Re; Response to Invalid Complaint MUR 4800  
Counter Complaint T&A 3.14159

Now comes Peter B. Fletcher, innocent aggrieved party and states MUR (Mindless Unsubstantiated Rantings) 4800 is not valid and void of any worth because:

1. It identifies no specific violation with which respondent is charged nor statutory citation thereof.
2. No proof of any kind is included.
3. Respondent neither prepared nor signed nor had any knowledge of assorted documents and reports alluded to in MUR 4800.
4. Respondent is guaranteed the absolute right to self defense which he cannot do against gossamer and vacuous sophistries and canards.
5. This filing of a purported complaint is purposefully crafted and designed to subvert justice and intimidate respondent.
6. Respondent has no connection with anything Japanese, Chinese, Oriental or foreign whatsoever including but not limited to Buddhist Temples and their political fund raising activities.

Counter Complaint T&A 3.14159 by Respondent v. John Anthony LaPietra  
and the Federal Trade Commission

1. Failure to identify the violation or crime committed.
2. Failure to provide any proof.
3. Creating a despoiling of the personal tranquility to which respondent is entitled under assorted constitutional and statutory provisions and protections.
4. Failure to attempt to obtain any answers or clarifications from respondent prior to this filing confirms MUR 4800 is an exercise in political histrionics of an odious and facinorous nature.

THEREFORE; for all of the foregoing and on behalf of the constitutional rights of American citizens MUR 4800 is declared null and void. Counter Complaint T&A 3.14159 is found to be completely meritorious and, hence, confirmed. ANY further pursuit of this matter will result in respondent imposing fines and sanctions.

Sincerely yours,
