Re: MUR 4546 (Friends for Jack Metcalf Committee)

Dear Ms. Meeker:

Enclosed please find the response of Friends for Jack Metcalf and Frank McCord, treasurer, to the FEC's Order to Answer Questions and Subpoena to Produce Documents in MUR 4546. This transmittal letter provides a brief narrative description of the relevant activities of Friends for Jack Metcalf. In addition, a point-by-point reply from the campaign to the FEC's Interrogatories and Request for Documents is attached at Tab 1. Supporting affidavits from individuals with personal knowledge of the events and documents at issue follow at Tab 2, and the responsive documents you requested are included at Tabs 3A-3O.

This is the first formal submission to the FEC that provides an extended explanation of the Metcalf campaign's efforts to obtain occupation and employer information for campaign contributors. As explained in the attached statement submitted by Kevin McDermott, he mistakenly thought his contacts and submissions to the FEC Reports Analyst would be considered responsive to the Complaint. McDermott St. ¶ 16. While the efforts of Friends for Jack Metcalf to convey information to the FEC were incomplete, this fact should not be interpreted as evidence of disregard for the FEC enforcement process or the importance of providing clear, complete and timely information to the FEC. As the attached statements and documents show, campaign staff attempted to obtain complete occupation and employer information for campaign contributors using a variety of means, and contacted the FEC several times regarding its efforts.

During the 1995-96 election cycle, Friends for Jack Metcalf used the CPA firm of Davis & Jonas to file their FEC reports. Jonas St. ¶ 1; Kruse St. ¶¶ 1-7; McDermott St. ¶ 4. As Sally Kruse, a secretary at the firm, input information from contribution checks into the campaign's database, she would note those contributors for whom the committee lacked identification information, including missing addresses and occupation and employer information. Kruse St.

¶ 4. She would notify the campaign of what information she needed. Kruse St. ¶ 4; McDermott St. ¶ 5; Strom St. ¶ 7. She would occasionally send notes to the campaign listing the information she needed. An example is attached at Tab 3C. The campaign staff would make calls to find the information, then contact Kruse. McDermott St. ¶ 6; Strom St. ¶ 8; Kruse St. ¶ 5; see also Tab 3D (note conveying contributor information). Kruse would input that information into the committee's computer program and file it in her files for future reference. Kruse St. ¶¶ 5-6; see also Tab 3E (contribution checks copies annotated by Kruse).

In July of 1996, after the committee received a notice from the FEC, Kevin McDermott called the RAD analyst named in the letter, Tracy (Slade) Tiell, and asked her what the committee should do. McDermott St. ¶ 7. He recalls that Tiell recommended that the committee send a letter to contributors who had not provided that information, requesting that they do so. McDermott St. ¶ 7. McDermott drafted a form letter and sent it to those contributors for whom the committee lacked occupation and employer information, using the committee's FEC reports as a mailing list. McDermott St. ¶ 7-8; see also Strom St. ¶ 6. A copy of this letter is attached at Tab 3F. Kevin McDermott also asked campaign staff and volunteers to help obtain the information. McDermott St. ¶ 10; Strom St. ¶ 5. After the Committee received its copy of the Democratic Party's complaint in November, McDermott again called Tiell to ask her what they should do. McDermott St. ¶ 13. McDermott recalls being told at that time that the campaign's reports should be amended to add the occupation and employer information. McDermott St. ¶ 13. The campaign went through its records, asked staff to identify donors, and filed amendments in May to the reports for which it had received notices. Kruse St. ¶ 7; Moore ¶¶ 5-6.

The complaint in MUR 4546 inaccurately accuses Friends For Jack Metcalf of deliberately concealing the sources of its funds. Friends for Jack Metcalf fully disclosed each contributor's name and the contributor's identification information that accompanied each contribution. When identification information was missing, campaign staff attempted to obtain the information through a variety of means. Moreover, as demonstrated by amendments to the Committee's reports, there is no evidence that Friends for Jack Metcalf was "concealing" support from a particular special interest. See Tab 3N (amended reports).

At present, Friends for Jack Metcalf has continued its efforts, and has amended its 1996 reports so that all but eleven of its reported donors for the entire year are listed with occupation and employer information. The committee has also instituted procedures designed to ensure that future reports contain occupation and employer information for campaign donors. See Strow St. ¶ 9; Tabs 3J, 3K & 3M (present guidelines, contributor follow-up letters; and donor envelope).

Enclosures: Friends for Jack Metcalf Committee Response to FEC Interrogatories and
Request for Documents (Tab 1)
Statements (Tab 2)
Documents (Tab 3)

MUR 4546

Friends for Jack Metcalf Committee

Responses to Interrogatories and Request for Documents

1. I, Christopher Strow, am Administrative Assistant to Congressman Jack Metcalf. I have been asked by Congressman Metcalf to compile a response for the committee in this matter. This submission provides a point-by-point response to the interrogatories and document requests propounded by the FEC in its October 2, 1997 letter to Friends for Jack Metcalf.
2. I have examined campaign records and talked with campaign staff to provide complete responses to your inquiries. I have also provided a separate statement detailing the places I searched and the people I contacted in order to obtain the documents requested by the Commission. See Strow St. ¶¶ 2-8.
3. In Request 1 we were asked: "Provide all documents in your possession describing or relating to all written solicitations for the 1995-1996 election cycle, including, but not limited to, copies of each such solicitation." Copies of any written solicitations we located are provided at Tab 3I and 3L. Copies of Metcalf campaign donor cards are provided at Tab 3A and 3B. Although Kevin McDermott, the campaign manager, has recognized both versions as ones used in 1996, he could not state specifically which version was used on which occasions. McDermott St. ¶ 3.
4. Request 2 asked : "For the time period identified in the instructions [January 1, 1996 to December 1, 1996] describe the process or processes used to obtain missing employer and occupation information from contributors who gave over \$200 annually. In addition, for each process described, list and identify: (a) each person who participated in the process, including the

person or persons responsible for overseeing the process; (b) the time period during which each process was used; (c) what information was obtained; (d) what follow up, if any, was performed based on information received; including, but not limited to, the filing of amendments to reports." In general, the contributions were collected from the campaign's post office box by either Kris Wilder or Kevin McDermott. They were then entered in the computer and deposited by Sally Kruse of the accounting firm of Davis & Jonas. If occupation and employer information was missing, Sally contacted the campaign office, usually Kevin McDermott, and asked the campaign to obtain the information. Kevin, Erik Strom, and campaign volunteers would make calls and inquiries to get the information. Strom St. ¶¶ 5-8, McDermott St. ¶¶ 2, 4-6, Kruse St. ¶¶ 4,5.

5. After the campaign received a notice from the FEC in July of 1996, Kevin also sent a form letter to contributors asking them to provide the campaign with their occupation and employer information, using the committee's FEC reports as a list. McDermott St. ¶¶ 7-8, Strom St. ¶ 6, Tab 3F (copy of letter). McDermott recalls sending this letter in late July or early August. McDermott St. ¶ 8.

6. Any occupation and employer information for contributors obtained by McDermott, Strom, or other campaign workers was then provided to Sally Kruse at Davis & Jonas, sometimes by phone and sometimes by faxed note. See Tab 3D (copy of note). Sally would input the information into the computer. She would also note the information on the copy of the check in the Metcalf campaign's files. See Tab 3E.

7. Amendments to the FEC reports of Friends for Jack Metcalf were filed in May of 1997 and in November of 1997. They are attached at Tab 3N.

8. Request 3 asked us to "[p]rovide all documents in your possession describing or relating to any process or processes used to obtain missing employer and occupation information." The document at Tab 3C is a note from Sally Kruse to Kevin McDermott requesting information on contributors. There were a number of other notes like this which cannot be located and are presumed to have been discarded. Strom St. ¶¶ 7, 10 .

Tab 3D is a note from Kevin McDermott to Sally Kruse with information about donors he is providing in response to a request from Sally. Tab 3E contains copies of Metcalf contribution checks, with notes by Sally Kruse containing occupation and employer information. Tab 3F contains a copy of the form letter Kevin McDermott sent to donors to obtain occupation and employer information.

9. Tab 3J shows the procedure currently in place by which this information is obtained. Tab 3K contains copies of recent follow-up inquiries sent to donors for whom the committee does not have occupation and employers recorded. Tab 3M is a copy of the current Metcalf contribution envelope.

10. Request 4 asked: "To the extent not previously given, provide: (a) all incoming and outgoing documents relating to attempts to obtain missing employer and occupation information, (b) documentation or oral contacts with contributors in an attempt to obtain missing employer and occupation information." Most of the documents we were able to locate are referenced in response to the above requests. Documentation of oral contacts with contributors is indirectly reflected in the notes at Tab 3D, a note in which Kevin McDermott conveyed information obtained by campaign staff to Sally Kruse. Sally Kruse annotated her contributor records with this information. See Tab 3E. Also, several witnesses recall that calls to contributors to obtain this information were made. McDermott St. ¶ 10, Strom St. ¶ 5; Moore St. ¶ 4. No other

written documentation of oral contacts could be found. Any other documents were probably discarded at the close of the campaign. See Strom St. ¶ 10.

11. Request 5 asked us to "[l]ist each contributor who was requested to provide occupation and/or employer information that was not provided with the contribution. For each contributor listed, include: (a) the dates this information was requested; (b) by what method the information was requested; (c) the name of the individual who contacted these contributors; (d) whether or not any response was received and on what date; (e) what information was contained in that response." Kevin McDermott recalls sending a letter in late July or early August to contributors for whom occupation and employer information had not at that time been reported. McDermott St. ¶¶ 7-9; Strom St. ¶ 6. For that mailing, he used the committee's FEC reports. Amended copies of the committee's 1996 reports are at Tab 3N. Kevin McDermott recalls receiving a few responses, but has no specific recollection what responses were received. McDermott St. ¶ 9. Follow-up phone calls were also made by campaign staff throughout the remainder of the campaign. McDermott St. ¶ 10; Strom St. ¶ 5.

12. At Tab 3O is a list of the contributors for whom Friends for Jack Metcalf did not initially report occupation and employer information. This list was provided by Davis & Jonas. With each contributor listed is the date of the amendment that provides this information.

13. Any notes, lists, or other documents that would provide specific information about which contributors were contacted at which times – apart from those few notes provided here – cannot be found and were probably discarded at the close of the campaign.

14. Request 6 - 8 asks us to state whether amendments were filed to the April, July, and October 1996 Quarterly Reports to add additional employer and/or contributor information; if yes, to please state when the amendment or amendments were filed and provide a copy of each

amendment; and if no, to please explain. Amendments to the April, July, and October 1996 Quarterly Reports, as well as the other committee reports filed in 1996, were filed via overnight delivery on November 20, 1997. Copies are provided at Tab 3N.

15. Request 9 asks us to identify each person who participated in the preparation, completion, and filing of the 1996 Quarterly Reports for April, July, and October. Sally Kruse and Don Jonas of Davis & Jonas prepared the reports. They obtained the reporting information from the contributions, and requested any missing information from the campaign, specifically Kevin McDermott. Assisting Kevin McDermott was Erik Strom. Campaign volunteers also helped by assembling mailings and making phone calls. No one involved in this effort can recall the names of particular volunteers who helped with these activities. The amendments were also prepared by Sally Kruse and Don Jonas of Davis & Jonas, using information from the committee's files, information obtained by campaign staff as described above, and information known to other Metcalf staff. See Moore St. ¶ 5.

Statement of Don Jonas

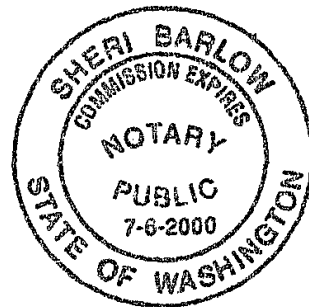

1. I, Don Jonas, am a CPA with the firm of Davis & Jonas. My firm prepared the FEC reports and kept the books for Friends for Jack Metcalf since its formation.
2. My office would receive incoming contribution after the campaign mail was opened. Sally Kruse would input the information, and contact the campaign if we needed additional information to complete the reports.
3. I have provided a schedule that lists the separate contributions for which the campaign lacked occupation and employer information when originally reported with the FEC. [See Tab 3O]. The date we amended the FEC schedules with the occupation and employer information is also listed.
4. I have also provided copies of our amended reports filed on May 20, 1997 and November 20, 1997. [See Tab 3N]. These amended reports incorporate occupation and employer information obtained by the campaign staff.

Statement of Sally Kruse

1. My name is Sally Kruse, and I am a secretary at Davis & Jonas. I worked with Don Jonas to complete the FEC filings for Friends for Jack Metcalf.
2. Kevin McDermott and Kris Wilder were the campaign staff members who usually delivered contributions to our office, after they had picked up mail from the campaign post office box. They would open the mail and copy the contribution checks. They would leave the copies and the original checks with me. If the contribution reply envelopes had postage affixed, the campaign returned them to the post office to obtain postage credit for them.
3. I entered the contributor information into a computer program, and deposited the checks.
4. For contributions of over \$200, I requested occupation and employer information from the campaign. I sometimes made lists for the campaign staff to use to obtain occupation and employer information for me. I would either write these lists out longhand or type them on a typewriter. I would then fax the list to the campaign office. I found one of these lists in my files, and have provided a copy of it. [See Tab 3C]. At other times, I would just call the campaign office with the names of contributors.
5. When the campaign found occupation or employer information for a donor, Kevin McDermott would usually call me with the information. Occasionally he would write me a note back with the information. I found such a note in my files, and have provided a copy of it. [See Tab 3D]. I then input the information onto the campaign's database. This information would be included when the contributions were reported on the next FEC report.

If the contribution had already been reported, I input the information into the database in case the campaign received another contribution from the same person.

6. I also noted the information with the copies of the checks from the deposit. I have provided copies of these notes. [See Tab 3E].
7. Our office responded to two notices from the FEC seeking amendments to FEC reports for occupation and employer information, by filing amendments on May 20, 1997. [See Tab 3N]. To the best of my knowledge we responded to all FEC requests.

Statement of Kevin McDermott

1. I, Kevin McDermott, served as Congressman Jack Metcalf's campaign manager for his 1996 reelection campaign. I served in this position from February 2, 1996 to about November 20, 1996. I was responsible for the overall day-to-day management of the campaign.
2. Among my responsibilities was to pick up and sort the mail delivered to the campaign's mailbox. I would receive the mail from the post office box, then take it to the Davis & Jonas CPA office next door, where I would sort the mail. When campaign contributions arrived, I would leave the checks and copies of any identification information with Davis & Jonas. Envelopes with address changes, and donor envelopes with other information required to update our direct mailing lists were given to Kris Wilder.
3. Kris Wilder contracted with Friends for Jack Metcalf to provide direct mail services. The direct mail effort began before I joined the campaign. Kris Wilder printed the materials for the direct mail, including a multipurpose business reply envelope for the campaign's use. I recognize both the "Thank You! Metcalf '96" envelope and the envelope used to record the contribution of Hernan Etcheto as envelopes that were used by the campaign. [See Tabs 3A & 3B.] I cannot recall on what occasions each particular envelope was used.
4. Davis & Jonas was responsible for compiling and filing the FEC reports for Friends for Jack Metcalf. I recall that the firm was hired by the Committee in part to prevent reporting problems such as those experienced by previous campaign committees authorized by Congressman Metcalf.
5. Sally Kruse input donor information onto the Davis & Jonas computer system. She would note what information was missing for contributors, and would contact the campaign so that

we could obtain the information for the reports. Sometimes Sally wrote notes to the campaign staff requesting this information. Although I do not recognize it specifically, the typewritten note addressed to me requesting information on "Port Blakely Tree Farms LP" looks like one of these notes. [See Tab 3C.] Other times, Sally would call and request information from campaign staff over the telephone.

6. Erik Strom helped me obtain this information for Sally, as did volunteers who helped out in the campaign office. I would usually call Sally with the information. Sometimes, I wrote the information down and faxed it to her. The note containing information about "John Postema" is in my handwriting and would have been one of the notes I wrote her to give her donor information. [See Tab 3D].
7. In July of 1996, the Committee received a letter from the FEC requesting occupation and employer information for donors reported on our FEC reports. I discussed this letter with Don Jonas and Sally Kruse. I then called the FEC staff analyst who signed the letter, Tracy (Slade) Tiell. I asked her what we should do. She recommended that we send a follow-up letter to all donors for whom we lacked occupation and employer information, asking them to provide the information. I drafted a form letter containing this request, and followed our general practice of having volunteers copy the letters, stuff them into envelopes, and address the envelopes by hand. I recall using our FEC reports for an address list. The letter were then mailed to the donors.
8. I provided a copy of the letter sent to donors to the FEC. [See Tab 3F.] Although that copy was dated October 16, 1996, copies like it were sent out earlier than that date. I recall letters being sent in late July or early August in the large mailing to all donors on our FEC reports for whom we lacked occupation and employer information. The copy forwarded to the FEC

shows the "October 16, 1996" date because the letter was written with a date code feature that would update the date each time the letter was printed. The feature was part of the letter template I used for my campaign correspondence. The letter was written on a rented computer that has since been returned, and I did not keep a copy on a disk to demonstrate how the document was configured.

9. I received a few responses from this letter, which I then forwarded to Sally Kruse so she could input the information into our computer files.
10. The campaign staff at my direction also obtained occupation and employer information for donors by looking the names up in local directories and by calling them directly. I recall that Erik Strom helped me with this project.
11. I first learned about the complaint filed by the Washington State Democratic Party in October, when our campaign was called by local press seeking comment on the complaint. We also received a copy of the complaint from the FEC.
12. After the election, I packed the campaign office with Erik Strom. We kept about 6 boxes of campaign materials, which were stored in campaign office space in Everett, Washington.
13. I left Washington State after the campaign. As the FEC would contact the campaign about its filings, I recall being called by Lew Moore. I recall then called Tracy Tiell at the FEC, and in a series of conversations with her I attempted to rectify the situation. In these conversations, I asked her about what steps the Committee should take. She said that we should amend our reports. Since I was no longer in Everett, Washington, I recall that I passed her advice along to Metcalf's district staff. It is my understanding that the campaign obtained additional occupation and employer information and amended the committee's reports.

14. I was never advised to contact any other staff person at the FEC. I continued to contact Tracy Tiell because she had been my contact throughout the election cycle, and I thought she was the staff person who would be most able to help me with my questions.

15. In particular, Tracy Tiell suggested that our committee file a description with the FEC of the present procedures we used to obtain occupation and employer information for donors.

Accordingly, on June 30, 1997, I wrote the FEC with a description of this process. [Tab 3G]

16. I anticipated that the amendments and these other responses to the FEC were under consideration for all matters related to Friends for Jack Metcalf, including the complaint filed by the Washington State Democratic Party.

Statement of Lew Moore

1. I, Lew Moore, am Chief of Staff for Congressman Jack Metcalf. I have held this position since July 1, 1995.
2. I volunteered my spare time to assist Congressman Metcalf's reelection campaign. I drafted speeches, and attended events and strategy meetings.
3. The first notice I had that our campaign's FEC filings had not properly identified the occupation and employer of donors was when local news reporters made inquiries about the complaint filed with the FEC by the Washington State Democratic Party.
4. I contacted Kevin McDermott and we discussed what measures should be taken to remedy the problem. We agreed that calls should be made to donors to obtain the necessary occupation and employer information from them. It was my understanding that we used campaign workers to make these calls.
5. In late November or early December, I received a printout of the names of donors for whom we did not have occupation and employer information from Sally Kruse. I read over the list, and could provide the information for several donors. I filled the information in and returned the list to Sally.
6. It was my understanding that the information from the phone calls and from reviewing the list of donors would be incorporated into amendments of our FEC reports.
7. I recall speaking with Kevin McDermott several times about whether the campaign's FEC filings were being corrected. He assured me that he was in touch with the FEC and that he

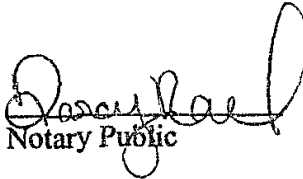

was doing what the FEC asked him to do to resolve the issue. In fact, in early 1997, I specifically remember seeing Kevin McDermott talking with the FEC over the telephone about our FEC reports.

1. I, Kirk Pearson, served as the Field Director for Congressman Metcalf's 1996 reelection campaign. My duties involved recruiting volunteers, setting up phone banks, distributing signs, and other similar grassroots activities. I served in this position from October 1, 1996 to Election Day, 1996.
2. I have in my house a campaign computer from the Metcalf campaign. On November 17, 1997, Chris Strow visited my home and downloaded the Metcalf campaign documents that were stored on this computer onto a floppy disk. From what I observed, he made no changes to any documents he downloaded from the campaign computer.

Statement of Erik Strom

1. I, Erik Strom, served as Finance Director for Congressman Jack Metcalf's 1996 campaign, from September 1, 1996 through November 30, 1996. I arranged fundraising events for Jack Metcalf, and accompanied Congressman Metcalf to these events. I reported to Kevin McDermott, the Campaign Manager.
2. We planned fundraising events out of our campaign office. We used our campaign computer to create some of our invitations. Event invitations consisted of a card with the date, time and place of the event, a contribution amount, and a number for RSVPs. We did not usually mail a business reply envelope with the invitation.
3. We usually collected identification information from donors when they gave us their contributions. We tried to obtain business cards from donors. We also provided envelopes at events for donors to fill out.
4. I recognize the format of the "Thank You! Metcalf '96" envelopes as resembling the envelopes used at events. [See Tab A].
5. Soon after I arrived in September, Kevin McDermott gave me a list of names of donors for whom the campaign did not have complete information. In some cases we needed addresses, and in others we needed occupation and employer information. Kevin asked me to get this information. I worked with Kevin, Sally Kruse and campaign volunteers to make calls to obtain this information.
6. While working on the campaign, I saw a form letter that Kevin sent to donors requesting occupation and employer information. It looked like a letter that I recently

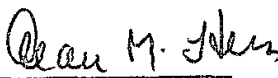

was shown that was dated October 16, 1996. [See Tab F]. I recall that such a letter was sent to contributors in an effort to obtain occupation and employer information, but I do not recall when the letter was sent.

7. I also recall Sally Kruse calling the campaign office with names of donors, to ask us to find addresses and occupation and employer information for them. Sally also sent Kevin notes with names of donors for us to research. I have recently seen a note requesting information on Port Blakely Tree Farms, among others. [See Tab C]. I recall seeing this particular note during the campaign, as well as others like it.
8. We would find what information we could about donors, and call Sally back with the information. I have seen a handwritten note from Kevin to Sally with John Postema listed on it. This looks like a note containing information about donors that Kevin would have given Sally. [See Tab D].
9. I recall discussing with Kevin McDermott his telephone calls with the FEC. I understood from Kevin that we needed occupation and employer information from donors to satisfy FEC requests. Kevin told me that we were doing what the FEC wanted the campaign to do to resolve our filing problems with the FEC.
10. Kevin McDermott and I packed the campaign office after Election Day. We did not have much time, because the building's landlord wanted us to vacate the office space. We discarded most of the campaign material in the office.

Statement of Christopher Strow

1. My name is Christopher Strow and I am Congressman Metcalf's Administrative Assistant.
2. In October, 1997, I volunteered to assist the Congressman in collecting the documents requested by the FEC in its letter dated October 2, 1997.
3. I have inspected the campaign documents stored in Everett, Washington for any materials responsive to the Subpoena. I found about nine boxes of documents in total; 4 from the 1994 campaign and 5 from the 1996 campaign.
4. I also inspected the campaign computer stored with these boxes, and the desk in storage that was used in the campaign.
5. I inspected the Metcalf files at Davis & Jonas, the campaign's accounting firm.
6. I inspected a campaign computer stored at the home of Kirk Pearson in Everett, Washington, on the evening of November 17, 1997. I copied the documents on this computer onto a floppy disk, which I delivered to counsel. I tried unsuccessfully to open some documents to ascertain their relevance in this matter, but I did not alter the text of any document. [See Tab 3L].
7. In an effort to locate all responsive documents, I contacted Kevin McDermott, the campaign manager; Kirk Pearson, the campaign field director; Don Jonas and Sally Kruse of Davis & Jonas; Erik Strom, the campaign finance director; Lew Moore, Congressman Metcalf's Chief of Staff; Kris Wilder, who provided Friends for Metcalf with direct mail services; Rescon, the campaign mail house; Jerry Moirer, a printer used by the campaign in Everett,

Washington, and Raquel Vidal, a campaign volunteer. I have asked each of these individuals to provide me with copies of any responsive documents they may have in their possession.

8. I have turned over originals or copies of any responsive documents I have located to our counsel, to be submitted with the Friends for Jack Metcalf subpoena response in MUR 4546. [See Tab 3I].

9. In preparation for Congressman Metcalf's 1998 reelection campaign, I have issued guidelines for campaign staff and accountants to follow so that future FEC reports are completed in accord with the requirements of federal law. [See Tab 3J]. I also am aware that the campaign's accountants have mailed requests for information to donors for whom the campaign still lacks occupation and employee information. [See Tab 3K]. I have also provided a copy of the donor envelope currently used by the Metcalf campaign. [See Tab 3M].

Dear Friend,

I would like to thank you for your very generous contribution to the Friends for Jack Metcalf campaign committee. Federal law requires that we ask for the occupation for those who contribute over \$200. We would appreciate it if you could return the enclosed envelop with the appropriate information as soon as possible. Again, thank you for your support and sorry for the inconvenience.

Dear Friend,

I'm pleased to write to thank you for your support and for the years of effort implementing the principles in which we believe.

As you know, the campaign really begins about Labor Day, and this year the fate of the nation hangs in the balance! In the crucial 1994 election we won the majority in the House, and the opportunity finally to begin downsizing Federal government spending and balancing the Budget by the year 2002.

We must maintain the majority in the House! It is absolutely unacceptable to return power to the very liberal Democrat House leadership that brought this nation to the brink of fiscal ruin. Balancing the budget is a moral imperative for the future of our children and grandchildren - and we will balance the budget!

My campaign is doing well, but I have one deep concern: the last reporting period showed my opponent with \$10,000 more money on hand than we have. The only thing that stands in the way of my reelection is the danger of being outspent as I have been in the past. However, I know I can count on your continued support.

Sincerely,
Jack Metcalf

P.S. I've enclosed a bumper sticker - thanks for displaying it as a public statement

Dear Friend,

I have some bad news to report. We where expecting the Republican Party to come through with the legal maximum assistance of \$60,000, they are only going to provide us with one half of the that amount \$30,000.

We must make up the \$30,000 in order to counteract the completely false ads now being run against me.

These ads paid for and produced by the guardians of the status quo are an attempt to undo all that we have done over the last two years.

The changes we've made are truly historic. We've passed the first balanced budget in over 30 years, and enacted meaningful welfare reform. 65% of the Contract With America is now law.

If our opponents have their way the people who would likely chair key committees in the House of Representatives will be the most liberal group of chairman ever. The agenda will be clear, higher taxes, increased regulation, greater intrusion in all parts of our daily lives, and the trimming of wasteful government programs will be gone.

As always I appreciate everything you have done to help with the campaign and now I must ask again for your financial help again. It is pretty simple. The party cannot help us now, we must do it on our own.

You know the stakes, so I ask you to please help with the shortfall by sending in your most generous contribution - today.

We cannot fail on November 5th. The economic stability of our nation depends on our ability to balance the budget. We cannot afford to return to policies of tax and over spend, it simply puts our future at risk.

Thank you in advance.

Sincerely,

Jack Metcalf

1. The first step is to identify the problem or question that needs to be addressed. This involves understanding the context and the specific requirements of the task.

2. Next, it is important to gather relevant information and resources. This may include researching existing solutions, consulting with experts, or collecting data.

3. Once the information is gathered, the next step is to analyze it and develop a plan. This involves breaking down the problem into smaller, manageable parts and determining the best approach to solve each part.

4. After the plan is developed, the next step is to implement it. This involves putting the plan into action and monitoring the progress to ensure that the solution is effective.

5. Finally, it is important to evaluate the results and make any necessary adjustments. This involves comparing the actual results with the expected outcomes and identifying any areas for improvement.

RE: Procedural Recommendations Regarding Contributions

As I have tentatively agreed to serve as Congressman Metcalf's Campaign Manager in 1998, I would like to share with you some recommendations I have after looking at our 1996 procedures for reporting contribution information:

Firstly, I would like to see a letter requesting all information not reported, generated and mailed by our accounting firm as soon as a contribution is received.

Secondly, should the letter not generate a response within 15 working days, our accounting firm should follow up with a telephone call. If no telephone number is provided, the accounting firm should attempt to locate both a home and business (if applicable) number from directory assistance. This telephone contact must be documented in writing.

Finally, should the preceding step not generate the appropriate response, the accounting firm should notify a campaign official immediately who will attempt to find another solution to acquiring accurate information on the contributor.

If these steps are followed, we will meet the best effort guidelines set by the Federal Election Commission

Two important points of clarification:

Any time contributor information is garnered after an FEC report is filed, an amendment should be filed to that report.

I would like to see a goal of 95% as being the minimum standard of reporting of FEC contributor information for all future reports.

RE: Procedural Recommendations Regarding Record-Keeping

As I looked through our records from the 1996 campaign, it was clear we were unable to reconstruct relevant information requested by the Federal Election Commission. I would like to see the following steps taken to make sure we have appropriate records of all future contributions.

The accounting firm should copy all materials received with a campaign contribution such as the business return envelope, business card, or correspondence as well as the return address on the outside of the envelope in which the contribution was delivered. In cases where the contribution is received by someone other than the accounting firm, the contribution should be forwarded with all collateral material to the accounting firm.

All collateral materials should be returned to the campaign once both the deposit and the copies have been made.

Dear Realtor:

In just a few weeks we will be making a clear decision on the future of our nation - especially in the race for congress.

Congressman Jack Metcalf is a friend of business and especially the real estate community. Endorsements are plenty including the Washington State Realtors, the National Federation of Independent Buisness, the U.S. Chamber of Commerce and the National Tax Limitation Committee. Additionally, Jack sits on the Small Business Committee in the House of Representatives and is a consitent voice for lowering government intrusion and regulation in the work place.

The opposition's agenda is also clear. It includes higher taxes, increased federal intrusion and heavier environmental rgualtions. Let's not make the mistake of going in this direction. Please help me keep Jack Metcalf in Congress. Jack has been the best friend of small business and realtors this distirct has seen in over 25 years.

Right now Jack needs you help to counter television attack ads by the opposition. Any amount is appreciated, but checks of \$100, \$250, or even \$1,000 really make a difference.

Enclosed is an envelope for you contribution. Jack thanks you and I thank you.

Sincerely,

Hank Robinett

Dear Doctor:

Imagine this future scenario, it is the day after this November's election -- just a few short weeks away -- and California Congressman Pete Stark (author of Stark I and Stark II) is now the chairman of the Ways and Means Subcommittee on Health in the House of Representatives.

What does this mean to you? Hello socialized medicine and good-bye to a repeal of Stark laws.

This doesn't have to be the case. I believe we should be attempting to repeal the complicated Stark provisions. This is an issue the Congress has been discussing and, if election day goes well, we may have a shot at repealing them. I understand how silly these administrative burdens are and want to free you up to do what you have committed your professional career to doing -- practicing medicine.

Many of you have talked straight with me about how frustrating it is to try and comply with the ill-advised Stark provisions, now I want to talk straight with you. If enough Republicans lose their races this November, not only will Stark I and Stark II NOT be repealed, but they would serve as harbingers for Stark III and Rep. Stark will become the chairman of the Health Subcommittee.

Democrats, Republicans, and Independents should all realize that Pete Stark has not and WILL NOT be a friend to the health community. The reality is, if the Republicans lose control of the House, Rep. Pete Stark returns as chairman of the Subcommittee and will be controlling health care, including Medicare.

Rep. Pete Stark will be inflicting more confusing and insulting regulations on you which, if violated, could carry a civil penalty of up to \$15,000 per claim and possible exclusion from the Medicare and Medicaid program. You deserve better.

Now picture another scenario, it's the day of the election and you've helped me protect this seat, and maintain the Republican majority in the House of Representatives. Together we:

- * Fight to repeal the Stark law provisions passed in 1989 and 1993.
- * Work for the Balanced Budget Act which includes exemptions for a clinical laboratory in a physician's office from CLIA requirements.
- * Protect Medicare from bankruptcy and avoid rationing health care.
- * Work for common sense medical malpractice reform.

In fact, we have already made significant progress to:

- * Loosen anti-trust laws to allow physicians and hospitals to join together in Provider-Sponsored Organizations (PSO's).
- * Establish Medical Savings Accounts (MSAs).
- * Address balanced billing concerns of physicians.
- * Allow physicians to communicate with their patients without interference.

All of these, plus increasing physician flexibility and relief from burdensome regulations, are vital steps toward better patient care.

If you are tired of the threat of socializing the finest health care system of the world, I am asking you to help retain me as your congressman. If you believe in what we are doing, please help me to counter the deceiving attacks of the opposition and the allies of socialized health care. Any amount is appreciated, but checks of \$100, \$250, or even \$1,000 really make a difference.

The time has come for doing the right thing. The time has come to start making decisions that are right for America and Washington State.

I hope to hear from you. Thank you again,

Sincerely,

Jack Metcalf

Dear Mr. Stuchell:

Thanks for taking my call on Friday, it was good to talk with you.

As you may know, Jack did very well in the primary election last Tuesday garnering around 53% of the vote. While we were pleased with the outcome, we fully realize that we have a long way to go before we are in a comfortable position. The fact is our opponent could steal this election unless we are able to have a large grassroots effort before the November 5th election.

You may have seen the television ads attacking Jack in the primary. We expect the same kind of negative response coming soon for the general election. But we can only counter these ads with your support. A contribution of \$100, \$250 or even \$500 would go a long way to help us share Jack's positive message -- downsize the federal government, bring authority back to the local level, and balance the budget.

Thanks again for your help, it will go a long way to insure victory, but more important to maintain Jack's voice for us in the other Washington. Once again it was great talking with you, and thanks for letting us have your old office!

Dear Fellow Independent Agent:

The election in 1994 brought many new faces to the U.S. House of Representatives, none more supportive of issues important to Independent Agents than Jack Metcalf. Jack has always been known to be an independent and sensible person who will not be swayed by political pressure.

While in Congress, Jack has been a strong supporter of private insurance and independent agents. On key issues such as Tort Reform, National Disaster Insurance, and protecting agents from intrusion by the banking industry, Jack has been a strong and consistent voice for us.

As you are probably aware, campaigns are very expensive to run. If you want to have a representative in the other Washington that will stand true to his beliefs, regardless of pressure from special interests, this is your opportunity to be involved.

With the elections just a few weeks away it is important we show our support now. I have enclosed information about Jack's campaign and urge you to contribute today.

Dear Friend:

It's hard to believe that another campaign season is upon us but as I am sure you have heard in the media, the Democrats are already gearing up their campaign in an effort to defeat my efforts for reelection in November. Several quality Democrats have already announced their intentions to run against me and there is a possibility that even more may enter the race before the filing deadline.

Make no mistake about it. The Democratic Leadership, both nationally and locally are going to do everything in their power to defeat me this November. As we have seen in the past, they will lie and distort my record in an effort to discredit the work that we have done during the last fifteen months.

Friend, in order to assure my reelection and my ability to continue to fight in Washington, D.C. on behalf of the Second Congressional District, I am going to need the help of each and every one of you. There is a tremendous amount of work that must be done during the next few months and we must get started today.

We are launching one of the largest grassroots campaigns this district has ever seen. We have set specific vote goals in every single precinct and we know exactly how many votes we need from each and every neighborhood. We will have a series of grassroots political training seminars that will enable our volunteers to work effectively throughout the district. We will have a series of precinct walks and literature drops in order to take our message directly to the voters. We all realize that we can not depend on the national media to honestly portray the work we have been doing in Congress.

We fully realize that we may very be outspent in this campaign. The national and local leadership of the Democratic Party will pour in tens of thousands of dollars in an attempt to buy this Congressional seat.

I am writing to you today to ask for your help in two very specific and important ways. Time is very short and I hope that you will respond to these requests as soon as possible.

First of all, enclosed is a volunteer sign-up card. Please complete this card and return it to me in the enclosed envelope. As you can see, there are all kinds of jobs that must be done so please mark as many areas as you are willing to help me with.

Second, startup costs are always high for a Congressional campaign. We have literature that must be printed, mailings that must go out and other critical expenses. In addition, our goal is to begin opening our campaign offices in the next several weeks and as you can imagine, with phone deposits and other expenses, this will be a very costly phase of our campaign.

I would like to ask each one of our friends receiving this letter to, in addition to returning your volunteer card, also enclose a special financial contribution to help us get this campaign underway. Your contribution of \$19.96 or more will go a long way in helping us get things rolling. If you can send more than \$19.96 that would be a great help.

What's most important is that each one of our friends respond to our need for volunteers and join with us in a special kick-off contribution to the very best of their ability.

So many of you have been so helpful in the past and I'm really counting on you standing with me in the weeks and months ahead. We can not afford to return the Second Congressional District to the tax and spend Democratic Party and the only way we can hold onto to this seat is for your help both in accomplishing the tasks before us as well as supporting our campaign financially to the very best of your ability.

Thanks in advance for your help and I look forward to working with you in the coming days.

Sincerely yours,

Jack Metcalf

Dear Friend:

It's hard to believe that my first term as your Representative in the U.S. Congress is drawing to a close. It has been a high honor to represent you. Sometimes the battles have been brutal but I am confident that the historic reform efforts that we have begun will move forward. We must move them forward!

I have been a strong supporter of Term Limits and I will continue that fight and seek another term limit vote! I believe that constantly bringing new blood into government will not only bring a constant flow of new ideas but will also end the reign of "career politicians" who tend to think more about their reelection than they do what's best for our nation.

I have stood side by side with other Members of Congress from both major political parties as we have sought an honest Balanced Budget Amendment. I have co-sponsored and will continue to fight for a bipartisan budget that balances the federal budget in six years, in honest even increments. This issue is so vital to the future security of our nation that we can no longer allow the federal government to run enormous deficits that are passed on to our children, and grandchildren and even our great-grandchildren.

During the current session of Congress I forced the vote on the floor of the U.S. Congress on Bosnia. That vote told all of America exactly where each Member of Congress stood regarding sending our troops to into that on-going tragedy.

I faced intense negative pressure from the White House and leaders of my own party but I believe it is critical that we keep policy making decisions on such important issues out in the open.

Perhaps no battle has been more difficult than dealing with the issue of Campaign Finance Reform. This is not a "Republican Issue" or a "Democrat Issue" but must be an issue that is solved in a bipartisan manner. We must stop the obscene stream of special interest money that is literally buying seats in Congress!

To be honest, I've taken a great deal of heat for my leadership on the issue of Campaign Finance Reform, even from some of my friends and the leadership of my Party but I believe strongly on this issue and have stood side by side with Representative Linda Smith, Ross Perot, Common Cause and other reformers as we have worked together to end Washington D.C. fundraising by big dollar political action committees.

I've worked to fight against the expansion of NAFTA and against the continuance of the Caribbean Basin Initiative and will continue those fights because simply put, they are not in the best interest of the American People.

Make no mistake about it. The special interest groups both nationally and locally are going to do everything in their power to remove me from office in November!

They want to elect someone they can control and who will represent their narrow concerns, not someone who will seek what is best for the Second Congressional District and our nation.

You know how some of these groups work. Many of them are willing to distort and even outright lie in an effort to discredit the work that I have done since you sent me to Congress.

In order to assure my reelection to Congress and my ability to continue to fight for these issues, and many others, I am going to need the help of each and every one of you.

We are launching one of the largest grassroots campaigns this district has ever seen. Why? The position I have taken on Campaign Finance Reform has cost me anticipated campaign funds. While the loss of these funds makes my campaign more difficult, I will do what I promised you two years ago no matter who opposes me and no matter what the cost!

That's why your help is so critical as we move into our 1996 campaign. We have set specific vote goals in every single precinct and know exactly how many votes we need from each and every neighborhood.

We have a series of grassroots political training seminars scheduled that will enable our volunteers to work effectively throughout the district.

We will have a series of precinct walks and literature drops in order to take our message directly to the voters.

I am writing today to ask for your help in two very specific and important ways. Time is very short and I hope you will respond to these requests as soon as possible.

First of all, **enclosed is a volunteer sign-up card.** Please complete both sides of this card and return it to me as soon as possible. As you can see, there are numerous areas where we need help so please mark off as many areas as possible.

Second, startup costs for a Congressional Campaign are always high. We have literature that must be printed, mailings that must go out and other critical expenses. All of these come at a great cost and must be done very soon.

In addition, we have begun opening our campaign offices in the next few weeks and as you can imagine, with phone deposits, rent and other costs, this will be a very expensive phase of our campaign.

What's most important is that each one of our friends respond to our need for volunteers and join with me with a special campaign kick-off contribution to the very best of your ability.

I will need your help if my reform efforts in Congress are to continue. We can not allow those who oppose reform to buy back the Second Congressional Seat. It is critical that I have the opportunity to complete the work I started in my first term.

There is no question that the challenges before us are great but deep in my heart I know that we are up to those challenges. Your help, both financially and as a volunteer are vital to our success.

Dear Pat,

As you know the political winds are blowing strong across the country and across the 2nd Congressional District. This past year we have done some truly incredible things such as reforming a failed welfare system and reducing government intrusion by down-sizing the government bureaucracy.

We are very close in bringing a balanced budget to this nation, changing the tax structure, and actually providing a framework where our children and grandchildren can realize the American dream.

Campaigns are expensive and are only possible through donations. Your financial help is especially needed right now. A donation of \$100, \$250, or even \$1,000 will go a long way to help counter the negative television attacks of my opponent. Again, thanks for your contribution and helping me change our nation for the future.

Obviously this television advertisement leaves no doubt where my opponent, Kevin Quigley, stands on oil and petroleum issues. As you know, I may never vote completely with you on every issue, but I strive to be fair and to lend an open hand on issues where we agree.

As we make the last push before the general election, I still need resources to counteract such negative attack ads against me. I would appreciate it if you would consider a sizeable contribution to my campaign. We really need it to make sure we stay the course for the future.

Thank you and feel free to contact me about this or any other issues.

Dear Friend;

The 1996 Primary Election is behind us and now it is time to focus on the General Election to be held on November 5.

While we were pleased with the outcome of the primary election, we fully realize that we have a long way to go before we are in a comfortable position. The fact of the matter is that Kevin Quigley could easily steal this election from us unless we are able to have a huge grassroots effort between now and November 5.

Many of you are familiar with Kevin Quigley. To be perfectly blunt, his ethics and his campaign tactics leave a lot to be desired and you can be sure that he will stop at nothing to try to win this election.

Not long ago, Quigley was reprimanded by the Public Disclosure Commission for his behavior as a State Senator.

Just a few weeks ago he was caught obviously attempting to launder campaign money and after trying to explain away his actions, he was finally embarrassed into returning some of the questionable money he had received.

And, in the primary election, Quigley was up to his old tricks. One of his television commercials blamed Jack Metcalf for a Congressional vote that was taken way back in 1966...while Jack was teaching school here in Everett!

Make no mistake about it...Kevin Quigley will run a campaign against Jack that will be an attempt to smear Jack's good name and a campaign that will be completely void of ethical and moral standards.

That's why it is critical that each one of us step up to the plate and stand beside Jack during these critical weeks between now and November 5.

Here are a number of ways that you can help Jack win reelection and continue to fight for the reforms our nation so desperately needs.

1. Enclosed is a flyer listing a number of very important Grassroots Political Training Seminars. During these seminars we will show you step by step what must be done not only to help reelect

Jack, but also to help other Republican candidates. Please contact our office right away and make a reservation for the seminar nearest you.

2. Also enclosed is a volunteer card. Even if you have already completed one, please complete the enclosed card as soon as possible and return it to us right away. As you can see, there are numerous areas where we need help. Time is very short and we need your help today.

3. We desperately are going to need precinct walkers to distribute Jack's literature in key targeted precincts. We now that Quigley will not only distorts Jack's record but he has already proven that he will even lie about Jack so it is critical that we get the truth about Jack's work directly to the voters.

4. Because of the lies that Quigley was advertising about Jack's record, we had to spend far more on the primary election that we had hoped. As a result, we now must raise additional funds to get us through the general election. I realize that many of you have already given to Jack as well as other Republican candidates but believe me, Jack needs your help more today than ever before. Your contribution of \$250, \$100, \$50 or even \$25 will provide the funds needed to produce our literature and other critical needs of the campaign. Please be as generous as you possibly can. We need all of Jack's friends standing with him during what may be a very critical time.

I know so many of you helped us in the primary and we appreciate each and every one of you. Now, we move into a new and the most important phase of the campaign. I hope that Jack can count on each one of you to continue to stand with him in what is expected to be a very difficult campaign.

Thanks for all you've done already. Call our office today to make your reservation for one of the seminars, mail in your volunteer card, plan to walk your precinct and please do the very best that you can to help Jack's campaign financially. He really is counting on each one of you!
