TO

OFFICE OF GENERAL COUNSEL

DATE: December 30, 1988

ANALYST: Kate Henry

I. COMMITTEE: Springfield Region Laborers' Political League (C00158071)
John M. Evans, Treasurer
117-119 South 5th, Room 720
Reisch Building
Springfield, IL 62701

II. RELEVANT STATUTE: 2 U.S.C. §441b
11 CFR 114.2

III. BACKGROUND:

The Receipt of Apparent Impermissible Contributions From an Unregistered Organization

The Springfield Region Laborers' Political League ("the Committee") disclosed receipts from an unregistered organization, North Central Illinois Laborers' District Council PAC ("North Central"), totalling $8,949.38 during 1987 and 1988. On the 1987 Mid-Year Report, between January 1, 1987 and June 30, 1987, the Committee disclosed receipts from North Central totalling $2,957.88. On the 1987 Year End Report, between July 1, 1987 and December 31, 1987, the Committee disclosed receipts from North Central totalling $4,059.49. On the 1988 April Quarterly Report, the Committee disclosed a receipt of $1,331.34 from North Central on March 7, 1988. Finally, on the 1988 July Quarterly Report, the Committee disclosed the receipt of $600.67 from North Central on June 2, 1988 (Attachment 2).

A Request for Additional Information ("RFAI") was sent to the Committee on September 14, 1988 for all of the above reports. The RFAI notified the Committee that they must refund and/or transfer-out all non-voluntary contributions unless North Central was acting as a collecting agent (Attachment 3).

On September 29, 1988, a representative for John Evans, the Committee's treasurer, called the Reports Analysis Division ("RAD") analyst in response to the RFAI. The

representative explained that she was unsure whether or not the North Central funds were permissible, but would send an interim letter pending the outcome of their investigation (Attachment 4).

In a letter from the Committee dated September 30, 1988, Mr. Evans reiterated what his representative had stated on the phone. Specifically, Mr. Evans explained that they were "still checking into" North Central (Attachment 5).

A Second Notice, dated October 6, 1988, noted the September 30, 1988 response and requested that the Committee provide information regarding North Central (Attachment 6).

A response dated October 21, 1988, from the Committee's attorney explained that it "was initially the understanding of [the Committee] that these contributions were qualified voluntary contributions;" however it was later determined that many of the contributions were not "qualified voluntary funds." Further, these non-voluntary funds had been commingled with the portion of funds that were permissible. Consequently, the Committee intended to refund the entire amount to North Central (Attachment 7).

When no further communication had been received by November 3, 1988, the RAD analyst contacted Carrol Gran, a representative for Mr. Evans. Ms. Gran disclosed that the Committee would be meeting with Greg Hasty, the business manager of North Central, that day to refund the money. Ms. Gran said she would send the Commission a photocopy of the refund check, along with several amended reports, using overnight mail (Attachment 8).

On November 4, 1988, the Commission received the Committee's response. The response included a copy of the refund check dated October 31, 1988 to North Central (Attachment 9). The refund was also disclosed on the Committee's 1988 30 Day Post-General Report as having been made November 1, 1988 (Attachment 10).

IV. OTHER PENDING MATTERS INITIATED BY RAD:

None.

2104036173 6

The Committee also disclosed a $1,030 receipt from a second unregistered organization in 1987. The Committee later disclosed that the organization in question was a collecting agent, and, consequently, the funds received from that organization were permissible.

If you have any questions regarding this matter, please contact Kate Henry at 376-2480.

Dear Mr. Evans:

This letter is prompted by the Commission's preliminary review of the report(s) referenced above. The review raised questions concerning certain information contained in the report(s). An itemization follows:

-Schedule A of your reports disclose receipts from organizations that are not registered with the Commission (pertinent portion(s) attached). 2 U.S.C. §441b prohibits the receipt of funds from national banks, corporations, and labor organizations. Under 11 CFR 102.6, however, certain entities may serve as collecting agents for the purpose of transmitting contributions to a separate segregated fund.

A collecting agent may be a committee which is affiliated with the separate segregated fund; the connected organization; or a local, national, or international union. See 11 CFR 102.6(b)(1).

Funds received from a collecting agent are to be attributed to the original contributors and should be disclosed according to the requirements of 11 CFR 104.3(a). If the amounts in question were contributed by individuals and transmitted to your committee by a collecting agent, the activity should be included on Line 11a of the Detailed Summary Page. Any contribution from an individual, that exceeds $200 in the aggregate during the calendar year, should be itemized on a supporting schedule. Collecting agents need not be identified on your report.

To the extent that the funds received were not from entities serving as collecting agents, the Commission recommends that you refund all non-voluntary contributions to the donor(s) in accordance with 11 CFR 103.3(b). Alternatively, if you choose to transfer the funds to an account not used to influence federal elections, the Commission advises that you inform the contributor in writing and provide the contributor with the option of receiving a refund. You may wish to seek a written authorization (either before or after the transfer-out) from the donor for any transfer-out to protect the donor's interests.

Please inform the Commission immediately in writing and provide a photocopy of your check for the refund or transfer-out. In the best interests of the committee, all refunds and transfers-out should be made within thirty days of the treasurer's receipt of the contribution. See 11 CFR 103.3(b). Refunds and transfers-out should be disclosed on a supporting Schedule B for Line 26 or 20 of the report covering the period during which they are made.

Although the Commission may take further legal steps concerning the acceptance of prohibited contributions, prompt action by your committee in refunding or transferring-out the amounts will be taken into consideration.

-Please amend Schedule A supporting Line 12 by providing the individual dates of receipt for each transfer received from a political committee. 11 CFR 104.3(a)(4)(ii) and (iii)(B).

A written response or an amendment to your original report(s) correcting the above problem(s) should be filed with the Federal Election Commission within fifteen (15) days of the date of this letter. If you need assistance, please feel free to contact me on our toll-free number, (800) 424-9530. My local number is (202) 376-2480.

Dear Ms. Henry:

In reply to your letter of September 14, 1988, we have reviewed the reports in question. In a phone conversation with you and a second phone conversation with Ed Ryan in your office, we find that the amounts listed for the Southern IL Laborers' District Council should, in fact, have been listed on Line 11(a)(ii) of the Detailed Summary Page. This Council is a collection agency for construction Laborers who voluntarily sign checkoff authorizations for LPL contributions of 1¢ per hour. None of the contributions would ever exceed $200 per year, even if everyone was employed a full 2000 hours.

Conversely, part of the amount presently listed on Line 11(a)(ii) should be listed on the Detailed Summary Page. Our International Representatives voluntarily contribute $25 per month to this fund and would exceed $200 after eight months.

We are still checking into the other contributor, North Central IL Laborers' District Council PAC. As soon as we get their answer on collections, we will amend the above reports and resubmit them to you.

The correct method of reporting will be followed in the future.

Respectfully,

John M. Evans

Dear Mr. Gibson:

The Springfield Region Laborers' Political League has asked me to respond on its behalf to your letter of October 6, 1988. After checking into the contributions received from the North Central Illinois Laborers' District Council PAC, it has been determined that the contributions from that PAC were not qualified voluntary funds under the Federal Election Campaign Act. It was initially the understanding of the Springfield Region Laborers' Political League that these contributions were qualified voluntary contributions. However, it has now been determined that that is not the case and therefore the Springfield Region Laborers' Political League is making arrangements to immediately refund these contributions to the North Central Illinois Laborers' District Council PAC.

It should be noted that not all of the contributions from the North Central Illinois Laborers' District Council PAC were non-qualified. The qualified funds were, however, commingled with the non-qualified funds, and therefore, the Springfield Region Laborers' Political League has decided to refund the entire amount of the contributions. Once this transaction has been completed, it will be properly reported on the reports filed by the Springfield Region Laborers' Political

League with the Commission. As per Kate Henry's original letter, we will provide you with a copy of the check refunding the money to the North Central Illinois Laborers' District Council PAC.

With respect to your second inquiry, the Springfield Region Laborers' Political League is presently in the process of preparing amended schedule A's supporting line 12 which will be filed with the Federal Election Commission in accordance with your letter.

If you have any further questions regarding these matters, please feel free to contact me.

Dear Mr. Gibson:

The Springfield Region Laborers' Political League has asked me to respond on its behalf to your letter of October 6, 1988. After checking into the contributions received from the North Central Illinois Laborers' District Council PAC, it has been determined that the contributions from that PAC were not qualified voluntary funds under the Federal Election Campaign Act. It was initially the understanding of the Springfield Region Laborers' Political League that these contributions were qualified voluntary contributions. However, it has now been determined that that is not the case and therefore the Springfield Region Laborers' Political League is making arrangements to immediately refund these contributions to the North Central Illinois Laborers' District Council PAC.

It should be noted that not all of the contributions from the North Central Illinois Laborers' District Council PAC were non-qualified. The qualified funds were, however, commingled with the non-qualified funds, and therefore, the Springfield Region Laborers' Political League has decided to refund the entire amount of the contributions. Once this transaction has been completed, it will be properly reported on the reports filed by the Springfield Region Laborers' Political

League with the Commission. As per Kate Henry's original letter, we will provide you with a copy of the check refunding the money to the North Central Illinois Laborers' District Council PAC.

With respect to your second inquiry, the Springfield Region Laborers' Political League is presently in the process of preparing amended schedule A's supporting line 12 which will be filed with the Federal Election Commission in accordance with your letter.

If you have any further questions regarding these matters, please feel free to contact me.

I. **GENERATION OF THE MATTER**

The Reports Analysis Division ("RAD") referred the Springfield Region Laborers' Political League and John M. Evans, as treasurer ("Springfield"), to the Office of the General Counsel for the receipt during 1987 and the first half of 1988 of apparent impermissible contributions from an unregistered organization, the North Central Illinois Laborers' District Council PAC ("North Central"). Springfield had reported total receipts of $7,452.72 in funds from North Central during calendar years 1982 through 1986 and 1988 and $7,017.37 in 1987. Springfield refunded a total of $18,896.65 to North Central (see below). This amount apparently included an additional $4,426.56 which was not itemized on Springfield's reports filed with the Commission.

4036157

Based upon a review of reports filed by Springfield in 1987 and the first half of 1988, on September 14, 1988, RAD sent a Request for Additional Information ("RFAI") to Springfield. The RFAI notified Springfield that they must refund and/or transfer out all non-voluntary contributions unless North Central was acting as a collecting agent.

After several telephone conversations with Committee representatives, RAD received a letter from counsel for Springfield on October 21, 1988. Counsel stated that initially Springfield had considered the amounts received to be "qualified voluntary contributions." However, it was later determined that some of the contributions contained monies which were not "qualified voluntary funds." Further, counsel explained that since the non-voluntary funds were combined with permissible funds, the entire amount of funds received from North Central would be refunded. No explanation was provided as to the basis for Springfield's determination that certain of the amounts received from North Central were not permissible.

A copy of a refund check dated October 31, 1988, in the amount of $18,896.65 was received by RAD on November 4, 1988. This refund was disclosed on Springfield's 30 Day Post-General Report. According to a representative of Springfield, this amount represented all funds received from North Central by Springfield since Springfield's establishment in 1982.

II. ANALYSIS

A. Springfield Region Laborers' Political League and John M. Evans, as treasurer

Political committees are prohibited from accepting contributions in any amount from corporations, labor unions and foreign nationals. 2 U.S.C. § 441b. They may, however, accept contributions from separate segregated funds which solicit voluntary contributions pursuant to 2 U.S.C. § 441b(b)(3).

The treasurer of a political committee is responsible for examining all contributions received for evidence of illegality. 11 C.F.R. § 103.3(b). The treasurer shall refund all contributions received from impermissible sources within sixty days of receipt or within thirty days of the date on which the treasurer obtains additional information indicating that the contribution was illegal. 11 C.F.R. § 103.3(b)(2).

Transfers of funds may be made without limit on amount between affiliated committees, whether or not they are political committees. 11 C.F.R. § 102.6(a)(1)(i). All committees established, financed, maintained or controlled by the same labor organization are affiliated. 11 C.F.R. § 100.5(g)(2). Transfers between affiliated committees shall be made only from funds which are permissible under the Act. 11 C.F.R. § 102.6(a)(1)(iv).

2140361759

As stated above, in correspondence with RAD Springfield indicated that it had determined that certain of the funds received from North Central were not "qualified voluntary funds". Between 1982 and 1988 Springfield accepted funds from North Central totaling $18,896.65. This Office presently has no information in hand regarding the timing of events that led Springfield to determine that certain receipts from North Central were impermissible and to make the required refund. Based upon Springfield's statements, this Office recommends that the Commission find reason to believe that Springfield accepted impermissible funds in violation of 2 U.S.C. § 441b.

It appears that both Springfield and North Central have as their connected organization the Laborers' International Union of North America. Thus, Springfield and North Central are apparently affiliated committees within the meaning of 11 C.F.R. § 100.5(g). Therefore, this Office recommends that the Commission also find reason to believe that Springfield violated 11 C.F.R. § 102.6 by accepting impermissible funds from North Central.

B. North Central Illinois Laborers' District Council PAC

A committee becomes a political committee when it receives contributions aggregating in excess of $1,000 during any calendar year or makes expenditures aggregating in excess of $1,000 during any calendar year. 2 U.S.C. § 431(4)(A). A

2140361760

committees must file disclosure reports with the Commission in conformance with 2 U.S.C. § 434. Furthermore, transfers between affiliated committees count against the reporting thresholds of the Act for determining whether a committee must register and report. 11 C.F.R. § 102.6(a)(2).

2 U.S.C. § 441b(a) prohibits the use of labor organization treasury funds in federal elections. 2 U.S.C. § 441b(b)(3) prohibits a separate segregated fund established by a labor organization from making contributions or expenditures in connection with federal elections "utilizing money or anything of value secured by physical force, job discrimination, financial reprisal, or the threat of force..." In addition, a separate segregated fund must solicit funds for its federal election activities in conformance with the limitations and conditions contained at 2 U.S.C. § 441b(b)(3) and (4).

Springfield has concluded that the monies it had received from North Central included funds that were not "qualified voluntary funds" but has not explained the basis for that conclusion. Therefore, this Office recommends that the Commission find reason to believe that North Central violated 2 U.S.C. § 441b and pose questions with regard to the sources of the funds used by North Central to make the transfers at issue and the exact amount of any impermissible funds included in those transfers.

- 4 0 3 6 1 7 6 1 -

As noted above, it appears that Springfield and North Central are affiliated committees within the meaning of 11 C.F.R. § 100.5(g). Therefore, this Office recommends that the Commission find reason to believe that North Central violated 11 C.F.R. § 102.6 by reason of the transfer of impermissible funds to Springfield.

As a result of its transfer of funds to Springfield in excess of $1,000 North Central apparently qualified as a political committee pursuant to 2 U.S.C. § 431(4)(A) and 11 C.F.R. § 102.6(a)(2), and, thus, was required to file a statement of organization as well as disclosure reports with the Commission. North Central failed to register with the Commission or to file reports. Therefore, this Office recommends that the Commission find reason to believe that North Central violated 2 U.S.C. §§ 433 and 434.

2140361762

III. RECOMMENDATIONS

1. Open a MUR.

2. Find reason to believe that North Central Illinois Laborers' District Council PAC violated 2 U.S.C. §§ 433, 434 and 441b and 11 C.F.R. § 102.6.

3. Find reason to believe that Springfield Region Laborers' Political League and John M. Evans, as treasurer, violated 2 U.S.C. § 441b and 11 C.F.R. § 102.6.

RE: MUR 3029
Springfield Region Laborers'
Political League

Dear Mr. Evans:

On January 30, 1990, the Federal Election Commission found that there is reason to believe that Springfield Region Laborers' Political League ("Committee") and you, as treasurer, violated 2 U.S.C. § 441b, a provision of the Federal Election Campaign Act of 1971, as amended ("the Act") and 11 C.F.R. § 102.6, a provision of the Commission's Regulations. The Factual and Legal Analysis, which formed a basis for the Commission's finding, is attached for your information.

Under the Act, you have an opportunity to demonstrate that no action should be taken against the Committee and you, as treasurer. You may submit any factual or legal materials that you believe are relevant to the Commission's consideration of this matter. Please submit such materials to the General Counsel's Office along with answers to the enclosed questions within 15 days of your receipt of this letter. Where appropriate, statements should be submitted under oath.

In the absence of any additional information demonstrating that no further action should be taken against the Committee and you, as treasurer, the Commission may find probable cause to believe that a violation has occurred and proceed with conciliation.

If you are interested in pursuing pre-probable cause conciliation, you should so request in writing. See 11 C.F.R. § 111.18(d). Upon receipt of the request, the Office of the General Counsel will make recommendations to the Commission either proposing an agreement in settlement of the matter or recommending declining that pre-probable cause conciliation be pursued. The Office of the General Counsel may recommend that pre-probable cause conciliation not be entered into at this time so that it may complete its investigation of the matter.

2140351767

Further, the Commission will not entertain requests for pre-probable cause conciliation after briefs on probable cause have been mailed to the respondent.

Requests for extensions of time will not be routinely granted. Requests must be made in writing at least five days prior to the due date of the response and specific good cause must be demonstrated. In addition, the Office of the General Counsel ordinarily will not give extensions beyond 20 days.

If you intend to be represented by counsel in this matter, please advise the Commission by completing the enclosed form stating the name, address, and telephone number of such counsel, and authorizing such counsel to receive any notifications and other communications from the Commission.

This matter will remain confidential in accordance with 2 U.S.C. §§ 437g(a)(4)(B) and 437g(a)(12)(A), unless you notify the Commission in writing that you wish the investigation to be made public.

For your information, we have attached a brief description of the Commission's procedures for handling possible violations of the Act. If you have any questions, please contact Karen Powell, the staff member assigned to this matter, at (202) 376-8200.

FEDERAL ELECTION COMMISSION

FACTUAL AND LEGAL ANALYSIS

Respondent: Springfield Region Laborers' Political League and John M. Evans, as treasurer

MUR: 3029

The Federal Election Campaign Act of 1971, as amended ("the Act") prohibits political committees, including separate segregated funds established by labor unions, from accepting contributions in any amount from corporations, labor unions and foreign nationals. 2 U.S.C. § 441b. They may, however, accept contributions from separate segregated funds which solicit voluntary contributions pursuant to 2 U.S.C. § 441b(b)(3).

The treasurer of a political committee is responsible for examining all contributions received for evidence of illegality. 11 C.F.R. § 103.3(b). The treasurer shall refund all contributions received from impermissible sources within sixty days of receipt or within thirty days of the date on which the treasurer obtains additional information indicating that the contribution was illegal. 11 C.F.R. § 103.3(b)(2).

Transfers of funds may be made without limit on amount between affiliated committees, whether or not they are political committees. 11 C.F.R. § 102.6(a)(1)(i). All committees established, financed, maintained or controlled by the same labor organization are affiliated. 11 C.F.R. § 100.5(g)(2). Transfers between affiliated committees shall be made only from

2140361769

funds which are permissible under the Act. 11 C.F.R. § 102.6(a)(1)(iv).

Springfield Region Laborers' Political League ("Springfield") is a separate segregated fund whose connected organization is the Laborers' International Union of North America. Springfield accepted $18,896.65 from the North Central Illinois Laborers' District Council PAC ("North Central") between 1982 and 1988, $14,470.09 of which was itemized by the Committee on reports filed with the Federal Election Commission ("the Commission"). In correspondence with the Commission, Springfield has indicated that it believes that the funds it received from North Central were not "qualified voluntary funds". On October 31, 1988, Springfield provided the Commission with a copy of a check to North Central refunding the $18,896.65 it had received since 1982. Therefore, there is reason to believe that the Committee accepted impermissible funds in violation of 2 U.S.C. § 441b.

It appears that both Springfield and North Central are established, financed, maintained or controlled by the Laborers' International Union of North America. Thus, Springfield and North Central are affiliated Committees within the meaning of 11 C.F.R. § 100.5(g). Therefore, this Office recommends that the Commission find reason to believe that Springfield violated 11 C.F.R. § 102.6 by accepting impermissible funds from North Central.

FEDERAL ELECTION COMMISSION
WASHINGTON, D.C. 20463

February 8, 1990

Mr. Greg Hasty, Business Manager
North Central Illinois Laborers'
District Council PAC
4509 N. Catalina
Peoria, IL 61615

RE: MUR 3029
North Central Illinois Laborers'
District Council PAC

Dear Mr. Hasty:

On January 30, 1990, the Federal Election Commission found that there is reason to believe that North Central Illinois Laborers' District Council PAC ("Committee") and its treasurer, violated 2 U.S.C. §§ 433, 434 and 441b, provisions of the Federal Election Campaign Act of 1971, as amended ("the Act") and 11 C.F.R. § 102.6, a provision of the Commission's Regulations. The Factual and Legal Analysis, which formed a basis for the Commission's finding, is attached for your information.

Under the Act, you have an opportunity to demonstrate that no action should be taken against the Committee and its treasurer. You may submit any factual or legal materials that you believe are relevant to the Commission's consideration of this matter. Please submit such materials to the General Counsel's Office along with answers to the enclosed questions within 15 days of your receipt of this letter. Where appropriate, statements should be submitted under oath.

In the absence of any additional information demonstrating that no further action should be taken against the Committee and its treasurer, the Commission may find probable cause to believe that a violation has occurred and proceed with conciliation.

If you are interested in pursuing pre-probable cause conciliation, you should so request in writing. See 11 C.F.R. § 111.18(d). Upon receipt of the request, the Office of the General Counsel will make recommendations to the Commission either proposing an agreement in settlement of the matter or recommending declining that pre-probable cause conciliation be pursued. The Office of the General Counsel may recommend that pre-probable cause conciliation not be entered into at this time so that it may complete its investigation of the matter.

2140351716

Further, the Commission will not entertain requests for pre-probable cause conciliation after briefs on probable cause have been mailed to the respondent.

Requests for extensions of time will not be routinely granted. Requests must be made in writing at least five days prior to the due date of the response and specific good cause must be demonstrated. In addition, the Office of the General Counsel ordinarily will not give extensions beyond 20 days.

If you intend to be represented by counsel in this matter, please advise the Commission by completing the enclosed form stating the name, address, and telephone number of such counsel, and authorizing such counsel to receive any notifications and other communications from the Commission.

This matter will remain confidential in accordance with 2 U.S.C. §§ 437g(a)(4)(B) and 437g(a)(12)(A), unless you notify the Commission in writing that you wish the investigation to be made public.

For your information, we have attached a brief description of the Commission's procedures for handling possible violations of the Act. If you have any questions, please contact Karen Powell, the staff member assigned to this matter, at (202) 376-8200.

Sincerely,

Lee Ann Elliott

FEDERAL ELECTION COMMISSION

FACTUAL AND LEGAL ANALYSIS

RESPONDENT: North Central Illinois Laborers' District Council PAC

MUR: 3029

The Federal Election Campaign Act of 1971, as amended ("the Act") states that a committee becomes a political committee when it receives contributions aggregating in excess of $1,000 during any calendar year or makes expenditures aggregating in excess of $1,000 during any calendar year. 2 U.S.C. § 431(4)(A). A political committee must register with the Commission within 10 days of its establishment. 2 U.S.C. § 433. Political committees must file disclosure reports with the Commission in conformance with 2 U.S.C. § 434.

Transfers of funds may be made without limit on amount between affiliated committees, whether or not they are political committees but such transfers shall count against the reporting thresholds of the Act for determining whether a committee must register and report. 11 C.F.R. § 102.6(a)(1)(i) and (a)(2). All committees established, financed, maintained or controlled by the same labor organization are affiliated. 11 C.F.R. § 100.5(g)(2). Transfers between affiliated committees shall be made only from funds which are permissible under the Act. 11 C.F.R. § 102.6(a)(1)(iv).

2 U.S.C. § 441b(a) prohibits the use of labor organization treasury funds in federal elections. 2 U.S.C. § 441b(b)(3)

prohibits a separate segregated fund established by a labor organization from making contributions or expenditures in connection with federal elections "utilizing money or anything of value secured by physical force, job discrimination, financial reprisal, or the threat of force..." In addition, a separate segregated fund must solicit funds for its federal election activities in conformance with the limitations and conditions contained at 2 U.S.C. § 441b(b)(3) and (4).

The Springfield Region Laborers' Political League ("Springfield") reported the receipt of $7,017.37 during 1987 from the North Central Illinois Laborers' District Council PAC ("North Central"). In response to inquiries from the Commission concerning the source of these funds, Springfield indicated that it considered the amounts received from North Central to include funds which were not "qualified voluntary funds." Springfield informed the Commission that it intended to refund all monies received from North Central since 1982. The Commission received a copy of a check in the amount of $18,896.65 dated October 31, 1988 made payable to North Central. Springfield informed the Commission that this check represented the entire amount of funds received from North Central between 1982 and June 1988.

As a result of its transfer of funds to Springfield beginning in 1982, North Central may have qualified as a political committee and, thus, would have been required to file a statement of organization as well as disclosure reports with the Commission. 11 C.F.R. § 102.6(a)(2). North Central failed to file a statement of organization with the Commission and to

file disclosure reports. In addition, the amounts contributed by North Central to Springfield appear to have included funds which were impermissible in violation of 2 U.S.C. § 441b. Therefore, there is reason to believe that North Central violated 2 U.S.C. §§ 441b, 433 and 434.

It appears that both Springfield and North Central are established, financed, maintained or controlled by the Laborers' International Union of North America. Thus, Springfield and North Central are affiliated committees within the meaning of 11 C.F.R. § 100.5(g)(2). Therefore, there is reason to believe that North Central violated 11 C.F.R. § 102.6 by reason of the transfer of impermissible funds to Springfield.

RE: MUR 3029

Our File No. 1855L

Dear Ms. Powell:

As I advised you in our brief telephone conversation of this date, I will be representing the North Central Illinois Laborers District Council PAC in the above-entitled inquiry. It is my understanding that the PAC has completed the Designation of Representative form and mailed that directly to your office.

Because I was absent from the office from February 12 through February 21, 1990, your letter, finding and Interrogatories just came to my attention. Responding to your Interrogatories will require some detailed search of PAC's records.

In addition, we will undoubtedly request pre-probable cost conciliation, but until some investigation is complete I am not in a position to make that request.

Because of these factors, I respectfully request an extension of fifteen (15) days in order to supply the requested information and Answers to Interrogatories. By my calculations that would mean our response is due on or before March 13, 1990, which should give us sufficient time to complete our investigation.

Please advise me at your earliest convenience as to whether this brief extension is agreeable to the commission.

Very truly yours,

RESPONDENTS' ANSWERS TO THE FEC'S
INTERROGATORIES AND REQUEST FOR PRODUCTION OF DOCUMENTS

Interrogatories

1. (a) Yes.

(b) Not applicable.

2. No.

3. 1982 - $3,941; 1983 - $100; 1984 - $1,092; 1985 - $424; 1986 - $4,390.27; 1987 - $7,017.37.

4. Initially, representatives from Springfield were informed by representatives from North Central that North Central had been advised by its attorney that the funds being sent to Springfield were lawful under applicable law. In September 1988, the Federal Election Commission wrote to the treasurer of the North Central Illinois Laborers' District Council PAC regarding its failure to file a statement of organization and to report contributions to the FEC. That letter was forwarded on to Springfield and eventually to the attorneys representing the International Union in Washington, D.C. After consulting with the International Union's attorneys, Springfield made the decision to refund the money to North Central. This decision was made

sometime in October 1988. There were no documents which Springfield relied upon in making this decision but information regarding the matter was received by Springfield during September and October 1988.

5. It is impossible for the committee to determine precisely what share of the contributions made by North Central to Springfield were truly not "qualified voluntary funds." The committee does know that of the total amount, $6,453 was clearly qualified voluntary funds. The remainder, $12,443.65, cannot be verified as being entirely qualified voluntary funds. That figure does include at least some non-qualified funds.

6. Springfield deposited the funds from North Central into its only banking account, which is a non-interest bearing checking account. Springfield deposited contributions solicited for federal election purposes into this account.

7. None.

8. Not applicable. See answer to question 7.

1. No documents have been referred to in the answers to the above interrogatories other than the FEC letter referred to in interrogatory no. 4 which the FEC already has.

2. Attached are copies of all documents which are responsive to request for production of documents no. 2.

North Central Illinois Laborers' District Council PAC	)	
	)	

ANSWERS TO INTERROGATORIES

1. Describe the North Central Illinois Laborers' District Council PAC ("North Central"), including North Central's purpose and activities.

ANSWER: See attached Bylaws.

2. Identify North Central's connected organization.

ANSWER: North Central Illinois Laborers' District Council.

3. State the date on which North Central was established. Identify the individual(s) who have served as North Central's treasurer.

ANSWER: September, 1979, John Penn and Greg Hasty.

4. Describe in detail the procedure(s) used by North Central to solicit contributions from 1982 through 1988.

(a) Describe the fund-raising technique(s) used by North Central to solicit contributions: including but not limited to solicitations in newspapers, newsletters, trade journals, or magazines; telephone solicitations; or direct mail solicitations.

(b) Identify any person, including North Central or any separate political or charitable fund, designated or named in the solicitation(s) as the intended recipient of contributions.

(c) If a solicitation identified a recipient other than North Central or a fund established by North Central, describe the procedure used to transmit contributions obtained as a result of this solicitation to this recipient.

ANSWER: At various times since the PAC was formed, the administrative committee members or officers and/or district council representatives have appeared at meetings of local unions affiliated with the North Central Illinois Laborers' District Council to explain the PAC program. Funds are raised by voluntary

2140265-2943

contributions from local unions and district council members through direct contributions or voluntary designation of part of the union dues checkoff allocated directly to the PAC (see authorization form attached). Union dues do not vary based on whether an individual authorizes part of the dues to be directed to the PAC.

(a) There have been no solicitations in newspapers, newsletters, trade journals or magazines, none by telephone, other than answering a question if an individual called for information on the PAC, and there have been no direct mail solicitations.

(b) None other than as noted in the authorization form.

(c) None other than as noted in the authorization form.

5. State the number of solicitations per year made by North Central since its establishment. State the total amount of contributions received by North Central with respect to each solicitation.

ANSWER: Since the solicitation process through explanation of the PAC program has been on an informal basis, there are no records which would show when any presentation or discussion was held at a local union. It is not possible to segregate contributions received as identified to any presentation made at a local union and within the district council itself not all local unions participate in the PAC checkoff procedure.

6. State whether North Central has ever received contributions earmarked or designated by the contributor for the Springfield Region Laborers' Political League ("Springfield"). If so, state the names of the contributors making earmarked contributions, the date(s) and amount(s) of their contributions and the date(s) on which North Central transferred these contributions to Springfield.

ANSWER: None other than as revealed through the authorization form. Attached are photocopies of all checks showing contributions transferred from PAC to Springfield Regional Laborers' Political League.

7. Identify the account(s) into which North Central deposited contributions.

(a) If contributions were deposited into more than one account, state the criteria used to determine into which account the contributions would be deposited.

(b) State whether North Central deposited funds other than contributions into any of these accounts. If so, identify the source of all such funds and the accounts into which they were deposited.

ANSWER: Community Bank of Greater Peoria, Account No. 1010441-8 19 and Account No. 15060-5.

(a) One account is a checking account and one account is a savings account and deposits were made based on needs of the Fund to make contributions through its checking account and excess funds were retained in savings.

(b) Yes. Refund of expense advanced to Gregory A. Hasty totalling $396.28 on July 11, 1988, and refund from Springfield Region LPL in the amount of $18,896.65 dated 11/3/88.

8. State whether North Central has ever operated as a collecting agent for Springfield.

ANSWER: Only as stated in Bylaws and authorization form.

9. State whether North Central transferred funds to Springfield.

(a) State the total dollar amount of all funds transferred to Springfield by North Central during each year of its existence.

(b) State the date and dollar amount of each such transfer. Identify the account(s) from which such transfers were made.

ANSWER: Yes. See documents attached in response to previous answer.

(a) See documents previously attached.

(b) See documents previously attached.

10. If North Central did transfer funds to Springfield, describe the events which led to North Central's decision to do so.

(a) State whether Springfield solicited these funds. If so, identify the individual(s) making the solicitation.

(b) Identify the individual(s) at North Central who authorized the transfer of these funds.

(c) State whether any of the transfers to Springfield were made with labor union treasury funds.

ANSWER: The Political Action Committee's administrative committee voted on October 29, 1980 to send a contribution to "Laborers' Political League". The amendment to bylaws previously attached also shows a commitment to transfer funds. No funds have been transferred from North Central to Springfield since 1988.

(a) Yes. Wilbur Freitag and John Evans.

(b) The administrative committee.

(c) No.

11. State whether Springfield refunded any or all of the funds received from North Central. If so, state the date on which Springfield refunded any or all of these funds and the amount of the refund.

ANSWER: Yes. See Answer to 8(b).

RESPONSE TO REQUEST FOR PRODUCTION OF DOCUMENTS

1 - 4. All documents called for in this Request for Production of Documents have been attached to the Answers to Interrogatories. The sole document which may be pertinent apparently falls outside the time period sought in the Answers to Interrogatories, which were restricted to 1982 to 1988. We are voluntarily producing a letter dated October 11, 1979, which is properly classified as a solicitation for contributions. There was no segregation of records or receipts which would enable the PAC to determine the amount, if any, of contributions it received as a result of this solicitation in 1979.

October 11, 1979

Dear Sirs and Brothers:

The District Council desperately needs your help. In the last two years we have seen increasing attacks on the welfare of the working men and women of Illinois by industry and government. We are all aware of the increasing taxes we pay to the state and federal governments, but we must also be aware of the attempts to pass new and stricter laws that would curtail many of our present benefits.

In Illinois there have been several attempts by powerful business and government leaders to reduce workmen's compensation benefits and tighten requirements for unemployment compensation. These are two items which alone affect many of our members every year.

To make our voice heard in the State House when these issues come before the legislature, the District Council has established a Political Action Committee to assist and support legislators who support labor and to assist new candidates attempting to defeat those persons who continually oppose our goals.

All the full time officers of the Local Unions are requested to donate $2.00 per week. All the part time officers of the Local Unions are requested to donate $1.00 per week, to the fund. We urge your membership to support the Political Action Committee by donating directly to the fund an amount of $1.00 or more each year. If every laborer in the District Council donates as little as $5.00 a year, we will have an effective fund to protect our interests locally and in Springfield and this small investment now on your part will pay great dividends should you need the benefits provided by workmen's compensation or unemployment benefits. In addition, the Political Action Committee will strive to improve employment for everyone by supporting those projects in Illinois that put our members to work.

Please make your check or money order payable to the Political Action Committee. Support now will help protect for the future the many benefits we now have, and advance the cause of working men and women.

Very truly yours,

ADMINISTRATIVE COMMITTEE OF THE
POLITICAL ACTION COMMITTEE FUND

Re: MUR No. 3029 Springfield Region Laborers Political League

Dear Ms. Weissenborn:

Orrin Baird has left this law firm and I am now handling this matter. Please enter my name in place of Mr. Baird's as counsel for the Springfield Region Laborers Political League.

The Springfield Region Laborers Political League was established by the Springfield, Illinois Regional Office of the Laborers' International Union of North America, AFL-CIO. The Springfield Region Laborers Political League is a federally registered political action committee and is an affiliated committee with the Laborers Political League, which is also registered with the FEC. The Springfield Region Laborers Political League was established by an International Vice President and Regional Manager of Laborers' International Union of North America for laborers in the Springfield Region. The Laborers Political League was established by the international union and is under the direction of the general officers of the international for laborers throughout the United States. With one exception, there have been no transfers of funds between the Springfield Region Laborers Political League and the Laborers Political League.

I hope that this information assists you regarding this matter.

RE: North Central Illinois Laborers' District Council PAC
Our File No: 1855L

Dear Ms. Weissenborn:

In response to the questions you asked concerning the meaning of the North Central Illinois Laborers' District Council Political Action Committee Bylaws and Authorization Card, I have obtained the following information.

The reference to the Laborers' International Union of North America Laborers' Political League is a direct reference to the Springfield Regional Office Political Action Committee, which is formally known as the Laborers' Political League. It is not a reference to any other Laborers' Union Political Action Committee, whether National or Regional in scope, and to my knowledge no others share the same name.

So far as the Authorization Card is concerned, it clearly relates that voluntary contributions may be used for any purpose set forth in the Bylaws. At the same time that the Political Action Committee representatives made presentations to local union members and representatives regarding the PAC, they always conveyed the information that it was the intent to pass along up to 50% of the money to the Springfield Regional PAC. At the same time, there is no way to know that each and every person who signed such voluntary Authorization received the information. The information was widely disseminated and was clearly spelled out at each presentation that was made, but there may have been people who signed the Authorizations who never attended such a meeting.

I hope that this answers the questions you raised, but if you need any additional information, please feel free to contact me.

Very truly yours,

David W. Stuckel

RE: North Central Illinois Laborers' District Council PAC
Our File No: 1855L

Dear Ms. Weissenborn:

This letter supplements our telephone conversation of October 5, 1990, in reference to the captioned matter.

As you and I discussed in the telephone conversation, the North Central Illinois Laborers' District Council Political Action Committee was advised, to the best of my knowledge, through an international union representative that it had violated the Federal Election Commission rules and that is the reason for the initial admission of wrong doing.

As you pointed out, the result of your investigation shows that there is probably not a Section 441(b) violation, but there is a record keeping and registration problem. I fully agree with your analysis.

All contributions to the NCILDC PAC are voluntary contributions which are kept separate and distinct from union treasury funds and there is no co-mingling. I am not aware of the exact basis as to why someone may have determined this constituted a 441(b) violation.

As to the method of solicitation, I am including an Affidavit from Gregory Hasty, who is the Business Manager for the North Central Illinois Laborers' District Council and who is also a member of the Administrative Committee of the PAC. I believe this Affidavit clearly covers the points you raised concerning the method of solicitation and the voluntary status of contributions to the fund.

If I can supply you with any additional information, please do not hesitate to contact me.

Very truly yours,

David W. Stuckel

AFFIDAVIT

THE UNDERSIGNED, Gregory A. Hasty, upon first being duly sworn, upon his oath says and deposes as follows;

1. I am the individual designated by the North Central Illinois Laborers' District Council Political Action Committee to make all presentations to members of individual local unions regarding the purposes, aims and goals of the North Central Illinois Laborers' District Council Political Action Committee (hereinafter "PAC").

2. Since the inception of the Fund, I have made presentations to 18 of the 19 local unions which comprise the North Central Illinois Laborers' District Council, and I am the only individual who has been authorized by the PAC to make such presentations.

3. There is no written script which has been used in these presentations.

4. In each presentation that I have given, I have stressed and attempted to make clear to all persons that participation in the PAC is strictly voluntary. In most of the meetings that I can recall, there has been a direct question by one or more persons asking what would happen if he/she failed to execute an authorization form allowing a checkoff for political purposes. I

have explained very carefully and clearly that there are no consequences to any member, that this action is purely voluntary, and that no one will suffer any consequences as a result of a decision not to participate.

5. As Business Manager of the North Central Illinois Laborers' District Council, I have instructed each and every local union that it is improper and illegal to apply any pressure or threaten action against any individual member who determines that he/she does not wish to participate in the voluntary PAC checkoff.

6. Since the PAC began I have been aware that there are federal statutory and National Labor Relations Board restrictions on the solicitation of PAC funds, and I have, in each presentation, made sure that the entire procedure is described as voluntary and that the decision not to participate will not result in any type of discrimination against a member who makes such a decision.

FURTHER AFFIANT SAYETH NOT.

Dear Ms. Weissenborn:

When we talked previously, you inquired as to the number of people who are contributing to the North Central Illinois Laborers' District Council Political Action Committee and the total number of members of the Council.

As of June, 1990, there were 5,845 members of the District Council and approximately 2,020 of those people were contributing to the PAC. Of these, all were on the voluntary authorizations that we have previously discussed and of which we have sent samples to you.

GENERAL COUNSEL'S REPORT

I. BACKGROUND

On January 30, 1990, the Commission found reason to believe that the North Central Laborers' District Council Political Action Committee ("North Central") had violated 2 U.S.C. §§ 433, 434 and 441b and 11 C.F.R. § 102.6 by transferring funds to the Springfield Region Laborers' Political League ("Springfield") that were not permissible under the Federal Election Campaign Act, and by failing to register and report as a political committee. The Commission also found reason to believe that Springfield and John M. Evans, as treasurer, had violated 2 U.S.C. § 441b and 11 C.F.R. § 102.6 by accepting prohibited funds from North Central. North Central and Springfield have responded to requests for answers to interrogatories and for documents, and have provided other information in response to follow-up questions. North Central has requested pre-probable cause conciliation.

North Central is not registered with the Commission. Springfield is a registered committee which is affiliated with the Laborers' International Union of North America. Between June, 1982, and May, 1988, North Central forwarded $18,896.65 to Springfield. On October 31, 1988, Springfield refunded this entire amount to North Central because, as Springfield stated at

2140517

the time of the refund, it had determined that not all of the funds received from North Central were "qualified voluntary funds."

II. **ANALYSIS**

A. Statutory and Regulatory Provisions

2 U.S.C. § 441b prohibits labor organizations from making contributions from treasury funds in connection with federal elections. They may, however, establish separate segregated funds for which contributions may be solicited from members and executive and administrative personnel and their families, and they may make twice yearly solicitations of non-member employees and executive and administrative personnel and stockholders of the company whose employees are represented by the labor organization. 2 U.S.C. § 441b(b)(2) and (4). The separate segregated fund may then use these contributions to make contributions to federal political committees. See also 11 C.F.R. §§ 114.5(g)(2) and 114.6(b).

All separate segregated funds established, financed, maintained or controlled by a labor organization and any of its subsidiaries, branches, divisions, departments, or local units are to be treated as a single separate segregated fund for purposes of the limitations at 2 U.S.C. § 441a. 2 U.S.C. § 441a(a)(5) and 11 C.F.R. § 100.5(g). Transfers of funds may be made without limit on amount between such affiliated committees, but must involve only permissible funds. 11 C.F.R. § 102.6(a).

The funds used by the separate segregated fund must have been voluntarily contributed by union members and must not include

2140263018

money "secured . . . by dues, fees, or other moneys required as a condition of membership in a labor organization . . . ." 2 U.S.C. § 441b(b)(3)(A) and 11 C.F.R. § 114.5(a)(1). In Advisory Opinion 1980-133 the Commission cited these provisions in determining that a labor organization could not offer its members the option of having a portion of their monthly dues transferred to a separate segregated fund without increasing the total amount paid by such members as required dues. The Commission stated,

> [I]t appears that members who authorize $1.00 of their dues payment to be transferred to a political action committee would not be making a voluntary contribution of their own funds since the amount of their dues is fixed and payable to [the union] in any event. In effect, the funds which a member may authorize to be transferred would actually be part of a member's dues payment and would result in a transfer from the general treasury funds of the local labor organization.

See also Advisory Opinion 1980-27.

B. Permissibility of North Central's Check-off Receipts

The Commission's determinations that there was reason to believe that both North Central and Springfield had violated 2 U.S.C. § 441b and 11 C.F.R. § 102.6 were based upon the unexplained statements by counsel for Springfield, in response to inquiries by the Reports Analysis Division, that some of the contributions received from North Central had not been "qualified voluntary funds," and that, because the "non-qualified" funds had been combined with permissible funds, the entire amount had been refunded to North Central. With the goal of determining what was meant by "non-qualified," interrogatories were posed, and requests for documents made, to both committees with regard to North

2140352019

Central's solicitations of contributions, the nature of the accounts into which such contributions were placed, and the relationship of North Central and Springfield.

The committees' responses to these interrogatories, to follow-up questions, and to the document requests indicate that the funds at issue were raised by North Central by means of both direct contributions and a check-off procedure, and that at least $6,118 of the $18,896.65 came from named individual contributors. However, the discussions of the check-off procedure used by North Central have raised additional questions which are addressed in this report.

Counsel for North Central, in his answers to interrogatories, has stated,

> At various times since the PAC was formed [in 1979], the administrative committee members or officers and/or district council representatives have appeared at meetings of local unions affiliated with the North Central Illinois Laborers' District Council to explain the PAC program. Funds are raised by voluntary contributions from local unions and district council members through direct contributions or voluntary designation of part of the union dues checkoff allocated directly to the PAC . . . . Union dues do not vary based on whether an individual authorizes part of the dues to be directed to the PAC . . . . (Emphasis added.) (See Attachment 1, pages 1-2).

The North Central check-off authorization form stated,

> I hereby authorize and direct the union to contribute the sum of one cent ($.01) for each hour I work (to be deducted from the uniform working dues withheld by my employer) to the North Central Illinois Laborers' District Council Political Action Committee (NCILDCPAC). Any sum so contributed shall be considered a personal donation by me for political purposes and may be used in the manner provided by the NCILDCPAC by-laws. (Emphasis added.) (See Attachment 2).

As stated above, 2 U.S.C. § 441b(b)(3)(A) and 11 C.F.R. § 114.5(a) prohibit a separate segregated fund from using any monies obtained from membership dues. The Commission has determined that such use would result if a member of a labor organization, without an increase in the amount of dues paid, arranged to have a portion of his or her membership dues transferred to a separate segregated fund. Therefore, it appears that North Central has violated 2 U.S.C. § 441b(b)(3)(A) by using dues monies to make transfers to Springfield, and that Springfield has violated the same provision by then using the transfers from North Central to make contributions or expenditures in connection with federal elections.

According to North Central's counsel's responses to interrogatories, "not all local unions participate in the PAC checkoff procedure." (Attachment 1, page 2). The documents made available by respondents include copies of transferral checks sent by North Central to Springfield, cover letters which list by name the individuals and locals whose contributions are included in such checks, and receipts made out to either individual contributors or to North Central. (See Attachments 3 and 4 for examples of cover letters and receipts.) Springfield has also provided its ledger of receipts for the period between 1982 and 1989. It cannot, however, be ascertained from these documents how much of the $18,896.65 here at issue was raised by North Central

by means of the check-off procedure.[1]

North Central's apparent use of dues monies to make payments to Springfield was not addressed in the Commission's initial factual and legal analyses as a basis for the findings of reason to believe that 2 U.S.C. § 441b had been violated. Additional investigation is needed to clarify how much of the $18,896.65 was composed of monies derived from the check-off procedure. Therefore, the Office of the General Counsel recommends that the Commission find reason to believe that North Central and Springfield violated 2 U.S.C. § 441b(b)(3)(A), approve the attached supplemental Factual and Legal Analyses, and decline to enter into pre-probable cause conciliation with North Central at this time.

IV. RECOMMENDATIONS

1. Find reason to believe that the North Central Illinois Laborers' District Council Political Action Committee violated 2 U.S.C. § 441b(b)(3)(A).

2. Find reason to believe that Springfield Region Laborers' Political League and John M. Evans, as treasurer, violated 2 U.S.C. § 441b(b)(3)(A).

3. Decline at this time to enter into conciliation with the North Central Illinois Laborers' District Council Political Action Committee prior to a finding of probable cause to believe.

---

1. Counsel recently stated, "As of June, 1990, there were 5,845 members of the [North Central] District Council and approximately 2,020 of those people were contributing to the PAC. Of these all were on the voluntary authorizations that we have previously discussed and of which we have sent samples to you." Thus North Central's procedure of deducting PAC contributions from dues is apparently an ongoing undertaking.

4. Approve the attached supplemental factual and legal analyses.

RE: MUR 3029
Springfield Region Laborers' Political League
John M. Evans, as treasurer

Dear Mr. Fiesta:

On February 8, 1990, the Springfield Region Laborers' Political League ("the Committee") and John M. Evans, as treasurer, were informed that the Federal Election Commission had found reason to believe that the Committee had violated 2 U.S.C. § 441b. The Commission received from your firm answers to interrogatories and responses to requests for documents.

Based upon information supplied in response to inquiries posed to the North Central Illinois Laborers' District Council PAC, ("North Central"), the Commission on January 17, 1991, found that there is reason to believe the Committee has violated 2 U.S.C. § 441b(b)(3)(A) as a result of the particular check-off system which North Central has employed. The Supplemental Factual and Legal Analysis, which formed a basis for this finding, is enclosed for your information.

Under the Act, you have an opportunity to demonstrate that no action should be taken against your client. You may submit any factual or legal materials that you believe are relevant to the Commission's consideration of this matter. Please submit such materials to the General Counsel's Office along with answers to the enclosed questions and requests for documents within 15 days of your receipt of this letter. Where appropriate, statements should be submitted under oath.

Requests for extensions of time will not be routinely granted. Requests must be made in writing at least five days prior to the due date of the response and specific good cause must be demonstrated. In addition, the Office of the General Counsel ordinarily will not give extensions beyond 20 days.

FEDERAL ELECTION COMMISSION

SUPPLEMENTAL FACTUAL AND LEGAL ANALYSIS

RESPONDENTS: Springfield Region Laborers' Political League
John M. Evans, as treasurer

MUR: 3029

I. BACKGROUND

On January 30, 1990, the Commission found reason to believe that the Springfield Region Laborers' Political League ("Springfield") had violated 2 U.S.C. § 441b and 11 C.F.R. § 102.6 by receiving funds from the North Central Laborers' District Council Political Action Committee ("North Central") that were not permissible under the Federal Election Campaign Act.

Between June, 1982, and May, 1988, North Central forwarded $18,896.65 to Springfield. On October 31, 1988, Springfield refunded this entire amount to North Central because, as Springfield stated at the time of the refund, it had determined that not all of the funds received from North Central were "qualified voluntary funds."

II. ANALYSIS

A. Statutory and Regulatory Provisions

2 U.S.C. § 441b prohibits labor organizations from making contributions from treasury funds in connection with federal elections. They may, however, establish separate segregated funds for which contributions may be solicited from members and executive and administrative personnel and their families, and they may make twice yearly solicitations of non-member employees and executive and administrative personnel and stockholders of the

2140365029

company whose employees are represented by the labor organization. 2 U.S.C. § 441b(b)(2) and (4). The separate segregated fund may then use these contributions to make contributions to federal political committees. See also 11 C.F.R. §§ 114.5(g)(2) and 114.6(b).

All separate segregated funds established, financed, maintained or controlled by a labor organization and any of its subsidiaries, branches, divisions, departments, or local units are to be treated as a single separate segregated fund for purposes of the limitations at 2 U.S.C. § 441a. 2 U.S.C. § 441a(a)(5) and 11 C.F.R. § 100.5(g). Transfers of funds may be made without limit on amount between such affiliated committees, but must involve only permissible funds. 11 C.F.R. § 102.6(a).

The funds used by the separate segregated fund must have been voluntarily contributed by union members and must not include money "secured . . . by dues, fees, or other moneys required as a condition of membership in a labor organization . . . ." 2 U.S.C. § 441b(b)(3)(A) and 11 C.F.R. § 114.5(a)(1). In Advisory Opinion 1980-133 the Commission cited these provisions in determining that a labor organization could not offer its members the option of having a portion of their monthly dues transferred to a separate segregated fund without increasing the total amount paid by such members as required dues. The Commission stated,

> [I]t appears that members who authorize $1.00 of their dues payment to be transferred to a political action committee would not be making a voluntary contribution of their own funds since the amount of their dues is fixed and payable to [the union] in any event. In effect, the funds which a member may authorize to be transferred would actually be part of a member's dues

2140360350

payment and would result in a transfer from the general treasury funds of the local labor organization.

See also Advisory Opinion 1980-27.

B. Permissibility of North Central's Check-off Receipts

Information obtained during the course of the Commission's investigation indicate that the funds at issue were raised by means of both direct contributions and a check-off procedure, and that at least $6,118 of the $18,896.65 came from named individual contributors. However, the discussions of the check-off procedure used by North Central have raised additional questions.

Counsel for North Central has stated,

> At various times since the PAC was formed [in 1979], the administrative committee members or officers and/or district council representatives have appeared at meetings of local unions affiliated with the North Central Illinois Laborers' District Council to explain the PAC program. Funds are raised by voluntary contributions from local unions and district council members through direct contributions or voluntary designation of part of the union dues checkoff allocated directly to the PAC . . . . Union dues do not vary based on whether an individual authorizes part of the dues to be directed to the PAC . . . . (Emphasis added.)

The North Central check-off authorization form stated,

> I hereby authorize and direct the union to contribute the sum of one cent ($.01) for each hour I work (to be deducted from the uniform working dues withheld by my employer) to the North Central Illinois Laborers' District Council Political Action Committee (NCILDCPAC). Any sum so contributed shall be considered a personal donation by me for political purposes and may be used in the manner provided by the NCILDCPAC by-laws. (Emphasis added.)

4036031

As stated above, 2 U.S.C. § 441b(b)(3)(A) and 11 C.F.R. § 114.5(a) prohibit a separate segregated fund from using any monies obtained from membership dues. The Commission has determined that such use would result if a member of a labor organization, without increasing the amount of dues paid, arranged to have a portion of his or her membership dues transferred to a separate segregated fund. Therefore, there is reason to believe that the Springfield Region Laborers' Political League has violated 2 U.S.C. § 441b(b)(3)(A) by using dues monies received from the North Central Laborers' Political Action Committee.

RE: MUR 3029
North Central Illinois
Laborers' District Council PAC

Dear Mr. Stuckel:

On February 8, 1990, the North Central Illinois Laborers' District Council PAC ("the Committee") was informed that the Federal Election Commission had found reason to believe that the Committee had violated 2 U.S.C. §§ 433, 434 and 441b. The Commission has received from you answers to interrogatories and responses to requests for documents, and also a request on behalf of your client to enter into pre-probable cause conciliation.

Based upon information supplied in response to inquiries, the Commission on January 17, 1991, found that there is reason to believe the Committee has violated 2 U.S.C. § 441b(b)(3)(A) as a result of the particular check-off system which it has employed. The Supplemental Factual and Legal Analysis, which formed a basis for this finding, is attached for your information. The Commission also declined at this time to enter into conciliation prior to a finding of probable cause to believe. Once the additional information being sought is received, your request for pre-probable cause conciliation will again be considered.

Under the Act, you have an opportunity to demonstrate that no action should be taken against your client. You may submit any factual or legal materials that you believe are relevant to the Commission's consideration of this matter. Please submit such materials to the General Counsel's Office along with answers to the enclosed questions within 15 days of your receipt of this letter. Where appropriate, statements should be submitted under oath.

FEDERAL ELECTION COMMISSION

SUPPLEMENTAL FACTUAL AND LEGAL ANALYSIS

RESPONDENT: North Central Illinois Laborers' District Council Political Action Committee

MUR: 3029

I. BACKGROUND

On January 30, 1990, the Commission found reason to believe that the North Central Laborers' District Council Political Action Committee ("North Central") had violated 2 U.S.C. §§ 433, 434 and 441b and 11 C.F.R. § 102.6 by transferring funds to the Springfield Region Laborers' Political League ("Springfield") that were not permissible under the Federal Election Campaign Act, and by failing to register and report as a political committee.

Between June, 1982, and May, 1988, North Central forwarded $18,896.65 to Springfield. On October 31, 1988, Springfield refunded this entire amount to North Central because, as Springfield stated at the time of the refund, it had determined that not all of the funds received from North Central were "qualified voluntary funds."

II. ANALYSIS

A. Statutory and Regulatory Provisions

2 U.S.C. § 441b prohibits labor organizations from making contributions from treasury funds in connection with federal elections. They may, however, establish separate segregated funds for which contributions may be solicited from members and executive and administrative personnel and their families, and they may make twice yearly solicitations of non-member employees

and executive and administrative personnel and stockholders of the company whose employees are represented by the labor organization. 2 U.S.C. § 441b(b)(2) and (4). The separate segregated fund may then use these contributions to make contributions to federal political committees. See also 11 C.F.R. §§ 114.5(g)(2) and 114.6(b).

All separate segregated funds established, financed, maintained or controlled by a labor organization and any of its subsidiaries, branches, divisions, departments, or local units are to be treated as a single separate segregated fund for purposes of the limitations at 2 U.S.C. § 441a. 2 U.S.C. § 441a(a)(5) and 11 C.F.R. § 100.5(g). Transfers of funds may be made without limit on amount between such affiliated committees, but must involve only permissible funds. 11 C.F.R. § 102.6(a).

The funds used by the separate segregated fund must have been voluntarily contributed by union members and must not include money "secured . . . by dues, fees, or other moneys required as a condition of membership in a labor organization . . . ." 2 U.S.C. § 441b(b)(3)(A) and 11 C.F.R. § 114.5(a)(1). In Advisory Opinion 1980-133 the Commission cited these provisions in determining that a labor organization could not offer its members the option of having a portion of their monthly dues transferred to a separate segregated fund without increasing the total amount paid by such members as required dues. The Commission stated,

> [I]t appears that members who authorize $1.00 of their dues payment to be transferred to a political action committee would not be making a voluntary contribution of their own funds since the amount of their dues is fixed and payable to

> [the union] in any event. In effect, the funds which a member may authorize to be transferred would actually be part of a member's dues payment and would result in a transfer from the general treasury funds of the local labor organization.

See also Advisory Opinion 1980-27.

B. Permissibility of North Central's Check-off Receipts

Respondent's answers to the Commission's interrogatories, to follow-up questions, and to document requests indicate that the funds at issue were raised by means of both direct contributions and a check-off procedure, and that at least $6,118 of the $18,896.65 came from named individual contributors. However, the discussions of the check-off procedure used by North Central have raised additional questions.

Counsel for North Central, in his answers to interrogatories, has stated,

> At various times since the PAC was formed [in 1979], the administrative committee members or officers and/or district council representatives have appeared at meetings of local unions affiliated with the North Central Illinois Laborers' District Council to explain the PAC program. Funds are raised by voluntary contributions from local unions and district council members through direct contributions or voluntary designation of part of the union dues checkoff allocated directly to the PAC . . . . Union dues do not vary based on whether an individual authorizes part of the dues to be directed to the PAC . . . . (Emphasis added.)

The North Central check-off authorization form stated,

> I hereby authorize and direct the union to contribute the sum of one cent ($.01) for each hour I work (to be deducted from the uniform working dues withheld by my employer) to the North Central Illinois Laborers' District Council Political Action Committee (NCILDCPAC). Any sum

2140363041

> so contributed shall be considered a personal donation by me for political purposes and may be used in the manner provided by the NCILDCPAC by-laws. (Emphasis added.)

As stated above, 2 U.S.C. § 441b(b)(3)(A) and 11 C.F.R. § 114.5(a) prohibit a separate segregated fund from using any monies obtained from membership dues. The Commission has determined that such use would result if a member of a labor organization, without increasing the amount of dues paid, arranged to have a portion of his or her membership dues transferred to a separate segregated fund. Therefore, there is reason to believe the North Central Laborers' District Council Political Action Committee has violated 2 U.S.C. § 441b(b)(3)(A) by using dues monies to make transfers to the Springfield Region Laborers' Political League.

RE: North Central Illinois Laborers' District Council PAC
Our File No: 1855L

Dear Ms. Weissenborn:

This answer is in response to the letter dated January 28, 1991, from John Warren McGarry. Although the letter was not clear, I presume my response should be directed to you or you will relay it to the appropriate persons.

Attached to this letter are answers to the nine Interrogatories that were included with the January 28 communication. Also included are the documents referred to in those Answers and two documents that are in response to paragraph 2 of the Request for Production.

I realize this response has taken slightly longer than anticipated in the letter to us, but as you can see there were substantial documents to gather and reproduce in support of the Answers and Response.

Very truly yours,

ANSWERS TO INTERROGATORIES

1. Please confirm that the language quoted from the North Central check-off authorization form in the Supplemental Factual and Legal Analysis is the language which was in fact used between 1982 and 1988.

ANSWER: The language quoted from the check-off authorization form is the language which was used when it became effective in the fall of 1985 through 1988. Prior to 1985 no contributions were received via check-off authorization.

2. Is the language discussed at #1 presently being used by North Central on its check-off authorization forms?

ANSWER: Yes.

3. Did North Central allocate a portion of union dues check-offs to the North Central PAC between 1982 and 1988?

ANSWER: No. Only an authorization from a member can result in any allocation under the terms of the check-off language.

4. Does North Central at present allocate a portion of union dues check-offs to the North Central PAC?

ANSWER: No. Only an authorization from a member can result in any allocation under the terms of the check-off language.

5. Was North Central instructed or encouraged to employ a union dues allocation procedure by another political action committee or union organization, i.e., by the Springfield Region Laborers Political League ("Springfield"), or the Laborers' International Union of North America? ANSWERS TO INTERROGATORIES

1. Please confirm that the language quoted from the North Central check-off authorization form in the Supplemental Factual and Legal Analysis is the language which was in fact used between 1982 and 1988.

ANSWER: The language quoted from the check-off authorization form is the language which was used when it became effective in the fall of 1985 through 1988. Prior to 1985 no contributions were received via check-off authorization.

2. Is the language discussed at #1 presently being used by North Central on its check-off authorization forms?

ANSWER: Yes.

3. Did North Central allocate a portion of union dues check-offs to the North Central PAC between 1982 and 1988?

ANSWER: No. Only an authorization from a member can result in any allocation under the terms of the check-off language.

4. Does North Central at present allocate a portion of union dues check-offs to the North Central PAC?

ANSWER: No. Only an authorization from a member can result in any allocation under the terms of the check-off language.

5. Was North Central instructed or encouraged to employ a union dues allocation procedure by another political action committee or union organization, i.e., by the Springfield Region Laborers Political League ("Springfield"), or the Laborers' International Union of North America? If yes, please identify the entity which issued such instructions or encouragement.

2140360352

ANSWER: North Central was not directed to use a particular procedure to collect PAC money, but its check-off procedure was known to the Springfield Region Laborers' Political League. The Springfield Region did request contributions from North Central at a time when it was aware of the method used by North Central to collect PAC monies.

6. Were all contributions identified in North Central's 1982-1988 transfer letters to Springfield as being from identified individuals collected by means of the allocation of a portion of union dues? If no, please state which contributions were not so collected?

ANSWER: No. From 1982 through the fall of 1985 all contributions to Springfield were from voluntary contributions directly to the PAC, but none were from check-off authorizations. Attached are documents which show the receipt of funds from individuals through voluntary contributions, not check-off authorization, from 1982 through 1988. After the fall of 1985, the difference between the amount shown on these documents as voluntary contributions and the amount sent to Springfield would have been from check-off authorizations.

7. Were all contributions identified in North Central's 1982-1988 transfer letters to Springfield as being from local union organizations collected by means other than the allocation of a portion of union dues? If no, please state which of such contributions were collected by means of the allocation procedure and explain why the individual contributors are not identified. If yes, please describe the means used to collect these contributions.

ANSWER: See answer to Interrogatory 6.

8. Do other district councils of the Laborers' union in Illinois employ a check-off procedure like that used by North Central? If yes, please identify those councils or other entities.

ANSWER: This is unknown since district councils operate independent of one another and North Central has no information as to how other district councils in the State raise PAC funds.

9. In addition to assertedly stressing the voluntariness of the contributions he was soliciting at meetings of local union organizations, did Gregory A. Hasty specifically inform the members that a portion of their contributions would be used for federal elections? Please provide an affidavit from Mr. Hast in response to this question.

ANSWER: See Affidavit of Gregory Hasty attached.

RECEIVED
MAR 5 1987
NORTH CENTRAL ILL. LABORERS' DISTRICT COUNCIL

TO ALL U.S. REGIONAL MANAGERS,
INTERNATIONAL REPRESENTATIVES,
DISTRICT COUNCILS AND LOCAL
UNIONS IN THE UNITED STATES

Dear Sirs and Brothers:

The Laborers' International Union has long recognized the need for a vigorous program of political action. With the establishment of the Laborers' Political League (LPL) over 20 years ago, we put in place the mechanism to contribute to candidates for the House of Representatives and the Senate. LPL has been instrumental in aiding the election of lawmakers whose actions advance the legislative goals of this International: to provide expanding work opportunities for its members, to create a safe and healthy work place, to preserve labor standards and to remove from the books those laws that oppress the union worker and his family.

LPL combined with our legislative efforts has achieved many of these goals. It is time now to reinforce our commitment to LPL by increasing its resources. As called for in the Political Action Resolution of the recently-concluded 19th Convention, this means expanding the use of the voluntary payroll checkoff.

It is our goal that National LPL be a vigorous and integral part of this International's political goals. Strengthening the National LPL Program strengthens our ability to offset the distribution of our membership with the distribution of our political interests. The vote of a labor-oriented Senator from a state where our membership is small is equal to that of a Senator from a state where our membership is larger. Strengthening the National LPL Program enables decision making on resource distribution to be made from a national perspective.

In addition, a proliferation of political action groups throughout the International Union creates the possibility of violation

of Federal Election Committee reporting requirements as well as the possibility of exceeding Federal contribution limits. The International Union's Laborers' Political League Program serves as the umbrella for any and all Federal contributions made by any subdivision of the International. Thus the International Union could be liable for any reporting violations or violations in excess of the law's limits. It is also noteworthy in this regard that candidates we support may be found in violation, absent uniform reporting.

Therefore, in order to implement the convention resolution, you will find attached sample contract language, checkoff authorization language and memoranda explaining certain obligations of employers to bargain over these issues. Many District Councils and local unions provide political support for state and local candidates and you will find attached an explanation of joint political check-off and separate fund accounts for political contributions.

Until such time as a political checkoff can be negotiated, the LPL receipt books will be available for the collection of funds.

Laborers' Political League will continue to give due regard to your comments and recommendations on candidates for the U. S. Senate and House of Representatives.

In closing, I wish to restate that the Laborers' Political League checkoff of 1 cent or 2 cents an hour or more will be the most effective means of assisting candidates who will be voting on the laws that affect the welfare of this International Union's members and their families.

With kind personal regards, I am

Sincerely and fraternally,

ANGELO FOSCO
General President

JOINT POLITICAL CHECKOFF
AND
SEPARATE FUND ACCOUNT
FOR POLITICAL CONTRIBUTIONS

Some Local Unions have indicated a desire to establish a political checkoff under which the money raised would be split between Laborers' Political League and the Laborers' Local Union. Such a checkoff would be legal provided the following requirements are met: (1) only Laborers' members are asked to authorize the checkoff, (2) an authorization form making the required written disclosures is used and (3) the Union reimburses the employers for their cost in administering the checkoff. This last requirement may be met by using general treasury funds and may be done on the basis of the employer's estimated actual costs. I have drafted a suggested authorization form, which is attached.

In order to avoid any legal or tax problems, I recommend that the funds checked-off by the employers be sent to a non-interest bearing clearing account where the monies for LPL and for our local people can be separated according to the agreed-upon formula. Incidentally, the union could also use this clearing account to handle other employer deductions and payments such as trust fund contributions and dues checkoff proceeds. However, in order for LPL to be able legally to accept its share of the funds, LPL must receive the money within 30 days of receipt by the union of the money from the employer. Accurate financial records of the clearing account must be kept and retained for a period of three years.

If a union uses treasury funds, including voluntary funds deposited in the union's general treasury, to make political contributions, the Union may be subject to federal taxation at a rate of 46% on the amount of the political contributions. However, a union may avoid paying this tax by making no political contributions directly from its general treasury fund. It may, however, still make political contributions to state and local candidates by establishing a separate segregated fund, sometimes called a political action committee or "PAC", for this purpose. If union political contributions are permissable under state law, the segregated fund may include dues money as well as voluntary contributions. In order to ensure that the union is not taxed, the segregated fund must meet these requirements:

1. The fund must be established by a vote of the membership.

2. The fund must have a stated purpose and that purpose must <u>only</u> be the making of political contributions. The funds deposited in this account may not be used for any other purposes.

3. The fund must have its own bank account and its own set of financial books. It must keep records of all receipts and expenditures. The monies of the fund must never be comingled with monies of the local union or with the personal monies of the union's officers.

4. Money may not be transferred from the union's general fund to the segregated fund except as noted below. The fund may derive income from voluntary contributions, fundraisers, and to the extent permissible under state law, from an apportionment of dues money. Under no circumstances can income earned by the union from its investments (interest, rental income, etc.) be used for the fund.

5. Money which is not directly received by the fund, such as dues money, may be transferred through the union's general treasury to the fund only under the following conditions:

   a. The money is deposited in the segregated fund's account within thirty days after receipt by the union from the member or from the employer in the case of dues checkoff.

   b. The money must not be deposited in an interest bearing account of the union and must not be used by the union for any purpose other than the fund.

   c. The financial records of the union must clearly reflect which money belongs to the union's general treasury and which money belongs to the segregated fund.

The simplest and safest way to avoid taxation is to establish a separate segregated fund to make political contributions as described above. The union should also establish a non-interest bearing account that can be used to receive the political checkoff money from the employer and to divide it between the separate segregated fund and LPL. The separate segregated fund could then be supplemented with dues money if this is permitted under state law. This dues checkoff money used for political contributions should also be transferred from the employer through the clearing account to the separate segregated fund, thus avoiding taxation of that money.

The separated segregated fund would also be subject to federal income tax under the same provision of the Internal Revenue Code. However, the separated segregated fund will have to pay taxes only on the amount of its investment income (e.g., earned interest rental income, etc.) which exceeds $100 in any tax year. This is not likely to amount to that much. In fact, if the separate segregated fund's investment income is less than $100 in any tax year, it will not have to pay taxes at all.

JOINT PAYROLL CHECKOFF

I hereby authorize and direct the _____ ("employer") to deduct from my paycheck _____ ($ amount) every _____ (week, two weeks, month, etc.) and to remit such amount to the Laborers' Political League ("LPL") and _____ (local political action committee) at such times and in such manner as may be agreed upon by the employer and _____ ("Union"). I understand that of the monies deducted from my paycheck _____ (%) will go to the LPL and _____ (%) will go to _____ (local political action committee).

This authorization is voluntarily made. I understand that the signing of this authorization and the making of payments to LPL are not conditions of membership in the Union or of employment with any employer, that I have a right to refuse to sign this authorization and to contribute to LPL without reprisal and that LPL will use the money it receives to make political expenditures and contributions in connection with federal, state and local elections. I also understand that this amount of money is merely a suggested guideline, that I am free to contribute more or less

than this amount by any lawful means other than this checkoff and that the Union cannot favor or disadvantage me because of the amount of my contribution or my decision not to contribute.

This authorization shall remain in effect until revoked by me in writing.

NORTH CENTRAL ILL. LABORERS'

TO ALL REGIONAL MANAGERS AND
DISTRICT COUNCILS IN THE U.S.A.

Dear Sirs and Brothers:

The political arena presents a continuing challenge to our ability to serve the members of our union well. Our success in this arena is directly related to our ability to help elect our friends. Although we are able to offer a candidate much in terms of voluntary manpower, there exists a crucial need for money. Campaign costs have escalated drastically (over $20 million was spent in the recent North Carolina Senate race) and our allies look increasingly to us for help.

We can provide this help by negotiating a voluntary check off for contributions to the Laborers' Political League (LPL).

A political check off is a proven success as demonstrated by the experience of several International Unions in the Building Trades who are able to raise over $500,000 per year. In our own International, check off is in effect in the New England Region where at 2¢ an hour the region is on its way to becoming the largest contributor to national LPL. In addition, several local unions have negotiated national LPL check-off agreements with great success. Local 145 in Mississippi and Local 16 in New Mexico have each made substantial contributions to national LPL.

In order to continue the success of the national LPL program, we are urging everyone to negotiate a national LPL check off in their agreements. I would hope we could achieve a uniform check off of 2¢ an hour. The continued success of LPL rests in our ability to achieve this goal. We are counting on you to provide the leadership to carry out the check-off program.

The results of implementing a voluntary political check off will be to increase the resources of national LPL, enhance our legislative activities and strengthen our union.

For your guidance, we are enclosing information on how to achieve a check off in agreements including sample language.

Finally, the membership of the House of Representatives and the Senate can be our greatest allies or our worst enemies;through national LPL we can determine which.

If you have any questions concerning this program, please call Jack Curran at Headquarters.

Fraternally yours,

ANGELO FOSCO,
General President

ARTHUR COIA,
General Secretary-Treasurer

P.S. Until such time as the check off becomes effective, we urge you to continue collecting voluntary contributions, using the receipt books supplied by National LPL. Success in the political arena can best be achieved by wholehearted cooperation and full participation in the national program.

MEMORANDUM

RE: LPL CHECKOFF

CHECKOFF

The law allows employers to institute a payroll deduction or checkoff for voluntary contributions to LPL. This item must be negotiated as part of an agreement between the Union and the employer and the Union must reimburse the employer for the cost of administering the checkoff. However, if the corporation employing your members or any subsidiary, branch division or affiliate of the corporation uses a payroll or stock dividend deduction plan for soliciting contributions for its political action committee from its executive or administrative personnel or from its stockholders, your union is automatically entitled to a checkoff for your union members.

Sample Checkoff Contract Provision

During the life of this Agreement, the employer agrees to deduct _____ from the pay of each employee as a
(amount)
voluntary contribution to Laborers' Political League provided that each such employee executes or has executed an appropriate voluntary checkoff authorization form. The employer further agrees to continue to deduct during the life of this Agreement voluntary contributions to Laborers' Political League from the pay of each employee for whom it has on file a voluntary checkoff authorization form which has not been revoked in writing.

In the matter of Springfield Region Laborers' Political League	MUR 3029

RESPONDENT'S ANSWERS TO THE FEC'S
INTERROGATORIES AND REQUEST FOR PRODUCTION OF DOCUMENTS

Interrogatories

1. Yes. During the period in question, 1982-1988, the Springfield Region held regional meetings at least annually during which time proper methods for soliciting and collecting political contributions for federal elections were discussed. At each meeting, participants were told that funds for use in federal elections had to be voluntary. While I cannot recall the specific dates of each meeting, representatives of the North Central Illinois Laborers' District Council ("North Central") were at most, if not all, regional meetings. Specifically, the Springfield Region Laborers' Political League ("Springfield") issued instructions to district councils and local labor organizations on June 14, 1988 in St. Louis, Missouri. Recipients of instructions were officers and employees of district councils and local unions in the Springfield Region. Specifically, North Central was represented at the meeting by Gregory A. Hasty. Exhibit 1 was distributed at the June 14, 1988 meeting regarding check-offs for federal elections.

2. No.

3. No.

4. Representatives from Springfield were informed by representatives from the North Central Illinois Laborers' District Council that North Central had been advised by its attorney that funds being sent to Springfield were lawful under applicable law. In September 1988, the FEC wrote to the treasurer of the North Central Illinois Laborers' District Council PAC regarding its failure to follow statement of organization and report contributions to the FEC. That letter was forwarded to Springfield and eventually to attorneys representing the Laborers' International Union in Washington, D.C. After consulting with the International Union's attorney Springfield made the decision to refund the money to North Central. This decision was made in October 1988.

PAYROLL CHECK-OFF AUTHORIZATION

I hereby authorize and direct each employer signatory to an agreement with the Laborers' International Union of North America or any of its affiliates for whom I work to deduct from my paycheck _____cents for each hour worked every pay period and to remit such amount to the Laborers' Political League ("LPL") at such times as other remittances are made to the union.

This authorization is voluntarily made. I understand that the signing of this authorization and the making of payments to LPL are not conditions of membership in the Union or of employment with any employer, that I have a right to refuse to sign this authorization and to contribute to LPL without reprisal and that LPL will use the money it receives to make political expenditures and contributions in connection with federal, state and local elections. I also understand that this amount of money is merely a suggested guideline, that I am free to contribute more or less than this amount by any lawful means other than this check-off and that the Union cannot favor or disadvantage me because of the amount of my contribution or my decision not to contribute.

This authorization shall remain in effect until revoked by me in writing.

GENERAL COUNSEL'S REPORT

I. **BACKGROUND**

On January 30, 1990, the Commission found reason to believe that the North Central Illinois Laborers' District Council Political Action Committee ("North Central") had violated 2 U.S.C. §§ 433, 434 and 441b and 11 C.F.R. § 102.6 by transferring contributions to the Springfield Region Laborers' Political League ("Springfield") which were not permissible under the Federal Election Campaign Act, and by failing to register and report as a political committee. The Commission also found reason to believe that Springfield had violated 2 U.S.C. § 441b and 11 C.F.R. § 102.6 by accepting prohibited funds from North Central. Both committees responded to these determinations, with North Central requesting pre-probable cause conciliation. As a result of information received from North Central which indicated that North Central had used dues monies in making certain of its transfers to Springfield, the Commission, on January 17, 1991, found reason to believe that North Central and Springfield had violated 2 U.S.C. § 441b(b)(3)(A). The Commission also declined North Central's request for conciliation pending receipt of additional information to be requested. On April 9, 1991, Springfield filed a request for pre-probable cause conciliation. Because sufficient information is

2140345006

now in hand, this report contains recommendations that the Commission enter into conciliation with both respondents.

II. ANALYSIS

A. Statutory and Regulatory Provisions

Pursuant to 2 U.S.C. § 431 a "political committee" is any committee, club, association or other group of persons which receives contributions in excess of $1,000 or makes expenditures in excess of $1,000 in a calendar year. All political committees must register with the Commission pursuant to 2 U.S.C. § 433 and must file periodic reports pursuant to 2 U.S.C. § 434.

2 U.S.C. § 441b prohibits labor organizations from making contributions from treasury funds in connection with federal elections. They may, however, establish separate segregated funds for which contributions may be solicited from members and executive and administrative personnel and their families, and they may make twice yearly solicitations of non-member employees and of executive and administrative personnel and stockholders. 2 U.S.C. § 441b(b)(3) and (4). The separate segregated fund may then use these contributions to make contributions to federal political committees. See also 11 C.F.R. §§ 114.5(g)(2) and 114.6(b). Pursuant to 11 C.F.R. § 114.1(e), a member of a labor organization is any person who is "currently satisfying the requirements for membership in a local, national or international labor organization. Members of a local union are considered to be members of any national or international union of which the local union is a part . . . . "

Funds received and used by a separate segregated fund must have been voluntarily contributed by the members of a labor organization

1 1 4 0 3 5 4 3 7

and must not include money "secured . . . by dues, fees, or other moneys required as a condition of membership . . . ." 2 U.S.C. § 441b(b)(3)(A) and 11 C.F.R. § 114.5(a)(1). In Advisory Opinion 1980-133 the Commission cited these provisions in determining that a labor organization may not offer its members the option of having a portion of their monthly dues transferred to a separate segregated fund without increasing the total amount paid by such members as required dues.

Solicitations of contributions to separate segregated funds must also meet all the requirements of 2 U.S.C. § 441b(b) and 11 C.F.R. § 114.5(a) as to content, including informing the potential contributor of the political purposes of the fund to which he or she is being asked to give, stating that any proposed amount is only a suggestion, and assuring the solicitee that he or she can refuse to contribute. 2 U.S.C. § 441b(b)(3).

All separate segregated funds established, financed, maintained or controlled by a labor organization and any of its subsidiaries, branches, divisions, departments, or local units are to be treated as a single separate segregated fund for purposes of the limitations at 2 U.S.C. § 441a. 2 U.S.C. § 441a(a)(5) and 11 C.F.R. § 100.5(g). Transfers of funds may be made without limit on amount between such affiliated committees, but must involve only permissible funds. 11 C.F.R. § 102.6(a). Transfers are to be counted against the thresholds for determining whether a committee has become a political committee under the Act. 11 C.F.R. § 102.6(a)(2).

Pursuant to 11 C.F.R. § 102.6(b)(1), "[a] collecting agent is an organization or committee which collects and transmits

2140353-433

contributions to one or more separate segregated funds to which the collecting agent is related. A collecting agent may be . . . a committee, whether or not a political committee . . ., affiliated with the separate segregated fund." Thus, a local committee affiliated with a separate segregated fund may act as a collecting agent for that separate segregated fund without having to register and report as a political committee, provided that the local unit does not engage in other activities for the purpose of influencing federal elections and provided that it follows all of the procedures required of collecting agents with regard to the solicitation and transmittal of contributions for and to the separate segregated fund. 11 C.F.R. § 102.6(b)(2). The separate segregated fund is responsible for seeing that the collecting agent meets the record-keeping, reporting and transmittal requirements of the regulations. 11 C.F.R. § 102.6(c)(1).

The collecting agent may solicit contributions, but only from persons permitted to be solicited. Such solicitations must meet the requirements of 2 U.S.C. § 441b and 11 C.F.R. § 114.5, including informing the potential contributor of the political purposes of the fund to which his or her contribution will go, and stating that any amounts requested in a solicitation are merely suggestions and that it is the right of the person being solicited to refuse to contribute. 2 U.S.C. § 441b(b)(3) and 11 C.F.R. § 102.6(c)(2). Further, a contribution collected by a collecting agent must be transmitted to the separate segregated fund within 10 days of receipt if in excess of $50, or within 30 days if $50 or less. 11 C.F.R. §§ 102.6(c)(4) and 102.8.

B. Summary of Facts

North Central is not registered with the Commission. Springfield is a registered committee which is affiliated with the Laborers' International Union of North America.

Between June, 1982, and May, 1988, North Central forwarded $18,896.65 to Springfield. On October 31, 1988, Springfield refunded this entire amount to North Central because, as Springfield stated at the time of the refund, it had determined that not all of the funds received from North Central were "qualified voluntary funds." No further explanation was given as to the basis for this determination. More recently, in response to the Commission's interrogatories and requests for documents, the respondents have provided the following details.

According to North Central's By-Laws, this committee is the political action committee of the North Central Illinois Laborers' District Council based in Peoria, Illinois. Its stated objectives include:

> informing the laborers of Illinois as to the need for the exercise of their right to vote; the passage of favorable legislation; the repeal or revision of unfavorable legislation; a program of education about such laws, their supporters and opponents; to support candidates for office who demonstrate concern for the working man and for the aims and objectives of the District Council and the entire trade union movement; to cooperate with, assist and support candidates and organizations approved by the Administrative or Executive Committees, and other legitimate activities calculated to accomplish these objectives.

Nowhere in the By-Laws is support of federal candidates expressly mentioned. However, an August 1, 1979, amendment to the North Central By-Laws provided that "[t]he Administrative

Committee shall direct fifty percent (50%) of all monies received pursuant to a duly executed check-off authorization or by individual contribution to be transmitted directly to the Laborers' Political League of the Laborers' International Union of North America." According to counsel for North Central, "The reference to the Laborers' International Union of North America Laborers' Political League is a direct reference to the Springfield Regional Office Political Action Committee which is formally known as the Laborers' Political League." As stated above, Springfield is a federal committee.

North Central has also submitted a copy of an October 11, 1979, letter from its connected organization, the North Central Illinois Laborers' District Council, to its membership asking for contributions of $1-2 per week to the committee. This letter also did not expressly mention federal elections; rather, it discussed making "our voice heard in the State House," and having "an effective fund to protect our interests locally and in Springfield . . . ." This is the only written solicitation forwarded to this Office in response to the Commission's requests.

In answer to the Commission's first set of interrogatories, counsel for North Central stated,

> At various times since the [North Central] PAC was formed [in 1979], the administrative committee members or officers and/or district council representatives have appeared at meetings of local unions affiliated with the North Central Illinois Laborers' District Council to explain the PAC program. Funds are raised by voluntary contributions from local unions and district council members through direct contributions or voluntary designation of part of the union dues checkoff allocated directly to the PAC . . . . Union dues do not vary based on whether an individual authorizes part of the dues to

> be directed to the PAC. . . . There have been no solicitations in newspapers, newsletters, trade journals, or magazines, none by telephone, other than answering a question if an individual called for information on the PAC, and there have been no direct mail solicitations.

More recently counsel has stated,

> From 1982 through the fall of 1985 all contributions to Springfield were from voluntary contributions directly to the PAC, but none were from check-off authorizations. . . . After the fall of 1985, the difference between the amount shown on [attached] documents as voluntary contributions and the amount sent to Springfield would have been from check-off authorizations.

Counsel has also confirmed, in response to interrogatories, that the following language on North Central's check-off authorization form has been used since the check-off program became effective in late 1985:

> I hereby authorize and direct the union to contribute the sum of one cent ($.01) for each hour I work (to be deducted from the uniform working dues withheld by my employer) to the North Central Illinois Laborers' District Council Political Action Committee (NCILDCPAC). Any sum so contributed shall be considered a personal donation by me for political purposes and may be used in the manner provided by the NCILDCPAC by-laws.

The receipts issued by Springfield in acknowledgment of contributions forwarded by North Central contain the sources of the funds, the amount and receipt date of the transfer or contribution, and the following statement of purpose: "[T]he above member has made a voluntary contribution . . . to the Springfield Region L.P.L. It is to be used for political purposes in accordance with the Constitution and by-laws of the Springfield Region L.P.L." In earlier years many of the receipts cited individual contributors' names; later they cited North Central as the contributor.

Counsel for Springfield has stated that between 1982 and 1988

> the Springfield Region held regional meetings at least annually during which time proper methods for soliciting and collecting political contributions for federal elections were discussed. At each meeting, participants were told that funds for use in federal elections had to be voluntary. . . . [R]epresentatives of the North Central Illinois Laborers' District Council . . . were at most, if not all, regional meetings.

Counsel has not stated that participants were also instructed to tell prospective contributors about the involvement of Springfield in federal elections.[1]

As for the knowledge conveyed to union members by North Central concerning voluntariness and the potential use of their contributions, counsel for North Central has stated,

> At the same time that the Political Action Committee representatives made presentations to local union members and representatives regarding the PAC, they always conveyed the information that it was the intent to pass along up to 50% of the money to Springfield Regional PAC. At the same time, there is no way to know that each and every person who signed such voluntary Authorization received the information. The information was widely disseminated and was clearly spelled out at each presentation that was made, but there may have been people who signed the Authorization who never attended such a meeting.

More recently Gregory Hasty, Business Manager for North Central, submitted an affidavit in which he discussed presentations which he had made to local unions concerning the North Central committee. He stated,

---

1. Counsel for Springfield also produced a copy of a sample payroll check-off authorization form which was distributed at the regional meeting on June 14, 1988, and thus after the collection of the contributions here at issue. The language on this form emphasizes the voluntariness of the contributions, but does not mention federal elections.

1. I am the individual designated by the North Central Illinois Laborers' District Council Political Action Committee to make all presentations to members of individual local unions regarding the purposes, aims and goals of the North Central Illinois Laborers' District Council Political Action Committee (hereinafter "PAC").

2. Since the inception of the Fund, I have made presentations to 18 of the 19 local unions which comprise the North Central Illinois Laborers' District Council, and I am the only individual who has been authorized by the PAC to make such presentations.

3. There is no written script which has been used in these presentations.

4. In each presentation that I have given, I have stressed and attempted to make clear to all persons that participation in the PAC is strictly voluntary. In most of the meetings that I can recall, there has been a direct question by one or more persons asking what would happen if he/she failed to execute an authorization form allowing a checkoff for political purposes. I have explained very carefully and clearly that there are no consequences to any member, that this action is purely voluntary, and that no one will suffer any consequences as a result of a decision not to participate.

5. As Business Manager of the North Central Illinois Laborers' District Council, I have instructed each and every local union that it is improper and illegal to apply any pressure or threaten action against any individual member who determines that he/she does not wish to participate in the voluntary checkoff.

. . .

Because Mr. Hasty's affidavit dealt only with the issue of voluntariness and not with whether potential contributors were informed that their contributions would be used in federal elections, a follow-up question was posed to North Central in this regard. On February 7, 1991, Mr. Hasty signed a second affidavit which read in part:

2140356434

In regard to my oral presentations regarding PAC donations, I cannot recall if I told every group that part of the PAC funds could be used in Federal Elections. If anyone asked whether PAC funds were used in Federal Elections I said "yes" because contributions were sent to the Springfield LPL.

North Central forwarded contributions to Springfield in August and October, 1982, December, 1983, April, May, August, October and December, 1984, and February, August and September, 1985.[2] These contributions, transferred prior to the establishment of the North Central checkoff system, included $4,514 reported by North Central as having come from named individuals, $2,155 of which was for hats; $600 as received from "Local 32;" $200 received from "Local 32 (Various Members);" and $135 received from North Central with the notation on the receipt "Collected at Meeting," for a total of $5,449. (See Attachment 1 for examples of transmittal letters and Springfield receipts.)

The monthly memoranda which North Central received from local unions during this earlier period listed individual contributors and amounts given. (See Attachment 2 for examples.) The amounts of contributions on these memoranda totaled much more than the $4,514 in contributions from named individuals sent on to Springfield. There were as many as 17 individual contributors involved in the 1982 contribution transfers to Springfield, 16 in the 1984 contributions, and 11 in those received in 1985. The

---

2. The one transfer in December, 1983, was apparently the only one made to Springfield during that year. It consisted of a $100 payment by one individual, and included a $40 donation and $60 for caps. According to memoranda from local unions to North Central, the latter received contributions throughout 1983, but it seems they were not shared with Springfield.

contributions were generally either $8.00 or $10.00 per person per month depending on the number of weeks in each month.

The transfers which took place after the North Central checkoff procedure went into effect in the fall of 1985 totaled $13,447.55. Of this amount $11,843.55 was forwarded to Springfield as having come from local unions, not from individuals, while the remaining $1,604 was attributed to 15 named individuals. (See Attachment 3 for examples.) Given counsel's statement that after the fall of 1985 contributions not itemized by name on the memoranda from local unions to North Central were collected by means of the checkoff procedure, and because none of the $11,843.55 is reflected on those local union memoranda, it appears that the $11,843.55 was made up of checkoff receipts. In addition, four of the individuals included among the 15 individuals named by North Central do not appear as contributors on the local unions' memoranda to North Central; this also apparently means that these particular individuals contributed by means of the checkoff system.[3] Their combined contributions beginning in October, 1985, totaled $364, bringing the total of checkoff receipts transferred to $12,207.55 ($11,843.55 plus $364) and reducing the amount of non-checkoff receipts to $1,240. These checkoff and other contributions were forwarded to Springfield in December, 1985, February, July, and October, 1986, January, March, May, September, and December, 1987, and March and May, 1988. Again, the

3. These individuals were Gregory Hasty and Jim Humphrey, both of whom were apparently North Central officials, plus John Penn and Bill Coffey.

contributions were virtually all in amounts of either $8.00 or $10.00 per person per month.[4]

C. **Permissible and Impermissible Contributions**

As stated above, although 2 U.S.C. § 441b prohibits the use of labor organization treasury funds to make contributions in connection with federal elections, this provision permits a labor organization or its separate segregated fund to solicit voluntary contributions from its members and from certain other individuals, so long as the solicitations explain the political purposes of the fund and the voluntariness of the contributions. In addition, contributions for federal elections must be made over and above any dues paid to the labor organization; it is not permissible for a portion of such dues to be allocated for use by a separate segregated fund.

1. **Pre-Checkoff Contributions**

Based upon the facts outlined above, it appears that between 1982 and the institution of the North Central checkoff procedure in late 1985 North Central received monthly contributions of $8 and $10 each from 10 or 11 named individuals who were members of local unions and/or officers of North Central itself. Of these contributions, a total of $2,399 was transferred to Springfield at uneven intervals as coming from specific, listed individuals.

---

4. Springfield has used the figure of $6,453 as the total of "qualified voluntary funds" involved in this matter. This figure apparently includes the contributions totaling $6,118 identified on the North Central transmittal letters as coming from named individuals before and after the institution of the checkoff procedure, plus two additional transmittals of $200 and $135 in 1982 cited above as coming respectively from a meeting of Local 32 and from North Central.

North Central also forwarded to Springfield $2,155 which was identified as resulting from the purchase of hats by named individuals.

The solicitation of the monthly contributions by local union members was apparently undertaken primarily by means of oral presentations at local meetings, although there was at least one written solicitation in 1979. While these solicitations stressed the voluntary nature of the contributions being sought, it cannot be determined with certainty that each contributor was expressly informed that a portion of the contributions would be used for specifically federal purposes. The North Central By-laws did provide that a 50% share would go to Springfield, a federal committee, thus indirectly informing members of the potential federal use of portions of their contributions.

During this same period North Central also transferred to Springfield $600 which North Central identified as coming from Local 32, $200 which was recorded by Springfield as coming from a "meeting" of Local 32, and $135 which was cited on the Springfield receipt as a contribution from North Central itself, with the notation "Collected at meeting." Local 32 is not represented among the identified individual contributors of the $2,293 discussed above; however, it can reasonably be assumed that solicitations of its members were undertaken in the same manner as those directed at other local unions.

With the possible exception of the $600 received from Local 32 without a notation that it was from a "meeting" and without a supporting list of individual contributors, it appears that the

$5,383 transferred by North Central to Springfield prior to the institution of the checkoff system in late 1985 was composed of contributions from individual members of local unions and from North Central officers. Given the pattern of individual contributions from all other locals, it is probably safe to assume that even the $600 from Local 32 was composed of individual contributions, not treasury funds. It also appears that the solicitations for these contributions met the requirement that the solicitees be informed that their contributions were voluntary, not required.

The only remaining question is whether the pre-checkoff contributors were aware that portions of their contributions would be used for federal elections. North Central has been unable to show that such information was imparted to all persons who were solicited, although some were probably aware as a result of either knowledge of North Central's By-laws or of answers to questions posed to the North Central spokesman, Mr. Hasty, at meetings where he presented information about North Central's existence and activities.

Given this lack of certainty as to the contributors' knowledge of the use of their contributions, the $5,383 transferred to Springfield between 1982 and September, 1985, did not meet the requirements of 2 U.S.C. § 441b and 11 C.F.R. § 102.6 that all funds transferred to and used by a separate segregated fund be permissible.

2. **Transfers Beginning December, 1985**

As stated above, North Central's checkoff program went into effect in the fall of 1985. The first transfer to Springfield reflecting this new collection procedure was apparently the one dated December 27, 1985, because that is the first of a series in which the transfer letters itemized contributions from locals, not just individuals, and for which no matching lists of individuals from those locals, such as those in Attachment 2, were supplied by the locals to Springfield. From that date through May, 1988, North Central transferred a total of $12,207.55 in apparent checkoff receipts and a total of $1,306 in non-checkoff receipts.

As is also stated above, the checkoff procedure involved the allocation of a portion of membership dues to North Central, not a separate checkoff for political contribution purposes. According to counsel, there was no variation in the amount of the checkoff for each person depending upon whether that person authorized part of his dues to go to North Central.

Pursuant to 2 U.S.C. § 441b(b)(3)(A) and 11 C.F.R. § 114.5(a)(1), dues monies may not be used for separate segregated fund. Therefore, a labor organization may not permit members to allocate portions of their dues to such a fund unless the total amount of dues paid is increased by the amount so allocated. In the present matter North Central did exactly what it should not have done, namely accept allocated portions of dues monies as political contributions without assuring a corresponding increase in the amount of dues collected.

1 1 4 0 3 5 4 7 0

The $1,306 in non-checkoff receipts transferred to Springfield during this same later period appear have been comparable to those contributions transferred prior to December, 1985. Thus they too appear to have consisted of voluntary contributions from individuals who may or may not have known that their contributions would be used in part for federal election purposes. Given this last uncertainty as to knowledge on the part of the contributors, these contributions should also be included in the violations of 2 U.S.C. § 441b and 11 C.F.R. § 102.6.

D. Status of North Central as Political Committee

The Commission found reason to believe that North Central violated 2 U.S.C. §§ 433 and 434 by failing to register and report as a political committee after transferring more than $1,000 to Springfield. Questions arose during the course of the investigation as to whether North Central might more properly be considered to have operated as a collecting agent for Springfield, a status which would have relieved the former of registration and reporting obligations. However, even if North Central appears to have met many of the requirements for a collecting agent,[5] information obtained during the investigation of this matter has

5. Some of the factors to be considered in determining whether one entity is serving as a collecting agent for another include whether the first entity makes regular transfers within prescribed time limits to the second, whether the first entity's role is a ministerial one rather than discretionary, and whether the persons making the contributions through the first entity understand that the funds are to be transmitted to another committee.

cast doubt upon its adherence to one important rule, namely that all the contributors be informed by the collecting agent that their contributions will be used for federal election purposes. 11 C.F.R. §§ 102.6(c)(2) and 114.5. (See discussion above.)

In addition, the investigation has produced evidence that North Central failed to transmit collected contributions within the required time frames. 11 C.F.R. § 102.6(c)(4) requires that collecting agents transmit to the separate segregated fund the full amount of each contribution within the time frame established at 11 C.F.R. § 102.8. This latter provision requires that contributions in excess of $50 be forwarded within 10 days of receipt and that those of $50 or less be forwarded within 30 days.

A portion of the $6,689 raised directly from individual contributors and sent on to Springfield both before and after the checkoff was instituted was transmitted outside the time frames established at 11 C.F.R. §§ 102.6(c)(4) and 102.8(b)(2). All but one of these individual contributions were in amounts of less than $50 and thus were required to have been sent on to Springfield within 30 days of receipt; the remaining one larger contribution needed to have been transmitted within 10 days. The following is a listing of late transmittals:

Total Contributions	Month Received	Date Transmitted
$ 64 (8 @ $8)	February, 1984	April 2, 1984
$ 88 (11 @ $8)	June, 1984	August 3, 1984
$142 (11 @ $10) (4 @ $8)	August, 1984	October 12, 1984
$ 80 (10 @ $8)	October, 1984	December 11, 1984
$108 (10 @ $10) (1 @ $8)	December, 1984	February 6, 1985
$ 80 (10 @ $8)	February, 1985	April 9, 1985
$ 92 (9 @ $8) (2 @ $10)	April, 1985	August 23, 1985

Total Contributions	Month Received	Date Transmitted
$ 78 (7 @ $10) (1 @ $8)	June, 1985	September 6, 1985
$ 66 (7 @ $8) (1 @ $10)	August, 1985	October 11, 1985
$ 68 (7 @ $8) (1 @ $12)	October, 1985	December 27, 1985
$ 88 (8 @ $10) (1 @ $8)	December, 1985	February 26, 1986
$242 (6 @ $10) (2 @ $20) (2 @ $44) (1 @ $54)	February, 1986	July 23, 1986
$ 82 (5 @ $8) (3 @ $10) (1 @ $12)	April, 1986	July 23, 1986
$ 88 (1 @ $6) (4 @ $8) (5 @ $10)	August, 1986	October 1, 1986
$ 76 (1 @ $6) (5 @ $8) (3 @ $10)	October, 1986	January 9, 1987
$ 98 (1 @ $8) (9 @ $10)	June, 1987	September 4, 1987
$ 94 (1 @ $4) (10 @ $8) (1 @ $10)	October, 1987	December 4, 1987
Total $1,580		

North Central did not adhere to 2 U.S.C. § 102.6 in these respects.

Pursuant to 11 C.F.R. § 102.6(b)(2), a collecting agent is required to register and report if it has not followed the procedures established at 11 C.F.R. § 102.6(c). In the present matter, as discussed above, North Central did not follow these requirements. Therefore, because North Central transferred in excess of $1,000 to Springfield, it was required to register and report as a political committee pursuant to 2 U.S.C. §§ 433 and 434, but did not do so.

III. CONCLUSION

This Office recommends that the Commission enter into pre-probable cause conciliation with North Central with regard to

2140355443

the violations of 2 U.S.C. §§ 433 and 434, 2 U.S.C. § 441b, 2 U.S.C. § 441b(b)(3)(A) and 11 C.F.R. § 102.6 discussed above, and with Springfield with regard to violations of 2 U.S.C. § 441b, 2 U.S.C. § 441b(b)(3)(A) and 11 C.F.R. § 102.6.

IV. RECOMMENDATIONS

Conciliation Agreement

BEFORE THE FEDERAL ELECTION COMMISSION

In the Matter of)
) MUR 3029
North Central Illinois Laborers' District)
Council Political Action Committee)

CONCILIATION AGREEMENT

This matter was initiated by the Federal Election Commission ("Commission"), pursuant to information ascertained in the normal course of carrying out its supervisory responsibilities. The Commission found reason to believe that the North Central Illinois Laborers' District Council Political Action Committee ("Respondent") violated 2 U.S.C. § 441b, 2 U.S.C. § 441b(b)(3)(A), and 11 C.F.R. § 102.6.

NOW, THEREFORE, the Commission and the Respondent, having participated in informal methods of conciliation, prior to a finding of probable cause to believe, do hereby agree as follows:

I. The Commission has jurisdiction over the Respondent and the subject matter of this proceeding, and this agreement has the effect of an agreement entered pursuant to 2 U.S.C. § 437g(a)(4)(A)(i).

II. Respondent has had a reasonable opportunity to demonstrate that no action should be taken in this matter.

III. Respondent enters voluntarily into this agreement with the Commission.

IV. The pertinent facts in this matter are as follows:

1. 2 U.S.C. § 441b(a) prohibits labor organizations from making contributions from treasury funds in connection with federal elections.

2. 2 U.S.C. § 441b(b)(2) permits labor organizations to establish separate segregated funds for purposing of making contributions or expenditures in connection with federal elections. The labor organization or its separate segregated fund may solicit voluntary contributions to the fund from its members and executive and administrative personnel, and their families, and may make twice yearly solicitations of non-members and of executive and administrative personnel and stockholders. See also 11 C.F.R. §§ 114.5(g)(2) and 114.6(b).

3. All separate segregated funds established, financed, maintained or controlled by a labor organization and any of its subsidiaries, branches, divisions, departments, or local units are affiliated. 2 U.S.C. § 441a(a)(5) and 11 C.F.R. § 100.5(g).

4. Transfers may be made without limit between affiliated committees, but must involve only permissible funds. 11 C.F.R. § 102.6.

5. Funds received and used by a separate segregated fund must have been voluntarily contributed by the members of a labor organization and must not include "dues, fees, or other moneys required as a condition of membership . . . ." 2 U.S.C. § 441b(b)(3)(A) and 11 C.F.R. § 114.5. In Advisory Opinion 1980-133 the Commission determined that a labor organization may not offer its members the option of having a portion of their monthly dues transferred to a separate

segregated fund without increasing the total amount paid by such members as required dues.

6. Solicitations for a separate segregated fund must meet all requirements of 2 U.S.C. § 441b(b)(3) and 11 C.F.R. § 114.5(a) as to content, including informing the potential contributors of the political purposes of the fund, stating that any proposed amount is only a suggestion, and assuring the contributors that he or she can refuse to contribute.

7. Respondent is a separate segregated fund of the North Central Illinois Laborers' District Council, which is affiliated with the Springfield Region Laborers' Political League.

8. Respondent is not registered with the Commission as a political committee.

9. The Springfield Region Laborers' Political League ("Springfield") is a political committee registered with the Commission.

10. In 1985 the North Central Illinois Laborers' District Council instituted a checkoff procedure for the collection of contributions. This procedure involved the agreement by members of local unions to the deduction from their union dues of an amount to be contributed to Respondent, with no corresponding increase in the amount owed.

11. Between 1982 and 1988 Respondent transferred $18,896.55 in contributions to Springfield.

21040062470

12. Of this $18,896.55 in contributions, $12,207.55 was collected by the North Central Illinois Laborers' District Council by means of the checkoff procedure.

13. Respondent has not been able to demonstrate that all contributors of the $18,896.55 transferred to Springfield were expressly informed that their contributions would be used in part for purposes of influencing federal elections.

14. Springfield refunded $18,896.55 to Respondent on October 31, 1988.

V. Respondent transferred to Springfield $12,207.55 in contributions which had been allocated from union dues, and an additional $6,689 from contributors who had not been expressly informed of the federal purposes to which their contributions would be put, in violation of 2 U.S.C. § 441b, 2 U.S.C. § 441b(b)(3)(A) and 11 C.F.R. § 102.6. Respondent contends that the contributors' awareness that portions of their contributions would be transferred to Springfield constituted knowledge of federal purposes.

VI. Respondent will pay a civil penalty to the Federal Election Commission in the amount of One Thousand Two Hundred Dollars ($1,200) pursuant to 2 U.S.C. § 437g(a)(5)(A).

VII. The Commission, on request of anyone filing a complaint under 2 U.S.C. § 437g(a)(1) concerning the matters at issue herein or on its own motion, may review compliance with this agreement. If the Commission believes that this agreement or any requirement

1140362421

thereof has been violated, it may institute a civil action for relief in the United States District Court for the District of Columbia.

VIII. This agreement shall become effective as of the date that all parties hereto have executed same and the Commission has approved the entire agreement.

IX. Respondent shall have no more than 30 days from the date this agreement becomes effective to comply with and implement the requirement contained in this agreement and to so notify the Commission.

XI. This Conciliation Agreement constitutes the entire agreement between the parties on the matters raised herein, and no other statement, promise, or agreement, either written or oral, made by either party or by agents of either party, that is not contained in this written agreement shall be enforceable.

This matter was initiated by the Federal Election Commission ("Commission"), pursuant to information ascertained in the normal course of carrying out its supervisory responsibilities. The Commission found reason to believe that the Springfield Region Laborers' Political League and John M. Evans, as treasurer, ("Respondents") violated 2 U.S.C. § 441b, 2 U.S.C. § 441b(b)(3)(A) and 11 C.F.R. § 102.6.

NOW, THEREFORE, the Commission and the Respondents, having participated in informal methods of conciliation, prior to a finding of probable cause to believe, do hereby agree as follows:

I. The Commission has jurisdiction over the Respondents and the subject matter of this proceeding, and this agreement has the effect of an agreement entered pursuant to 2 U.S.C. § 437g(a)(4)(A)(i).

II. Respondents have had a reasonable opportunity to demonstrate that no action should be taken in this matter.

III. Respondents enter voluntarily into this agreement with the Commission.

IV. The pertinent facts in this matter are as follows:

1040353434

1. 2 U.S.C. § 441b(a) prohibits labor organizations from making contributions from treasury funds in connection with federal elections.

2. 2 U.S.C. § 441b(b)(2) permits labor organizations to establish separate segregated funds for purposing of making contributions or expenditures in connection with federal elections. The labor organization or its separate segregated fund may solicit voluntary contributions to the fund from its members and executive and administrative personnel, and their families, and may make twice yearly solicitations of non-members and of executive and administrative personnel and stockholders. See also 11 C.F.R. §§ 114.5(g)(2) and 114.6(b).

3. All separate segregated funds established, financed, maintained or controlled by a labor organization and any of its subsidiaries, branches, divisions, departments, or local units are affiliated. 2 U.S.C. § 441a(a)(5) and 11 C.F.R. § 100.5(g).

4. Transfers may be made without limit between affiliated committees, but must involve only permissible funds. 11 C.F.R. § 102.6.

5. Funds received and used by a separate segregated fund must have been voluntarily contributed by the members of a labor organization and must not include "dues, fees, or other moneys required as a condition of membership. . . ." 2 U.S.C. § 441b(b)(3)(A) and 11 C.F.R. § 114.5. In Advisory Opinion 1980-133 the Commission determined that a labor

organization may not offer its members the option of having a portion of their monthly dues transferred to a separate segregated fund without increasing the total amount paid by such members as required dues.

6. Solicitations for a separate segregated fund must meet all requirements of 2 U.S.C. § 441b(b)(3) and 11 C.F.R. § 114.5(a) as to content, including informing the potential contributors of the political purposes of the fund, stating that any proposed amount is only a suggestion, and assuring the contributors that he or she can refuse to contribute.

7. Respondent Springfield Region Laborers' Political League is a separate segregated fund of the Laborers' International Union of North America and is registered with the Commission as a political committee.

8. The North Central Illinois Laborers' District Council Political Action Committee ("North Central") is a political committee of the North Central Illinois Laborers' District Council.

9. In 1985 the North Central Illinois Laborers' District Council instituted a checkoff procedure for the collection of contributions to North Central. This procedure involved the agreement by members of local unions to the deduction from their union dues of an amount to be contributed to North Central, with no corresponding increase in the amount paid.

10. Between 1982 and 1988 North Central transferred $18,896.55 in contributions to Springfield.

2140336496

11. Of this $18,896.55 in contributions, $12,207.55 was collected by the North Central Illinois Laborers' District Council by means of its checkoff procedure.

12. Respondents have not been able to demonstrate that all contributors of the $18,896.55 transferred by North Central to Springfield were expressly informed that their contributions would be used in part for purposes of influencing federal elections.

13. Respondents refunded $18,896.55 to North Central on October 31, 1988.

V. Respondents accepted transfers of contributions from North Central totaling $12,207.55 which had been allocated from union dues, and accepted an additional $6,689 in transfers of funds from contributors who had not been expressly informed of the federal purposes to which their contributions would be put, in violation of 2 U.S.C. § 441b, 2 U.S.C. § 441b(b)(3)(A) and 11 C.F.R. § 102.6. Respondents contend that the contributors' awareness that portions of their contributions would be transferred to Springfield constituted knowledge of federal purposes.

VI. Respondents will pay a civil penalty to the Federal Election Commission in the amount of One Thousand ($1,000), pursuant to 2 U.S.C. § 437g(a)(5)(A).

VII. The Commission, on request of anyone filing a complaint under 2 U.S.C. § 437g(a)(1) concerning the matters at issue herein or on its own motion, may review compliance with this agreement. If the Commission believes that this agreement or any

requirement thereof has been violated, it may institute a civil action for relief in the United States District Court for the District of Columbia.

VIII. This agreement shall become effective as of the date that all parties hereto have executed same and the Commission has approved the entire agreement.

IX. Respondents shall have no more than 30 days from the date this agreement becomes effective to comply with and implement the requirement contained in this agreement and to so notify the Commission.

X. This Conciliation Agreement constitutes the entire agreement between the parties on the matters raised herein, and no other statement, promise, or agreement, either written or oral, made by either party or by agents of either party, that is not contained in this written agreement shall be enforceable.
