachment I were expenditures incurred pursuant to 2 U.S.C. § 441a(d)(3), it was recommended that the Committee provide to the Audit staff documentation in support of its contention.

In its response to the interim audit report the Committee argues that the expenditures in question were not coordinated expenditures on behalf of the candidate but rather were disbursements exempt from the definition of expenditure pursuant to 11 C.F.R. § 100.8(16). The response states that all of the activity performed as a result of these expenditures related to volunteer activity. In addition, the Committee supplied an affidavit from the Committee's former treasurer which states that the expenditures in question complied with the conditions set forth in 11 C.F.R. § 100.8(16).

The Committee did not address the question raised in the interim audit report of any agreement which may have been in effect with regard to the NRSC assuming the Committee's expenditure limitation under 2 U.S.C. § 441a(d)(3).

Without further documentation to support that the expenditures in question were made on behalf of volunteer activity, it is the opinion of the Audit staff that the expenditures were coordinated expenditures under 2 U.S.C. § 441a(d)(3).

Recommendation

The Audit staff recommends that this matter be referred to the Office of General Counsel.

Itemization of Coordinated Expenditures

Pursuant to 2 U.S.C. § 434(b)(b)(B)(iv) each political committee, other than an authorized committee, shall report the name and address of each person who receives any expenditure from the reporting committee during the reporting period in connection with an expenditure under 2 U.S.C. § 441a(d) of this title, together with the date, amount, and purpose of any such expenditure as well as the name of, and office sought by the candidate on whose behalf the expenditure is made.

A review of the Committee's disbursements records revealed that the records contained notations which appeared to associate disbursements with particular candidates. Specifically, the Audit staff identified 22 disbursements from the federal account totaling $21,029.36 apparently made on behalf of a senatorial candidate (John Burris)(see Attachment I to Exhibit D), and nine disbursements totaling $1,382.16 apparently made on behalf of a congressional candidate (Elise du Pont). (See Attachment I to Exhibit E).

The Committee itemized 27 of the 31 disbursements made from the federal account noted above, but did not include the required information pertaining to the candidate and office sought by the candidate on whose behalf the disbursements were made.

In the interim audit report the Audit staff recommended that, the Committee provide information which documented that disbursements made from the Committee's federal account were not made on behalf of the candidates, or file amended reports (Schedule F) to include the requisite information for the disbursements.

The Committee, in its response, continues to argue that the disbursements in question are exempt from the definition of expenditure under 11 C.F.R. § 100.8(16) and therefore are only required to be disclosed as operating expenditures. The Committee did not file the amended schedules as requested.

It is the opinion of the Audit staff that without further information which documents that the expenditures in question were for volunteer activity that the expenditures be considered coordinated expenditures under 2 U.S.C. § 441a(d).

Recommendation

The Audit staff recommends that this matter be referred to the Commission's Office of General Counsel.

I. GENERATION OF MATTER

This is a matter referred to the Office of the General Counsel following Commission approval of a Final Audit Report (Attachment I) of Republican State Committee of Delaware - 1984 Victory Committee (the "Committee").

II. FACTUAL AND LEGAL ANALYSIS

A. Voter Registration Expenditures Benefitting A Presidential Candidate

In order to be eligible to receive public funds under 26 U.S.C. § 9006, candidates of a major party in a presidential general election shall certify to the Commission, under penalty

of perjury, that no contributions have been or will be accepted by such candidates. 26 U.S.C. § 9003(b)(2). The payment by a state committee of a political party for the costs of voter registration activities on behalf of the presidential nominee of the party is not a contribution or expenditure provided that, inter alia, 1) for costs incurred in connection with phone banks, only volunteer workers may operate the phone banks, and 2) funds donated by a national committee of the political party may not be the source of the payments for the voter registration activities. 11 C.F.R. §§ 100.7(b)(17) and 100.8(b)(18).

According to the Final Audit Report, the Committee engaged in voter registration activity on behalf of President Reagan. That activity, however, was not exempt from the definitions of contribution or expenditure because the phone banks were not operated by volunteers and because funds from the Republican National Committee ("RNC") were deposited in the Committee's account.

Specifically, the Audit Division reports that the Committee made payments totaling $5,903 to a temporary placement agency and to individual phoners for activities expressly on behalf of the President. Not included in that total are $1,703.76 paid to the temporary agency to cover rent, and other disbursements made by the Committee for computer services, postage, payroll, and various office expenses, all allocable to federal candidates. In addition, the Audit Division indicates that the Committee deposited a total of $38,450 received from the RNC into the same

account from which the Committee made its voter registration expenditures on behalf of President Reagan. The Audit Division could not determine the total amount of expenditures involved that were made specifically on behalf of the president, nor the total amount of expenditures involved of which a portion is allocable to the President.

The national committee of a political party may make coordinated expenditures within specified limits in connection with the general election campaign of a presidential candidate. 2 U.S.C. § 44la(d)(2). The national committee of a political party may make coordinated expenditures through any designated agent, including a state party committee. 11 C.F.R. § 110.7(a)(4). Such designation must be in writing prior to the time expenditures are made. No political committee may knowingly make any expenditure in violation of the provisions of Section 44la. 2 U.S.C. § 44la(f).

It does not appear that the Committee was designated by the Republican National Committee to make coordinated expenditures. Accordingly, the Committee's expenditures on behalf of President Reagan did not qualify as coordinated expenditures pursuant to Section 44la(d). This Office, therefore, recommends that the Commission find reason to believe the Committee and its treasurer violated 2 U.S.C. § 44la(f).

2040810513

B. Use of Prohibited Funds in Connection with Federal Elections

It is unlawful for any corporation or labor organization to make a contribution in connection with a federal election, or for any political committee knowingly to accept or receive any such contribution. 2 U.S.C. § 441b(a). Each political committee which finances political activity in connection with both federal and non-federal elections must either receive only contributions subject to the prohibitions and limitations of the Act, or establish a separate federal account in a depository. 11 C.F.R. § 102.5(a)(1). If a committee chooses the latter option: only funds subject to the prohibitions and limitations of the Act may be deposited in the federal account; all disbursements, contributions, expenditures, and transfers by the committee in connection with any federal election shall be made from the federal account; and no transfers may be made to the federal account from any account(s) maintained by the committee for the purpose of financing activity in connection with non-federal elections. 11 C.F.R. § 102.5(a)(1)(i). Only contributions meeting all the following conditions may be deposited in the federal account: contributions designated for the federal account, contributions that result from a solicitation which expressly states that the contribution will be used in connection with a federal election, and contributions from contributors who are informed that all contributions are subject to the prohibitions and limitations of the Act. 11 C.F.R. § 102.5(a)(2).

2004015114

The Committee financed activity in connection with both federal and non-federal elections, and chose to establish separate federal and non-federal accounts. According to the Final Audit Report, $53,000 was transferred to the Committee's federal account from two of its non-federal accounts. Both non-federal accounts contained receipts in excess of the limitations or from prohibited sources.

The Audit Division also states that the Committee received and deposited into its federal accounts funds totaling $7,136 from Friends of Mike Castle '84, a gubernatorial candidate's committee which, under Delaware state law, could accept funds from corporations and labor unions. Therefore, the Committee may have accepted corporate or labor union funds, in violation of the Act and Regulations. The Committee contends that the funds represent reimbursement for expenses or payment for goods or services provided to the gubernatorial committee. That explanation, however, does not negate the violation. Pursuant to 11 C.F.R. § 102.5(a)(1) and (2), only funds subject to the prohibitions and limitations of the Act and funds intended by the contributor for use in federal elections can be deposited into a federal account.

The Audit Division further states that on August 31, 1984, the Committee improperly deposited into its federal account $10,000 received from Republican National State Elections Committee-Corporate Operating Account. On December 5, 1984, the Committee transferred $10,000 from the federal account to one of its non-federal accounts.

2004081515

In addition to the violations discussed above, The Final Audit Report indicates that the Committee committed other violations through its non-federal accounts. On October 4, 1984, a non-federal account made a $5,000 contribution to the committee of senatorial candidate John Burris. Between May and December 1984, the Committee's non-federal accounts made six disbursements totaling $4,322.18 apparently benefitting President Reagan. In August and September 1984, the Committee's non-federal accounts made three disbursements totaling $712 apparently benefitting John Burris.

In response to the Interim Audit Report, the Committee transferred $5,000 from its federal account to the non-federal account to cover the $5,000 contribution to the Burris Committee. The Committee, however, apparently never sought a refund of the contribution from the Burris committee.

With regard to the disbursements apparently benefitting President Reagan and John Burris, the Committee asserts that the disbursements are exempt from the definition of expenditure under 11 C.F.R. § 100.8(b)(16) and (18), but the Committee provides no evidence in support of that assertion. Furthermore, because the non-federal accounts apparently contained receipts not subject to the limitations and prohibitions of the Act, the disbursements cannot qualify as exempt. Pursuant to 11 C.F.R. § 100.8(b)(16)(ii) and (18)(ii), the only payments which are eligible for the volunteer activity and voter registration activity exemptions are those amounts paid from contributions subject to the limitations and prohibitions of the Act.

2004081516

In consideration of the discussion above, this Office recommends that the Commission find reason to believe the Committee and its treasurer violated 2 U.S.C. § 441b(a) and 11 C.F.R. § 102.5(a).

C. Impermissible Contributions and Expenditures for Federal Candidates

1. Excessive Contributions

No "person" other than a multicandidate political committee may contribute more than $1,000 per election to any authorized political committee. 2 U.S.C. § 441a(a)(1)(A). No multicandidate political committee may contribute more than $5,000 per election to any authorized political committee. 2 U.S.C. § 441a(a)(2)(A). The term "multicandidate political committee" means a political committee which, inter alia, has received contributions from more than 50 persons. 2 U.S.C. § 441a(a)(4).

According to the Final Audit Report, the Committee became a multicandidate political committee on May 17, 1984, the date on which it received contributions from more than 50 persons. Therefore, from the Committee's inception through May 16, 1984, the Committee could not legally contribute more than $1,000 per election to any committee authorized by a candidate. The Audit Division reports, however, that during March 1984, the Committee contributed an amount totaling $5,000 to the committee authorized by senatorial candidate John Burris. Specifically, the Committee contributed $4,000 on March 1, 1984, and $1,000 on March 21, 1984. On November 14, 1984, the Committee received a $4,000 refund from the senatorial committee.

2040351517

In accordance with the information stated above, this Office recommends that the Commission find reason to believe the Committee and its treasurer violated 2 U.S.C. § 441a(a)(1)(A).

The Audit Division further reports that, after the Committee had become a multicandidate committee, it contributed $2,000 to a congressional candidate (Elise duPont) on November 2, 1984. The Committee states it received a $2,500 "refund" from the candidate's committee on December 27, 1984. 1/ On January 5, 1985, the Committee contributed an additional $5,000 to the candidate's committee. Because of the intervening "refund" the Committee's total contributions to the candidate's committee appear to be within the limitations established by the Act. This Office, therefore, makes no recommendations regarding these transactions.

2. Prohibited Expenditures

No political committee may knowingly make any expenditure in violation of the provisions of Section 441a. 2 U.S.C. § 441a(f). The national committee of a political party may make coordinated expenditures within specified limits in connection with the general election campaign of a presidential candidate. 2 U.S.C. § 441a(d)(2). The national committee of a political party may make coordinated expenditures through any designated agent, including a state party committee. 11 C.F.R. § 110.7(a)(4). Such designation must be in writing prior to the time the expenditures are made. The term "expenditure" does not include

1/ It is unclear why the candidate's committee "refunded" $2,500 when the Committee's contribution was only $2,000.

2030518

payments by a state committee of a political party for the costs of campaign materials used in connection with volunteer activities, or voter registration and get-out-the-vote activities, on behalf of nominees of the party, provided that certain conditions are met. 11 C.F.R. § 100.8(b)(16) and (18).

The Final Audit Report states that the Committee made nine disbursements from its federal account totaling $7,680.49 which appeared to benefit President Reagan. (These disbursements are apparently distinct from the voter registration expenditures discussed in Section A.) The disbursements were for postage, printing, promotion, and office supplies, but the Audit Division is unable to determine whether they are exempt from the definition of expenditure pursuant to 11 C.F.R. § 100.8(b)(16) or (18). In the Interim Audit Report the Audit Division requested that the Committee provide evidence that the disbursements were exempt from the definition of expenditure. The Committee failed to do so, but simply contended that the disbursements were exempt, without providing supporting evidence.

If the disbursements discussed above benefitted President Reagan and were not exempt from the definition of expenditure, and if the Committee was not designated by a national committee as an agent to make Section 441a(d) coordinated expenditures, then the Committee violated 2 U.S.C. § 441a(f).

The Final Audit Report also suggests that the Committee made other impermissible expenditures through its non-federal accounts

2004031052-9

benefitting President Reagan. Specifically, as discussed in Section B, from its non-federal accounts, the Committee made six disbursements totaling $4,322.18 apparently to benefit President Reagan. The Committee again asserts that the disbursements are exempt from the definition of expenditure pursuant to 11 C.F.R. § 100.8(b)(16) and (18), but provides no evidence in support of that contention. Moreover, because the non-federal accounts apparently contained receipts not subject to the limitations and prohibitions of the Act, the disbursements cannot qualify as exempt. Pursuant to 11 C.F.R. § 100.8(b)(16)(ii) and (18)(ii), the only payments which are eligible for the volunteer activity and voter registration activity exemptions are these amounts paid from contributions subject to the limitations and prohibitions of the Act. Accordingly, it appears that again the Committee made expenditures on behalf of President Reagan in violation of 2 U.S.C. § 441a(f).

In accordance with the foregoing discussion, this Office recommends that the Commission find reason to believe the Committee and its treasurer violated 2 U.S.C. § 441a(f).

D. Coordinated Expenditures Benefitting Senatorial Candidate

No political committee may knowingly make any expenditure in violation of the limitations of Section 441a. 2 U.S.C. § 441a(f). The national committee of a political party, or a state committee of a political party, may make coordinated expenditures in connection with the general election campaign of a senatorial candidate in amounts not exceeding $20,000, adjusted

according to the Consumer Price Index. 2 U.S.C. § 441a(d)(3)(A)(ii). According to the Audit Division, in 1984 that limit was $40,400. Therefore, the Committee and the Republican national committees together had a $80,800 combined senatorial coordinated expenditure limit in Delaware.

The Final Audit Report states that National Republican Senatorial Committee ("NRSC") reported making coordinated expenditures totaling $76,156.40 on behalf of senatorial candidate John Burris. The Report also states that the Committee made 25 coordinated expenditures, totaling $21,741.36, also on behalf of John Burris. Therefore, coordinated expenditures totaling $97,897.76 [$76,156.40 + $21,741.36 = $97,897.76.] were made on behalf of John Burris. That amount exceeds the combined coordinated expenditure limitation by $17,097.76 [$97,897.76 - $80,800 = $17,097.76.].

The Committee could permit NRSC to assume the Committee's coordinated expenditure limitation; however, the Audit Division was unable to obtain evidence of any such agreement between the Committee and NRSC. It is the opinion of the Audit staff that if such an agreement exists, the Committee is responsible for the $17,097.76 of excessive coordinated expenditures. 2/

2/ If the investigation in this matter reveals that no such agreement exists, this Office will make the appropriate recommendations against NRSC.

2004031052

According to the Audit Division, the Committee contends that the disbursements in question were not coordinated expenditures but rather were exempt from the definition of expenditure pursuant to 11 C.F.R. § 100.8(b)(16). The Committee, however, provided no evidence in support of that contention. Accordingly, this Office recommends that the Commission find reason to believe the Committee and its treasurer violated 2 U.S.C. § 441a(f).

E. Itemization of Coordinated Expenditures

Each report of receipts and disbursements filed by a political committee not authorized by a candidate must disclose the name and address of each person who receives any coordinated expenditure under Section 441a(d), together with the date, amount, and purpose of such expenditure, as well as the name of, and office sought by, the candidate on whose behalf the expenditure is made. 2 U.S.C. § 434(b)(6)(B)(iv).

The Audit Division identified 34 disbursements totaling $23,123.52 from the Committee's federal and non-federal accounts which were not fully itemized and which were apparently made on behalf of federal candidates.

The Committee contends that the disbursements are exempt from the definition of expenditure under 11 C.F.R. § 100.8(b)(16), but provides no evidence in support of that claim. Accordingly, this Office recommends that the Commission find reason to believe the Committee and its treasurer violated 2 U.S.C. § 434(b)(6)(B)(iv).

2040315522

Republican State Committee of Delaware - 1984 Victory Committee and David C. Eppes, as Treasurer	))))	RE: MUR 2345

RESPONSE TO FACTUAL AND LEGAL ANALYSIS

Background

The Republican State Committee of Delaware ("RSC") was audited by the Audit Division of the Federal Election Commission ("FEC") in July 1985 . The Audit covered the period from the inception of the RSC's Victory 84 Committee in October 1983 through December 1984. The Audit staff concluded its fieldwork in August 1985 and certain findings and recommendations of the staff were discussed with the staff of RSC. Some 9 months later, the RSC received formal notification of the interim findings and recommendations of the Audit staff and the RSC was given thirty days to provide a response to the interim findings. The RSC filed its response and included amended returns for several items requested by the Audit staff.

Almost two years later, on June 6, 1988, the FEC notified Mr. David Eppes that the FEC, based on a Final Audit Report, had found reason to believe that RSC had violated various provisions of the Federal Election Campaign Act of 1971 (the "Act").

This memorandum is in response to the FEC's letter of June 6, 1988 and responds item by item to the allegations raised in the Factual and Legal Analysis provided by the FEC to the RSC.

Response to the Factual and Legal Analysis

General Comments

First, it should be noted that Mr. Eppes was not the Treasurer of the Victory 84 Committee nor of the Republican State Committee during the period which the Audit addresses and we question whether his inclusion as a party to this Matter is appropriate. Also, the FEC makes reference to a Final Audit Report; however, the RSC received only an Interim Audit Report in May 1986 and received no further communication from the FEC until June 6, 1988.

2004081035

In addition, in responding to the allegations set forth in the Factual and Legal Analysis of the FEC (the "Analysis"), the RSC has attempted to provide the factual as well as legal basis for its response to each allegation. However, the RSC has been hampered in its ability to provide a comprehensive response due to the length of time that the FEC has allowed to transpire between contacts with the RSC. As pointed out above, the present Treasurer of the RSC was not the Treasurer when the events in question took place, the RSC has had numerous staff changes since the time of the 1984 election, the campaign staffs of the Congressional and Senatorial campaigns as well as the local representatives for the Reagan-Bush committee are no longer in town and the RSC office has moved. Thus, documents and people who might have the answers to the questions posed by the FEC's staff had those questions been raised in a timely fashion are not available at this time.

Finally, the RSC was well aware of its responsibilities as a political organization vis-a-vis the requirements of the Federal campaign laws and has no reason to believe that the officials in charge of the RSC during the 1984 election would have operated outside of the scope of those laws. The tone of the FEC's Analysis is that the RSC should prove its innocence. The RSC would suggest that it is up to the staff of the FEC to prove by something more than innuendo that the RSC violated the law, particularly when the events that are being reviewed took place almost 4 years ago. We respectfully suggest that the presumption should be that the RSC acted legally and that any illegality would have to be proven rather than assumed.

A. Voter Registration Expenditures Benefitting a Presidental Candidate

The RSC conducted a phone bank for the purpose of voter registration and get out the vote activities. We believe that the staff of the FEC has misinterpreted these activities by focusing on the question of whether the phone bank was a volunteer activity based on the definition in 11 C.F.R. 100.8(b)(16)activities.

There is no question that the phone bank operation did involve volunteers, in addition to paid staff workers, who made phone calls and participated in the get out the vote activities. Some of these volunteers received token payments and reimbursement for travel expenses; however, under the definition of volunteer in the Act, the RSC notes that the payment of travel or subsistence or token payments do not result in the recharacterization of volunteers as paid workers. 11 C.F.R. 100.8(b)(16).

2 3 4 0 3 1 0 5 3 6

However, the RSC believes that the Audit staff should have focused on the fact that the phone bank represented a cost sharing of expenses among those campaigns that benefitted from its results. The amount of the costs allocated to each candidate or party organization was determined by the scripts that were used and the amount of effort devoted by the workers to the phone bank activities for that candidate. For example, information which was previously provided to the Audit staff shows $5903.00 in expenses which expenses were designated as allocable to the Reagan-Bush campaign and which were reimbursed to the RSC by Reagan-Bush 84. (Exhibit A) Because the expenses of the phone bank operation were paid by the campaigns involved, including Reagan-Bush 84, there was no attempt on the part of the RSC in its previous dealings with the Audit staff to explain the volunteer component of the phone bank operation.

During the several weeks when the Audit staff conducted its field audit they had ample opportunity to examine RSC's records in connection with the voter registration and get out the vote activity. The RSC believes that it was the staff's lack of understanding of the cost-sharing nature of the phone bank operation that lead to the Staff's allegation that the Act may have been violated. Any expenses applicable to the Presidential campaign in connection with the phone bank operation were in fact paid for by the Reagan-Bush 84 Committee.

B. Use of Prohibited Funds in Connection with Federal Elections

The Analysis points out the transfer of $53,000 in non federal accounts to the RSC's federal account. The RSC staff believed that it could transfer funds from a non-federal account to a federal account so long as the non-federal account had sufficient funds that were not prohibited funds. The amount in question was transferred from an account that was identified as having $23,525 of prohibited funds but had in excess of $122,690 of permissible funds. The transfer to the federal account came from these permissible funds.

In addition the Audit staff identified transfers to the RSC's federal account from the Friends of Mike Castle 84, a non-federal account. That account, while a non-federal account did contain ample non-prohibited funds to cover those transfers. As set forth in the enclosed copy of the affidavit of Carl Hostetter, the treasurer of that committee (Exhibit B) (the original affidavit was provided to the FEC in the RSC's response in 1986) those transfers were for the purpose of reimbursing RSC for certain shared expenses - rent, utilities and the voter registration and get out the vote activities described above.

2004081053537

The $10,000 transaction noted on page 5 of the Analysis was improperly deposited in the federal account and was transferred to the non-federal account in December, 1984 when RSC realized that the initial deposit had been improperly made.

The Audit staff also questioned other activities in the RSC's non-federal accounts. The staff noted six disbursements totaling $4,322.18 apparently benefitting President Reagan.(Exhibit C) In reviewing the RSC's files and the files of the vendors listed, the RSC has determined that the expenditures were for items that did not benefit President Reagan. For example, the $3500 expenditure paid to Minute Man Press relates to printing for a mailing done on behalf of the RSC. RSC also believes that the $384 paid to Jos. Small Assoc. and the $90 expenditure to the Postmaster were in connection with the printing and mailing of a fundraising letter to selected donors to raise funds for the Victory 84 account.(Exhibit C-2) The RSC has no reason to believe that the other listed expenditures were for the benefit of President Reagan and it is hampered in its ability to track down the details of those expenditures because of the length of time that has transpired since the expenditures were incurred.

The Audit staff also noted three disbursements of $712 from the non-federal account apparently benefitting the Senatorial candidate John Burris. The RSC believes that the three disbursements, which were each made to the same individual, were payment for services that that individual rendered to the RSC during the six weeks in question.(Exhibit C-2) That individual later worked on the Senatorial campaign of John Burris which may explain the confusion about these expenditures.

Finally, the Audit staff identified a transfer of $5000 from the non-federal account to the committee of Senatorial Candidate of John Burris and noted that the RSC did transfer $5000 from its federal account to the non-federal account to cover that contribution. The RSC did not seek reimbursement from the Burris committee because it believed that that committee did not have sufficient resources to make that reimbursement. Instead the RSC reimbursed its federal account for those funds.

C. Impermissible Contributions and Expenditures for Federal Candidates

1. Excessive Contributions

In the Analysis the FEC argues that the RSC did not achieve multi-candidate status until May 17, 1984 and therefore could not make contributions in excess of $1000 to

2004031538

the Senatorial candidate. We believe that this argument does not comport with the intent of the Act. The Act intends for a multi-candidate committee to be able to give in excess of $1000 to a limit of $5000 because of the very nature of those types of committees - their permanence and widespread donor support. The RSC meets that definition because it has a permanent existence and a list of contributors in excess of 50 persons. To look only to the Victory 84 portion of the RSC's total effort is to ignore the reality of the political party organization. Victory 84 was nothing more than one of the fund-raising efforts of the RSC and followed the Victory 80 and Victory 82 efforts. For logistical reasons the 80 and 82 phases were closed down and the Victory 84 account was opened. However these accounts were all part and parcel of an on-going RSC effort on behalf of the Republican party nationally and in the State of Delaware. The multi-candidate status of a committee that is part of an on-going effort should not be determined just by looking at the date a bank account was opened or a fiftieth contribution was received but rather should be viewed in its totality.

As set forth above, the RSC believes that its contributions in excess of $1000 but not in excess of $5000 to the Senatorial campaign committee of John Burris were not excessive contributions. Nevertheless, the RSC did approach the Senatorial committee in 1984 when this issue was first raised and did receive a refund from the Burris committee. In addition the RSC also spoke to the Congressional committee of Elise duPont and also received a refund of its contribution to the committee.

2. Prohibited Expenditures

The Audit staff indicated that there were nine disbursements totaling $7,680.49 which it states appeared to benefit President Reagan (Exhibit D-1). After reviewing its records, in particular its volunteer logs and also based on discussions with persons involved in the get out the vote effort, the RSC believes that these expenditures were incurred in connection with its mass mailing efforts and thus do not constitute expenditures under the Act and the regulations promulgated thereunder. See 11 C.F.R. 100.8(b)(16). For example Communi Graphics provided typesetting services to the RSC for its newsletter, Joseph Small provided printing of letters and envelopes to be used in mass mailings, and LeCompte Business Supply provided office supplies to be used by the volunteers. Payments to the U.S. Postmaster were incurred when the volunteers took the mail to the Post Office for mailing by bulk mail.

As the volunteer logs indicate (Exhibit D-2), the RSC has an intense program of mass mailings, particularly in election years. It is not unusual for the RSC to use volunteers to mail 15,000 pieces of mail a day near Election

2004081053539

Day. Due to the length of time that has passed the RSC has not been able to locate any additional information that might be of help to the Commission on this issue; however, it has asked its vendors to review their files to determine if any of the actual letters are available. Also, as stated in the General Comments, the RSC believes that the FEC should recognize that in a case such as the one at hand, party organizations and the RSC were aware of the restrictions of the Act and carried on their activities with those restrictions in mind.

D. Coordinated Expenditures or Excessive Contributions Benefitting Senatorial Candidate

The Audit staff alleges that the RSC exceeded the coordinated expenditure limitation of $80,800 for the Senatorial campaign; however, the expenditures of $21,741.36 that the Audit staff identified as being expenditures on behalf of the Senatorial candidate in fact do not meet the definition of expenditure in the Act. (Exhibit E) As discussed above in the section dealing with Prohibited Expenditures, most of the expenses identified in Exhibit E were expenditures for mass mailings conducted by RSC's volunteers. Copies of the volunteer logs (Exhibit D-2) indicate that on certain days the volunteers were working on "Burris letter". This letter must have been one of a series of letters folded, labeled, bundled and bulk mailed by the volunteers for the Senatorial candidate John Burris. All of the expenses noted, with the exception of the expenditure to Thomas McPhee, were to printers (Dover Post, Reports, Inc., Joseph Small, Sprint, Trimark, and Small Print Shop) or to the U.S. Postmaster. (The expenditures to Thomas McPhee of $712 from the non-federal account were discussed above in the section dealing with Use of Prohibited Funds.) These mass mailing activities were conducted by volunteers and not by commercial vendors or from commercial lists and are not considered expenditures under 11 C.F.R. 100.8 (b)(16), (18).

E. Itemization of Coordinated Expenditures or In-Kind Contributions.

The Analysis states that the alleged expenditures discussed in the preceding sections as either being on behalf of President Reagan or on behalf of the Senatorial candidate were improperly itemized. The RSC believes that the amounts in question were not expenditures under 11 C.F.R.100.8(b)(16). Such expenses were therefore disclosed as operating disbursements in accordance with 11 C.F.R. 104.3. However, if the itemization already provided is not sufficient, the RSC will provide whatever itemization the FEC desires.

ANSWERS TO INTERROGATORIES
AND DOCUMENT REQUEST

1. The Republican State Committee of Delaware ("RSC") was not designated to make coordinated expenditures pursuant to 2 U.S.C. §441a (d)(2) on behalf of President Reagan's 1984 election.

2. Any disbursements made by RSC on behalf of President Reagan's 1984 election either were exempt under the definition of expenditure under 11 C.F.R. 100.8(b)(16), (18) or were paid for by the Reagan-Bush '84 committee by reimbursing RSC for the expenditure. For a more detailed response, please see RSC's response to the Federal Election Commission's ("FEC") Factual and Legal Analysis (the "Analysis") at Sections A "Voter Registration Expenditures Benefiting a Presidential Candidate", Section B "Use of Prohibited Funds in Connection with Federal Elections" and Section C-2 "Prohibited Expenditures".

3. See answer to question 2 above.

4. The $4,322.18 from the non federal account which the Analysis described as benefiting President Reagan were not on behalf of President Reagan but were for activities benefiting RSC or were for exempt volunteer activities and thus do not constitute prohibited expenditures. For a more detailed response, see RSC's Response to Section B and C-2 and the exhibit referenced therein.

5. The $712 was paid out of the non-federal account for services rendered to RSC by Thomas McPhee. Mr. McPhee after the date of the transaction in question was hired by the senatorial campaign of John Burris. For further detail see RSC's Response to Section B of the Analysis and the exhibits referenced therein.

9004031353

6. The $7680.49 from RSC's federal account that the Analysis states benefited President Reagan were expenses incurred in connection with volunteer activities and therefore are exempt expenditures under 11 C.F.R 100.8(b)(16),(18). For a more detailed response see RSC's Response to Section C-2 of the Analysis and the exhibits referenced therein.

7. The Analysis states in Section D that $21,741.36 disbursements were made on behalf of John Burris. $712 of that amount is discussed in question Number 5 above; the remaining $21,029.36 involves experses incurred by RSC in connection with volunteer activities and therefore are exempt expenditures under 11 CFR 100.86(16),(18). For a more detailed response see RSC's Response to Section D of the Analysis and the exhibits referenced therein.

8. The National Republican Senatorial Committee was designated to utilize the coordinated expenditure limit pursuant to 2U.S.C. §441a(d)(3). A copy of the designation was provided to RSC by the National Republican Senatorial Committee and is attached hereto.

Re: MUR 2345
Supplemental Response
Republican State Committee of Delaware - 1984 Victory Committee and David C. Eppes, as Treasurer

Dear Mr. Raich:

In response to our telephone conversation, the Republican State Committee of Delaware - 1984 Victory Committee and David C. Eppes, as treasurer, (the "RSC") supplements its July 22, 1988 response to the Federal Election Commission in MUR 2345 as follows:

1. For the mass mailings referred to in paragraphs C-2 and D, RSC used mailing lists that it compiled from public records, i.e. voter registration lists and RSC's records of contributors. RSC did not purchase lists from any commercial vendors. It is RSC's contention that the lists it used met the requirements of 11 C.F.R. 100.8 (b)(16).

2. As noted in paragraph A of the RSC's response of July 22, 1988, the RSC's phone bank activities in connection with the voter registration and get out the vote activities were funded by a cost sharing method among the various campaigns involved. Funding was provided from the campaigns at the beginning of the phone bank operations for the get out the vote activities. A check from Reagan-Bush '84 for $5000 was received in September 1984 (copy attached) and RSC has a copy of the letter from Reagan-Bush '84 indicating that another $10,000 was received in early October 1984 (copy attached). (The RSC has searched its files but does not have a copy of the agreement referenced in the Reagan-Bush letter nor does the RSC believe that any additional payments

2004031558

were received). These two checks represented the Reagan-Bush '84 portion of the costs for the get out the vote activities. The funds from Reagan-Bush '84 mentioned in the RSC's previous response represented reimbursement for expenditures in connection with the voter registration portion of the phone bank activities which was conducted prior to the get out the vote activities.

3. In discussing RSC's response to Interrogatories Number 2 and 3, you requested more information as to the calculation of the expenditures on behalf of President Reagan and you indicated that the Audit staff was unable to determine the amount of expenditures. In the RSC's response, RSC stated that some of the confusion over the intent of the phone bank operation may have been caused by the Audit staff's treatment of the phone bank only as a volunteer activity rather than as a volunteer activity and a cost sharing activity where the costs were allocated at the beginning of the project. Had the Audit staff examined the RSC's records in 1985 with this understanding we believe that they would have been able to determine that the part of the shared costs paid by Reagan-Bush '84 was appropriate for the amount of benefit received by the campaign involved in the get out the vote operation. However, because of the passage of time and the fact that the records and the people involved are no longer available, RSC cannot provide any further information.

If you need any additional information please feel free to contact me.

Very truly yours,

Sandra Kaufmann

Re: MUR 2345
Supplemental Response
Republican State Committee of Delaware -
1984 Victory Committee and David C. Eppes,
as Treasurer

Dear Mr. Raich:

In response to our telephone conversation, the Republican State Committee of Delaware - 1984 Victory Committee and David C. Eppes, as Treasurer, (the "RSC") supplements its responses of July 22 and August 22, 1988 to the Federal Election Commission ("FEC") in MUR 2345 as follows:

1. The expenditures referred to in Section E of the Factual and Legal Analysis in the amount of $1382.16 (as itemized in the attachment hereto) were alleged by the Audit staff of the FEC to be coordinated expenditures on behalf of the Congressional candidate. The RSC believes that the amounts in question were not expenditures under 11 C.F.R. 100.8(b)(16). The expenses were incurred by the RSC for volunteer materials and for mass mailings. For example shirts with the campaign logo were purchased to be worn by volunteers at various campaign events and food was purchased to provide refreshments for those volunteers during those events.(Alpha Shirt Co., Janssens). The payments to Dover Post, Custom Computer, Franklin Rubber Stamp, U.S. Postmaster, Sprint and Neilson, Inc. were expenses incurred in connection with RSC's program of mass mailings on behalf of candidates, including the Congressional candidate.

0040810662

Because these expenses meet the definition set forth in 11 C.F.R. 100.8(b)(16), the RSC contends that the expenses were not expenditures under the Act.

If you need any additional information, please feel free to contact me.

MEMORANDUM

TO: LAWRENCE M. NOBLE
GENERAL COUNSEL

THROUGH: JOHN C. SURINA
STAFF DIRECTOR

FROM: ROBERT J. COSTA
ASSISTANT STAFF DIRECTOR
AUDIT DIVISION

SUBJECT: MUR 2345 - REPUBLICAN STATE COMMITTEE OF DELAWARE 1984 VICTORY COMMITTEE

In a meeting on Thursday, May 5, 1989, Jonathan Bernstein and Rob Raich of your staff requested the Audit staff's assistance in determining whether funds from the national Republican committees or prohibited sources were used to fund Committee disbursements associated with apparent volunteer activity. Nine disbursements in question, totalling $7,680.49, appear to be related to activity associated with President Reagan's re-election. An additional twenty-two disbursements, totalling $21,029.36, appear to have been made in connection with the John Burris for Senate Committee.

The analysis of the account from which the disbursements were made*/ was performed using the assumption that the first funds deposited were the first to be disbursed (FIFO) with the order based on check number and date.**/ Records reviewed consisted of (1) available bank statements, (2) a schedule of all disbursements, and (3) a schedule of all deposits to the Committee's account.

---

*/ The cash balance prior to the initial receipt of NRC/prohibited funds assumed to be composed of private funds.

**/ The account reviewed (Republican State Committee of Delaware 1984 Victory Committee) was one of three accounts maintained by the Committee during the period in which the questioned disbursements were made. The Committee also maintained a GOTV account and a Voter Registration account.

2004081065

In addition, since both national party/prohibited funds and private funds were deposited on the same day, two separate analyses were performed.*/ In the first analysis, it was assumed that when national party/prohibited funds and private funds were deposited on the same day, the national party/prohibited were received first and as such disbursed first. Under the second analysis, it was assumed that the private funds were deposited first. Following is a discussion of the results.

1. National Party/Prohibited Funds Applied Before Private Funds

   Using this assumption, 14 disbursements, totalling $10,550.18, were funded in part or fully from national party/prohibited funds (see Attachment #1).

2. Private Funds Applied Before National Party/Prohibited Funds

   Under this assumption, 9 disbursements, totalling $10,310.96, were funded in part or fully from national party/prohibited funds (see Attachment #2).

If you have any questions regarding the procedures used, please contact Ray Lisi or Rick Halter at 376-5320.

RE: MUR 2345
Republican State Committee of Delaware - 1984 Victory Committee and David C. Eppes, as treasurer

Dear Ms. Kaufmann:

Based on information ascertained in the normal course of carrying out its supervisory responsibilities, and information supplied by your clients, on May 24, 1988, the Federal Election Commission found reason to believe your clients violated 2 U.S.C. §§ 441a(f) or 441a(a), 441b(a), 441a(a)(1)(A), and 434(b) and 11 C.F.R. § 102.5(a), and instituted an investigation in this matter.

After considering all the evidence available to the Commission, the Office of the General Counsel is prepared to recommend that the Commission find probable cause to believe your clients violated 2 U.S.C. §§ 441b(a), 441a(a)(1)(A), 434(b), and 441a(f) and 11 C.F.R. § 102.5(a). The Office of the General Counsel is also prepared to recommend that the Commission find no probable cause to believe your clients violated 2 U.S.C. §§ 441a(f) or 441a(a) with respect to certain matters. The Commission may or may not approve the General Counsel's recommendations.

Submitted for your review is a brief stating the position of the General Counsel on the legal and factual issues of the case. Within 15 days of your receipt of this notice, you may file with the Secretary of the Commission a brief (ten copies if possible) stating your position on the issues and replying to the brief of the General Counsel. (Three copies of such brief should also be forwarded to the Office of the General Counsel, if possible.) The General Counsel's brief and any brief which you may submit will be considered by the Commission before proceeding to a vote of whether there is probable cause to believe a violation has occurred.

2004081067

If you are unable to file a responsive brief within 15 days, you may submit a written request for an extension of time. All requests for extensions of time must be submitted in writing five days prior to the due date, and good cause must be demonstrated. In addition, the Office of the General Counsel ordinarily will not give extensions beyond 20 days.

A finding of probable cause to believe requires that the Office of the General Counsel attempt for a period of not less than 30, but not more than 90, days to settle this matter through a conciliation agreement.

Should you have any questions, please contact Robert Raich, the attorney handling this matter, at (202) 376-8200.

Sincerely,

Lawrence M. Noble
General Counsel

GENERAL COUNSEL'S BRIEF

I. STATEMENT OF THE CASE

This MUR arose as a result of a referral following an audit of Republican State Committee of Delaware - 1984 Victory Committee (the "Committee") for the period of October 13, 1983 through December 31, 1984. The Commission found reason to believe the Committee and David C. Eppes, as treasurer, violated 2 U.S.C. §§ 441a(f) or 441a(a), 441b(a), 441a(a)(1)(A), and 434(b) and 11 C.F.R. § 102.5(a). The respondents filed a response to the Commission's findings and answered the Interrogatories and Document Requests approved by the Commission. The respondents subsequently filed two supplemental responses providing additional information and documentation.

II. ANALYSIS

A. Use of Prohibited Funds in Connection with Federal Elections

Based on information in the Final Audit Report, the Commission found reason to believe the respondents violated 2 U.S.C. § 441b(a) and 11 C.F.R. § 102.5(a) with regard to six separate categories of transactions. The information now supplied by the respondents confirms that illegal payments indeed occurred, though in some cases potentially mitigating factors may be present.

2 1 3 4 0 8 1 0 5 7 3

1. The Law

It is unlawful for any corporation or labor organization to make a contribution in connection with a federal election, or for any political committee knowingly to accept or receive any such contribution. 2 U.S.C. § 441b(a). Each political committee that finances political activity in connection with both federal and non-federal elections must either receive only contributions subject to the prohibitions and limitations of the Act, or establish a separate federal account in a depository. 11 C.F.R. § 102.5(a)(1). If a committee chooses the latter option: only funds subject to the prohibitions and limitations of the Act may be deposited in the federal account; all disbursements, contributions, expenditures, and transfers by the committee in connection with any federal election must be made from the federal account; and no transfers may be made to the federal account from any account(s) maintained by the committee for the purpose of financing activity in connection with non-federal elections. 11 C.F.R. § 102.5(a)(1)(i). Moreover, only contributions meeting all the following conditions may be deposited in the federal account: contributions that are designated for the federal account, contributions that result from a solicitation expressly stating the contribution will be used in connection with a federal election, and contributions that are from contributors who are informed that all contributions are subject to the prohibitions and limitations of the Act. 11 C.F.R. § 102.5(a)(2).

2. Application of the Law

The Committee financed activity in connection with both federal and non-federal elections, and chose to establish separate federal and non-federal accounts.

i. The Audit Division identified $53,000 transferred to the Committee's federal account from two of its non-federal accounts. Both non-federal accounts contained receipts from prohibited sources under the Act. In their response, the respondents confirm that the Committee transferred $53,000 to its federal account from its non-federal accounts, and that the non-federal accounts contained prohibited funds. The respondents assert that the transfers were from only permissible funds in the non-federal accounts, but the respondents provide no explanation of the basis upon which they make that assertion. Regardless, the Regulations strictly prohibit any transfer of any funds to a federal account from a non-federal account. The respondents further state that the Committee's staff believed it could transfer funds from a non-federal account to a federal account. The mistaken belief of the Committee's staff, however, does not negate the violation.

ii. The Audit Division also reported that the Committee received and deposited into its federal accounts funds totaling $7,136 from Friends of Mike Castle '84, a gubernatorial candidate's committee that, under Delaware state law, could accept funds from corporations and labor unions. Therefore, the Committee apparently accepted prohibited funds, in violation of

2004810675

the Act and Regulations. The respondents confirm that they indeed received the $7,136, and they suggest that the gubernatorial committee's account indeed contained impermissible funds; but they indicate that the monies received were reimbursements for rental of headquarters, utilities, and get-out-the-vote expenses initially advanced by the Committee on the gubernatorial committee's behalf. That explanation, however, does not negate the violation. Pursuant to 11 C.F.R. § 102.5(a), only funds subject to the prohibitions and limitations of the Act may be deposited into a federal account. Although counsel asserts that the gubernatorial committee account contained ample non-prohibited funds to cover the payments, the respondents have provided no evidence indicating that the payments consisted only of permissible funds. See 11 C.F.R. § 102.5(b)(1)(ii). Absent such a showing, the payments that the respondents agree occurred result in apparent violations by them of 2 U.S.C. § 441b and 11 C.F.R. § 102.5(a). The non-federal committee should have paid for its expenses directly, or alternatively, the Committee could have arranged for payments and reimbursements of this sort through a non-federal account.

iii. The Audit Division further reported that on August 31, 1984, the Committee illegally deposited into its federal account $10,000 received from Republican National State Elections Committee-Corporate Operating Account, a non-federal

2004081576

account. In their response, the respondents admit that the $10,000 "was improperly deposited in the federal account . . . ." The Audit Division noted that on December 5, 1984, the Committee transferred $10,000 from the federal account into one of its non-federal accounts. Although that transfer (three months later and one month after the election) may be a mitigating factor, it did not negate the violation.

iv. The Audit Division and the respondents agree that on October 4, 1984, the Committee made a $5,000 contribution from a non-federal account to the committee of senatorial candidate John Burris. After receiving the Interim Audit Report, the Committee transferred $5,000 from its federal account to the non-federal account. Again, that transfer, although a potentially mitigating factor, did not negate the violation.

v. Between May and December 1984, the Committee made six specified disbursements totaling $4,322.18 from its non-federal accounts. It appeared to the Audit staff that those disbursements benefitted President Reagan, and the respondents apparently did not state otherwise to the auditors. Committee personnel, however, have now reviewed their files and have submitted a sworn affidavit stating that the disbursements in question were not for President Reagan. Rather, the respondents state that the disbursements were for fundraising on behalf of the Committee itself and volunteer activities. For example, the respondents state that a large portion of the amount in question was for "the printing and mailing of a fundraising letter to

2004031J577

selected donors to raise funds for the Victory 84 account," not for the benefit of Ronald Reagan. Because the "Victory 84 account" was the federal political committee, the disbursements were illegal even though they did not benefit Ronald Reagan; they were still non-federal funds used in connection with federal elections. 11 C.F.R. § 102.5(a)(1)(i). In the same manner, the fact that some of the disbursements may have been in connection with volunteer activities does not cure the violation; pursuant to 2 U.S.C. § 431(9)(B)(viii)(2) and 11 C.F.R. § 100.8(b)(16)(ii), the volunteer exemption only applies to disbursements of funds subject to the limitations and prohibitions of the Act.

vi. Similarly, the Audit staff identified three disbursements totaling $712 from the Committee's non-federal accounts that appeared to benefit senatorial candidate John Burris. Again, the respondents apparently did not state otherwise during the audit process, but they have now submitted a sworn affidavit stating that the disbursements in question were payments in August and September of 1984 to one individual, Thomas E. McPhee, for work he performed on behalf of the Committee, not John Burris. The respondents suggest that a source of confusion may have been that Mr. McPhee subsequently worked on the staff of the John Burris campaign, and the auditors apparently assumed that the disbursements to him from the non-federal account were in connection with his work for the Burris campaign. It is immaterial, however, whether Mr. McPhee worked for the Committee or John Burris. In either case, a non-federal

2004031678

account paid him for rendering services in connection with federal elections.

With regard to the matters discussed above, this Office recommends that the Commission find probable cause to believe the Committee and its treasurer violated 2 U.S.C. § 441b(a) and 11 C.F.R. § 102.5(a).

B. Impermissible Contributions and Expenditures for Federal Candidates

1. Excessive Contributions

The Commission found reason to believe the respondents violated 2 U.S.C. § 441a(a)(1)(A) by making an excessive contribution to an authorized committee of a candidate. The respondents do not now dispute the underlying facts of this matter. Rather, they attempt to argue that they were legally permitted to make the contribution.

No "person" other than a multicandidate political committee may contribute more than $1,000 per election to any authorized political committee. 2 U.S.C. § 441a(a)(1)(A). No multicandidate political committee may contribute more than $5,000 per election to any authorized political committee. 2 U.S.C. § 441a(a)(2)(A). The term "multicandidate political committee" means a political committee which, inter alia, has received contributions from more than 50 persons and has been registered under Section 433 for at least six months. 2 U.S.C. § 441a(a)(4). A committee must file a Statement of Organization within ten days after becoming a political committee. 2 U.S.C. § 433(a).

2 0 0 3 1 0 5 6 7 9

The Committee registered with the Commission on November 17, 1983, and had been registered for six months on May 17, 1984. Therefore, prior to May 17, 1984, the Committee could legally contribute no more than $1,000 per election to any authorized political committee. During March 1984, however, the Committee contributed an amount totaling $5,000 to the committee authorized by senatorial candidate John Burris. In their response, the respondents contend that their contribution was not excessive because

> Victory 84 was nothing more than one of the fund-raising efforts of the RSC and followed the Victory 80 and Victory 82 efforts. For logistical reasons the 80 and 82 phases were closed down and the Victory 84 account was opened. However these accounts were all part and parcel of an on-going RSC effort . . . .

The Act, however, does not make any reference to "on-going efforts," but rather it regulates political committees. The Committee filed an original Statement of Organization on November 17, 1983, and that is the date the Committee registered as a political committee under the Act. Accordingly, the Committee's March 1984 contribution of more than $1,000 was excessive, and this Office recommends that the Commission find probable cause to believe the Committee and its treasurer violated 2 U.S.C. § 441a(a)(1)(A).

On November 14, 1984, the Committee received a $4,000 refund from the senatorial committee. That refund, although a mitigating factor, did not negate the violation.

2. Expenditures Apparently Benefitting Presidential Candidate -- Mailings

Pursuant to 2 U.S.C. § 441a(f), no political committee may

2 1 0 4 0 3 1 3 5 3 0

knowingly make any expenditure in violation of the provisions of Section 441a.

a. Disbursements from Federal Account

The Commission found reason to believe the respondents violated 2 U.S.C. § 441a(f) by making nine disbursements from the Committee's federal account totaling $7,680.49 that appeared to benefit Ronald Reagan, a publicly-funded presidential candidate. (These disbursements are distinct from the phone bank expenditures discussed below at pages 11-13.)

The national committee of a political party may make certain coordinated expenditures in connection with the general election campaign of a presidential candidate. 2 U.S.C. § 441a(d)(2). Although the national committee of a political party may make coordinated expenditures through designated agents, the respondents state that they were not designated as agents to make such coordinated expenditures. The term "expenditure," however, does not include payments by a state committee of a political party for the costs of campaign materials used in connection with volunteer activities on behalf of a nominee of the party, subject to certain conditions. 2 U.S.C. § 431(9)(B)(viii), 11 C.F.R. § 100.8(b)(16). Of particular relevance are the provisos that such payments must be made from contributions subject to the limitations and prohibitions of the Act, and that materials purchased with funds donated by the party national committee do not qualify under the exemption. 2 U.S.C. § 431(9)(B)(viii)(2), 11 C.F.R. § 100.8(b)(16)(ii) and (vii).

According to the respondents, the payments at issue were all for printing, postage, and supplies in connection with mailings

2004031063

conducted by volunteers. The Audit Division has determined, however, that some of the disbursements in question were made from national committee funds and prohibited funds deposited in a federal account. The Audit Division performed an analysis of the account from which the respondents made the subject disbursements, using the assumption that the first funds deposited were the first to be disbursed (FIFO). Under that assumption, two of the disbursements, totaling $1,189.30, consisted entirely of non-exempt funds. (Specifically, the two disbursements were made by checks #1099 and #1106.) Accordingly, assuming, arguendo, that the disbursements were in connection with bona fide volunteer activities, they were not exempt from the definition of expenditure, and thus constituted impermissible coordinated expenditures made in violation of provisions of 2 U.S.C. § 441a.

For the reasons stated above, this Office recommends that the Commission find probable cause to believe the Committee and its treasurer violated 2 U.S.C. § 441a(f).

b. Disbursements from Non-Federal Accounts

The Commission also found reason to believe the respondents violated 2 U.S.C. § 441a(f) in connection with six disbursements from the Committee's non-federal accounts totaling $4,322.18 apparently benefitting President Reagan. As discussed above at pages 5-6, however, the evidence now indicates those disbursements were for activities such as fundraising on behalf of the Committee, not for the purpose of benefitting a publicly-funded presidential candidate. Therefore, although these

2004031532

disbursements violate 2 U.S.C. § 441b and 11 C.F.R. § 102.5(a), they were not expenditures made in violation of the limits established at 2 U.S.C. § 441a(d)(2). Accordingly, the six disbursements at issue did not violate the provisions of 2 U.S.C. § 441a(f).

In accordance with the preceding discussion, this Office recommends that the Commission find no probable cause to believe the Committee and its treasurer violated 2 U.S.C. § 441a(f) in connection with these six disbursements.

3. Prohibited Expenditures Benefitting Presidential Candidate -- Phone Banks

The issues involved in the present discussion were discussed as Section A. in the First General Counsel's Report, the Factual and Legal Analysis, and the Respondents' replies to the reason to believe findings.

The Commission found reason to believe the respondents violated 2 U.S.C. § 441a(f) after the audit indicated the Committee made impermissible expenditures on behalf of a presidential candidate. In their responses, however, the respondents state that Reagan-Bush '84 reimbursed the Committee for the costs associated with those expenditures.

Pursuant to 2 U.S.C. § 441a(f), no political committee may knowingly make any expenditure in violation of the provisions of Section 441a. The national committee of a political party may make limited coordinated expenditures in connection with the general election campaign of a presidential candidate. 2 U.S.C. § 441a(d)(2). The national committee may make coordinated

2004031633

expenditures through any designated agent, including a state party committee, but such designation must be in writing prior to the time the expenditures are made. According to information supplied by the Audit Division, the Committee engaged in general election activity on behalf of President Reagan. Because the Republican National Committee did not designate the Committee as an agent to make coordinated expenditures, the Commission found reason to believe the respondents violated 2 U.S.C. § 441a(f).

In response to the Commission's findings, the respondents assert that Reagan-Bush '84 directly reimbursed the Committee for the expenses at issue. In support of that explanation, the respondents provide copies of a $5,000 check from Reagan-Bush '84 dated September 11, 1984, for "telemarketing," and of a letter from Reagan-Bush '84 dated October 2, 1984, that apparently accompanied a $10,000 check for "telephone bank operations." The subject disbursements, however, took place between April 17 and October 23, 1984.

The expenses at issue were entirely in connection with phone bank operations benefitting President Reagan and other candidates as well. The respondents contend that the costs for all expenses of the phone bank operation applicable to the presidential campaign were in fact paid to the Committee by Reagan-Bush '84. The Audit Division could not determine the amount of expenditures allocable to the Reagan campaign, and on the basis of the investigation conducted by the General Counsel's Office, it appears that there is no evidence available to determine whether the amount allocable to the Reagan campaign exceeded the

2004081063 4

September and October 1984 Reagan-Bush payments. Regardless, the supposed reimbursements took place up to nearly five months after the dates of some of the disbursements at issue.

Because the Committee's receipt of payments from Reagan-Bush '84 was not completely timely, the General Counsel's Office considers the phone bank disbursements on behalf of Ronald Reagan to be coordinated expenditures by the Committee. Furthermore, because the Committee does not have its own coordinated expenditure limit for the presidential election, and because it was not authorized to spend against the national committee's limit, these expenditures were in excess of the limits of 2 U.S.C. § 441a. Accordingly, this Office recommends that the Commission find probable cause to believe the Committee and its treasurer violated 2 U.S.C. § 441a(f).

C. Excessive Coordinated Expenditures or Contributions Apparently Benefitting Senatorial Candidate

The Commission found reason to believe the respondents violated 2 U.S.C. § 441a(f) by making excessive coordinated expenditures, or in the alternative that the respondents violated 2 U.S.C. § 441a(a) by making excessive in-kind contributions, in connection with 25 expenditures totaling $21,741.36 apparently benefitting senatorial candidate John Burris.

The national committee of a political party, or a state committee of a political party, may make coordinated expenditures in connection with the general election campaign of a senatorial candidate in amounts not exceeding $20,000, adjusted according to the Consumer Price Index. 2 U.S.C. § 441a(d)(3)(A)(ii). In 1984

2004031535

that limit was $40,400. Therefore, the Committee and the Republican national committees together had an $80,800 combined senatorial coordinated expenditure limit in Delaware. The Committee authorized National Republican Senatorial Committee ("NRSC") to make coordinated expenditures using the Committee's coordinated expenditure limitation and the NRSC in fact reported spending $76,156.40 on behalf of John Burris. Therefore, a portion of the Committee's disbursements at issue, when combined with NRSC's coordinated expenditures of $76,156.40, appeared to exceed the Committee's Section 441a(d) limit, in violation of 2 U.S.C. § 441a(f).

As an alternative legal theory, 2 U.S.C. § 441a(a)(2)(A) provides that no multicandidate political committee may contribute more than $5,000 per election to any authorized political committee.1/ Therefore, it appeared the Committee may have exceeded its direct contribution limitation, in violation of 2 U.S.C. § 441a(a).

1. Disbursements from Federal Account

With regard to most of the disbursements (22 disbursements from the federal account totaling $21,029.36), the respondents assert, as with the disbursements discussed at pages 9 and 10, that these disbursements were for printing, postage, and other materials in connection with mass mailings conducted by volunteers.

1/ All 25 of the $21,741.36 disbursements at issue occurred after the Committee qualified as a multicandidate political committee. As such, the Committee was subject to a $5,000 contribution limit.

2004031086

The payment by a state committee of a political party of the costs of campaign materials used in connection with volunteer activities on behalf of any nominee of the party is not a "contribution" or "expenditure," provided that, inter alia, such payment is made from contributions subject to the limitations and prohibitions of the Act and not from funds donated by the national party committee. 2 U.S.C. §§ 431(8)(B)(x)(2), 2 U.S.C. § 431(9)(B)(viii)(2), 11 C.F.R. §§ 100.7(b)(15)(ii) and (vii), 11 C.F.R. § 100.8(b)(16)(ii) and (vii).

The Audit Division has determined that some of the disbursements in question were made from national committee funds and prohibited funds deposited in a Federal account. The Audit Division performed an analysis of the account from which the respondents made the subject disbursements, using the assumption that the first funds deposited were the first to be disbursed (FIFO). Because the respondents sometimes deposited both prohibited funds and acceptable funds on the same day, the Audit Division performed two separate analyses. In the first analysis, the auditors assumed that when the respondents deposited prohibited funds and acceptable funds on the same day, the prohibited funds were deposited first and thus disbursed first. Under the second analysis, the auditors assumed that the acceptable funds were deposited and disbursed first.2/

2/ This Office notes that the result was the same under either analysis with regard to the disbursements discussed supra at pp. 9-10.

2004031063 7

Using the first analysis, the Audit Division determined that 12 of the subject disbursements, totaling $9,360,88, were made in part or fully from national committee funds and prohibited funds.3/ Using the second analysis, the Audit Division determined that seven of the subject disbursements, totaling 9,121.66, were made in part or fully from national committee funds and prohibited funds.4/ Accordingly, assuming, arguendo, that the disbursements were in connection with volunteer activities, they were not exempt from the definitions of contribution or expenditure, and thus constituted impermissible coordinated expenditures or excessive in-kind contibutions made in violation of 2 U.S.C. § 441a.

For the reasons stated above, this Office recommends that the Commission find probable cause to believe the Committee and its treasurer violated 2 U.S.C. § 441a(f). Because Section 441a(f) prohibits political committees from making expenditures in violation of the contribution limitations of Section 441a, any potential violation of Section 441a(a) is subsumed within a violation of Section 441a(f). Therefore, this Office makes no separate recommendation concerning a potential violation of 2 U.S.C. § 441a(a).

3/ Specifically, that amount reflects $796.19 of the $1,078.80 disbursed with check #1076, $465.34 of the $2,752.00 disbursed with check #1086, and the entire amounts disbursed with the following checks: #1090, #1091, #1092, #1093, #1095, #1096, #1097, #1098, #1100, and #1109.

4/ Specifically, that amount reflects $453.16 of the $842.00 disbursed with check #1096, and the entire amounts disbursed with the following checks: #1076, #1097, #1098, #1100, #1109, and #1111.

2 0 3 1 5 3 8

2. Disbursements from Non-Federal Account

The remaining three disbursements at issue (totaling $712) were made from a non-federal account, and the respondents indicate, see page 6, supra, that the disbursements were for services rendered on behalf of the Committee itself, not on behalf of a senatorial candidate. Accordingly, those disbursements do not appear to violate the limitations at Section 441a of the Act.

Accordingly, this Office recommends that the Commission find no probable cause to believe the Committee and its treasurer violated 2 U.S.C. §§ 441a(f) or 441a(a) in connection with these three disbursements.

D. Itemization of Coordinated Expenditures or In-Kind Contributions

The Commission found reason to believe the respondents violated 2 U.S.C. § 434(b) by failing properly to itemize numerous disbursements apparently made on behalf of two federal candidates.

Each report of receipts and disbursements filed by a political committee not authorized by a candidate must disclose the name and address of each person who receives any coordinated expenditure under Section 441a(d), together with the date, amount, and purpose of any such expenditure, as well as the name of, and office sought by, the candidate on whose behalf the expenditure is made. 2 U.S.C. § 434(b)(6)(B)(iv). Each report of receipts and disbursements filed by a political committee not authorized by a candidate must disclose the name and address of

2004031039

each political committee that has received a contribution from the reporting committee, together with the date and amount of any such contribution. 2 U.S.C. § 434(b)(6)(B)(i). Because the disbursements in question appear to be classifiable as either coordinated expenditures or in-kind contributions, but were not itemized as such, the Commission found reason to believe the respondents violated 2 U.S.C. § 434(b).

The Audit Division identified 34 disbursements totaling $23,123.52 that appeared to need itemization as coordinated expenditures or contributions. Of that total, 25 disbursements totaling $21,741.36 were apparently on behalf of Senate candidate John Burris. As explained above in Section II.C.1., many of those disbursements are not exempt from the definitions of expenditure or contribution, and thus require itemization as such.

In accordance with the foregoing discussion, this Office recommends that the Commission find probable cause to believe the Committee and its treasurer violated 2 U.S.C. § 434(b).

2004031070

III. GENERAL COUNSEL'S RECOMMENDATIONS

1. Find probable cause to believe Republican State Committee of Delaware - 1984 Victory Committee and David C. Eppes, as treasurer, violated 2 U.S.C. § 441b(a), 11 C.F.R. § 102.5(a), 2 U.S.C. § 441a(a)(1)(A), and 2 U.S.C. § 434(b), and 2 U.S.C. § 441a(f) with respect to the matters discussed above at Sections II.B.2.a., II.B.3., and II.C.1.

2. Find no probable cause to believe Republican State Committee of Delaware - 1984 Victory Committee and David C. Eppes, as treasurer, violated 2 U.S.C. § 441a(f) with respect to the matters discussed above at Section II.B.2.b., and 2 U.S.C. §§ 441a(f) or 441a(a) with respect to the matters discussed above at Section II.C.2.

1984 Victory Committee and
David C. Eppes, as Treasurer

Dear Mr. Raich:

Pursuant to our telephone conversation today, I am requesting an additional extension of time within which to file our response to the General Counsel's Brief in the above-captioned MUR. Our response is presently due August 31 but due to vacation schedules of both myself and of representatives of the Republican State Committee, we have been unable to finalize our response. We request that we be given an additional extension until September 20, 1989. I realize that this extension is somewhat longer than is usually requested but due to the Labor Day holiday and the fact that the first two weeks in September will be exceptionally busy for many of the people involved in this matter from the Republican State Committee's perspective, I feel that it is necessary to request the additional time.

Thank you for your consideration of this matter and if you need any additional information, please feel free to contact me.

Very truly yours,

MEMORANDUM

TO: The Commission

FROM: Lawrence M. Noble
General Counsel

By: Lois G. Lerner
Associate General Counsel

SUBJECT: MUR 2345
Republican State Committee of Delaware - 1984 Victory Committee and David C. Eppes, as treasurer

I. BACKGROUND

On July 25, 1989 this Office mailed respondents' counsel a Brief containing probable cause recommendations. The reply brief was originally due on August 11. Counsel requested and received a 20-day extension until August 31 (Attachment 1). The respondents have now requested an additional 20-day extension until September 20 (Attachment 2). Because such an extension would exceed 30 days past the original due date, Commission action is required to grant that extension.

It is the position of this Office that such an extension is appropriate. Counsel states the time is needed due to her own vacation schedule and the vacation schedules of the Committee's principals, and the Labor Day holiday. Accordingly, this Office recommends that the Commission grant the requested extension.

II. RECOMMENDATIONS

1. Grant Republican State Committee of Delaware - 1984 Victory Committee and David C. Eppes, as treasurer an additional 20-day period within which to respond the General Counsel's Brief.

2. Approve and send the attached letter.

REPLY BRIEF
OF
REPUBLICAN STATE COMMITTEE OF DELAWARE
TO
GENERAL COUNSEL'S BRIEF

I. STATEMENT OF THE CASE

This MUR arose following an audit of the Republican State Committee of Delaware ("RSC") in July 1985 by the Audit Division of the Federal Election Commission (the "Commission"). The audit covered the period from October 13, 1983 through December 31, 1984. The Audit Staff concluded its field work in August 1985 and discussed with the then staff of the RSC certain findings and recommendations. Some 9 months later, the RSC received formal notification of the Audit Staff's interim findings and recommendations and was given thirty days to respond. The RSC filed its response to those findings and also included amended returns for several items as requested by the Audit Staff.

Almost two years later, on June 6, 1988, the Commission notified Mr. David C. Eppes, the present treasurer of RSC, that the Commission, based on a Final Audit Report and a Factual and Legal Analysis (the "Analysis") provided by the General Counsel's office, had found reason to believe that RSC had violated various

2004031731

provisions of the Federal Election Campaign Act of 1971 (the "Act"). On July 22, 1988, the RSC filed its response to the Analysis (the "Response") and on August 22 and on October 22, 1988, the RSC filed supplemental letters answering additional inquiries from the Office of the General Counsel.

Almost a year later and four years after the initial audit, RSC received the General Counsel's Brief in support of their recommendations to the Commission that the RSC be found in violation of certain provisions of the Act. This brief is in response to the General Counsel's Brief.

II. ANALYSIS

Introduction

As noted above, this MUR arose out of an audit conducted in 1985 covering activities of RSC in the years 1983 and 1984. Mr. David C. Eppes, who is named as a party in the MUR, was not the treasurer of RSC at the time of the alleged violations and had no involvement in any of the matters discussed in the Audit reports. In fact, the Interim Audit Report, which was the only audit report received by the RSC, did not name Mr. Eppes but named the previous treasurer of RSC. RSC questions whether Mr. Eppes is a proper party to this proceeding in light of the fact that he was not the treasurer of RSC at the time of the alleged violations.

During the course of this MUR, RSC has cooperated with both the Audit Staff and the legal staff of the Commission and has attempted to provide information as requested by the

staffs. Because five years have elapsed since the events occurred which are the subject of this audit, RSC has gone through several changes of staff, the campaign staffs of the Congressional and Senatorial campaigns and local representatives of the Reagan-Bush campaign are no longer available for information and the RSC office has relocated. This length of time coupled with the Commission's staff recharacterization of some of the alleged violations as being violations of sections of the Act not previously cited have made it difficult for the RSC to file a comprehensive response.

Finally, the RSC was well aware of its responsibilities as a political organization vis-a-vis the Federal campaign laws and the RSC has no reason to believe that the officials in charge of the RSC in 1984 would have intentionally violated those laws. The tone of the Analysis and now of the General Counsel's Brief is that RSC should prove its innocence. RSC would suggest that any violation of the Act must be based on evidence that is more than innuendo and on something other than assumptions made almost 5 years after the fact. RSC would respectfully suggest that the presumption should be that the RSC acted legally and that more than circumstantial evidence should be necessary to overcome that presumption.

A. Use Of Prohibited Funds In Connection With Federal Elections

1. The Law

The General Counsel's Brief sets forth the statement of the applicable law.

9004081703

2. Application of the Law

i. During the course of the audit, the Audit Staff identified six transfers of funds totaling $53,000 from non-federal accounts. The Interim Audit Report dated May 9, 1986 at page 5 indicates that $33,000 came from an account that had $122,690 in non-prohibited funds and only $23,525 in prohibited funds. In its response to the Interim Audit, RSC pointed out that the remaining $20,000 came from a non-federal account which had at least $27,900 of non-prohibited funds. Not only did the Audit Staff identify sufficient non-prohibited funds to justify the transfers but the RSC's own review of the records show that it had in its own federal accounts sufficient non-prohibited funds. See Affidavit of Dolores Alfano attached hereto as Exhibit 1. These non-prohibited funds were the source of the funds transferred to the federal account. At the time of the transfer the then staff of the RSC had been led to believe that it could transfer funds so long as the transferred funds were funds that originally could have been contributed to the federal account.

ii. The $7,136 received from the Friends of Mike Castle, the gubernatorial campaign, was to pay for that campaign's share of reimbursed expenses - rent, utilities and get-out-the vote activities as indicated in the affidavit of Carl Hostetter, the treasurer of that committee which was submitted in connection with RSC's response to the Interim Audit. The Audit Staff never tried to verify that the funds received from the Friends of Mike Castle were not prohibited funds (see page 5 of

0040314

the Interim Audit Report) even though financial reports for all state campaigns are required by state law to be filed with the State Election Commissioner. A review of those records shows that ample non-prohibited funds were in that account. See Exhibit 2. However, four years later RSC is criticized in the General Counsel's Brief for failing to provide such information. The General Counsel's Brief goes on to suggest that absent such information, the funds must be assumed to be prohibited funds. RSC would suggest that due to the Audit Staff's failure to adequately investigate to prove that such funds may be prohibited funds, and based on the actual filing of the Friends of Mike Castle, that the Commission must assume that the funds were non-prohibited funds.

The General Counsel's Brief also suggests that such reimbursements should have been handled directly or through a non-federal account. While that logic in hindsight may seem appropriate, such argument is only form over substance. The fact is that the expenses were billed to Republican State Committee and that the other campaigns had to reimburse Republican State Committee for the expenses already incurred.

iii. RSC has already admitted that it received $10,000 which was to be placed in a non-federal account but which was inadvertently deposited in the federal account. Once the error was discovered, RSC disclosed the problem and received notification from the Commission that it had to transfer the funds to the non-federal account. The funds were transferred immediately after the receipt of the notice.

2004031705

iv. With reference to the $5000 contribution to the Senatorial Committee of John Burris from a non-federal account, in response to the Interim Report, RSC reimbursed the non-federal account by the transfer of funds from the federal account to the non-federal account. In the Analysis, filed in June 1988, the Commission did not question the transfer but asked why RSC did not seek reimbursement from the Senatorial campaign and RSC replied that it believed that the Senatorial campaign did not have sufficient funds to make such reimbursement. Now the Commission is being asked to find that RSC violated the Act because of that transfer.

v. The Audit Staff identified $4,322.18 in expenditures from a non-federal account which the Commission's staff claimed benefited President Reagan. In its response to the Analysis, RSC provided an affidavit stating that the disbursements were for volunteer activities. The General Counsel's Brief implies that the RSC somehow did not give full information to the Audit Staff when in fact there is no evidence to suggest that the Audit Staff even asked for more complete information about those six specific expenditures. Once such information was requested in June 1988, RSC checked its records and provided an affidavit. Now, the General Counsel's office, having lead the RSC to believe that the question was whether such expenditures were for the benefit of President Reagan, now states that it believes that the disbursements were being used to raise funds and were thus "in connection with federal elections". (General Counsel's Brief at pg. 6) RSC's records show that the

expenditures from the non-federal account were not "in connection with federal elections" but were used as stated in the Affidavit filed in connection with RSC's Response that such expenditures were "in connection with fund raising and other permitted activities of the Republican State Committee." (See also Exhibit 1). RSC believes that these non-federal funds were properly spent for non-federal items and that there is no evidence presented by the Commission to the contrary.

vi. RSC has previously identified the $712 paid to Thomas MacPhee as being funds paid from a non-federal account for work done for the RSC. The General Counsel's Brief accepts RSC's statement that Mr. MacPhee was not working for the Senatorial campaign but assumes that such work was done for RSC in connection with federal campaigns. In fact, most of the work done by the RSC staff is not in connection with federal elections but in connection with state elections. As stated in the Affidavit attached hereto as Exhibit 1 the payment to Mr. MacPhee was for such work and therefore it was appropriate that he receive payment from the non-federal account. Again, RSC feels that the only reason that the Audit Staff questioned this payment is because Mr. MacPhee later went to work on the staff of the Senatorial candidate. This $712, while a small amount of money, is a perfect example of the Audit Staff's insensitivities to the day to day operations of a local party organization. A staffer may work for part of a year for the local organization and when his talents become known a campaign organization will hire that person away from the party organization. Thus a staffer may

2004081707

receive his wages for the part of the year that he worked on non-federal campaigns from non-federal funds and wages for the part of the year that he worked on federal campaigns from federal funds.

B. Impermissible Contributions and Expenditures for Federal Candidates

1. Excessive Contribution

The General Counsel's Brief argues that the RSC did not achieve multi-candidate status until May 17, 1984 and therefore could not make contributions in excess of $1000 to the Senatorial candidate until after that date. Thus the Brief concluded that the contributions to the Senatorial campaign which exceeded $1000 (but did not exceed $5000) were in violation of the Act. The Act by distinguishing multi-candidate committees from other committees intended to recognize that certain permanent committees with widespread donor support should be able to give larger donations than less permanent and less well-supported committees. As noted above, the Audit Staff and the General Counsel's office have failed to recognize the practical applications that must be made of the Act. The 1984 Victory Committee should not be viewed in a vacuum but as an on-going effort by the RSC in support of federal candidates. For ease of reference the "Victory" committees were referred to by the year of the election, thus the 1980 Victory Committee was followed by the 1982 Victory Committee and then by the 1984 Victory Committee. To characterize the 1984 Victory Committee as having its beginning on the date that the bank account was opened or the

9004081078

date that the forms were filed is to take a narrow approach to the world of the party organizations. What the General Counsel's Brief assumes is that if RSC had merely amended its filings for the 1982 Victory Committee committee to reflect its new name, the 1984 Victory Committee, a name chosen solely to indicate the new election cycle, that such amendment automatically would have allowed the 1984 Victory Committee to have multi-candidate status immediately. RSC chose to do its paperwork differently and is being penalized even though as a state party RSC clearly has a continuing, permanent existence. RSC believes that its contribution limit to the Senatorial campaign when viewed in the totality should be $5000 and therefore it did not make excessive contributions. Nevertheless, based on the Audit Staff's questions when this issue was first raised, RSC did seek reimbursement from the Senatorial campaign and received a refund of $4000.

2. Expenditures Apparently Benefiting Presidential Candidate - Mailings

a. Disbursements from Federal Account

In the Interim Audit Report, the Audit Staff identified nine disbursements totaling $7,680.49 that it assumed benefited President Reagan. When the Analysis was provided to RSC more than two years after the Interim Audit Report was presented, that Analysis questioned those expenditures and indicated that "the disbursement were for postage, printing, promotion and office supplies, but the Audit Division is unable to determine whether they are exempt from the definition of expenditure." (Analysis

2040317709

at pg. 9). In its response to the Analysis RSC provided the requested documentation to show that the expenses were exempt. Now, in the General Counsel's Brief, for the first time since the audit began over four years ago, RSC is presented with the factual statements that the Audit Staff has (presumably recently) conducted additional accounting reviews using a FIFO method and has determined that non-exempt funds were used. It appears that once RSC satisfied the staff that the expenses were for volunteer activities the Commission staff then found another argument to justify its recommendation to the Commission. No background information other than the table setting forth the Audit Staff's conclusion is provided in the General Counsel's Brief to justify the Audit Staff's conclusion. Thus, RSC is hampered in its ability, particularly at this late stage in the proceedings, to respond to this new data because of the lack of information as to how the accounting review was conducted.

In reviewing its files, RSC has determined that it had sufficient exempt funds in its account at the time the bills were paid irrespective of whether any national committee funds were included in that calculation. As set forth in the Affidavit attached hereto as Exhibit 1, by way of example of the extensive funding of the 1984 Victory Committee, that committee had deposits totaling $88,520.50 from August 28, 1984 through October 24, 1988 and the deposit slips show that many of those funds were from $25 and $50 donations. These donations were received in response to direct mail fund raising efforts conducted by RSC. To assume that bills incurred by RSC in October and November had

to be paid from national committee funds is to ignore the funds already collected by RSC in its 1984 Victory Committee account. RSC believes that it had sufficient funds in its account to allocate the appropriate funds to payment of the $7,680.49 in questioned disbursements.

b. Disbursements from Non-federal Accounts

RSC accepts the finding that the six disbursements totaling $4,322,18 were not used to benefit the presidential candidate and therefore were not in violation of 2 U.S.C. Section 441a(f).

3. Prohibited Expenditure Benefiting Presidential Candidate - Phone Banks

In the Interim Audit Report, the Audit Staff's recommendation was that RSC either provide documentation that the expenditures made for the account should not be considered expenditures under the Act or that if such evidence could not be found that the RSC "obtain a refund from the presidential candidate of the proportionate share of the amounts expended on behalf of the candidate." (Brief at pg. 4). In the RSC's Response to the Analysis, the RSC provided documentation that the presidential campaign had paid its proportionate share of the expenses. Despite the payment, the General Counsel's Brief states that because the "receipt of payments from Reagan-Bush 84 was not completely timely" RSC should be found in violation of the Act. This assumption is another instance of the staff's failure to understand the day-to-day operations of a local campaign organization. Ideally the party would like to raise

sufficient funds to cover expenses before such expenses have been incurred. In fact, as frequently happens in campaigns, expenses are incurred and the party has to make every effort to collect from the campaigns before all the campaign funds are exhausted. In making this effort, a five month lag time between disbursement of funds and reimbursement from the other campaigns is not unusual and should not be the basis for a finding of a violation. The General Counsel's Brief states that there is "no evidence available to determine whether the amount allocable to the Reagan campaign exceeded the September and October 1984 Reagan-Bush payments." (Brief at pg. 12-13). Therefore, in the absence of any proof to the contrary, RSC believes that the Commission should find that the Reagan-Bush committee paid its proportionate share of the phone bank expenses.

C. Excessive Coordinated Expenditures or Contributions Apparently Benefiting Senatorial Candidate

1. Disbursements from Federal Account

The Audit Staff identified $21,029.36 in expenditures from the federal account which it claimed should be considered expenditures on behalf of the Senatorial candidate. These expenditures were for volunteer conducted mass mailings which expenditures are not considered expenditures under the Act. Apparently, the General Counsel's office, having reviewed the documentation submitted by RSC in its Response to the Analysis, agrees that the expenditures were for volunteer activities. However, to support its claim that there was a violation of the Act, the General Counsel's Brief now uses accounting techniques

to try to show that the funds used were prohibited or national committee funds. This shifting of tactics places the RSC at an extreme disadvantage in that it must now respond to a new theory of alleged liability. The question from the time of the Interim Audit Report has always been whether these expenditures were exempt under the Act (Interim Audit Report at pg. 10, Analysis at pgs. 10 and 11) and it is that question which RSC has documented should be answered affirmatively.

There has been no showing by the Audit Staff as to its determination that prohibited or national committee funds were used to fund prohibited activities. RSC agreed in its July 18, 1984 letter to the National Republican Senatorial Committee that it would not use funds it received in support of specific candidates for federal office nor for campaign materials used by the RSC on behalf of any candidates for federal office. (See Exhibit 1).

Because there is no other evidence except for the Audit Staff's conclusory statements that prohibited or national committee funds were used improperly, the Commission should find that RSC was not in violation of the Act.

2. Disbursements from Non-Federal Account

As RSC stated in its response to paragraph A(2)(vi) above the $712 in payments to Mr. MacPhee was for work done by

2040810713

Mr. MacPhee for RSC on non-federal matters and thus could appropriately be paid from non-federal funds.

RSC would agree with the General Counsel's recommendation that this expenditure did not violate the Act.

D. Itemization of Coordinated Expenditures or In Kind Contributions

RSC believes as it has stated above that the 34 disbursements identified by the Audit Staff which are the subject of this MUR do not need to be itemized because such disbursements are not expenditures or in-kind contributions. However, the RSC has already indicated to the Commission that if such disbursements should be itemized it will do so. RSC reasonably believes that the itemized disbursements do not need to be reported under the Act. If these disbursements do need to be itemized, then RSC should be given a reasonable time to comply with the Act before a violation should be found.

Summary

This MUR arises from transactions that occurred over five years ago. RSC has throughout this investigatory process cooperated with the Commission in an attempt to provide complete information to the Commission about the questioned expenditures.

In response to the allegations in Part A of the General Counsel's Brief, RSC has indicated that it did not intentionally violate the Act and that in several instances where certain transactions were questioned RSC remedied the perceived problem by reimbursing accounts or by obtaining refunds.

Part B of the General Counsel's Brief alleges that RSC made impermissible contributions and expenditures for federal

2004081074

candidates. As set forth in RSC's response to Part B many of the alleged expenditures were for volunteer activities and were not from prohibited or national committee funds. RSC believes that the evidence it has provided in connection with the allegations raised by the Commission throughout the audit process shows that RSC did not violate the Act.

COUNTY OF NEW CASTLE)

STATE OF DELAWARE)

BE IT REMEMBERED that on this 20th day of September, 1989 personally came before me, the subscriber, a Notary Public for the County and State aforesaid, Dolores Alfano, who by me being duly sworn according to law deposes and says that:

1. I was the Executive Director of the Republican State Committee of Delaware ("RSC") in 1984.

2. To the best of my recollection and based on the records of the RSC reviewed by the Audit staff of the Federal Election Commission, the bank account entitled Governors Club (Delaware Trust #374-853-7) which transferred $15,000 on November 2, 1984 and $5,000 on November 16, 1984 to the 1984 Victory Committee had funds which were non-prohibited funds which were sufficient to cover the amount of the transfer. Funds were raised for the Governor's Club primarily from individual donors and in reviewing contributor check copies, the Audit staff identified at least $27,000 from non-prohibited sources in that account.

3. To the best of my recollection and based on the records of the RSC reviewed by the Audit Staff, the Money Market Account (Delaware Trust #714-211-0) which transferred $20,000 on September 19, 1984 to the 1984 Victory Committee and $3,000 and $10,000 on November 21, 1984 and

2004081717

November 23, 1984, respectively, to the GOTV Account, was funded initially by contributions received into a non-federal accounted entitled "A Tribute to Pete duPont". The Audit staff reviewed the contributor checks to that account and determined that there was in excess of $123,000 in non-prohibited funds in that account.

5. As stated in my affidavit of July 21, 1988 to the best of my recollection, the expenditures of $4,322.18 is listed on Exhibit A attached hereto from the RSC's non-federal account were for printing and postage and were for fundraising and other permitted activities of the Republican State Committee in general and as such were properly allocable to the non-federal account.

6. To the best of my recollection and as an addition to my statements in the affidavit of July 21, 1988, the $712 paid to Mr. Thomas MacPhee from the non-federal account were for services Mr. MacPhee rendered to the RSC in connection with its non-federal activities. Subsequent to the time of the $712 payment in question, Mr. MacPhee went to work for the Senatorial Campaign.

7. To the best of my recollection and based on a review of the bank statements and deposit slips of the 1984 Victory Committee, just for the two month period from August 28, 1984 through October 24, 1984 the 1984 Victory Committee had deposits of $88,520.55. The deposit slips show that many of the funds deposited were deposited in

2403718

$25 and $50 checks. It is my recollection that during the period of time RSC was conducting a number of direct mail solicitations for the 1984 Victory Committee which solicitations encouraged recipients to send in donations of $25 and $50.

8. The copy of the letter from the National Republican Senatorial Committee, attached hereto as Exhibit B, was received by RSC and RSC was aware of the requirement for the use of transferred funds as set forth therein.

EXECUTIVE SESSION

In the Matter of	)

Republican State Committee of Delaware - 1984 Victory Committee and David C. Eppes, as treasurer	)	MUR 2345

GENERAL COUNSEL'S REPORT

I. BACKGROUND

This matter was internally generated as the result of an audit of Republican State Committee of Delaware - 1984 Victory Committee (the "Committee") for the period of October 13, 1983 through December 31, 1984.

The General Counsel's Office conducted an investigation following reason to believe findings against the Committee and its treasurer. After the close of the investigation, this Office forwarded to the Commission a General Counsel's Brief recommending that the Commission find probable cause to believe the Committee and its treasurer violated 2 U.S.C. § 441b(a); 11 C.F.R. § 102.5(a); 2 U.S.C. § 441a(a)(1)(A); and 2 U.S.C. § 434(b); and 2 U.S.C. § 441a(f) with respect to the matters discussed in Sections II.B.2.a., II.B.3., and II.C.1. of the General Counsel's Brief. The Brief further recommends that the Commission find no probable cause to believe the Committee and its treasurer violated 2 U.S.C. § 441a(f) with respect to matters discussed in Section II.B.2.b. of the Brief, and 2 U.S.C. §§ 441a(f) or 441a(a) with respect to the matters discussed in Section II.C.2. of the Brief.

The Commission has received a Reply Brief from the respondents contending that the Committee did not violate the

2004031078

Act. For the reasons stated below, and in accord with the discussion set forth in the General Counsel's Brief, this Office recommends that the Commission adopt the recommendations in the General Counsel's Brief.

II. FACTUAL AND LEGAL ANALYSIS

The Office of the General Counsel relies chiefly upon the discussion in the General Counsel's Brief; however, certain issues are raised in the Reply Brief which require discussion. The General Counsel's Office addresses those issues in this Report.

A. Use of Prohibited Funds in Connection with Federal Elections

1. $53,000 Transfer

This issue is discussed at Section II.A.2.i. of the General Counsel's Brief and the Reply Brief. In their Reply Brief, the respondents confirm that $53,000 was transferred from non-federal accounts to a federal account. The respondents reassert that it was their former mistaken belief that a committee could transfer funds from a non-federal to a federal account; the Regulations, however, strictly forbid such transfers. In the Reply Brief, the respondents concede that the non-federal accounts contained funds prohibited under the Act.

2. $7,136 Receipt

This issue is discussed at Section II.A.2.ii. of the General Counsel's Brief and the Reply Brief. In the Reply Brief, the respondents confirm that the Committee received $7,136 from a gubernatorial candidate's committee. Counsel does

2003040319

not even allege that only funds from permissible sources were involved. Instead, the respondents submit copies of portions of the gubernatorial committee's state reports. The respondents make no attempt to show the composition or sources of funds in the gubernatorial committee's account at the times of the payments to the Committee. Such a showing cannot be made from the reports submitted, which contain alphabetical listings of some donations, but no indication of the sources of unitemized donations, and no indication of when the gubernatorial committee made disbursements. The reports do demonstrate that the gubernatorial committee received substantial donations from banks and corporations.

3. $4,322.18 Disbursements

This issue is discussed at Section II.A.2.v. of the General Counsel's Brief and the Reply Brief.[1] Contrary to the assertion in the Reply Brief that the funds were spent on what they label "permitted activities," as this Office discusses in the General Counsel's Brief, the respondents' own submissions indicate the money was disbursed from non-federal accounts for fundraising on behalf of the federal committee.

4. $712 Payments

This issue is discussed at Section II.A.2.vi. of the General Counsel's Brief and the Reply Brief.[2] The General

1. These disbursements are also discussed at Section II.B.2.b. of the General Counsel's Brief and the Reply Brief.

2. These disbursements are also discussed at Section II.C.2. fo the General Counsel's Brief and the Reply Brief.

2004031078O

Counsel's Brief notes that a non-federal account paid Thomas E. McPhee $712 for rendering services in connection with federal elections. Construing the submitted evidence in the manner most favorable to the respondents, this Office observed that it is immaterial whether the non-federal account paid Mr. McPhee for rendering services on behalf of U.S. Senatorial candidate John Burris or on behalf of the Committee. The Reply Brief and accompanying affidavit now assert that the payments were for services rendered in connection with non-federal elections. The new affidavit is conclusory in nature and is not credible at this point in the process.[3] The evidence thus reveals that Mr. McPhee was paid for working in connection with a federal election.

B. Impermissible Contributions and Expenditures for Federal Candidates

1. Disbursements from Federal Account Apparently Benefiting Presidential Candidate -- Mailings

This issue is discussed at Section II.B.2.a. of the General

2003103731

3. The assertions in the affidavit directly contradict contemporaneous notations on the instruments constituting the transactions. The payments in question were made in three checks: Check number 2751, for $182.00, bears a notation that reads, "Senatorial Funds." The check stub for check number 2751 carries the following inscription: "Senatorial Funds. J.B. Staff." Similarly, check number 2765, for $250.00, displays this entry: "Pay Period Aug 15-Sept 1, Sen. Comm." The check stub for check number 2765 reads: "Pay Roll Senatorial Comm." Likewise, the check stub for check number 2802, for $280.00, bears the following entry: "senatorial Funds, J B Staff." This Office erroneously credited Respondents' earlier affidavit in recommending the $712 not be added to the Committee's excessive Section 441a(d) expenditures on behalf of its senatorial candidate (General Counsel's Brief, page 17). In view of the small amounts involved, however, this Office does not now recommend including these amounts in the Committee's Section 441a(d) spending.

Counsel's Brief and the Reply Brief. The General Counsel's Brief demonstrates that, even assuming $7,680.49 of subject disbursements were in connection with bona fide volunteer activities, these disbursements could not be exempt because they were funded in part by monies from non-exempt sources, and thus improperly benefited a publicly-funded presidential candidate. In their Reply Brief the respondents contend there were sufficient exempt funds in the account, but provide no basis for the contention, other than a conclusion stating that the Committee "believes" it had sufficient appropriate funds (because it merely labeled them as such). To accept such reasoning would be to provide no safeguards to the integrity of grassroots activities intended to be exempt under the Act. In fact, as the audit analysis has shown, $1,189.30 was not from exempt sources.

2 0 0 4 0 8 1 0 7 8 2

2. Prohibited Expenditures Benefiting Presidential Candidate -- Phone Banks

This issue is discussed at Section II.B.3. of the General Counsel's Brief and the Reply Brief. The respondents maintain that phone bank expenses benefiting Ronald Reagan's general election campaign were paid for by Reagan-Bush '84. The respondents do concede, however, that the Committee subsidized the Reagan campaign for up to five months. That is the basis for the violation.

C. Excessive Disbursements from Federal Account Apparently Benefiting Senatorial Candidate

This issue is discussed at Section II.C.1. of the General Counsel's Brief and the Reply Brief. The respondents assert

that their disbursements totaling $21,029.36 in connection with volunteer activities were ipso facto exempt from the definition of expenditure, but they ignore the provisos that such exemptions only apply if the disbursements were paid from contributions subject to the limitations and prohibitions of the Act and were not paid with national committee funds. The Audit Division has demonstrated that the disbursements could not be exempt, even if spent for bona fide volunteer activity and using the combined coordinated expenditure limits of both the Committee and National Republican Senatorial Committee.[4]

In accordance with the foregoing discussion, and for the reasons stated in the General Counsel's Brief, this Office recommends that the Commission follow the recommendations in the General Counsel's Brief.

III. DISCUSSION OF CONCILIATION PROVISIONS

2004031033

4. $80,800.00 combined coordinated expenditure limit minus $76.156.40 spent by NRSC equals only $4,643.60 available. Under the more generous of two audit FIFO analyses, however, $9,121.66 came from non-exempt sources.

2034073734

This Office recommends that the Commission approve the attached Conciliation Agreement.

IV. RECOMMENDATIONS

1. Find probable cause to believe Republican State Committee of Delaware - 1984 Victory Committee and David C. RE: MUR 2345
Republican State Committee of Delaware - 1984 Victory Committee and David C. Eppes, as treasurer

Dear Ms. Kaufmann:

On June 12, 1990, the Federal Election Commission found that there is probable cause to believe Republican State Committee of Delaware - 1984 Victory Committee and David C. Eppes, as treasurer, violated 2 U.S.C. § 441b(a); 11 C.F.R. § 102.5(a); 2 U.S.C. § 441a(a)(1)(A); and 2 U.S.C. § 434(b); and 2 U.S.C. § 441a(f) with respect to the matters discussed in Sections II.B.2.a., II.B.3., and II.C.1. of the General Counsel's Brief. On that date the Commission also found that there is no probable cause to believe your clients violated 2 U.S.C. § 441a(f) with respect to the matters discussed in Section II.B.2.b. of the General Counsel's Brief, and 2 U.S.C. §§ 441a(f) or 441a(a) with respect to the matters discussed in Section II.C.2. of the General Counsel's Brief.

The Commission has a duty to attempt to correct such violations for a period of 30 to 90 days by informal methods of conference, conciliation, and persuasion, and by entering into a conciliation agreement with a respondent. If we are unable to reach an agreement during that period, the Commission may institute a civil suit in United States District Court and seek payment of a civil penalty.

Enclosed is a conciliation agreement that the Commission has approved in settlement of this matter. If you agree with the provisions of the enclosed agreement, please sign and return it, along with the civil penalty, to the Commission within ten days. I will then recommend that the Commission accept the agreement. Please make your check for the civil penalty payable to the Federal Election Commission.

BEFORE THE FEDERAL ELECTION COMMISSION

In the Matter of	)	
	)	
Republican State Committee of Delaware - 1984 Victory Committee and John Shopa, as treasurer	)	MUR 2345

CONCILIATION AGREEMENT

This matter was initiated by the Federal Election Commission ("Commission"), pursuant to information ascertained in the normal course of carrying out its supervisory responsibilities. The Commission found probable cause to believe Republican State Committee of Delaware - 1984 Victory Committee ("the Committee") and its treasurer, ("Respondents") violated 2 U.S.C. §§ 441b(a), 441a(a)(1)(A), 441a(f), and 434(b) and 11 C.F.R. § 102.5(a).

NOW, THEREFORE, the Commission and the Respondents, having duly entered into conciliation pursuant to 2 U.S.C. § 437g(a)(4)(A)(i), do hereby agree as follows:

I. The Commission has jurisdiction over the Respondents, and the subject matter of this proceeding.

II. Respondents have had a reasonable opportunity to demonstrate that no action should be taken in this matter.

III. Respondents enter voluntarily into this agreement with the Commission.

IV. The pertinent facts in this matter are as follows:

1. The Committee is a political committee within the meaning of 2 U.S.C. § 431(4).

2004081078

2. John Shopa is the treasurer of the Committee. Mr. Shopa was not the treasurer during the time the violations described herein occurred.

3. The Committee financed activity in connection with both federal and non-federal elections, and chose to establish separate federal and non-federal accounts.

4. The Committee, based on its wrongful belief that the Federal Election Campaign Act of 1971, as amended ("Act") allowed it to transfer funds that were not from prohibited sources, transferred $53,000 to its federal account from two of its non-federal accounts. Both non-federal accounts contained receipts from prohibited sources and in excess of the limitations established in the Act.

5. In order to facilitate payment of joint expenses, the Committee deposited into its federal account funds totaling $7,136 from the Republican gubernatorial nominee's finance committee whose account contained impermissible funds under the Act.

6. The Committee carelessly deposited into its federal account $10,000 received from Republican National State Elections Committee-Corporate Operating Account, a non-federal account that contained impermissible funds under the Act. Ten thousand dollars was later withdrawn and deposited into the Committee's non-federal account.

7. The Committee made a $5,000 contribution to a political committee authorized by federal senatorial candidate John Burris from a non-federal account that contained

2140810739

impermissible funds under the Act. The Committee later transferred $5,000 to its non-federal account from its federal account.

8. The Committee negligently made disbursements totaling $4,322.18 on behalf of its Victory 84 account, a federal account, from the committee's non-federal accounts that contained impermissible funds under the Act.

9. The Committee made disbursements totaling $712, as compensation to an employee for rendering services in connection with federal elections, from the Committee's non-federal accounts that contained impermissible funds under the Act.

10. The Committee made a $5,000 contribution to a political committee authorized by federal senatorial candidate John Burris at a time when the Committee was subject to a $1,000 per election contribution limitation. The federal senatorial committee later returned $4,000 to the Committee.

11. The Committee made coordinated expenditures among disbursements totaling $7,680.49 on behalf of Ronald Reagan, a publicly-funded presidential candidate, though no national committee of a political party designated the Committee as an agent to make such coordinated expenditures.

12. The Committee made coordinated expenditures among $15,000 spent on behalf of Ronald Reagan, a publicly-funded presidential candidate, because the Committee was not reimbursed for those disbursements in a timely manner.

2004081080

13. The Committee made coordinated expenditures which the Commission has determined to be in excess of the coordinated expenditure limit, or excessive in-kind contributions in connection with disbursements totaling $21,029.36 on behalf of John Burris, a candidate for the United States Senate.

14. The Committee also failed to itemize coordinated expenditures or in-kind contributions in connection with disbursements totaling $21,029.36 referred to in paragraph 13 above.

V. 1. Pursuant to 2 U.S.C. § 441b(a), it is unlawful for any political committee knowingly to accept or receive any contribution from any corporation or labor organization.

2. Pursuant to 11 C.F.R. § 102.5(a), each political committee that finances activity in connection with both federal and non-federal elections and establishes separate federal and non-federal accounts: must deposit in the federal account only funds subject to the prohibitions and limitations of the Act; must make all disbursements, contributions, expenditures, and transfers in connection with any federal election only from the federal account; must make no transfers to the federal account from any non-federal accounts; and may deposit in the federal account only contributions meeting all the following conditions: contributions designated for the federal account, contributions resulting from a solicitation expressly stating the contribution will be used in connection with a federal election, and

2140810801

contributions from contributors who are informed that all contributions are subject to the prohibitions and limitations of the Act.

3. Pursuant to 2 U.S.C. § 441a(a)(1)(A), no person other than a multicandidate political committee may contribute more than $1,000 per election to any political committee authorized by a candidate.

4. Pursuant to 2 U.S.C. § 441a(a)(2)(A), no multicandidate political committee may contribute more than $5,000 per election to any political committee authorized by a candidate.

5. Pursuant to 2 U.S.C. § 441a(d), the national committee of a political party may make coordinated expenditures in connection with the general election campaign of a presidential candidate. The national committee may make such coordinated expenditures through a designated agent.

6. Pursuant to 2 U.S.C. § 441a(f), no political committee may knowingly make any expenditure in violation of the provisions of Section 441a.

7. Pursuant to 2 U.S.C. § 434(b), each report of receipts and disbursements filed by a committee not authorized by a candidate must disclose: the name and address of each person who receives any coordinated expenditure from the reporting committee; the date, amount, and purpose of any such coordinated expenditure; the name of and office sought by the candidate on whose behalf a coordinated expenditure is made; the

2004081302

name and address of each political committee that receives a contribution from the reporting committee; and the date and amount of any such contribution.

8. The Committee transferred $53,000 to its federal account from two of its non-federal accounts, deposited into its federal account $7,136 from a gubernatorial candidate's committee, deposited into its federal account $10,000 from Republican National State Elections Committee-Corporate Operating Account, made a $5,000 contribution from a non-federal account to a political committee authorized by a federal senatorial candidate, made disbursements totaling $4,322.18 from its non-federal accounts for the benefit of its federal account, and made disbursements totaling $712 from its non-federal accounts to an employee for rendering services in connection with federal elections, all in violation of 2 U.S.C. § 441b(a) and 11 C.F.R. § 102.5(a).

9. The Committee made an excessive $5,000 contribution to a political committee authorized by a federal senatorial candidate, in violation of 2 U.S.C. § 441a(a)(1)(A).

10. The Committee made unauthorized coordinated expenditures among disbursements totaling $7,680.49 on behalf of Ronald Reagan, in violation of 2 U.S.C. § 441a(f).

11. The Committee made unauthorized coordinated expenditures among $15,000 spent on behalf of Ronald Reagan which were not timely reimbursed, in violation of 2 U.S.C. § 441a(f).

2004030303

12. The Committee made excessive coordinated expenditures or in-kind contributions among disbursements totaling $21,029.36 on behalf of a federal senatorial candidate, in violation of 2 U.S.C. § 441a(f).

13. The Committee failed to itemize coordinated expenditures or in-kind contributions among disbursements totaling $21,029.36 on behalf of a federal senatorial candidate, in violation of 2 U.S.C. § 434(b).

VI. Respondents will pay a civil penalty to the Federal Election Commission in the amount of Nine Thousand Dollars ($9,000), pursuant to 2 U.S.C. § 437g(a)(5)(A).

VII. The Commission, on request of anyone filing a complaint under 2 U.S.C. § 437g(a)(1) concerning the matters at issue herein or on its own motion, may review compliance with this agreement. If the Commission believes that this agreement or any requirement thereof has been violated, it may institute a civil action for relief in the United States District Court for the District of Columbia.

VIII. This agreement shall become effective as of the date that all parties hereto have executed same and the Commission has approved the entire agreement.

IX. Respondents shall have no more than thirty (30) days from the date this agreement becomes effective to comply with and implement the requirement contained in this agreement.

X. This Conciliation Agreement constitutes the entire agreement between the parties on the matters raised herein, and no other statement, promise, or agreement, either written or

2004030304

oral, made by either party or by agents of either party, that is not contained in this written agreement shall be enforceable.
