RECEIVED
FEDERAL ELECTION
COMMISSION
OFFICE OF

To Whom it May Concern:

On behalf of the Tulare County Democratic Central Committee, we hereby request an investigation into violations of Federal election law by Valley Citizens for Accountability ("Valley"), a committee whose statement of organization was filed with the FEC on October 12, 1994 (attached). The committee operated in the 1994 federal election cycle against at least three California Democratic incumbents: Sen. Dianne Feinstein, Rep. Calvin M. Dooley and then-Rep. Richard H. Lehman.

The violations are as follows:

1) Failure to file the required 12-day pre-general report covering the period of October 1-19, 1994.

According to records obtained from the Federal Election Commission (FEC), "Valley" filed a statement of organization on October 12, 1994 (attached). The next report filed (attached) covered the period between October 21-November 27 (Nov. 27), and indicated that several thousand dollars had been raised and spent during that period and the previous reporting period.

According to the FEC 1994 reporting requirements, "the requirement to file a pre-election report is triggered if the committee makes a contribution or expenditure in connection with the election during the applicable reporting period."

Therefore, it seems apparent that "Valley" violated the 12-day pre-general reporting requirements.

2) Failure to report contributions of $11,670 and expenditures of $8,700.

Contributions: The Nov. 27 report indicates that "Valley" had a cash on hand total as of Jan. 1 of $11,670.

960430355

The sources of that $11,670 were not reported on any previous report.

Expenditures: The Nov. 27 report indicates that "Valley" had a cash on hand total at the beginning of the period of $2,970. This means that with an initial balance of $11,670, there was $8,700 spent that was not reported on any previous report.

We suspect that a portion of the $8,700 was paid to Henry Broadcasting (KMJ) in Fresno for radio ads. According to public records, "Valley" purchased approximately $17,000 worth of ads that began running on the airwaves on October 8th, and continued, uninterrupted, until November 8th. "Valley's" Nov. 27 report shows only $10,150 worth of payments, and the first payment that they report was made on October 28, 1994. "Valley" either failed to report earlier expenditures, or it allowed KMJ to extend business practices to them -- including free air time -- that were not available to other commerical enterprises, constituting a defacto corporate contribution.

3) Acceptance of prohibited corporate contributions.

We request that the attached list of contributors be examined to determine whether they constitute corporate entities. Judging from the names of the contributors, we have reason to believe that the contributions made were from corporate -- rather than personal -- resources, as required by law. If all of the contributions listed on the attached list are found to be corporate contributions, the amount constitutes 51% of the total amount raised during the Nov. 27 reporting period.

4) Failure to report partnership contributions.

If any of the attached list of contributions referenced in item 2 are not corporate contributions, but are instead partnerships, "Valley" violated partnership reporting requirements by failing to provide the percentage attributed to each partner.

5) Failure to complete required employer and occupation information.

If any of the following contributions came from partnerships, "Valley" is obligated to report employer and occupation information for contributions of $200 or more. No employer or occupation information is given.

6) Failure to report expenditures of $1,000 or more during the October 20-November 5 "24-hour notice" period.

The following expenditures were made after October 20th and were not noticed:

10/21	Reed Print	$1,446.00
10/21	Sanger Herald	1,710.00
10/26	Cutler-Orosi Courier	1,400.00

11/04	KJUG Radio	1,834.30
11/02	KOQO Radio	1,440.00
11/06	Henry Broadcasting Co.	2,555.00

7) Failure to display a "clear and conspicuous" disclaimer on campaign signs.

The current FEC standard of "clear and conspicuous" was quite obviously violated by "Valley" as the photos of their large signs (attached) clearly show. Dozens of signs identical to the ones in the attached photos appeared during the last four weeks of the campaign, primarily in Madera, Kings and Fresno counties. Until a disclaimer was hand-written, there were no disclaimers on the signs for almost one week.

Thank you for your attention to this matter. If you have any questions, please feel free to contact me. I would also appreciate being kept apprised of the status of this complaint.

Sincerely,

JOE ALTSCHULE

Introduction

The Commission frequently receives questions on how to file a complaint concerning possible violations of the Federal campaign finance law.[1] This brochure explains how to file a complaint with the Commission and describes how complaints are processed.[2]

[1] See 2 U.S.C. Sec. 437g and 11 CFR 111.

[2] Enforcement proceedings originate in other ways as well. For example, other Federal agencies sometimes refer an enforcement matter to the Commission, and the Commission itself frequently initiates enforcement proceedings based on information gathered in the normal course of its supervisory functions such as reviewing reports or conducting field audits.

Filing a Complaint

Any person may file a complaint if he or she believes a violation of the Federal election law or Commission regulations has occurred or is about to occur. The complaint must be made in writing, and sent to the Office of General Counsel, Federal Election Commission, Washington, D.C. 20463. If possible, three copies should be submitted.

A complaint must comply with certain requirements. It **must**:

- Provide the full name and address of the person filing the complaint (called the complainant); and
- Be signed, sworn to and notarized. This means that the notary public's certificate must say "...signed and sworn to before me...."

Furthermore, in order for a complaint to be considered complete and proper, it **should**:

- Clearly recite the facts that show specific violations under the Commission's jurisdiction (citations to the law and regulations are not necessary);
- Clearly identify each person, committee or group that is alleged to have committed a violation (called the respondent);
- Include any documentation supporting the allegations, if available; and
- Differentiate between statements based on the complainant's (the person who files the complaint) personal knowledge and those based on information and belief. Statements not based on personal knowledge should identify the source of the information.

Complaint: Early Stages

Receipt of Complaint

The Office of General Counsel reviews each complaint to determine whether it satisfies the above criteria of a proper complaint. If it does, the complaint is assigned a MUR (Matter Under Review) number, and the complainant is notified. The complainant generally will not hear from the Commission again until the entire case is resolved because the Commission is required by law to keep all investigations confidential.

If the complaint does not meet the requirements, the General Counsel's Office notifies the complainant of the deficiencies within 5 days of receipt. If the complaint is corrected and refiled, it is given a MUR number and is assigned to a member of the General Counsel's staff.

Notice to Respondent

Within 5 days after receiving a proper complaint, the Office of General Counsel sends each respondent a copy of the complaint and a description of the Commission's compliance procedures. The respondent has 15 days to respond in writing, explaining why no action should be taken.

In the case of a complaint that does not satisfy the requirements, the respondent nevertheless receives a copy of the improper complaint and a letter explaining that the matter will remain confidential for 15 days to give the complainant an opportunity to correct the complaint.

If the complainant corrects and refiles the complaint, the respondent is sent a copy of the corrected complaint and is given 15 days to submit a response to the Commission.

Respondent's Counsel

A respondent who wants to be represented by counsel must inform the Commission by sending a "statement of designation of counsel." This statement, signed by the respondent, must include a statement authorizing the counsel to receive all communications from the Commission on behalf of the respondent and include the counsel's name, address and telephone number.

Once the Commission receives the "statement of designation of counsel," the agency will communicate only with the counsel unless otherwise authorized by the respondent.

Complaint Process

This chart depicts the entire complaint process conducted by the Federal Election Commission as described in this brochure.*

Abbreviations used in this chart:

FEC —Federal Election Commission
MUR —Matter Under Review (i.e., complaint file)
NPC —No Probable Cause to Believe
NRTB—No Reason to Believe
OGC —FEC's Office of General Counsel
PC —Probable Cause to Believe
RTB —Reason to Believe

*At any point during the complaint process, the Commission has the discretion to take no further action.

Commission Action

Initial Vote to Proceed (Reason to Believe)

Following the receipt of an answer from the respondent or at the end of the 15-day response period, the General Counsel recommends whether or not there is "reason to believe" the respondent has committed or is about to commit a violation of the law. The Commissioners, however, make the final decision by voting for or against a "reason to believe" recommendation. (Four affirmative votes are required to take any enforcement action.)[3] In casting their votes, the Commissioners consider the complaint, the respondent's reply and the General Counsel's analysis and recommendation.[4]

A "reason to believe" finding means the Commission believes that an investigation should be conducted in order to determine whether a violation has occurred or is about to occur. (The law requires a "reason to believe" finding before the Commission may conduct an investigation.) If the Commission decides there is "no reason to believe" a violation has occurred or is about to occur, the case is closed and the parties involved are notified.

If, on the other hand, the Commissioners find that there is "reason to believe" the respondent has violated or is about to violate the law, the Commission sends a letter of notification to the respondent.

Investigation

The Commission then begins an investigation, usually by sending questions and asking for a written reply. The investigation may include an audit of the respondent. The Commission may also issue orders requiring sworn written answers, and subpoenas requiring a person to testify or to produce documents. If necessary, the Commission may ask a Federal district court to enforce its subpoenas.

When the investigation is completed, the General Counsel prepares a brief that explains the factual and legal issues of the case and recommends whether the Commission should find there is "probable cause to believe" or "no probable cause to believe" a violation has occurred or is about to occur. The respondent is sent a copy of the brief and has 15 days to file a reply brief explaining the respondent's position.

[3] A complaint may allege several violations, in which case the Commission may vote on each allegation separately.

[4] At any point during the complaint process, the Commission has the discretion to take no further action.

Early Resolution of Complaint (Pre-Probable Cause Conciliation)

Prior to the Commission's vote on the General Counsel's probable cause recommendation, the Commission may agree to resolve the matter informally. The respondent must initiate discussions in writing before the General Counsel's Brief is mailed to the respondent. These pre-probable cause discussions, which are limited to 30 days (absent an extension), may result in a conciliation agreement between the respondent and the Commission, thereby resolving the matter. (See below.)

However, if the matter is not resolved, the General Counsel sends the respondent a brief. The respondent must submit its reply brief within 15 days of receiving the General Counsel's Brief.

Vote After Investigation (Probable Cause to Believe)

Upon completion of the General Counsel's investigation (and assuming that the matter is not resolved through "pre-probable cause" conciliation), the Commissioners vote on whether or not there is "probable cause to believe" that a violation has occurred or is about to occur. (Four affirmative votes are required.)[5] In making their determination, the Commissioners consider both the General Counsel's and the respondent's briefs.

If the Commission decides there is "no probable cause to believe," the case is closed and the parties are notified.

If the Commission determines that there is "probable cause to believe" the law has been violated, the General Counsel attempts (for at least 30 days, but not more than 90) to correct or prevent the violation through informal methods of conciliation, i.e., by entering into a conciliation agreement with the respondent.

[5] If several violations are alleged, the Commission may vote on each one separately.

9604373030 4

96043730305

Resolution of Complaint (Conciliation Agreement)

If the General Counsel and respondent negotiate a conciliation agreement, the written agreement becomes effective once it is signed by the respondent and the General Counsel and is approved by an affirmative vote of 4 Commissioners. The agreement includes a description of the facts, legal conclusions, the actions that must be taken by the respondent and, in most cases, the payment of a civil penalty. The General Counsel sends a copy of the signed agreement to the respondent and, if the case if concluded as to all respondents, to the complainant as well.

If conciliation does not result in an agreement within the 90-day period, the Commission may file suit against the respondent in Federal district court.

Complainant's Recourse

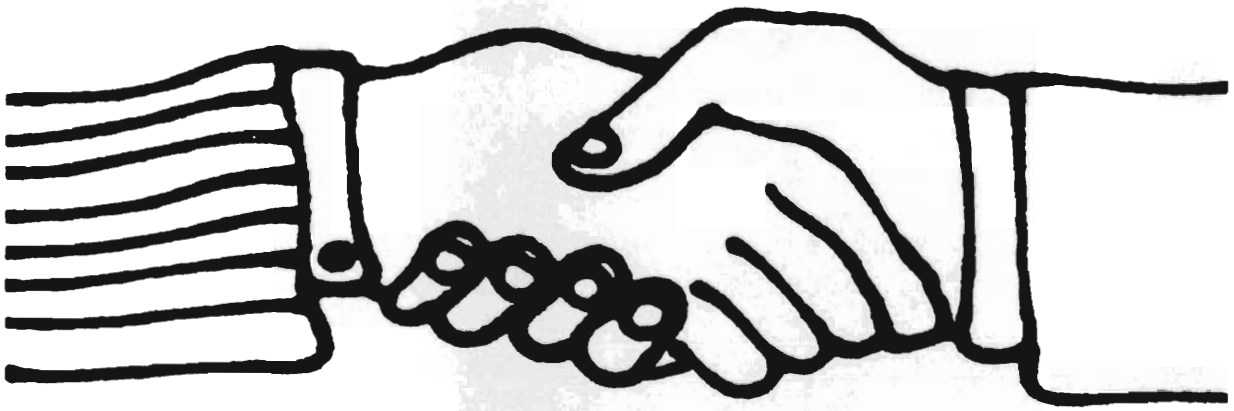

A complainant who disagrees with the Commission's dismissal of a complaint or who believes the Commission failed to act in a timely manner may file a petition in the U.S. District Court for the District of Columbia. In the case of a Commission dismissal, the petition has to be filed within 60 days after the date of the dismissal. 2 U.S.C. § 437g (a) (8)

Confidentiality

To protect the interests of those involved in a complaint, the law requires that Commission activity concerning the complaint be kept strictly confidential until the case is resolved. On the other hand, because the public has the right to know the outcome of any enforcement proceeding, a case file is made available to the public in the Press Office and the Office of Public Records within 30 days after the parties involved have been notified that the entire matter has been resolved.

Dear Mr. Altschule:

This is to acknowledge receipt on February 13, 1995, of your letter dated February 8, 1995. The Federal Election Campaign Act of 1971, as amended ("the Act") and Commission Regulations require that the contents of a complaint meet certain specific requirements. One of these requirements is that a complaint be sworn to and signed in the presence of a notary public and notarized. Your letter did not contain a notarization on your signature and was not properly sworn to.

In order to file a legally sufficient complaint, you must swear before a notary that the contents of your complaint are true to the best of your knowledge and the notary must represent as part of the jurat that such swearing occurred. The preferred form is "Subscribed and sworn to before me on this _____ day of _____, 19__." A statement by the notary that the complaint was sworn to and subscribed before him/her also will be sufficient. We regret the inconvenience that these requirements may cause you, but we are not statutorily empowered to proceed with the handling of a compliance action unless all the statutory requirements are fulfilled. See 2 U.S.C. § 437g.

Enclosed is a Commission brochure entitled "Filing a Complaint." I hope this material will be helpful to you should you wish to file a legally sufficient complaint with the Commission.

Please note that this matter will remain confidential for a 15 day period to allow you to correct the defects in your complaint. If the complaint is corrected and refiled within the 15 day period, the respondents will be so informed and provided a copy of the corrected complaint. The respondents will then have an additional 15 days to respond to the complaint on the merits. If the complaint is not corrected, the file will be closed and no additional notification will be provided to the respondents.

RE: Valley Citizens for Accountability
P.O. Box 1105
Reedley, CA 93654

John L. Rankin, Treasurer

FEB 27 9 51 AM '95

To Whom it May Concern:

On behalf of the Tulare County Democratic Central Committee, we hereby request an investigation into violations of Federal election law by Valley Citizens for Accountability ("Valley"), a committee whose statement of organization was filed with the FEC on October 12, 1994 (attached). The committee operated in the 1994 federal election cycle against at least three California Democratic incumbents: Sen. Dianne Feinstein, Rep. Calvin M. Dooley and then-Rep. Richard H. Lehman.

The violations are as follows:

1) Failure to file the required 12-day pre-general report covering the period of October 1-19, 1994.

According to records obtained from the Federal Election Commission (FEC), "Valley" filed a statement of organization on October 12, 1994 (attached). The next report filed (attached) covered the period between October 21-November 27 (Nov. 27), and indicated that several thousand dollars had been raised and spent during that period **and** the previous reporting period.

According to the FEC 1994 reporting requirements, "the requirement to file a pre-election report is triggered if the committee makes a contribution or expenditure in connection with the election during the applicable reporting period."

Therefore, it seems apparent that "Valley" violated the 12-day pre-general reporting requirements.

2) Failure to report contributions of $11,670 and expenditures of $8,700.

Contributions: The Nov. 27 report indicates that "Valley" had a cash on hand total as of Jan. 1 of $11,670.

9 6 6 4 3 7 3 0 3 2 9

The sources of that $11,670 were not reported on any previous report.

Expenditures: The Nov. 27 report indicates that "Valley" had a cash on hand total at the beginning of the period of $2,970. This means that with an initial balance of $11,670, there was $8,700 spent that was not reported on any previous report.

We suspect that a portion of the $8,700 was paid to Henry Broadcasting (KMJ) in Fresno for radio ads. According to public records, "Valley" purchased approximately $17,000 worth of ads that began running on the airwaves on October 8th, and continued, uninterrupted, until November 8th. "Valley's" Nov. 27 report shows only $10,150 worth of payments, and the first payment that they report was made on October 28, 1994. "Valley" either failed to report earlier expenditures, or it allowed KMJ to extend business practices to them -- including free air time -- that were not available to other commerical enterprises, constituting a defacto corporate contribution.

3) Acceptance of prohibited corporate contributions.

We request that the attached list of contributors be examined to determine whether they constitute corporate entities. Judging from the names of the contributors, we have reason to believe that the contributions made were from corporate -- rather than personal -- resources, as required by law. If all of the contributions listed on the attached list are found to be corporate contributions, the amount constitutes 51% of the total amount raised during the Nov. 27 reporting period.

4) Failure to report partnership contributions.

If any of the attached list of contributions referenced in item 2 are not corporate contributions, but are instead partnerships, "Valley" violated partnership reporting requirements by failing to provide the percentage attributed to each partner.

5) Failure to complete required employer and occupation information.

If any of the following contributions came from partnerships, "Valley" is obligated to report employer and occupation information for contributions of $200 or more. No employer or occupation information is given.

6) Failure to report expenditures of $1,000 or more during the October 20-November 5 "24-hour notice" period.

The following expenditures were made after October 20th and were not noticed:

10/21	Reed Print	$1,446.00
10/21	Sanger Herald	1,710.00
10/26	Cutler-Orosi Courier	1,400.00

11/04	KJUG Radio	1,834.30
11/02	KOQO Radio	1,440.00
11/06	Henry Broadcasting Co.	2,555.00

7) Failure to display a "clear and conspicuous" disclaimer on campaign signs.

The current FEC standard of "clear and conspicuous" was quite obviously violated by "Valley" as the photos of their large signs (attached) clearly show. Dozens of signs identical to the ones in the attached photos appeared during the last four weeks of the campaign, primarily in Madera, Kings and Fresno counties. Until a disclaimer was hand-written, there were no disclaimers on the signs for almost one week.

Thank you for your attention to this matter. If you have any questions, please feel free to contact me. I would also appreciate being kept apprised of the status of this complaint.

Sincerely,

JOE ALTSCHULE

Dear Mr. Altschule:

This is to acknowledge receipt of your letter dated February 22, 1995. As we previously notified you on February 14, 1995, the Federal Election Campaign Act of 1971, as amended ("the Act") and Commission Regulations require that the contents of a complaint meet certain specific requirements. Your most recent letter does not meet these requirements. Although your letter was signed in the presence of a notary public and notarized, it was not sworn to, as required.

In order to file a legally sufficient complaint, you must swear before a notary that the contents of your complaint are true to the best of your knowledge and the notary must represent as part of the jurat that such swearing occurred. The preferred form is "Subscribed and sworn to before me on this _____ day of _____, 19__." A statement by the notary that the complaint was sworn to and subscribed before her also will be sufficient.

Please note that this matter will remain confidential for a 15 day period to allow you to correct the defects in your complaint. If the complaint is corrected and refiled within the 15 day period, the respondents will be so informed and provided a copy of the corrected complaint. The respondents will then have an additional 15 days to respond to the complaint on the merits. If the complaint is not corrected, the file will be closed and no additional notification will be provided to the respondents.

We regret the inconvenience that these requirements may cause you, but we are not statutorily empowered to proceed with the handling of a compliance action unless all the statutory requirements are fulfilled. See 2 U.S.C. § 437g.

RE: Valley Citizens for Accountability
P.O. Box 1105
Reedley, CA 93654

John L. Rankin, Treasurer

To Whom it May Concern:

On behalf of the Tulare County Democratic Central Committee, we hereby request an investigation into violations of Federal election law by Valley Citizens for Accountability ("Valley"), a committee whose statement of organization was filed with the FEC on October 12, 1994 (attached). The committee operated in the 1994 federal election cycle against at least three California Democratic incumbents: Sen. Dianne Feinstein, Rep. Calvin M. Dooley and then-Rep. Richard H. Lehman.

The violations are as follows:

1) Failure to file the required 12-day pre-general report covering the period of October 1-19, 1994.

According to records obtained from the Federal Election Commission (FEC), "Valley" filed a statement of organization on October 12, 1994 (attached). The next report filed (attached) covered the period between October 21-November 27 (Nov. 27), and indicated that several thousand dollars had been raised and spent during that period **and** the previous reporting period.

According to the FEC 1994 reporting requirements, "the requirement to file a pre-election report is triggered if the committee makes a contribution or expenditure in connection with the election during the applicable reporting period."

Therefore, it seems apparent that "Valley" violated the 12-day pre-general reporting requirements.

2) Failure to report contributions of $11,670 and expenditures of $8,700.

Contributions: The Nov. 27 report indicates that "Valley" had a cash on hand total as of Jan. 1 of $11,670.

The sources of that $11,670 were not reported on any previous report.

Expenditures: The Nov. 27 report indicates that "Valley" had a cash on hand total at the beginning of the period of $2,970. This means that with an initial balance of $11,670, there was $8,700 spent that was not reported on any previous report.

We suspect that a portion of the $8,700 was paid to Henry Broadcasting (KMJ) in Fresno for radio ads. According to public records, "Valley" purchased approximately $17,000 worth of ads that began running on the airwaves on October 8th, and continued, uninterrupted, until November 8th. "Valley's" Nov. 27 report shows only $10,150 worth of payments, and the first payment that they report was made on October 28, 1994. "Valley" either failed to report earlier expenditures, or it allowed KMJ to extend business practices to them -- including free air time -- that were not available to other commerical enterprises, constituting a defacto corporate contribution.

3) Acceptance of prohibited corporate contributions.

We request that the attached list of contributors be examined to determine whether they constitute corporate entities. Judging from the names of the contributors, we have reason to believe that the contributions made were from corporate -- rather than personal -- resources, as required by law. If all of the contributions listed on the attached list are found to be corporate contributions, the amount constitutes 51% of the total amount raised during the Nov. 27 reporting period.

4) Failure to report partnership contributions.

If any of the attached list of contributions referenced in item 2 are not corporate contributions, but are instead partnerships, "Valley" violated partnership reporting requirements by failing to provide the percentage attributed to each partner.

5) Failure to complete required employer and occupation information.

If any of the following contributions came from partnerships, "Valley" is obligated to report employer and occupation information for contributions of $200 or more. No employer or occupation information is given.

6) Failure to report expenditures of $1,000 or more during the October 20-November 5 "24-hour notice" period.

The following expenditures were made after October 20th and were not noticed:

10/21	Reed Print	$1,446.00
10/21	Sanger Herald	1,710.00
10/26	Cutler-Orosi Courier	1,400.00

11/04	KJUG Radio	1,834.30
11/02	KOQO Radio	1,440.00
11/06	Henry Broadcasting Co.	2,555.00

7) Failure to display a "clear and conspicuous" disclaimer on campaign signs.

The current FEC standard of "clear and conspicuous" was quite obviously violated by "Valley" as the photos of their large signs (attached) clearly show. Dozens of signs identical to the ones in the attached photos appeared during the last four weeks of the campaign, primarily in Madera, Kings and Fresno counties. Until a disclaimer was hand-written, there were no disclaimers on the signs for almost one week.

Thank you for your attention to this matter. If you have any questions, please feel free to contact me. I would also appreciate being kept apprised of the status of this complaint.

Sincerely,

Joe Altschule

den Dulk Farming / Federal Election / VCFA

To whom it may Concern.

Valley Citizens for Accountability Care and asked for a donation from den Dulk Farming Co. We thought it was a good Cause and donated Some Money. den Dulk Farming Co. is not a Corporation But a partnership between Father & Son. The partners are Robert G. den Dulk and Timothy C den Dulk.

We had nor do We have intentions of breaking Federal Election Laws

It seems rather foolish to expect all Donors to know all federal Election laws on who can & Cannot donate to a certain Cause. Instead of sending threatening letters to donors why not talk to Valley Citizens for Accountability. or who ever is in charge of disbursing the Money.

RE: MUR 4199

Dear Sir or Madam,

I am writing in response to your letter dated April 10, 1995. Indicating Starrh and Starrh Cotton Growers may have violated the Federal Elections Act of 1971, as amended ("the Act").

I am writing to inform you we do not feel we have violated the Act, because we contributed $50.00. Our understanding is that contributions under $100.00 is to be held in confidence. This was not done by the committee, Valley Citizens for Accountability. This should not be a charge against us. The second point is the committee Valley Citizens for Accountability, was to use money for information only, not to be disbursed to candidates, to my knowledge this was done.

So we declare our innocence in the matter and request that our name be removed from this complaint.

Yours Truly,

Fred L. Starrh

Re: MUR 4199

To Whom It May Concern:

I write this letter on behalf of my client, Rolland Gonsalves individually and doing business as Manzanillo Ranch. Enclosed please find the Statement of Designation of Counsel executed by Mr. Gonsalves.

By way of this letter, we respond to the frivolous and politically motivated complaint filed by the Tulare County Democratic Central Committee. This complaint was filed against the Valley Citizens for Accountability. This non-partisan group consists of approximately 120 farmers and businesses, including my client.

My client simply gave approximately $250.00 on two (2) separate occasions to this group, at the request of Mr. Russell Waymire. Coincidentally, my client farms near Representative Calvin Dooley, to whom he also gave approximately $250.00 when Mr. Dooley was campaigning for his current seat.

I believe the purported hyper-technical seven (7) charges against my client are frivolous, unsubstantiated and without merit.

My client is neither a corporation nor a partnership. Additionally, Mr. Waymire has asserted that fifty-one percent (51%) of the constituents were not corporations. Accordingly, alleged charges three (3), four (4), five (5), and six (6) are simply not true nor supported by fact.

With respect to charges one (1) and two (2), amended reports were submitted which correctly set forth the contributions and expenditures. It is my understanding the amended reports were not necessary because this group is non-partisan, neither Republican or Democrat.

Finally, with respect to frivolous allegation number seven (7), Mr. Waymire has represented that all signs contained the

following language:

> "Paid for By Valley Citizens for Accountability.
> P.O. Box 1105
> Reedley, CA 93646"

However, it should be noted that my client had no involvement in the management or affairs of this group other than the mere giving of money. It is my client's position that he has done nothing inappropriate, much less illegal.

Please be advised that if the Federal Election Commission is serious about pursuing this matter my client will vigorously and tenaciously pursue this matter. My client will consider all possible class actions for Violation of his Constitutional Rights of Speech and Association as well as Defamation.

We simply believe it is ludicrous for a Democratic commission with a Democratic representative to pursue an action against a large non-partisan group of farmers from Central California.

Unless we are notified in writing otherwise, we will assume these blatantly political and frivolous charges against my client will not be filed.

My client has resource, pride and justice on his side to pursue this case and any counter-claim against the Government and Federal Election Commission.

Very truly yours,

RICHARD D. ALTIMUS

Re: Jasmine Vineyards, Inc.
MUR 4199

Dear Ms. Taksar:

Jasmine Vineyards, Inc. ("Jasmine") has requested that we respond to your letter of April 10, 1995, concerning the above-referenced matter under review. We understand you are investigating an alleged violation of the Federal Election Campaign Act of 1971 (the "Act").

From Jasmine's perspective, the facts underlying the matter are as follows:

1. On or about October 28, 1994, Jasmine responded to a solicitation by issuing its check number 2811, in the amount of $500.00, to Valley Citizens for Accountability ("VCA"). At the time, Jasmine was unaware that VCA was engaged in any activities associated with a campaign for federal office.

2. Subsequently, Jasmine was advised that VCA was unable to accept its contribution because VCA was engaged in activities associated with federal elections. On or about March 21, 1995, Jasmine's contribution was refunded to it.

Under the circumstances, it would be inappropriate for any action to be taken against Jasmine. The contribution was not a knowing or wilful violation of the Act. When it was discovered that the contribution was inappropriate, any technical violation that might have occurred was corrected by means of the refund.

In the event the Commission decides to pursue the matter, Jasmine requests that you contact us to discuss conciliation.

Thank you for your courtesy.

Re: MUR 4199

Dear Ms. Taksar:

We are in receipt of your letter of April 10, 1995, concerning our violation of the Federal Election Campaign Act of 1971.

One of our supervisors did make a corporate contribution in the Fall of 1994 to the Valley Citizens for Accountability, as a result of a telephone solicitation. The caller indicated that Valley Citizens for Accountability was involved in protecting water rights for agriculture in California. Since water is of utmost importance to our firm and the local community, it was deemed a cause which we should support. A pledge for $50.00 was made and a check mailed.

Sierra Forest Product had no knowledge that Valley Citizens for Accountability's purpose was to campaign against certain candidates for federal office. When that organization contacted us recently concerning our corporate status, the answer was affirmative. As a result of this contact, a check for $50.00 was received from Valley Citizens for Accountability and deposited on March 22, 1995. A copy of said check and deposit is enclosed.

Sierra Forest Products is well aware that corporate funds are not to be used for federal election campaigns. In our 30 years of operation we have not knowingly violated this law.

With the return of the $50.00 contribution, Sierra Forest Products inadvertent involvement has been mitigated.

Sincerely,

SIERRA FOREST PRODUCTS

Re: MUR 4199

Dear Ms. Taksar:

Enclosed please find the Statement of Designation of Counsel regarding the above-referenced matter.

Valley Citizens for Accountability (hereinafter "VCA") makes the following initial response to the complaint lodged by the Tulare County Democratic Central Committee:

Valley Citizens for Accountability was formed October 12, 1994 as a nonpartisan Political Action Committee. We hope that you will take into consideration, when assessing the following information, the fact of VCA's short period of its existence, and the fact that John Rankin, the treasurer, had no prior political experience, but is a small businessman and concerned citizen, who took no renumeration for his efforts in that capacity. In order to maintain its neutrality, VCA was careful not to contact or solicit campaign operatives from either political party for advice. This fact, to some extent, worked to VCA's detriment in that there was virtually no experience or expertise available, but that which could be found actively working within the campaigns of either party. As detailed below, such errors and/or omissions as did occur were corrected to whatever extent possible immediately upon discovery.

Allegation 1: ***"Failure to file the required 12-day pre-general report covering the period of October 1-19, 1994."***

This allegation is totally unfounded. A report covering the period October 12, 1994 through October 20, 1994 was signed and mailed October 24, 1994, by John L. Rankin, VCA's Treasurer. Mr. Rankin has since confirmed with J.P. Andre, FEC Reports Analyst, that the same is on file

with your agency.

Allegation 2: ***"Failure to report contribution of $11,670 and expenditures of $8,700."***

While the November 27, 1994 report did indicate that VCA had cash on hand totalling $11,670 as of January 1, 1994, that was simply a clerical error in reporting which was corrected in the amended report, filed in March of 1995. This being the first involvement in political campaign contribution filing for Mr. Rankin, he misunderstood the form to require section "year to date" to date to require the reporting of cash on hand at that point in time I believe that when you review the form, you can see how that could easily confuse a lay person, unfamiliar with such documents.

As to the advertisements on KMJ Radio, the complainants make reference to "public records" but none have been attached or even identified in the complaint. The dates stated in their complaint appear to be inaccurate; VCA knows of no ads which began airing prior to the first payment to Henry Broadcasting (K-MJ) on October 14, 1994. We respectfully request that you furnish us with a copy of the "public documents" which are referred to in this allegation of the complaint.

Allegation 3: ***"Acceptance of prohibited corporate contributions."***

VCA did not *knowingly* accept any corporate contributions. None of the names listed in the complaint gives rise to any reason to believe that they were corporations.

VCA did, upon notice that some question was raised concerning the identity of the listed contributors, contact the contributors by letter on March 6, 1995 to inquire as to whether funds were made from corporate accounts. Only ten contributions from corporations were made, the aggregate amount of which was $1,845.00, or approximately 4% of the total contributions. VCA took immediate steps to remediate the error by returning those funds to the respective contributors, in compliance with 11 CFR sect. 103.3(b).

Allegation 4: ***Failure to properly report allocation of partnership interests.***

While all partnership contributions were reported, the respective contribution of each partner was not properly reported in the original report. Due to Mr. Rankin's inexperience with the reporting mandates, he was unaware of this requirement, until brought to his attention. In the amended reports, filed on or about March 28, 1995, those reporting requirements were met.

Allegation 5: ***Failure to complete required employer and occupation information.***

As stated previously, Mr. Rankin was unfamiliar with the reporting requirements for partnerships and did not intentionally fail to report the employer occupation information. Immediate steps were taken to cure this error, by filing amended reports in March of 1995.

Allegation 6: ***Failure to report expenditures of $1,000 during "24-hour notice" period.***

This requirement, Mr. Rankin, acting as Treasurer for VCA, was unaware of.

Allegation 7: ***Failure to display a "clear and conspicuous" disclaimer on campaign signs.***

At the time the campaign signs were printed, VCA was unaware of this requirement; however, as can be seen from the photographs furnished by the complainants, VCA did use their best efforts to comply prior to placing the signs on public display. The handwritten disclaimer may be less than complainants hoped for, but it is clearly *legible and conspicuous*. In fact, the identification is even more conspicuous by the fact that it *is* handwritten.

This particular point, however, appears to be rendered moot by U.S. Supreme Court's recent decision in *McIntyre v. Ohio Elections Commission*, decided April 19, 1995. In *McIntyre* the court struck down an Ohio election law very similar in substance and intent to the those portions of the Federal Election Campaign Act of 1971, prohibiting the display or distribution of campaign materials without the "clear and conspicuous" identification of the author, etc. The court held that the prohibition abridged the First Amendment guarantees of Freedom of speech, and no overriding state interest was served sufficient to justify such abridgement. If your review of *McIntyre* leads you to a different conclusion, please contact me with regard to your analysis of why that holding would not apply to the federal statute which forms the basis of this allegation.

If we can provide you with any further information, please contact the undersigned.

Thank you for the courtesy and cooperation shown by you and your staff in our previous contacts.

Sincerely yours,

Diana DiMaggio

Re: Valley Citizens for Accountability

Dear Mrs. Taksar:

On behalf of the Tulare County Democratic Central Committee, I want to provide the Commission with further information regarding the complaint that was originally filed in February, 1995 against "Valley Citizens for Accountability."

As you can see from the attached news article, which appeared on June 8, 1995 in the Hanford Sentinel, John Rankin, the "Valley" treasurer, admits wrong-doing in the group's activities. The Sentinel reports Rankin's admissions as follows:

> VCA treasurer John Rankin admits that some "mistakes" were made on the VCA's political records, but maintains that no wrong-doing was done intentionally.
>
> He blamed the "mistakes" on tight time constraints and inexperience.
>
> Rankin said only two charges -- accepting corporate contributions and failure to report expenditures of $1,000 or more during the Oct. 20 - Nov. 5 "24-hour notice" period -- "hold a little merit".

I am confident that the Commission is proceeding with its work on this case and that it already has ample evidence to conclude that "Valley" has repeatedly engaged in unlawful activities. We wanted, however, to provide the Commission with additional information that may assist in those efforts.

96043306100

I look forward to hearing from the Commission at the appropriate time.

Very Truly Yours,

JOSEPH ALTSCHULE

Feds probing signs group

CELIA RAMIREZ
Sentinel Staff Writer

The political organization responsible for a series of anti-liberal signs calling for the ouster of Rep. Calvin Dooley, D-Hanford, is under investigation by the federal elections committee.

The group maintains that the allegations are "frivolous."

Grassroots political group Valley Citizens for Accountability claims responsibility for putting up 50 signs in Hanford and Lemoore.

They urge citizens to "abandon" their support of Dooley, who has dismissed the signs as smacks motivated by partisan politics. They also mention President Clinton and Secretary of the Interior Bruce Babbit.

Letters supplied to The Sentinel from Dooley's office indicated that VCA is the target of an on-going investigation by the Federal Elections Commitee (FEC) for a laundry list of alleged infractions, including the illegal

acceptance of corporate contributions.

Fifty-eight businesses were listed in the complaint.

Failure to post signs without clear disclaimers, neglecting to report partnership contribution and failing to report contributions of $11,670 and expenditures of $8,700 were other alleged infractions mentioned in the seven-charge complaint.

The probe came on the heels of a February 1995 letter written by the Tulare County Democratic Central Committee charging the VCA with campaign infractions.

Joe Altschule of the Central Committee said Tuesday in a phone interview that committee members became suspicious when similar signs popped up shortly before the 1994 elections.

Dooley would not comment directly on the probe, but did say that he was familiar with the group.

"It's clear that this is a group that's motivated by partisan politics," Dooley said. "They seem more interested

He blamed the "mistakes" on tight time constraints and inexperience.

Rankin said only two charges — accepting corporate contributions and failure to report expenditures of $1,000 or more during the Oct. 20-Nov. 5 "24-hour notice" period — "hold a little merit."

The VCA launched its own investigation and uncovered 10 checks from farm owners who used their business check stationery.

The money was refunded as soon as it was discovered, Rankin said.

He dismissed the other charges as "malarkey."

"This basically an attempt to discredit the question by trying to discredit the questioner," the VCA treasurer said.

The VCA has 280 registered members, but has widespread support from thousands, Rankin said.

He said close to 50 percent of VCA's supporters are

SENSITIVE

GENERAL COUNSEL'S REPORT

I. INTRODUCTION

This report is the General Counsel's Report to recommend that the Commission no longer pursue the identified lower priority and stale cases under the Enforcement Priority System.

II. CASES RECOMMENDED FOR CLOSING

A. Cases Not Warranting Further Pursuit Relative to Other Cases Pending Before the Commission

A critical component of the Priority System is identifying those pending cases that do not warrant the further expenditure of resources. Each incoming matter is evaluated using Commission-approved criteria and cases that, based on their rating, do not warrant pursuit relative to other pending cases are placed in this category. By closing such cases, the Commission is able to use its limited resources to focus on more important cases.

Having evaluated incoming matters, this Office has identified 10 cases which do not warrant further pursuit relative to the other pending cases.[1] A short description of each case and the factors leading to assignment of a relatively

---

1. These matters are: MUR 4165 (Attachment 2); MUR 4187 (Attachment 3); MUR 4188 (Attachment 4); MUR 4199 (Attachment 5); MUR 4211 (Attachment 6); MUR 4212 (Attachment 7); MUR 4216 (Attachment 8); MUR 4224 (Attachment 9); MUR 4243 (Attachment 10); MUR 4245 (Attachment 11).

9604306123

low priority and consequent recommendation not to pursue each case is attached to this report. See Attachments 2-11. As the Commission requested, this Office has attached the responses to the complaints for the externally-generated matters and the referrals for matters referred by the Reports Analysis Division in instances where this information was not previously circulated. See Attachments 2-11.

B. Stale Cases

Investigations are severely impeded and require relatively more resources when the activity and evidence are old. Consequently, the Office of General Counsel recommends that the Commission focus its efforts on cases involving more recent activity. Such efforts will also generate more impact on the current electoral process and are a more efficient allocation of our limited resources. To this end, this Office has identified 33 cases that

do not warrant further investment of significant Commission resources.[2]

2. RE: MUR 4199

Dear Mr. Altschule:

On April 3, 1995, the Federal Election Commission received your complaint alleging certain violations of the Federal Election Campaign Act of 1971, as amended ("the Act").

After considering the circumstances of this matter, the Commission has determined to exercise its prosecutorial discretion and to take no action against the respondents. See attached narrative. Accordingly, the Commission closed its file in this matter on March 5, 1996. This matter will become part of the public record within 30 days.

The Act allows a complainant to seek judicial review of the Commission's dismissal of this action. See 2 U.S.C. § 437g(a)(8).

MUR 4199
VALLEY CITIZENS

The Tulare County Democratic Central Committee filed a complaint alleging that Valley Citizens for Accountability ("VCA") failed to file its 12 Day Pre-General Report, failed to report $11,670 in contributions and $8,700 in expenditures, accepted prohibited corporate contributions, failed to report the percentage allocation for partnership contributions, failed to provide employer and occupation information for partnerships, failed to report expenditures of $1,000 or more during the "24 Hour Notice" period, and failed to display clear and conspicuous disclaimers on campaign signs.

In its response, VCA indicates that it is a recently-formed organization and that the Committee's treasurer is an inexperienced volunteer. The Committee states that immediately upon discovery, reporting errors were corrected to whatever extent possible. VCA states that it had in fact filed its 12 Day Pre-General Report with the Commission and that the Reports Analysis Division verified that the report had been received. VCA states that the cash-on-hand figure of $11,670 reported in its first report was a clerical error based on treasurer misunderstanding and that an amendment was filed to provide the correct information. VCA states that the dates provided in the complaint regarding $8,700 in expenditures appear to be inaccurate because VCA has no knowledge of any ads airing prior to the first payment it made to KMJ Broadcasting.

According to VCA, the treasurer reported all partnership contributions but was unaware of the requirement to report the partnership allocations and the employer and occupation information. VCA states that it filed amended reports which provide this information. VCA indicates that the treasurer was not aware of the 24-hour notice reporting requirement or the requirement for disclaimers. VCA states that although disclaimers were not included on signs by the printer, the Committee hand wrote disclaimers on the signs as soon as it became aware of the requirement.

VCA also states that it did not knowingly accept any corporate contributions and the names of the organizations did not indicate possible corporate status. VCA states that when the question was raised, it immediately contacted the list of contributors in order to inquire whether the contributions came from corporate funds. VCA states that 10 contributions, totaling $1,845, were made from corporate accounts and that VCA immediately refunded the contributions. The respondent contributors responded either that their businesses were not corporations or that the businesses were corporations but that they had received refunds for their contributions.

This matter involves inexperienced players and is less significant relative to other matters pending before the Commission. There is no evidence of serious intent to violate FECA and remedial action was taken.

MUR 4199
VALLEY CITIZENS

The Tulare County Democratic Central Committee filed a complaint alleging that Valley Citizens for Accountability ("VCA") failed to file its 12 Day Pre-General Report, failed to report $11,670 in contributions and $8,700 in expenditures, accepted prohibited corporate contributions, failed to report the percentage allocation for partnership contributions, failed to provide employer and occupation information for partnerships, failed to report expenditures of $1,000 or more during the "24 Hour Notice" period, and failed to display clear and conspicuous disclaimers on campaign signs.

In its response, VCA indicates that it is a recently-formed organization and that the Committee's treasurer is an inexperienced volunteer. The Committee states that immediately upon discovery, reporting errors were corrected to whatever extent possible. VCA states that it had in fact filed its 12 Day Pre-General Report with the Commission and that the Reports Analysis Division verified that the report had been received. VCA states that the cash-on-hand figure of $11,670 reported in its first report was a clerical error based on treasurer misunderstanding and that an amendment was filed to provide the correct information. VCA states that the dates provided in the complaint regarding $8,700 in expenditures appear to be inaccurate because VCA has no knowledge of any ads airing prior to the first payment it made to KMJ Broadcasting.

According to VCA, the treasurer reported all partnership contributions but was unaware of the requirement to report the partnership allocations and the employer and occupation information. VCA states that it filed amended reports which provide this information. VCA indicates that the treasurer was not aware of the 24-hour notice reporting requirement or the requirement for disclaimers. VCA states that although disclaimers were not included on signs by the printer, the Committee hand wrote disclaimers on the signs as soon as it became aware of the requirement.

VCA also states that it did not knowingly accept any corporate contributions and the names of the organizations did not indicate possible corporate status. VCA states that when the question was raised, it immediately contacted the list of contributors in order to inquire whether the contributions came from corporate funds. VCA states that 10 contributions, totaling $1,845, were made from corporate accounts and that VCA immediately refunded the contributions. The respondent contributors responded either that their businesses were not corporations or that the businesses were corporations but that they had received refunds for their contributions.

This matter involves inexperienced players and is less significant relative to other matters pending before the Commission. There is no evidence of serious intent to violate FECA and remedial action was taken.

MUR 4199
VALLEY CITIZENS

The Tulare County Democratic Central Committee filed a complaint alleging that Valley Citizens for Accountability ("VCA") failed to file its 12 Day Pre-General Report, failed to report $11,670 in contributions and $8,700 in expenditures, accepted prohibited corporate contributions, failed to report the percentage allocation for partnership contributions, failed to provide employer and occupation information for partnerships, failed to report expenditures of $1,000 or more during the "24 Hour Notice" period, and failed to display clear and conspicuous disclaimers on campaign signs.

In its response, VCA indicates that it is a recently-formed organization and that the Committee's treasurer is an inexperienced volunteer. The Committee states that immediately upon discovery, reporting errors were corrected to whatever extent possible. VCA states that it had in fact filed its 12 Day Pre-General Report with the Commission and that the Reports Analysis Division verified that the report had been received. VCA states that the cash-on-hand figure of $11,670 reported in its first report was a clerical error based on treasurer misunderstanding and that an amendment was filed to provide the correct information. VCA states that the dates provided in the complaint regarding $8,700 in expenditures appear to be inaccurate because VCA has no knowledge of any ads airing prior to the first payment it made to KMJ Broadcasting.

According to VCA, the treasurer reported all partnership contributions but was unaware of the requirement to report the partnership allocations and the employer and occupation information. VCA states that it filed amended reports which provide this information. VCA indicates that the treasurer was not aware of the 24-hour notice reporting requirement or the requirement for disclaimers. VCA states that although disclaimers were not included on signs by the printer, the Committee hand wrote disclaimers on the signs as soon as it became aware of the requirement.

VCA also states that it did not knowingly accept any corporate contributions and the names of the organizations did not indicate possible corporate status. VCA states that when the question was raised, it immediately contacted the list of contributors in order to inquire whether the contributions came from corporate funds. VCA states that 10 contributions, totaling $1,845, were made from corporate accounts and that VCA immediately refunded the contributions. The respondent contributors responded either that their businesses were not corporations or that the businesses were corporations but that they had received refunds for their contributions.

This matter involves inexperienced players and is less significant relative to other matters pending before the Commission. There is no evidence of serious intent to violate FECA and remedial action was taken.

MUR 4199
VALLEY CITIZENS

The Tulare County Democratic Central Committee filed a complaint alleging that Valley Citizens for Accountability ("VCA") failed to file its 12 Day Pre-General Report, failed to report $11,670 in contributions and $8,700 in expenditures, accepted prohibited corporate contributions, failed to report the percentage allocation for partnership contributions, failed to provide employer and occupation information for partnerships, failed to report expenditures of $1,000 or more during the "24 Hour Notice" period, and failed to display clear and conspicuous disclaimers on campaign signs.

In its response, VCA indicates that it is a recently-formed organization and that the Committee's treasurer is an inexperienced volunteer. The Committee states that immediately upon discovery, reporting errors were corrected to whatever extent possible. VCA states that it had in fact filed its 12 Day Pre-General Report with the Commission and that the Reports Analysis Division verified that the report had been received. VCA states that the cash-on-hand figure of $11,670 reported in its first report was a clerical error based on treasurer misunderstanding and that an amendment was filed to provide the correct information. VCA states that the dates provided in the complaint regarding $8,700 in expenditures appear to be inaccurate because VCA has no knowledge of any ads airing prior to the first payment it made to KMJ Broadcasting.

According to VCA, the treasurer reported all partnership contributions but was unaware of the requirement to report the partnership allocations and the employer and occupation information. VCA states that it filed amended reports which provide this information. VCA indicates that the treasurer was not aware of the 24-hour notice reporting requirement or the requirement for disclaimers. VCA states that although disclaimers were not included on signs by the printer, the Committee hand wrote disclaimers on the signs as soon as it became aware of the requirement.

VCA also states that it did not knowingly accept any corporate contributions and the names of the organizations did not indicate possible corporate status. VCA states that when the question was raised, it immediately contacted the list of contributors in order to inquire whether the contributions came from corporate funds. VCA states that 10 contributions, totaling $1,845, were made from corporate accounts and that VCA immediately refunded the contributions. The respondent contributors responded either that their businesses were not corporations or that the businesses were corporations but that they had received refunds for their contributions.

This matter involves inexperienced players and is less significant relative to other matters pending before the Commission. There is no evidence of serious intent to violate FECA and remedial action was taken.

MUR 4199
VALLEY CITIZENS

The Tulare County Democratic Central Committee filed a complaint alleging that Valley Citizens for Accountability ("VCA") failed to file its 12 Day Pre-General Report, failed to report $11,670 in contributions and $8,700 in expenditures, accepted prohibited corporate contributions, failed to report the percentage allocation for partnership contributions, failed to provide employer and occupation information for partnerships, failed to report expenditures of $1,000 or more during the "24 Hour Notice" period, and failed to display clear and conspicuous disclaimers on campaign signs.

In its response, VCA indicates that it is a recently-formed organization and that the Committee's treasurer is an inexperienced volunteer. The Committee states that immediately upon discovery, reporting errors were corrected to whatever extent possible. VCA states that it had in fact filed its 12 Day Pre-General Report with the Commission and that the Reports Analysis Division verified that the report had been received. VCA states that the cash-on-hand figure of $11,670 reported in its first report was a clerical error based on treasurer misunderstanding and that an amendment was filed to provide the correct information. VCA states that the dates provided in the complaint regarding $8,700 in expenditures appear to be inaccurate because VCA has no knowledge of any ads airing prior to the first payment it made to KMJ Broadcasting.

According to VCA, the treasurer reported all partnership contributions but was unaware of the requirement to report the partnership allocations and the employer and occupation information. VCA states that it filed amended reports which provide this information. VCA indicates that the treasurer was not aware of the 24-hour notice reporting requirement or the requirement for disclaimers. VCA states that although disclaimers were not included on signs by the printer, the Committee hand wrote disclaimers on the signs as soon as it became aware of the requirement.

VCA also states that it did not knowingly accept any corporate contributions and the names of the organizations did not indicate possible corporate status. VCA states that when the question was raised, it immediately contacted the list of contributors in order to inquire whether the contributions came from corporate funds. VCA states that 10 contributions, totaling $1,845, were made from corporate accounts and that VCA immediately refunded the contributions. The respondent contributors responded either that their businesses were not corporations or that the businesses were corporations but that they had received refunds for their contributions.

This matter involves inexperienced players and is less significant relative to other matters pending before the Commission. There is no evidence of serious intent to violate FECA and remedial action was taken.

MUR 4199
VALLEY CITIZENS

The Tulare County Democratic Central Committee filed a complaint alleging that Valley Citizens for Accountability ("VCA") failed to file its 12 Day Pre-General Report, failed to report $11,670 in contributions and $8,700 in expenditures, accepted prohibited corporate contributions, failed to report the percentage allocation for partnership contributions, failed to provide employer and occupation information for partnerships, failed to report expenditures of $1,000 or more during the "24 Hour Notice" period, and failed to display clear and conspicuous disclaimers on campaign signs.

In its response, VCA indicates that it is a recently-formed organization and that the Committee's treasurer is an inexperienced volunteer. The Committee states that immediately upon discovery, reporting errors were corrected to whatever extent possible. VCA states that it had in fact filed its 12 Day Pre-General Report with the Commission and that the Reports Analysis Division verified that the report had been received. VCA states that the cash-on-hand figure of $11,670 reported in its first report was a clerical error based on treasurer misunderstanding and that an amendment was filed to provide the correct information. VCA states that the dates provided in the complaint regarding $8,700 in expenditures appear to be inaccurate because VCA has no knowledge of any ads airing prior to the first payment it made to KMJ Broadcasting.

According to VCA, the treasurer reported all partnership contributions but was unaware of the requirement to report the partnership allocations and the employer and occupation information. VCA states that it filed amended reports which provide this information. VCA indicates that the treasurer was not aware of the 24-hour notice reporting requirement or the requirement for disclaimers. VCA states that although disclaimers were not included on signs by the printer, the Committee hand wrote disclaimers on the signs as soon as it became aware of the requirement.

VCA also states that it did not knowingly accept any corporate contributions and the names of the organizations did not indicate possible corporate status. VCA states that when the question was raised, it immediately contacted the list of contributors in order to inquire whether the contributions came from corporate funds. VCA states that 10 contributions, totaling $1,845, were made from corporate accounts and that VCA immediately refunded the contributions. The respondent contributors responded either that their businesses were not corporations or that the businesses were corporations but that they had received refunds for their contributions.

This matter involves inexperienced players and is less significant relative to other matters pending before the Commission. There is no evidence of serious intent to violate FECA and remedial action was taken.

MUR 4199
VALLEY CITIZENS

The Tulare County Democratic Central Committee filed a complaint alleging that Valley Citizens for Accountability ("VCA") failed to file its 12 Day Pre-General Report, failed to report $11,670 in contributions and $8,700 in expenditures, accepted prohibited corporate contributions, failed to report the percentage allocation for partnership contributions, failed to provide employer and occupation information for partnerships, failed to report expenditures of $1,000 or more during the "24 Hour Notice" period, and failed to display clear and conspicuous disclaimers on campaign signs.

In its response, VCA indicates that it is a recently-formed organization and that the Committee's treasurer is an inexperienced volunteer. The Committee states that immediately upon discovery, reporting errors were corrected to whatever extent possible. VCA states that it had in fact filed its 12 Day Pre-General Report with the Commission and that the Reports Analysis Division verified that the report had been received. VCA states that the cash-on-hand figure of $11,670 reported in its first report was a clerical error based on treasurer misunderstanding and that an amendment was filed to provide the correct information. VCA states that the dates provided in the complaint regarding $8,700 in expenditures appear to be inaccurate because VCA has no knowledge of any ads airing prior to the first payment it made to KMJ Broadcasting.

According to VCA, the treasurer reported all partnership contributions but was unaware of the requirement to report the partnership allocations and the employer and occupation information. VCA states that it filed amended reports which provide this information. VCA indicates that the treasurer was not aware of the 24-hour notice reporting requirement or the requirement for disclaimers. VCA states that although disclaimers were not included on signs by the printer, the Committee hand wrote disclaimers on the signs as soon as it became aware of the requirement.

VCA also states that it did not knowingly accept any corporate contributions and the names of the organizations did not indicate possible corporate status. VCA states that when the question was raised, it immediately contacted the list of contributors in order to inquire whether the contributions came from corporate funds. VCA states that 10 contributions, totaling $1,845, were made from corporate accounts and that VCA immediately refunded the contributions. The respondent contributors responded either that their businesses were not corporations or that the businesses were corporations but that they had received refunds for their contributions.

This matter involves inexperienced players and is less significant relative to other matters pending before the Commission. There is no evidence of serious intent to violate FECA and remedial action was taken.
