GENERAL COUNSEL'S REPORT

I. Allegations

770400:1489
This matter was initiated on the basis of a notarized complaint from Patrick O'Connor. The complainant alleged that the Garofoli-Sweeney Committee, which was a local committee supporting the election of two men for County Commissioners, made illegal contributions to Carter-Mondale in the form of campaign paraphernalia such as plastic sacks imprinted with "Carter-Mondale-Garofoli-Sweeney." The complainant stated that he "does not believe that any local campaign set up for the purpose of advocating the election of a local candidate can simultaneously be an independent committee and make independent expenditures for a federal campaign. The amount of the contributions was alleged to be approximately \$15,000.

OFFICE OF GENERAL COUNSEL

II. Evidence

On January 31, 1977, the Commission found no reason to believe that the respondent's campaign materials constituted an illegal in-kind contribution by a party committee in violation of §441a(d), but that the Garofoli-Sweeney Committee had violated §434(e) for failure to report their independent expenditures on behalf of Carter-Mondale. On March 7, 1977, Thomas D. Corrigan, the attorney for Garofoli-Sweeney, submitted a sworn statement and completed Form number 5, Report of Independent Expenditures or Contributions. He stated inter alia that, the Garofoli-Sweeney Committee was a local committee established pursuant to Ohio Election Laws. The respondent also stated that the Committee purchased and distributed the campaign bags imprinted with the names of Carter-Mondale-Garofoli-Sweeney, "without prior consultation and without the knowledge of anyone connected with the Carter-Mondale campaign." The total cost of the plastic bags was \$2,856.32, half of which was reported on the Form number 5 as an independent expenditure on behalf of Carter-Mondale.

Apparently interpreting the Commission's inquiry as being limited to the plastic campaign bags, the respondent

77040024490
CUSTOM
COPY
ENCL

77040024491

failed to report the cost of any other materials imprinted with Garofoli-Sweeney-Carter-Mondale, such as yard signs. In response to a telephone call from the Office of General Counsel the respondent on March 18, 1977, submitted an amendatory letter which reported additional expenditures for yard signs containing the names Garofoli-Sweeney-Carter-Mondale. The respondent stated that the signs were also printed without consultation or knowledge of anyone in the Carter-Mondale organization. The cost of the yard signs was approximately one thousand dollars (\$1,000), half of which was reportable as an independent expenditure on behalf of the federal candidates.

The respondents have stated that the plastic bags and some of the yard signs were the only materials imprinted with "Carter-Mondale-Garofoli-Sweeney," thus bringing the Committees' total independent expenditures on behalf of the federal candidates to approximately \$1,928.

III. Analysis

The affidavit of the respondent indicates that the Garofoli-Sweeney Committee is a local committee supporting the election of two men for County Commissioner.

Corrigan's response stated "[n]o formal or procedure connection can be made between the Garofoli-Sweeney Committee

FEDERAL ELECTION COMMISSION
OFFICE OF THE CLERK
OFFICE OF THE ATTORNEY GENERAL
OFFICE OF THE JUDICIAL COUNSEL

and the local arm of the State Democratic Party." Thus, the committee does not fall within the confines of §110.7 of the Regulations prohibiting independent expenditures by State party committees or subordinate committees of State party committees. The respondents' affidavit also states that the expenditures were not made in consultation with, or knowledge of the Carter-Mondale organization. Although the Garfoli-Sweeney Committee initially failed to file a report of independent expenditures, this error has been corrected.

Since the Garfoli-Sweeney Committee has now filed appropriate reports which it indicates list all of its independent expenditures on behalf of Mondale-Carter, it would appear that this file can be closed.

IV. Recommendation

Re: MUR 273 (76)

Dear Ms. Darr:

In further response to the complaint filed in the above entitled case, I wish to bring the following facts to the attention of the Commission:

- 1) A review of the detailed reports filed by both the Garofoli and Sweeney Committees with the Cuyahoga County Board of Elections suggests that in these campaigns for a local, county, and non-federal office numerous campaign materials and methods were utilized. No bumperstickers, party invitations, press-on labels, t-shirts, hat bands, emory boards, or buttons purchased and distributed by the committees contained any mention of the federal candidates, Carter and Mondale.
- 2) The following expenditures were made for signs or sign-making material (The Commission has the committee reports that chronologically list all these expenditures):

August 17	Sherwin Williams Company	\$ 244.14
	(paint and printing supplies)	
August 31	Gallagher Adv. Ent.	727.27
	(signs, stickers, press-ons)	
September 22	Big 4 Lumber Company	250.00
	(sign materials)	
October 6	Big 4 Lumber Company	400.00
	(sign materials)	
October 12	Forest City Lumber	250.00
	(sign materials)	
October 13	Fineline Litho	1500.00
	(printing)	
October 21	Big 4 Lumber Company	50.00
	(sign materials)	
October 21	Gallagher Adv. Ent.	189.91
	(labels, press-ons)	
October 21	Art American	425.50
	(Printing plates for signs)	
November 1	Gallagher Adv. Ent.	261.24
	(publicity materials)	
November 1	Sherwin Williams Company	568.78
	(paint and sign materials)	

November 17	Insurance Affiliates Agency (campaign sign-placement)	22.66
January 5	Repro Depo (campaign signs)	360.53
January 5	Sherwin Williams Company (sign materials)	18.99

- 770400:4494
- 3) The campaign employed extensive media advertising and printing. No radio or television commercial and no newspaper advertising employed in the Garofoli and Sweeney campaigns contained any reference to the federal candidates, Carter and Mondale.
 - 4) An important campaign device was the establishment of a sign-making workshop that printed signs for the lawns of residential homes, for car-top carriers, and for mounting on commercial buildings. Over fifteen thousand of these signs were created and placed in Cuyahoga County to support the Garofoli-Sweeney candidate slate for County Commissioner. None of these green and orange signs contained a reference to the federal candidates, Carter and Mondale.
 - 5) A very limited number of dark green signs were printed that contained the slogan "Democratic Front Four" and the names of Garofoli- Sweeney and the federal candidates, Carter and Mondale. These signs were printed without consultation with anyone in the Carter-Mondale organization during the month of August, 1976, before a Carter-Mondale organization had been established in Cuyahoga County. The signs printed numbered a few hundred or fewer. They were used as picket signs when the federal candidates arrived at Cleveland airports.
 - 6) The sign budget for the Garofoli and Sweeney campaigns totalled approximately \$10,538.64 (figure reached by adding the expenditures listed in paragraph 2, and multiplying by two, since one-half was expended by both). The signs printed with the names of the federal candidates were a very insignificant portion of that budget, certainly smaller than 10% of that budget.
 - 7) In a campaign budget for two local, non-federal offices, the combined expenditures for materials that included the names of Carter and Mondale in association with the names of Garofoli and Sweeney were very small: \$2,856 for poly bags and less than \$1,000 for "Democratic Front Four" signs. Such expenditures amount to less than 7% of the entire campaign budget.
 - 8) In any event, these expenditures were made to advance the candidacies of the local, non-federal candidates by associating them with the top of the ticket. The expenditures were made by committees that are independent of the Democratic Party and were made without consultation with anyone in the Carter-Mondale organization.

Sincerely

Thomas D. Corrigan

Re: MOR 273-(76)

Dear Ms. Darr:

Enclosed are 434-E Forms reporting an independent expenditure in the 1976 Presidential Election. Also enclosed are ~~three~~ Affidavits in connection with Section 110 .7 (B)(4) of the Commission's proposed regulations and other materials.

In summary, the expenditures challenged in the Complaint filed by Mr. O'Connor were made by the Garofoli and Sweeney Committees without consultation and without the knowledge of anyone in the Carter-Mondale organization. Mr. Garofoli and Mr. Sweeney were candidates for County Offices in the State of Ohio. Consequently, their campaigns, although conducted in tandem, were subject to both the independent and slate reporting requirements by the Ohio Elections Law.

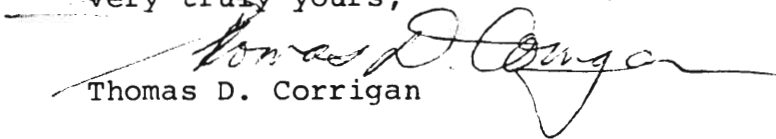

No formal or procedural connections can be made between the Garofoli-Sweeney Committees and the local arm of the State Democratic Party. Funds were independently raised and kept separate from the candidacy of Mr. Garofoli and Mr. Sweeney.

In consideration of the Commission's opinion in AOR-1976-78 I do not believe the litter bags cited in the Complaint can be construed as a "contribution" to the Carter-Mondale Campaign. I am none the less happy to find all of our information regarding the expenditures from the bags.

Thank you for your assistance in our responding to the Complaint.

If I can be of further assistance to you, please do not hesitate to contact me.

Very truly yours,

Thomas D. Corrigan

Campaign Finance Reporting in 1976

Issued by:

TED W. BROWN, Secretary of State
JAMES R. MARSH, Assistant Secretary of State

OFFICE OF GENERAL COUNSEL

IMPORTANT

This pamphlet covers the highlights of the campaign finance law as it relates to 1976, but should not be regarded as a complete statement or as a direct quotation of what is contained in the law.

The subject matter has been organized into the following categories:

- I. General Information
- II. Candidates' Campaign Committees
- III. Political Committees (groups that give or spend to influence an election)
- IV. Political Parties
- V. Offenses and Penalties

It should be remembered that candidates for President, Vice President, U.S. Senator and Congressman are subject to the **Federal** law on campaign finance and are **not** affected by the state law. The statements in this pamphlet therefore will not apply to such candidates, their campaign committees or to political committees which contribute to candidates for Federal office only. Information concerning the Federal law may be obtained from the Federal Elections Commission, 1325 K Street, N.W., Washington, D.C. 20463.

I. GENERAL INFORMATION

WHO REPORTS?

- Every "campaign committee", "political committee", and "political party" must file a report if it made a contribution, received a contribution or made an expenditure:
 - a) in connection with the nomination or election of any candidate, or
 - b) in advocacy of or in opposition to any ballot issue.
- A campaign committee must file a post-election report even if it did **not** receive or spend anything. (These three terms will be defined later.)
- A candidate no longer submits a report separate from that of his campaign committee.

REPORTING DATES

- Reports are due not later than 4 p.m. of:

May 27 (Pre-primary report, showing transactions through May 19)

July 23 (Post-primary report)

October 21 (Pre-general report, showing transactions through October 13)

December 17 (Post-general report)

(Each post-election report must reflect all transactions through the close of business on the 7th day before the filing of the report.)

- A campaign committee must file a post-election report even if it did not receive any contributions or make any expenditures in connection with the nomination or election of a candidate. (This can be done by filing Form #30-A with zeros entered on the amount lines or by filing Form #30-A-1, Statement of No Receipts and No Expenditures.) Political committees and political parties must file only if they have received or spent funds in connection with an election.
- An annual (non-election year) report must be filed by November 30, 1976 in the case of any committee or party that has received and spent funds on behalf of a candidate who is not seeking nomination or election in 1976. Thus, if a report is due on one of the dates listed above, no annual report is due. A candidate from a previous year must list on his annual report all contributions and expenditures since the last day reflected in his last previous report through the close of business on October 31, 1976.

EXEMPTIONS

- A campaign committee need not file a pre-election report unless it has received and spent more than \$1,000 at the close of business on the twentieth day before the election. A political committee or political party must file a pre-election report if it has received or spent **anything**, regardless of amount, to influence the results of an election.
- If a committee has no balance on hand, no outstanding obligations, or nothing further to report, it may terminate itself, if it so desires, by filing Form #30-E. This will relieve it of all further reporting responsibility unless and until it again receives or spends funds in connection with an election.

NOTIFICATION

- **Candidates** will be notified by certified mail at least ten days in advance of the deadline for the filing of their campaign committee reports. Political committees and political parties do not receive any formal notification.

WHERE TO FILE

- The Secretary of State is the proper filing office for any campaign committee, political committee or political party whose contributions or expenditures relate to statewide candidates or issues or candidates for State Board of Education.
- Reports relating to candidacies or issues in districts comprised of more than one county are filed with the Board of Elections of the most populous county in the district.
- Reports relating to a candidacy or issue in a district which lies wholly within one county are to be filed with the Board of Elections of that county.

- Committees which contribute or spend money both in relation to statewide candidates or issues and in relation to local candidates or issues must file with both the Secretary of State and the appropriate Board (or Boards) of Elections.

CONTENTS OF REPORT

- Every report must include at least the cover page (Page One), which must be signed by the treasurer under penalty of election falsification. Page One always be one of the following forms:

For campaign committees, Form #30-A or 30-A-1.

For political committees (including continuing associations), Form #30-B.

For political parties, Form #30-C.

- In addition to Page One, the report must include a Statement of Contributions, if any were received, and a Statement of Expenditures, if any were made.
- The Statement of Contributions (Form #31-A) must report the following items for each contribution received:

- 1) The month, day, and year of the contribution.
- 2) The full name and address of each contributor, including the name of the Chairman or Treasurer if the contributor is not an individual.
- 3) A description of the contribution, such as "cash", "check", "money order", "membership dues", "advertisement", "radio time", "stamps", "paper", etc., as the case may be.
- 4) The value of the contribution in dollars and cents.

- All contributions must be separately itemized, regardless of size, except a contribution of \$25 or less, received from one person at one social or fund-raising activity.
- Contributions received at a social or fund-raising event are to be listed on Form #31-E with full information given for each item which exceeds \$25. Contributions of less than \$25 per person may be "lumped together" and reported as one item on the form.
- Expenditures in connection with the event are to be listed on Form #31-F and totaled. These expenditures need not be listed on the regular Statement of Expenditures (Form #31-B).
- The net contribution from the event is determined by subtracting the total expenditures for the event from the total contributions for the event. This net contribution is carried forward and entered as one contribution on the regular Statement of Contributions (Form #31-A).

- Separate sets of Form #31-E and 31-F for each fund-raising event. The treasurer must keep a strict account of all contributions for including those of \$25 or less which are listed on the public report.

- Any anonymous contributions received separately (on Form #31-D). The total on this page are reported as one contribution on Form #31-A. For each anonymous contribution, circumstances under which it was received, reason it cannot be attributed to a sponsor must be explained.

The Statement of Expenditures (Form #31-B) must report the following items for each expenditure, including contributions made by the reporting:

- 1) The month, day and year of the expenditure.
- 2) The full name and address of each person to whom an expenditure was made, including the Chairman or Treasurer if the expenditure was made to a committee, association or persons.
- 3) The object or purpose for which the expenditure was made, stated in terms sufficient to indicate the exact reason for the expenditure.
- 4) The amount of each expenditure.

- Each expenditure must be separately itemized, regardless of amount.
- Each expenditure in excess of \$25 must be supported by a receipted bill, cancelled check or other proof thereof. The bill, check, or photocopy must be attached to the purpose of the expenditure.

INCOMPLETE REPORTS

- If a report is found to be incomplete by the Secretary of State or the Board of Elections, it may be accepted on a conditional basis and the person filing notified by certified mail that an addendum report will be necessary. If the report is filed during the election period, the addendum must be filed within four days of receipt of notice. If the report is filed during the post-election period, the addendum must be filed within seven days.

WHAT IS A CONTRIBUTION?

- A "contribution" is anything given, advanced to influence an election. Contributions other than money are "in-kind" contributions.

A "contribution" does not include:

- 1) services rendered without compensation;
- 2) ordinary home hospitality; or

OFFICE OF GENERAL COUNSEL

- The Statement of Expenditures (Form #31-B) must report the following items for each expenditure, including contributions made by the committee reporting:
 - 1) The month, day and year of the expenditure.
 - 2) The full name and address of each person to whom an expenditure was made, including the name of the Chairman or Treasurer if the expenditure was made to a committee, association or group of persons.

 - 4) The amount of each expenditure.
- Each expenditure must be separately itemized, regardless of amount.
- Each expenditure in excess of \$25 must be vouched for by a receipted bill, cancelled check or photocopy thereof. The bill, check, or photocopy must indicate the purpose of the expenditure.

INCOMPLETE REPORTS

- If a report is found to be incomplete by the Secretary of State or the Board of Elections, it is accepted on a conditional basis and the person filing the report is notified by certified mail that an addendum to the report will be necessary. If the report is for the pre-election period, the addendum must be filed within four days of receipt of notice. If the report is for the post-election period the addendum must be filed within seven days.

WHAT IS A CONTRIBUTION?

- A "contribution" is anything given, loaned or advanced to influence an election. Contributions other than money are "in-kind" contributions.

A "contribution" does not include:

- 1) services rendered without compensation by volunteers;
- 2) ordinary home hospitality; or

- 3) the personal expenses of a candidate or volunteer paid for by that candidate or volunteer campaign worker.

- "Personal expenses" include, but are not limited to, ordinary expenses for accommodations, clothing, food, personal motor vehicle or airplane, and home telephone.

LIMITS ON CONTRIBUTIONS

- There is no limit on the amount that one person or group may contribute to a campaign committee, political committee or political party, so long as no one person makes "cash contributions" totaling more than \$100 in each primary, special or general election.
- "Cash" means coined or paper money and does not include checks.
- It is illegal for a corporation engaged in business in this state to give money or the use of its property in support of a candidate or political party. The corporation may, however, be active in supporting or opposing a ballot issue. A corporation which spends funds in connection with a ballot issue should report its activities on Form #30-B-1.

WHAT IS AN EXPENDITURE?

- An "expenditure" is the disbursement or use of a contribution for the purpose of influencing the results of an election. The use of an "in-kind" contribution is also an expenditure.

TREASURER

- Every campaign committee, political committee and political party must appoint a treasurer prior to the receipt of any contribution or the making of any expenditure. Deputy treasurers may also be appointed as required.
- The name and address of the treasurer and any deputy treasurers must be designated not later than the date on which the first campaign finance report is due. A candidate will use Form #30-D to designate himself or a member of his campaign committee as his campaign treasurer. A political committee or political party will use Form #30-J to designate its treasurer. If a treasurer is replaced, a new designation must be filed. No other officers or committee members need be formally designated.
- The treasurer must keep a strict account of all contributions and expenditures and has the responsibility for filing all required campaign finance reports. In the case of a campaign committee, a certified mail notice will be sent to the candidate (not the treasurer) at least ten days before any report is due.

II. CANDIDATES' CAMPAIGN COMMITTEES

DEFINED

- A "campaign committee" is a candidate or a combination of two or more persons authorized by a candidate to receive contributions and make expenditures.
- Every candidate must have a campaign committee. By definition, if he does not have one, he is one.
- A candidate may have only one campaign committee. All expenditures on behalf of a candidate must be made through his campaign committee.

WHO IS A CANDIDATE?

- A person is a candidate if he:
 - 1) has filed petitions of candidacy or a declaration of intent to be a write-in candidate;
 - 2) receives contributions or makes expenditures or authorizes another to do so; or
 - 3) appoints a campaign treasurer, for the purpose of bringing about his nomination or election to public office.
- The term "candidate" does not include persons running for County Central Committee, State Central Committee, delegate or alternate to the national convention of a political party, or Presidential elector.

SPENDING LIMITS

- Spending limits apply to the total amount which may be expended by or on behalf of a candidate or his campaign committee. All expenditures, including those of the candidate, must be made through the campaign committee. No person may spend more than \$25 on behalf of a candidate without the written consent of the candidate or his campaign treasurer.
- The following spending limits apply to election campaigns in 1976:

Office	Limit
Supreme Court	\$ 50,000.00
Court of Appeals	35,000.00
State Senator	38,734.61 (12 $\frac{1}{2}$ times the population of the state divided by the number of Senate districts in the state)
State Representative	16,139.42 (15 $\frac{1}{2}$ times the population of the state divided by the number of House of Representatives districts in the state)

County Commissioner, Treasurer, Recorder, Sheriff, Prosecuting Attorney, Coroner, and Engineer	70,000.00	or 8 $\frac{1}{2}$ times the population of a county of 450,000 or more, whichever is less if the population of the county is 250,000 to 499,999
	30,000.00	if the population of the county is 100,000 to 249,999
	20,000.00	if the population of the county is 50,000 to 99,999
	10,000.00	if the population of the county is below 50,000
	5,000.00	
Common Pleas Judge and Clerk of Courts	37,500.00	if the population of the county is 800,000 or more
	30,000.00	if the population of the county is 450,000 to 799,999
	20,000.00	if the population of the county is 250,000 to 449,999
	15,000.00	if the population of the county is 100,000 to 249,999
	10,000.00	if the population of the county is 50,000 to 99,999
	5,000.00	if the population of the county is below 50,000

County Court	7,500.00	(1 $\frac{1}{2}$ times the population of the state divided by the number of board districts in the state)
State Board of Education	4,631.31	

- Expenditures in a primary or special election campaign may equal, but may not exceed the amount permitted to be spent in a general election campaign.
- Expenditures made in connection with putting on a social or fund-raising event are not considered to be expenditures by or on behalf of a campaign committee, and therefore do not count against the campaign's spending limit and are reported only to support the calculation of the net contribution from the event.

EMPLOYEE CONTRIBUTIONS

- A candidate who holds public office must separately list each contributor in his employ. The form for reporting these contributions (#31-G) includes an affirmation that each contribution was made voluntarily.

III. POLITICAL COMMITTEES

DEFINED

- A "political committee" is any group of two or more persons (excluding a political party) which makes contributions or expenditures to influence the result of any election, including elections on ballot issues.

- A group which merely makes a contribution to a campaign is considered to be a "political committee". This would include groups such as unions, women's clubs, trade associations, or service or fraternal orders.

NOTE:

- There is no limit on how much a political committee can give to a candidate, or the amount it may contribute or spend on an issue.

A group which contributes to candidates for Federal office may incur a filing obligation under Federal law and therefore should consult the Federal Election Commission in Washington, D.C., for information on filing requirements. Groups that contribute **only** to Federal candidates would have **no** reporting requirement under state law.

CONTINUING ASSOCIATIONS

- A "continuing association" is a political committee which is intended to be a permanent organization, has a primary purpose other than supporting or opposing specific candidates, political parties or ballot issues, and functions on a regular basis throughout the year.
- A continuing association which makes contributions from funds which were derived solely from regular dues paid by members is not required to list the names or addresses of the members who paid such dues.

IV. POLITICAL PARTIES

- A finance report for a political party or its fund-raising auxiliary need not include the donors' addresses.
- An expenditure by a political party (or a political committee) need not be reported if the purpose of the expenditure is to inform only its members by means of mailed publications or other direct communication of its activities or endorsements.
- An expenditure by a political party need not be reported if the purpose of the expenditure is for the staff and maintenance of its headquarters or for a poll or survey not on behalf of a specific candidate.
- A local party organization normally will file its report with the Board of Elections. However, if it contributed to the campaign of a statewide candidate, the party must also file with the Secretary of State.
- A political party that has not received and spent funds in connection with the nomination or election of candidates in 1976 will not have to file the post-election report. However, it must file the annual report due by November 30 if it has received and spent funds in connection with a past or future election since the last date reflected in its previous report.

V. OFFENSES AND PENALTIES

- In the event of a failure to file (or report or requested addendum, or to disclose a violation of law, the Board of Elections must refer the matter and has the authority to refer cases to prosecuting authorities.
- No certification of nomination or election is issued to any candidate until he has fully complied with the report.
- The following chart specifies the penalties for candidates if their campaign committee is guilty of violations of the campaign law.

OFFENSE

Failure to file pre-election report for statewide candidate
Failure to file pre-election report of county or district candidate
Failure to file first post-election report for any candidate
Failure to file annual report on last business day of November
Spending in excess of specified limits

- The following chart specifies penalties for persons such as the treasurer of a campaign committee, political committee or political party who are convicted of violating the campaign law.

OFFENSE

Failure to file any required statement (e.g., by campaign treasurer, political party or political committee)
Making cash contributions in excess of \$100

Concealing or misrepresenting contributions given or received or expenditures made in connection with an election

Publications or broadcast stations charging excessive advertising rates to political advertisers

Now, THOMAS D. CORRIGAN, being first duly sworn,
deposes and says:

1. Thomas D. Corrigan is the attorney for the Garofoli and Sweeney Committees in Complaint MUR-273(76) before the Federal Elections Commission.

2. The Garofoli for County Commissioner Committee was established, May 7, 1976 pursuant to Ohio Election Law. The Sweeney for County Commissioner Committee was established, May 7, 1976 pursuant to Ohio Election Law. Both committees designated Edward J. Maher of 1502 Standard Building, Cleveland, Ohio 44113, as Campaign Treasurer.

3. Pursuant to directions from the Cuyahoga County Board of Elections the two (2) committees also reported their contributions and expenditures as a slate committee.

4. Without prior consultation, without the knowledge of anyone connected with the Carter-Mondale campaign, the Garofoli-Sweeney committees ordered, purchased, and distributed small poly litter bags as part of the campaign literature.

5. The bags were ordered and distribution commenced before there was a Carter-Mondale organization in Cleveland, or Cuyahoga County.

6. On or about the 1st of October, 1976, I informed the candidates and the committees that the bags were possibly within the reach of the Federal Election Laws. On that date it was agreed that no further material of that type would be purchased or obtained for distribution in the campaign.

7. For all the aforementioned reasons it is my belief that no violations and certainly no willful violation of the Federal Election Laws occurred concerning the Garofoli-Sweeney

deposes and says:

1. Edward J. Maher is the Campaign Treasurer for the Garofoli for County Commissioner Committee and the Campaign Treasurer for the Sweeney for County Commissioner Committee.

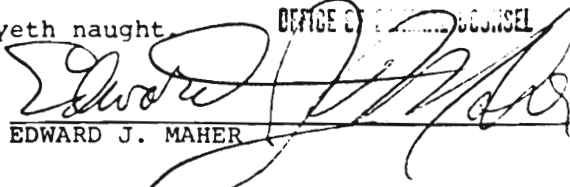

2. Pursuant to Ohio Elections Laws, Edward J. Maher made reports of expenditures and contributions to the Cuyahoga County Elections Board.

3. The Garofoli-Sweeney litter bags were purchased from Uniflex, Incorporated, 474 Grand Boulevard, Westbury, New York 11590 at the cost of Two Thousand Eight Hundred Fifty-six Dollars and Thirty-two Cents (\$2,856.32) and the costs for the same were allocated - one half to each candidate.

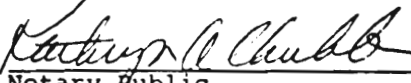

4. No consultation was made with the Carter-Mondale Campaign or the Democratic Party regarding this expenditure.

5. It is my belief that no violation of the Federal Election Laws occurred regarding the Garofoli-Sweeney litter bags. I was not aware of any obligations to report this expenditure to the Federal Elections Commission, merely because Carter-Mondale names were printed on the bags.

Re: Mur 273 (76)

Dear Ms. Darr:

In compliance with your letter of February 18, 1977, I am enclosing additional information to support my claim of federal election law violations.

1. Enclosed is a sample poster which appeared on election day, November 2, 1976 on telephone or utility poles outside the election polling places throughout the county. It is estimated the total number of such posters exceeded 2000 and were mainly concentrated in the City of Cleveland.
2. I have not been able to obtain a button which had the names and pictures of President Carter, Vice President Mondale, County Commissioner Sweeny and former county commissioner candidate Garofoli. These buttons were in limited supply and were not in general use.
3. Also enclosed are the pre-election and post election contributions and expenditures statements filed with the Cuyahoga County Board of Election in accordance with the laws of the State of Ohio. These forms do not list a contribution from or a expenditure on the behalf of the Carter for President Committee.

It is my belief, this is additional information and only lends support to points #2 & #3 in the original complaint of October 8, 1976. I have no additional complaints against the Garofoli - Sweeney Committee.

If this country is to have a democratic society, all political parties and individuals seeking election to public office must abide by the rules of the society. Justice which is not evenly administered is no justice. If the Federal Election Committee can not or will not develop and administer a uniform set of rules for all to follow, it will eventually become the political enforcement arm of the party in power to the detriment of all other individual or political parties.

Yours,

Patrick M O'Connor

Re: MUR 273(76)

Dear Ms. Karlinger:

I am forwarding the enclosed complaint for your information pursuant to §437g(a)(2) of the Federal Election Campaign Act. The Commission believes that on the basis of the information in the complaint there is no reason to believe that a violation of §441a has been committed. However, the Commission has found reason to believe that a violation of §434(e) has occurred because of the Garofoli-Sweeney Committee's failure to report the cost of campaign paraphernalia such as the plastic sacks imprinted with "Carter-Mondale-Garofoli-Sweeney," as an independent expenditure over \$100 which expressly advocates the election of a clearly identified federal candidate.

Under the Act, you have an opportunity to demonstrate that no action should be taken against you. Please submit any factual or legal materials which you believe are relevant to the Commission's analysis of this matter. Where appropriate, statements should be submitted under oath. As part of your submission, please complete the enclosed forms. I would appreciate it if you would also submit an affidavit indicating the Garofoli-Sweeney Committee's relationship to the State and local Democratic Party Committees.

In this connection please be advised that §110.7(b)(4) of the Commission's proposed regulations states that expenditures in connection with the general election campaign of candidates for Federal office made by a State party committee or a subordinate committee of a State committee cannot be considered "independent". That the Garofoli-Sweeney Committee, which is a local committee supporting the election of two men for County Commissioners, made illegal in-kind contributions to Carter-Mondale in the form of campaign paraphernalia such as plastic sacks imprinted with "Carter-Mondale-Garofoli-Sweeney." 4. 2 U.S.C., Section 110.7 (a) (5) and (b) (4) prohibit party committees from making independent expenditures on behalf of the Presidential Candidates. Therefore, even if the Garofoli-Sweeney Committee is held to be an arm of the local party organization with which we dispute as a possible ruling in view of its organization under state election laws, contributions-in-kind herein described are clearly of the type requiring reporting and allocation under 2 U.S.C., Section 431 and 434.

I do not believe that any local campaign committee set up for the purpose of advocating the election of a local candidate can simultaneously be an independent committee and make independent expenditures for a federal campaign. I feel that such activities would leave open possibilities for intentional evasion of the election laws both federal and state.

I believe that this material and its use is a violation of both the letter and spirit of the Federal Election Laws. The nearness of the coming election increases the need for your immediate decision in this matter. Additionally since this material is clearly a contribution-in-kind, which is not allowed, the Democrat Presidential Campaign Committee must pay for it and include it in their budget.

Your prompt attention in this matter will not only be appreciated by our committee but also clearly in the public interest.

Re: CC #632

Dear Mr. O'Connor:

We have received your letter of September 29, 1976 inquiring into the possibility of a violation of the Federal Election Campaign Act of 1971, as amended, by the Garofoli-Sweeney Committee.

The Federal Election Campaign Act, as amended, requires that all complaints be signed, sworn, and notarized by the person making the complaint. (See 2 U.S.C. §437g(a)(2)). Under §111.2 of the Commission's proposed regulations it is also required that a complaint contain: (1) the full name, address and telephone number of the complainant; (2) a clear and concise statement of the Acts which are alleged to constitute a violation of the Federal Election Campaign Act of 1971; (3) copies of any evidence available to the complainant which sustain the allegations of the complaint. In the event you wish to file a complaint, please comply with these requirements.

In your letter you referred to a sample of materials circulated by the Garofoli-Sweeney Committee, which you felt were violative of the Federal Election Laws. However, the samples, were not received by the Commission. Please submit the materials with your complaint.

For your information, I have enclosed a copy of the Federal Election Laws and a separate copy of the regulations with this letter.

Please feel free to contact me if you have any further questions. The staff member assigned to this matter is Leland Prince (telephone number 202/382-1048).

Re: Case Number C C 632

Dear Sirs:

762821

Enclosed please find a sample of materials being circulated in Cuyahoga County by Democrat candidates for the office of County Commissioner. I am of the opinion that such materials are not in compliance with the Federal Election Laws. I respectfully request your urgent consideration of this matter.

I believe the enclosed item, as well as similar materials being circulated by the Garofoli-Sweeney Committee to be illegal for the following reasons:

1. The Garofoli-Sweeney Committee is a candidate committee established under the laws of the State of Ohio to advocate the election of two (2) men to specific offices. It is not an arm of the Democrat Party or a representative or agent of the local, state, or National Democrat Party and therefore does not fall within the designation exception of 2 U.S.C., Section 441 a (d) or within the slate card or ticket advertising exception of Section 100.4 (b) (7) or Section 100.7 (b) of the Federal Election Law. The Garofoli-Sweeney Committee has as its Secretary, Angeline Karlinger and uses an address of 21329 Lake Shore Boulevard, Euclid, Ohio, 44123.
2. This type of advertising is an illegal contribution to the Democrat Presidential Campaign as is prohibited by 2 U.S.C., Section 9033 (b) (2); which includes those contributions characterized as Contributions-in-kind. (2 U.S.C., Section 431 (e)).
3. The Garofoli-Sweeney Committee is a political committee as defined in 2 U.S.C., Section 431 (d); however, it is not a multiple candidate committee as outlined in 2 U.S.C., Section 433 a (a) (2). Yet this organization has spent more than Fifteen Thousand Dollars (\$15,000) on materials such as the enclosed. This committee has not met the six (6) month existence requirement of Section 433 and has failed to file any reports with the Federal Election Commission.

7734001470

4. 2 U.S.C., Section 110.7 (a) (5) and (b) (4) prohibit party committees from making independent expenditures on behalf of the Presidential Candidates. Therefore, even if the Garofoli-Sweeney Committee is held to be an arm of the local party organization with which we dispute as a possible ruling in view of its organization under state election laws, contributions-in-kind herein described are clearly of the type requiring reporting and allocation under 2 U.S.C., Section 431 and 434.

I do not believe that any local campaign committee set up for the purpose of advocating the election of a local candidate can simultaneously be an independent committee and make independent expenditures for a federal campaign. Dear Sirs:

Enclosed please find a sample of materials being circulated in Cuyahoga County by Democrat candidates for the office of County Commissioner. I am of the opinion that such materials are not in compliance with the Federal Election Laws. I respectfully request your urgent consideration of this matter.

I believe the enclosed item, as well as similar materials being circulated by the Garofoli-Sweeney Committee to be illegal for the following reasons:

1. The Garofoli-Sweeney Committee is a candidate committee and not the local democrat party or a representative of the state or national democrat party; therefore, it does not fall within the slate card or ticket advertising exceptions;
2. This type of advertising is at the very least an illegal contribution in kind greatly in excess of \$1,000 to the democrat Presidential Committee;
3. Even if the slate card exception is applicable, this material does not meet the "three federal candidate" requirements necessary for compliance;
4. The Garofoli-Sweeney Committee is not a reporting committee filing with the FEC and has made expenditures exceeding the reporting limitations;
5. According to FEC regulations, party committees may not make independent expenditures in connection with Federal Election campaigns of federal candidates. Therefore, even if the Garofoli-Sweeney Committee was considered an arm of the local committee, it is clear that materials such as the one enclosed are not exempted from federal requirements such as allocation and reporting;

6. I do not believe that any local campaign committee set up for the purpose of advocating the election of a local candidate can simultaneously be an independent committee and make independent expenditures for a federal campaign. I feel that such activities would leave open great possibilities for intentional invasion of the election laws both federal and state.

I believe that the materials being used, of which the enclosed sample is only a small part of the general plan of the Garofoli-Sweeney Committee, is a violation of both the letter and spirit of the Federal Election Laws. I feel that this matter is of an urgent nature because of the nearness of the election and would appreciate your speedy attention to it.
